Burdock BLOOD BITTERS

Turns Bad Blood into Rich Red Blood.

This spring you will need something to take away that tired, listless feeling brought on by the system being clogged with impurities which have accumulated during the winter.

Burdock Blood Bitters is the remedy you require.

It has no equal as a spring medicine. It has been used by thousands for a quarter of a century with unequalled success.

HERE IS PROOF.

Mrs. J. T. Skine of Shigawake, Que., writes: "I have used Burdock Blood Bitters as a spring medicine for the past four years and don't think there is its equal. When I feel drowsy, tired and have no desire to eat I get a bottle of B.B.B. It purifies the blood and builds up the constitution better than any other remedy."

Powder and Ball.

During the recent manoeuvres of the French army telegraph wire so fine that a man could carry on spools four miles of it was successfully laid at the rate of two and a half miles an hour.

Carrier pigeons are to be bred and trained by the German military authorities in a large four storied columbary which has just been erected at Spandau. Great use will be made of the birds in future military manoeuvres.

It is proposed to abolish the "shoulder arms" and "present arms" movements from the French army owing to the time wasted in teaching men to do this properly. The present salutes would be exchanged for a more simplified movement.

Medical Science Advances.

It is not more than half a century ago that surgeons considered a surgical operation, with its risk, expense and pain, as the only cure for piles. To-day it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.

Thought It Was Bargain Day.

Mr. Closefist had been out walking. He returned home tired and cross. "Just what I might have expected," he whined. "I gave the only 10 cents I had in my pocket to a beggar, and it started to rain, and I had to walk home. Don't ever talk to me about the rewards of Providence."

"And did you suppose Providence would postpone a shower of rain," his wife asked, "because you gave 10 cents to a beggar? You weren't expecting much for your money, were you?"

Pimples and Blotches.

how unsightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can quickly bring about the improved condition by using Ferrozone. Poisons are driven out of the blood, organs grow stronger, the blood richer, the nerves stronger. Pimples and blotches disappear, colour becomes good. Glad! just try and see how much joy can be gotten out of a box of Ferrozone. Sold by Ormond & Walsh.

An Invitation.

A good story is told of an elder in an English church who on one occasion had to take the pulpit in the absence of the minister at the last moment. He got through the first part of the service all right, but on getting up to give the sermon he found his difficulty then. He started with, "Brethren [pause]—b-b-brethren [pause]—b-b-b-brethren, if any of you wants the conceit taken out of you come up here."

A Bluff That Wins.

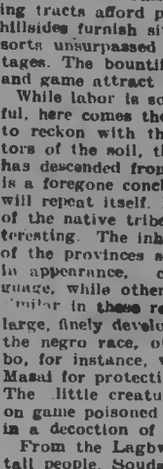
An attack of hysteria simulating unconsciousness in a woman may be stopped, says Modern Medicine, "by the surgeon taking a pair of scissors and regretfully announcing that he will have to cut all the patient's hair off in order to make the application to her head. It is doubtful whether this bluff has even been known to fail."

Owls.

Most birds are stoics compared to owls, and those who cultivate their acquaintance know that they have no time wherein to make their poetical complaints to the moon. Poets should not meddle with owls. Shakespeare and Wordsworth alone have understood them. By most others they have been scandalously libeled.

Gymnastics

Will do much to develop a muscular body. But the strength of the body is not to be measured by its muscle, but by its blood. If the blood is impure, the body, in spite of its bulk and brawn, falls an easy prey to disease.



There is no medicine equal to Doctor Pierce's Golden Medical Discovery for the purifying of the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor.

There is no alcohol contained in "Golden Medical Discovery," and it is absolutely free from opium, cocaine and all other narcotics.

"I feel it my duty to write to you of the wonderful curative powers of your 'Golden Medical Discovery,'" writes George S Henderson, Esq., of Demand, Lee Co., Florida. "I had a bad bruise on my right ear and my blood was badly out of order. I tried local doctors, but with no good results. Finally I wrote you the particulars in my case and you advised your 'Golden Medical Discovery,' which I began to take. From the first bottle I began to feel better, and when I had taken eight bottles the sore was healed up. I wish you success."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of customs and mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE PROHIBITION ACT.

To the Editor of the Examiner;

Sir,—I have read with much interest the sermons preached Sunday from the pulpits of the Methodist, Baptist, Presbyterian and Episcopal churches in Peterborough, and I think a little analysis of the sermons may be instructive. I will take them in the order in which they appear.

Mr. Bastow's is clear, decided, and free from antiquity. He is not only in favour of temperance, but a believer in prohibition, and instead of carping at possible faults in the proposed bill, he credits Premier Ross with a manly and honourable effort to fulfill his pledge and give the people an act which, if the people honestly want to prohibit, will accomplish their purpose. He accepts the referendum as a fitting test to determine whether the people who govern themselves are sufficiently in earnest in their desire for prohibition as to take the trouble to go to the polls and say so. He accepts the time fixed for the vote, because the great importance of the matter justifies a special day and special vote for the determination of a question of much greater moment than the victory of a Liberal or Tory party.

At St. Paul's, Dr. Torrance is in favour of temperance. He uses no hard words—admits that the wine spoken of in the Bible from Genesis to Revelations—the wine that Christ made and drank and the wine which burst old goat-skin bottles, was fermented wine, that stirred itself in the cup, and not the insipid stuff called unfermented wine, which so many extreme temperance people would force us to believe, simply because they would distort facts to fit their theories. Dr. Torrence deplores the treating system, urges good example, and ends by saying that Premier Ross's bill, in his opinion, is an honest attempt to redeem the pledges which his government had given, and he suggests the wisdom of those who desire prohibition setting themselves to secure people to vote in its favour rather than to pick holes in it in reference to the referendum, or the day of voting.

Rev. Mr. Armitage deplores intemperance—urges the strong to help the weak by example. He says the present struggle for prohibition is an open confession of moral weakness—a confession of Christians that they have failed in the appropriation of the "All Power" of Christ, that is available for them. Evidently Mr. Armitage is in favour of regulating the evil by moral forces. He says—"It is very doubtful if prohibition, as it is advocated, will really prohibit, and if it does not, in the name of God and humanity, let us not have anything that would be a repitition of the Scott Act." This is dramatic, but weak. The admission of moral weakness justifies the law against murder and theft, and perjury and forgery, etc. Why should not the admission justify a legal prohibition against intemperance? Mr. Armitage says nothing in favour of prohibition, but admits all the evils of intemperance, and relies on moral strength, while admitting the existence of the moral weakness.

At George street the Rev. Mr. Wilson took strong ground against the evil of intemperance, as inimical not alone to the welfare, moral and material, of the individual, but a burden on the state, and evil and only evil, "a foe of every interest of humanity." Mr. Wilson used strong language, and some of his positions are not logical or true. He speaks of the liquor trade "as licensed and fostered by the governments of Christian lands, while the brotherhood of universal humanity cries out against the traffic. It is here because of revenue—revenue out of murder and robbery, out of fallen men and fallen women, desolated homes, tears of wives and mothers," etc. This is very strong but it is not a correct way of presenting the matter. Let us examine the facts. A government is based on the will of the people. Now, if universal humanity were crying out against the traffic, why does it exist? Why have not the people, by their parliament, done away with it? The answer is that the cry is not from universal humanity, but from a limited number—not the governing fraction. A few generations ago everybody used intoxicants of some kinds—the preachers and the people. Society is going through an evolution, and better things are prevailing, but even now few will say that the drinking of liquors is in itself a sin—while all will admit that the denunciations of Him who turned water into wine against intemperance of all kinds are justified. To sell whiskey is as much a natural right of the citizen as to sell tea. State interference is only justified in the public interest. The state, instead of granting any right, have deprived men of their right and limited by license the number who might exercise their natural right. Mr. Wilson says that in 26 years, the state, Ontario, reduced the licenses from 6135 to 2950. This is very creditable to the Province in the way of prohibition, but the state does more—it fixes the days and hours when sales shall be made, and in some cases the persons who may buy. Mr. Wilson says the state "grants the right to make drunkards, criminals, etc." It does not do so—it limits the number who may sell that which makes drunkards, etc. Then as to the revenue. The state requires money, and instead of taxing tea and sugar, it lays it heavily on that which the state thinks not a necessity. It makes whiskey, which used to sell in Peterborough for 20c a gallon, now sell for $3.20. By making it dear it profits. It says if you must drink whiskey you must pay for it. All this is prohibition, and it has been effective, for though the figures are larger by reason of the heavy traffic, the consumption is less than it used to be—and that notwithstanding the increased wealth of the people.

It is the, a misuse of words to speak of the Government as partners in the trade, and protecting the business for purposes of revenue. The people, by their more stringent licensing and heavier taxation are prohibiting, and it is perfectly fair and logical to prohibit completely what they have been prohibiting in part—it is all on the same line, but the people must do it, and the Government which attempts it without an overwhelming vote to support it, may look for only such results as followed the Scott act.

Mr. Wilson says the bill before the house is the best yet offered to temperance people, and he hails it as a blessing, and he urges temperance people not to be divided, but to support it.

Rev. Mr. Langfeldt was strongly in favour "of any measure that would lessen intemperance," but evidently has no faith in prohibition. "Prohibition might take away one evil, but certainly another evil might arise out of it, perhaps worse than intemperance." He relied on the growth and developement of the moral nature, strengthened by grace, to withstand temptation.

Rev. J. C. Davidson took a like position. He quoted Christ's resistance of temptation, and urged the growth and culture of moral stamina. "Don't allow yourself to drift, but dare to take a decided stand, and to take it now." He asked for sympathetic treatment for those addicted to drink, and he deplored the untimely death of the Common Weal Society, but said nothing about affecting the common weal by prohibition.

To summarize—the Methodist, Baptist, and Presbyterian pulpits would save from the results of moral weakness by moral culture and prohibition. The Anglicans by moral culture alone. Do Peterborough Divines fairly represent their churches? Which is the better way? The referendum will tell what the people think, and that is what is wanted.

"D."

COULDN'T STRAIGHTEN UP.

But Ther's not a Trace of Pain or Stiffness now Since Taking Dr. Pitcher's Backache Kidney Tablets.

Ever be troubled with a pain, soreness, or stiffness in your back that made rising up or sitting down excruciating agony?

Rubbing on liniments won't do much good, for the ache in the back is from the kidneys.

They're out of order, clogged up, can't filter the blood properly, and they let you know of their trouble by making your back ache.

Just go to their assistance with Dr. Pitcher's Backache Kidney Tablets—the quickest, surest cure for sore, stiff backs and all kidney troubles.

Here is an experience to profit by: William H. Risk, 286 Dalhoubbie st., Brantford, Ont., says: "I drive a baker's wagon and am out in all kinds of weather. The top of the wagon was none too high and it kept me in a stooping position. This and exposure affected my back and kidneys. I did not stop work but it was pretty tough at times, the pain and stiffness were so bad. Straighten up I could not, despite rubbings and plasters. I got a bottle of Dr. Pitcher's Backache Kidney Tablets and they acted like magic. The pain, soreness and stiffness is all gone, and I am feeling as well as ever."

Dr. Pitcher's Backache Kidney Tablets are 50 cents a bottle or three bottles for $1.25, at all druggists, or sent by mail on receipt of price. The Dr. Zina Pitcher Co., Toronto. 10

Here Is The Proof!

Mr. R. G. Irwin, Shelburne, N. S., Registrar of Probate and Registrar of Deeds is Cured of Rheumatism.

PAINE'S CELERY COMPOUND

THE GREAT SPRING MEDICINE DOES THE GOOD WORK.

To postpone at such a vital time as this the banishment of rheumatism, neuralgia, kidney disease, liver complaint, blood diseases and dyspepsia, is a serious mistake. The sick and suffering cannot with safety afford to lose a day before taking advantage of the curing virtues of Paine's Celery Compound.

Now is the best time to get well. Paine's Celery Compound taken today proves a life-giving food for the starved nerves and tissues; it drives uric acid and poisons from the system and clears out rheumatism and neuralgia so completely that they never return. Muscles and joints that have been stiffened and contracted for years become limber; wheeled chairs and crutches are put aside, and suffering is a thing of the past.

Mr. Irwin writes as follows for the benefit of all rheumatic sufferers: "Having been largely benefitted by the use of Paine's Celery Compound I gladly add my testimony to its value. During six months I was disabled or crippled with rheumatism in my right leg, hip and shoulder. Getting up and down stairs was a very painful and tardy exercise, and for months I could do little better than drag my right leg. Paine's Celery Compound was recommended. I used six bottles and am clear of the pain. I firmly believe that the above medicine cured me of rheumatism.

HAGGART'S SALES.

Friday, March 14—Sale of horses and buggies, of Mr. W. Calder, livery-man, Lakefield.

Monday, March 17—Auction sale of farm stock and implements of Mr. R. G. Ivory, lot 9, in 5th concession of Smith.

Monday, March 24th—Sale of farm stock and implements of Mr. John Johnston, North Monaghan.

Tuesday, March 25th—sale of farm stock and implements of Mr. Patrick Ryan, lot 2, in 6th concession of Dauro.

The above farm stock sales will commence each day at 1 o'clock sharp.

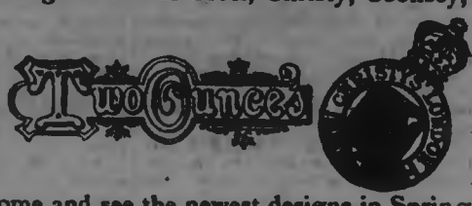
John Haggart, Auctioneer.

New Delicacies.

We offer the following fresh arrivals, which are all extra choice: Large Florida pineapples, ripe bananas, new cauliflowers, crisp, white celery, new rhubarb, radish, lettuce, onions, parsley, etc. S. A. Oke, No. 376 George street. Telephone 18.

OUR NEW DESIGNS IN MEN'S SPRING HATS

Represent the latest styles in English and American shapes, and are made with the careful attention to details that such well-known and leading Hatters as Scott, Christy, Cooksey, Hawes, Mallory, Stetson and Lomis are sure to guarantee. We are the sole agents for these Hatters in Peterborough. Come and see the newest designs in Spring headgear. No trouble experienced in making selection.



Styles in Stiff Hats

In Stiff Hats the styles drift towards high taper crowned with closely rolled brims. It must not be inferred, however, that this style is dominant. On the contrary the preference of customers extends to any of half a dozen different shapes. But one colour is proper—Black.

Styles in Soft Hats

In Soft Hats, the "Panama" styles present the newest designs Here then is the widest possible variety—height, width of brim, curl of brim, raw or bound edges, are governed by their suitability and sightliness in the wearer.

Flat set brims are also strongly in evidence. Black is the colour most favoured. Also Greys, both dark and pearl. A few light shades of brown will also be worn.

As is already well known, we carry all qualities—50c to $5.00 each.

Watch Confidence

Makes travelling a pleasure when correct time is always a necessity. No wonder a possessor of a good watch is careful into whose hands he leaves it for repairs when it fails to do its work. Many a good watch is left in bad hands, and is spoiled by incompetent or careless repairing. Does your watch need attention?

We do thorough guaranteed Watch Repairing.

CONVENTION ADOPTS THE REFERENDUM

And Decides to Work to Get a Big Vote on December 4th.

THE MATTER WAS FULLY DISCUSSED.

A Largely Attended Meeting Held in the Opera House at Night —Address by the Alliance Organizer, Mr. W. W. Buchanan, of Winnipeg.

A convention of Prohibitionists assembled by invitation, met in the Y. M. C. A. Hall yesterday afternoon to the number of about 125, to consider what course of action should be taken in reference to the Liquor Act of 1902, and the referendum to be taken in reference thereto. The meeting was about evenly divided numerically as between town and country.

Mr. H. P. Lindsay occupied the chair and after prayer by Rev. J. Bastow, the delegates from a former convention to the Toronto Convention were heard.

Mr. Solomon Northey reported the views of that convention on the referendum, which suggested some change in the conditions of reference and a committee had waited upon the Government, asking these changes, and being refused, the convention seemed to think that the Government had showed lack of courage and a disregard of its promises, and, in effect, had sold itself to the liquor party.

Mr. J. W. Garvin, the other delegate, stated that the spirit of the convention was a general spirit of condemnation of the Government, and especially the conditions of the referendum, which it was felt, imposed severe conditions upon the prohibitionists. About two-thirds of the convention voted for acceptance of the referendum, in case the conditions were changed, so as to permit of prohibitionists having a fair field and no favour. After reading the resolutions adopted at the Toronto convention, Mr. Garvin said this convention was called to consider these resolutions, and what action was to be taken in view of recent occurrences, especially Mr. Whitney's declaration against prohibition.

Mr. Lindsay, the chairman, hoped that politics would be avoided in the discussion of the subjects that would come up.

A resolution was passed, confining remarks to five minutes' speeches.

SYMPATHY WITH PREMIER ROSS.

On motion of Mr. G. W. Powell, seconded by Mr. William Eyres, the following resolution of sympathy with Hon. G. W. Ross was unanimously carried by a standing vote:

Moved by G. W. Powell, seconded by Mr. Wm. Eyres, that this Prohibition Convention held in the Town of Peterborough, Thursday, March 13th, 1902, learn with great sorrow of the sudden death of the wife of Hon. G. W. Ross, Premier of Ontario, and especially at this important crisis in the history of our Province, and would hereby tender its profound sympathy with him and his family in this, their time of sad bereavement, and that a telegram expressing the above be sent to him this afternoon.

In reply to Rev. Mr. Bastow, the chairman stated that there was no means of identifying the delegates, who had been summoned on a general invitation.

Rev. W. A. Guaton said that he was not a politician, but he thought that one of the delegates should retract the statement that the "Government had sold itself to the liquor party."

Mr. Northey had not intended to say that the convention used such language—it had said that the Government had not kept faith.

Mr. Eyres said that no man should make such a charge without being prepared to prove it.

Mr. G. W. Powell advised that the matter be dropped and moved the acceptance of the report of the delegates, which was carried.

Mr. W. W. Buchanan, the Alliance organizer, said that there should be no hair splitting in regard to forms of expression. Temperance people had a reason to be perplexed and annoyed, and untrained speakers should be allowed a good deal of latitude. He said that since the convention and Mr. Whitney's declaration against prohibition, they had to consider that neither party had a position on temperance favourable to the temperance platform. There had been found only one man in the house to speak for prohibition. Having failed in their appeal for a fair referendum, and with nothing to expect from the Opposition the only course left was to pledge political candidates. If both party candidates gave the pledge leave them to fight it out, and if neither gave a pledge bring out

A THIRD CANDIDATE.

He said the best thing to be done was to make prohibition an issue in practical politics.

Mr. Graham—What is your opinion of Mr. Whitney's position?

Mr. Buchanan—Mr. Whitney's position does not give us any hope to expect anything from that quarter and he added that the Government's attitude had placed the prohibitionists in a difficult position.

Rev. Mr. Bastow inquired of Mr. Buchanan what the probabilities would be if we accepted the situation—would they be likely to succeed if they put their shoulders to the wheel?

Mr. Buchanan said it would be wise not to decide as to the referendum till the elections were over. If the Government was defeated there would be no referendum; for Mr. Whitney would be bound to repeal the bill.

Mr. Dawson Kennedy said he had been a temperance worker for 40 years. Within that time temperance sentiment had greatly strengthened, and Ontario was the most temperate province in the Dominion, and if prohibition could succeed any where it would be in this province. If the temperance people voted unitedly for the referendum it could be carried. We must have a solid sentiment behind it. He had not been a political supporter of Mr. Ross, but he regarded him as one of the soundest temperance men in the province. He had been a close observer of Mr. Ross for years, and had never lost faith in him. In the matter of this referendum he was

HEART AND SOUL WITH MR. ROSS.

He, (Mr. Ross,) would have made a great mistake if he had not submitted the bill to the people by the referendum. There must be an overwhelming majority behind a prohibition law; there must be more than a bare majority. Mr. Kennedy said he was thoroughly independent in politics, but he fully endorsed Mr. Ross in regard to the referendum. He begged to submit the following

RESOLUTION:

Moved by Mr. Dawson Kennedy, seconded by Mr. Garrett Galvin:

Whereas, this Convention of Temperance Workers regard the present situation as a crisis in the history of the prohibition cause in this Province, and that upon the course of action adopted and carried out the future of prohibition and moral reform very seriously depends;

Whereas, the measure of prohibition which has providentially passed the Ontario Legislature is the only measure of prohibition that ever been offered to the people of Ontario, which measure, based upon the Manitoba Act, and endorsed by the Privy Council, is such as recognized representatives of the prohibition sentiment of the Province declared would be satisfactory, and goes as far in the direction of prohibition as the constitutional powers of the Province will permit;

Whereas, the declared opposition to prohibition offered by a section of the Legislature renders the source of the present Bill the only source to which we can look for a prohibitory measure;

Whereas, in the view of many of the most eminent prohibitionists of the Province and Country, a strong majority of popular sentiment in its favour should be behind any prohibitory measure to procure its efficient enforcement;

Whereas, the proposed reference of the Bill to the approval of the people in a manner to entirely divorce it from party influences, and at a time when no other issue interferes with an unbiased expression of the popular will, and requiring a reasonable majority to constitute it the law of the land, will, at the same time, furnish a means of judging of the real strength of prohibition sentiment in the Province;

Whereas, though the present Bill falls short of the full measure of prohibition this convention desires, and yet goes to the fullest extent of the powers of the Province in that direction;

Resolved, that this convention accept the Bill in good faith, and pledge itself to vote for its adoption and to employ every legitimate effort to persuade and procure others to do likewise; and that a committee be appointed to take immediate, and the necessary, steps looking to thorough and efficient organization to that end.

Continuing Mr. Kennedy said he believed it was a wise thing to have a separate day for voting. If we tacked the referendum vote on any political or municipal question, and depended upon a crutch like that, we should fail to elicit a full expression of public sentiment.

Mr. G. Garrett said, in seconding the resolution that if the referendum was not the best thing that could be got, if it carried, no Government could evade enforcing it.

Mr. William Graham Smith, said he was unattached to any party—he was for equal rights. He could not see what else the Government could do than submit the referendum, and there needed to be a large majority. Those who opposed the present means of getting prohibition, would

THROW BACK THE TEMPERANCE WHEELS

a hundred years. Temperance people should be careful what they did in trifling with the present opportunity. The speaker said Mr. Ross was a Christian man, and a temperance man, and in regard to a remark made previously, Mr. Graham said no Christian could sell himself to a party opposed to temperance.

Mr. Wm. Eyres had been a life-long temperance man, and he believed we should embrace the present chance—accept the present bill, and do our level best to pass the referendum. We never had a chance like the present one to get prohibition, and we must use it. If we waited to get a House in favour of prohibition we would throw back the temperance cause for years. The present was as good a prohibition measure as we could get. The Scott Act failed because it did not have strong backing. We must not repeat this mistake with the prohibition bill.

Mr. J. W. Garvin regretted that Mr. Kennedy had introduced the resolution. He pointed out that the convention in Toronto did not regard the bill as a fulfilment of the promises of Mr. Ross to have his Government take the responsibility of the bill. He believed if the Government had appealed to the people with prohibition as their platform, they would have swept the country, and

HE WOULD HAVE SUPPORTED THEM.

He advised withdrawing the resolution and calling another convention after the elections.

Mr. Northey spoke of the compensation question, and Mr. G. K. Martin said that we should look the situation in the face.

Mr. Eyres said that Mr. Ross had promised to enforce the act. He defended the referendum because the Government must be supported by strong public sentiment—they could not expect a Government to commit political suicide.

Mr. Robert Weir said that we could not depend on either Mr. Ross or Mr. Whitney. He was prepared to vote for any man, whatever his politics, who would pledge himself to temperance.

Mrs. James Kendry said that prohibitionists had accepted the bill as well as the referendum, but wanted the conditions. We must have men in Parliament who would support temperance.

On a motion made by Rev. Mr. Guaton, seconded by Mr. Frank Adams, that Mr. Kennedy's resolution be laid on the table a short time till other resolutions were considered.

Rev. Mr. Bastow said we should not throw prohibition overboard and have nothing to do with it; they could pass the resolution and look after nominations of candidates afterwards.

Mr. J. J. Hartley asked what they were there to do. They must accept the

BEST MEASURE THEY COULD GET,

and they must show the Government that we are in favour of the referendum as a step in the right direction. The referendum did not perhaps meet their views, but a good strong vote on it would show the Government that the temperance people were in earnest.

Mr. J. L. Hughes said it did not

STORE CLOSES 9 P.M. SATURDAY

Newness in Materials

For Spring 1902, are having a good fair showing at this store. We haven't everything under the sun, but we believe we have enough of the dainty and desirable effects to satisfy the taste of any Peterborough lady, and you don't have to pay fanciful prices, either.

In making our demands from most reliable sources of production in the Dress Stuffs, we were guided by our knowledge of the particular dress needs, tastes and fancies of Peterborough women, and governed by the ideas of those who set the pace for style in the fashion centres at home ad in the American cities. As a result we feel our Spring Dress Goods stock, with the wealth of our trimmings department to adorn them, will be found eminently satisfying to women of good taste. A mere glance at our materials will convince you of this.

Not a whit to soon to make selections. Some shades always clean out before others. A visit now will repay you.

FIGHT WITH A WILD CAT.

Thrilling Experience of Two Residents of Ops Township—Fought With Axes.

A "wild cat" story comes from South Ops. Mr. Peter Fisher, who owns a riverside farm about eight miles from Lindsay, has been engaged in taking out wood, being assisted by Peter McCabe, the champion chopper of Ops township. One day recently these parties were startled by the unearthly caterwauling of a wild cat, which suddenly put in an appearance and began circling around the couple. The men had nothing but their axes as weapons of defence, so they took refuge in trees. The ferocious animal closed in on McCabe, who had always been longing to meet a wild cat. The cat started to climb up the tree to make a more intimate acquaintance with Peter, but the axe wielder strongly objected to this. As the brute neared the limb on which Peter McCabe sat the latter aimed a blow which would have proved fatal if it had hit where it was intended, but a twig caused the axe to glance, and the blow merely severed one of the cat's paws and gashed a paw. (The wounds caused the cat to drop to the ground howling with pain, and after tumbling about for a time it bounded away and disappeared in the swamp. McCabe has the ear as a memento of his fight with a wild cat.

LAKEFIELD.

(From our own Correspondent.)

Mr. and Mrs. C. B. McAllister were in the village on Thursday last.

Mr. Torrie of McMaster University, formerly of Norwood, occupied the pulpit of the Baptist church here for the last couple of Sundays. The congregation is trying to secure Mr. Torrie's services for the summer months.

Mr. Charles Mellor, who for the past three months has been touring through the Southern States, was in the village last week and started for his home in the west on Monday.

Mr. E. A. Tanner spent a couple of days in Toronto on business the latter end of last week.

Mr. Robert White who has been working in Tweed for a year, is back to the village again, having been engaged by Mr. Casement as tinsmith.

Messrs. R. Graham & Son are to be congratulated on securing the services of Miss Rutherford, of Peterborough as milliner for the coming season. Miss Rutherford has been in Toronto for the last couple of seasons.

The regular meeting of the village council was held in the town hall on Monday evening. Present, Reeve Geo. Fitzgerald and Councillors Davis, Fitzgerald, Kelly and Wallace. The minutes of the last meeting were read and confirmed.

Communications were read from the Village Treasurer giving abstract of receipts and payments from Jan. 1st to March 10th, also stating that the school board required $300.

The Finance Committee presented the following report:

Gentlemen, — We your Finance Committee, having examined the following accounts, properly vouched for, and finding them correct would recommend payment of the same.

Pay sheet, No. 5	$ 2 50
Robert Charlton	4 00
John Hull	16 00
John Cooper	25
John Cooper, fire dept acct	50
John Cooper, charity wood	1 38
Dr. J. R. Fraser, Bd of Health	5 00
Waldron & Gray, supplies	1 12
Dr. Baker, vaccination	16 25
Dr. D. Fraser, Health Officer	20 00
School Board, rates	300 00

Moved by Messrs. Fitzgerald and Wallace, that the report of the Finance Committee be received and adopted.—Carried.

Bylaw No. 362 to borrow money for current expenses, received its several readings and was passed, signed and sealed; rule of order No. 50 being suspended for the evening.

Mr. Wm. H. Graham addressed the council re the piano which had been purchased for use in the town hall and requested a grant towards payment of same.

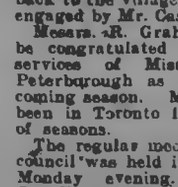
Moved by Councillors Kelly and Fitzgerald, that $25 be granted towards the purchase money on the understanding that the piano become the property of the village as soon as paid for.—Carried.

Moved by Councillors Fitzgerald and Wallace that the council accept with pleasure the framed photo of King Edward presented by Mr. Dela Fosse, and hereby tender him their thanks for the same.

Moved by Messrs. Davis and Wallace that the reeve be appointed a committee to see about and purchase a proper portion of ground for a dumping ground.

Council adjourned to meet at the call of the reeve.

Grip-Quinine Tablets



are a prompt and pleasant cure for all the disordered states of the system which, while not producing positive illness, yet cause unpleasant feelings or discomfort of some kind. Headache, Neuralgia, Muscular stiffness or soreness, Wind, Constipation, Catching cold easily, etc., are frequently the precursors of real sickness, and always predispose to illness, especially to contagious diseases. GRIP-QUININE is a prompt and pleasant cure for all such, as well as for Grippe, Colds, Coughs, Tonsilitis, Bronchitis and all other damp weather complaints. They prevent contagious diseases if used in time. In boxes with Bulldog Trademark, price 25c. of dealers or postpaid from Canada Grip-Quinine Co., Ltd., Brockville, Ont.

KEENE.

(From our own Correspondent.)

Mrs. John McFarlane is at present in Renfrew county, visiting her father, who is very ill.

Mr. and Mrs. Cummings, of Chicago, and Mrs. Montgomery, of Fenella, paid a visit to their sister, Mrs. W. Read, last week.

Rev. W. M. Kannawin, of Omemee, occupied the Presbyterian pulpits in Keene and Westwood last Sunday.

A hockey team from Stirling played the local senior seven here on Friday night. The ice was heavy and the visitors played to a disadvantage, but in the face of all proved themselves good skaters and stick-handlers. Hockey is not Stirling's strong game, nor does the village patronize it, yet they have the material there for banner bearers, and should be in the Trent Valley League. The score at half time was 6—3 in favour of Keene, and 12—6 when time was up, in favour of Keene. The following were the players — Goal, E. Hewat; point, P. Watts; cover point, T. Shaw; forwards, C. Fletcher, W. Whitty, E. Curhank and H. Ferguson. Time-keeper, F. Birch. Umpire, W. Weese. Keene—Goal, A. Drummond; point, J. Dickson; cover point, James McCarthy; forwards, V. McCarthy, Fred Walsh, Gordon Laing, J. R. McIntyre. Time-keeper, George Dinsdale, Umpire, J. Quinn. Referee, Mr. Scott Laing.

Miss Lilian Bell spent a few days in Hastings last week.

Mr. Harry Crutkshanks, of Toronto, is in the village at present.

Miss Lyla Bell, of Peterborough, is spending a few days with her cousin, Miss Lillian Bell.

Miss Lena Howson, of Peterborough, is visiting with Miss Helen Laing.

Miss May Bell spent Sunday in Keene.

Messrs. J. McPherson, F. Galvin and JJ. Duffin, of Peterborough, drove down to the village on Sunday.

Mr. W. Fallon, of Norwood, paid the village a flying visit on Sunday.

The Greeny Hockey match, of Tuesday evening was the feature of the season. In the past it has always been a source of special interest and has been looked forward to this season with more than usual interest. The teams lined up as follows—Goal, Duffers; point, A. Kemp; cover point, W. West; forwards, Harry Weir, W. Plunkett, W. Nelson, Dick Elmhirst. Time-keeper, J. Dickson, Umpire, V. McCarthy. Buffers—Goal, Pony Moore; point, A. Bruff; cover point, George Fife; forwards, Twin Weir, W. Pue, J. Bruff, J. Edwards. Time-keeper, A. Weir, Umpire, Geo. Dinsdale, Referee, John McIntyre. Immediately after the whistle blew the Duffers became dangerously aggressive, and were it not for Pony's brilliant work in goal, it would have been a sorry night for the Buffers but he repeatedly stopped the rubber when it was going through the stakes, and even after it had gone through. Billy West's high lifting and Mr. Kennaley's single brilliant rush were features of the evening. An unfortunate occurance happened when the Twin Weirs, to the excitement lost their own identity and hence could not tell at times on which side they were playing. Play had to be stopped to find out, which was which. After play was resumed G. Fife shot a back hand wrist shot, and which, although it never left the ice, proceeded several inches, but was finally stopped by Kennaley falling on it. Billy Nelson severely cross-checked A. Buff, and both were sent to the fence. When the game started several barrels of water were on the ice, but it was perfectly dry at the finish. The score stood 6 all—a tie. Pony claims the goal he scored for his opponents was intended for his team, and therefore the score should be 8—7.

Promptness in using Paine's Celery Compound Means Quick Restoration to Health.

IT IS THE GREAT SPRING MEDICINE USED IN THE HOMES OF OUR BEST PEOPLE.

Refuse all Substitutes and Imitations That may be Offered to You.

If in the spring time people acted with more promptness, decision and wisdom, suffering and misery would be vastly reduced.

To put off the work of regulating and strengthening the nerves, purifying the blood and regulating digestion at this time of the year is a very serious mistake.

Run-down, weak, nervous and diseased men and women cannot with safety, refuse to use Paine's Celery Compound, the greatest of vitalizers and health builders. The onward and triumphant march of the great medicine in Canada and Newfoundland should be positive proof that it is the right medicine for all who look for strength, robustness, energy and permanent health.

It is of the greatest importance that every sick person should get what they ask for from their druggist or dealer. Paine's Celery Compound, so celebrated for its curative virtues, has many vile imitations. If you are offered a substitute or imitation by any dealer, leave his store and go to some honest merchant who will give you what you ask for. Examine wrapper and bottle and see that the name PAINE'S is on each; no other is genuine.

Spanish Cabinet Resigns.

Madrid, March 14.—The Premier, Senor Sagasta, yesterday notified the Queen Regent that the Cabinet had resigned when informed that the resignation of the Finance Minister, Senor Urraziz was irrevocable. Her Majesty asked Senor Sagasta to form a new Cabinet, to include all sections of the Liberal party, but he declined to do so. The Queen Regent will now consult with the Presidents of the Chambers, in the hope of finding a method to secure a representative Liberal Ministry.

DR. RODDICK'S BILL

The Medical Council Bill Referred to a Committee.

COMPOSITION OF THE COUNCIL

Is the Bill Within the Purview of Parliament—Medical Men Favor the Principle of the Bill—Quality of Coal Oil—Northwest Complaints—Inspection Does Not Cover Illuminating Power.

Ottawa, March 14.—Dr. Roddick's bill to establish a medical council for Canada was referred to a committee yesterday afternoon, with the reservation that the House was not committed to the principle of the measure. The greater portion of the sitting was spent in supply on the estimates of the Militia and Inland Revenue Departments. The chief topic of discussion was the quality of coal oil in the northwest, and Mr. Bernier informed the House that tests were now being made to determine whether the oil met the requirements of the law. Incidentally it transpired that neither under the present nor under the late Government was there any standard of illuminating quality fixed by law.

Central Medical Council Bill.

Dr. Roddick, in moving the second reading of his bill, providing for a medical council in Canada, said his chief object was to establish uniform qualifications throughout the country. At present there were eight licensing bodies in Canada, with special jurisdiction over territories having established boundaries. Frequently medical men had been fined for crossing a provincial boundary line to assist and probably save the lives of Canadian citizens.

He believed that section 91 of the B.N.A. Act, which empowered Parliament to make laws for the good government of Canada, would enable Parliament to prevent this state of things, which was worse than in hostile European countries, between which a neutral zone of 15 miles was established on either side of the frontier, within which physicians from either country could practice.

Another reason for his bill, was to secure recognition of Canadian physicians in England.

He proposed that the council should be composed so as to give at present representation by provinces as follows: Ontario 9, Quebec 8, Nova Scotia 4, Manitoba 4, New Brunswick 3, British Columbia 3, Northwest Territories 3, and Prince Edward Island 2, homeopathists 3, making a Council of 39. It was proposed that the council should be under the Minister of Agriculture, who would call the first meeting and preside at it.

The Deputy Speaker, Dr. Macdonald, spoke strongly of the necessity of a Dominion Medical Council.

Dr. Roche also supported the measure most heartily.

Mr. Demers and Mr. Lemieux opposed the bill on constitutional grounds.

Sir Wilfrid Laurier.

Sir Wilfrid Laurier said there seemed to be considerable doubt as to whether or not the bill was within the purview of Parliament. The authority cited by Mr. Demere would tend to show that Parliament had no jurisdiction. And, even if it had, in view of the fact that there was a good deal of jealousy on the part of the provinces which were at present exercising the same jurisdiction, he doubted if Parliament should legislate contrary to their wishes. As to the merits of the bill, there seemed to be some difference of opinion even amongst professional medical men. As doctors differed even in the exercise of their profession, it was not to be wondered that they differed as regards legislation. "It is a recognized principle," said the Premier, "that when the House gives a second reading it approves of the principle of the measure, and but for the fact the Dr. Roddick has stated that his only intention is to refer this bill to a committee of the House, for my part, I would not feel justified in supporting the second reading." Under the circumstances, however, Sir Wilfrid thought the House would do well to consent to the second reading, preserving to itself, the privilege of passing upon the principle of the bill, when it comes up for the final reading, "if it should come to that."

The leader of the Opposition did not share the Premier's doubts as to the power of Parliament to pass the bill. It was a statute which creates a corporation not having provincial objects, and on that ground alone he thought Parliament had jurisdiction to enact it.

The bill was then read a second time, and referred to the following special committee: The Minister of Agriculture, Messrs. Geoffrion, Belcourt, Bell, Morrison, Ganong, Oliver, McKinnon, Drs. MacDonald, Sproule, Christie, Mignault, Kendall, Reed, Johnston, Roche, Bourbonnais, McLennan, Lewis, Vrooman, Horsey, Beland, Roddick and the Minister of Militia.

The House then went into supply on the militia estimates.

Lieut.-Col. Sam Hughes declared that too much importance was attached to the permanent force, and to its officers, as compared with the militia officers. As a means of training young militia officers it was useless.

The Minister of Militia defended the permanent force, as a good average set of men, doing good work. A permanent force was necessary as a nucleus of a standing army of instruction.

Fraud to Intimidate Voters.

Mr. Clancy, in Mr. Northrup's absence, moved the second reading of the bill to amend the Election Act, by making it a fraud to intimidate voters by informing them the ballot was not secret. The bill was read a second time.

The estimates of the Inland Revenue Department were taken up in the afternoon, and a sharp discussion ensued upon the quality of the coal oil sold in the Northwest, Mr. Boyd of Marquette and Mr. Oliver of Alberta declaring that the inspection seemed to be worthless, as the oil supplied was inferior.

The Minister of Inland Revenue said that an investigation had been held into the complaints from Manitoba and the Northwest, and if the report showed that inferior oil had been sold, the department would take action.

The Inland Revenue estimates were finally passed, and the House adjourned shortly after midnight.

Your Faith
will be as strong as ours if you try
Shiloh's Consumption Cure

and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it. SHILOH'S costs 25 cents, and will cure Consumption, Pneumonia, Bronchitis and all Lung Troubles. Will cure a Cough or Cold in a day, and thus prevent serious results. Pleaded Guilty.

Bowmanville, March 13.—Mail Driver Morris, who is accused of robbing the mail, systematically, and extracting hundreds of dollars' worth of mail order parcels, was brought before the magistrate here yesterday, and committed for trial at Cobourg, at the next court of competent jurisdiction.

K.O.T.M. Finance Minister Arrested.

Port Huron, Mich., March 13. — Charles D. Thompson, ex-Supreme Finance Keeper of the Supreme Tent, Knights of the Maccabees, who some months ago was said to have a shortage of $57,000, was arrested yesterday on a complaint sworn out by Sheriff Maines.

Would You Maintain a Full Supply of Vital Force and Energy?

Users of Malt Breakfast Food are enabled to maintain a constant and full supply of vital force and energy so necessary for the achievment of success in the duties of life.

The ordinary breakfast grain foods charged with insoluble starch and indigestible particles, hamper and greatly retard digestion, reduce vital force and waste existing energy.

Malt Breakfast Food, delicious and healthful, conduces to true digestive vigor, adds to vital force and energy, builds up flesh, bone, muscle and tissue.

Malt Breakfast Food contains the full virtues of health-giving Malt and the strength-yielding qualities of the choicest Wheat. Ask your grocer for it.

When an old work horse is given a holiday, he spends it chiefly in looking lonesome.

Contentment is always perched on the round of the ladder just above you. —Chicago News.

RETURN VISIT
—OF—
Professor O'Brien
Canada's Greatest Phrenologist and the only recognized
Scientific Palmist.

Owing to numerous people being unable to consult Prof. O'Brien during his first visit in Peterborough, a few weeks ago, he has been prevailed upon to pay the town a return visit on his way east, and can now be consulted at his former private office, 325 Hunter street Terrace, from 10 a.m. to 10 p.m. As Professor O'Brien will only remain in town for a very short season, people wishing to consult him should call at once, as this is their last chance. A photo read free to patrons.

Prof. O'Brien has just concluded two most successful seasons in Lindsay and Cannington, and is urgently requested to pay both towns a return visit at an early date. dtf

WYNDHAM TAKES THE BLAME.

Is Everyway Responsible For Repressive Measures in Ireland.

London, March 14.—During the debate on the civil service estimates in the House of Commons yesterday, John Redmond, the Irish leader, moved a reduction of the salary of the Chief Secretary for Ireland (George Wyndham), and proceeded to incisively criticize Mr. Wyndham's policy, asserting that the latter was engineering the condition of the country, in order to give a colorable excuse for coercion.

Mr. Wyndham, in replying, said that, already, a great many illegal acts had been perpetrated in Ireland. He wished it to be understood that he, both personally and officially, was responsible for whatever repressive steps were taken by the Government. He admitted the constitutional right of the people to assemble and proclaim their grievances, but where crime was about to be committed an assembly became unlawful and it was the duty of the Government to prevent it.

Mr. Redmond's motion for the reduction of the salary of the Chief Secretary for Ireland was rejected by a vote of 215 to 125.

Successful Dairy Convention.

Harriston, March 14.—A very successful and enterprising dairy convention, under the auspices of the Dairymen's Association of Western Ontario, was held in the Town Hall here yesterday afternoon and evening, and was presided over by President A. Wenger, Ayton, in the afternoon, and Mayor McKay in the evening. The object of the convention was to discuss with farmers the conditions necessary to success in dairy products and best methods to remedy the defects. The speakers were Mr. R. Johnston, Bright, who spoke on cheese and butter; Mr. A. Elliott, Galt, discussed the by-products, hogs and bacon, and how to make most of them; Mr. I. W. Steinhoff, Stratford, touched on winter dairying, and Mr. Eagle of Attercliff on general farming, besides other local speakers. Musical and vocal selections were added to the program.

Catarrhal Poisons and Their Remedy

The poisonous secretions from catarrh are dangerous because they affect the stomach and bowels, giving rise to an unhealthy condition of these organs. Catarrh is the source of much ill-health, and was considered practically incurable until it was demonstrated to the satisfaction of the medical profession that by the use of Catarrhozone any case of nasal or throat trouble can be permanently and quickly cured. Catarrhozone by its unusual merit has enlisted the support and endorsement of the most prominent medical authorities, who freely state that anyone giving it a trial is sure to receive permanent benefit. Sold for $1. Small size, 25 cents. Druggists, or Polson & Co., Kingston, Ont.

Tore Away the Flume.

Elora, March 14.—Wednesday afternoon the ice on the Grand River here broke up, and though the water was high the river was soon clear without any damage being done. Yesterday morning, however, a great jam of ice and timber from the north of us came down, bearing with it part of the flume, the property of the Bissell Steel Land Roller and Disc Harrow Works. The river rose to an unusual height, but it is rapidly abating, and it is supposed that the danger of any further damage to property is now over.

Annual Skipping Rope Warning.

Shenandoah, Pa., March 14.— As the result of excessive rope jumping, Bessie Jefferson, aged 12 years, died here yesterday afternoon, the first of the season's victims. After school Bessie, with a number of companions, commenced to jump rope, and she surpassed them all by skipping 120 times, when she suddenly threw up her hands and fell to pavement, dead.

What Causes Pain?

Most pains and aches come from excess of uric acid poisons in the blood, due to deranged kidneys, rheumatism, backache, lumbago, pains in the sides limbs, accompanied by bladder and urinary troubles, are warnings too serious and painful to be neglected. Dr. Chase's Kidney and Liver Pills act directly and specifically on the Kidneys, make them active, vigorous, and thoroughly cure these ailments. One 25c box of this great Kidney medicine will do you a world of good.

ONTARIO ASSEMBLY

The Legislature Transacts a Heavy Day's Business.

SESSION NEARING THE END

Mr. Lucas' Charges About Election Trial Offenders' Correspondence Not Substantiated—A Large Number of Third Readings—Mr. Wardell Opposes Municipal Ownership of Public Utilities.

Toronto, March 13.—In the Legislative Assembly to-day Mr. Carnegie introduced a bill to amend the Election Act.

Before the commencement of routine business an irregular discussion took place between Mr. Lucas and the Attorney-General, the former charging the Government with delay in bringing down the correspondence in reference to the prosecution of Wildfong and Cummings, accused of offences against the election law. The Attorney-General said the papers were being prepared and explained that Wildfong had been prosecuted, but owing to a failure to convict him, the proceedings against Cummings had been dropped. The Opposition persisted in trying to force a discussion on the matter, but were ruled out of order by the Speaker.

Third Readings.

The following bills were read a third time:

To amend the act respecting the Great Lakes Railway Co., Mr. Conmee.

To amend the San Jose Scale Act, Mr. Dryden.

To amend the Ontario Factories Act, Mr. Dryden.

To amend the act respecting the Barberry Shrub, Mr. Dryden.

To incorporate the New Ontario Railway Company, Mr. Conmee.

To incorporate the Middlesex and Elgin Inter-urban Railway Company, Mr. Robson.

Respecting the Township of Etobicoke, Mr. Hill.

Respecting the Town of Wiarton, Mr. Bowman.

To incorporate the Huron, Bruce and Grey Electric Railway Company, Mr. Farwell.

To incorporate the Northern Power Company, Mr. Conmee.

To incorporate the Huron and Bruce Railway Company, Mr. Farwell.

To incorporate the Canada Central Railway Company, Mr. Conmee.

To confirm Bylaw No. 185 of the Village of Point Edward, Mr. Pardee.

To authorize the Trustees of the Holy Blossom to convey certain lands, Mr. Foy.

To authorize the Royal Trust Company to do business in the Province of Ontario, Mr. Pardee.

To amend the Public Health Act, Mr. Hill.

To amend the Manhood Suffrage Registration Act, Mr. Gibson.

Respecting the Drainage Debt of the Township of Sarnia, Mr. Ross.

Second Readings.

The following received second readings:

Respecting the Village of New Hamburg, Mr. Kribs; respecting the Town of Berlin and the Ontario Sugar Company, Limited, Mr. Breithaupt; respecting the Town of Fort William, Mr. Conmee; to incorporate the Lambton Central Electric Railway Company, Mr. Pardee.

A number of bills were considered in committee and reported.

Mr. Kribs' bill to provide for the appointment of a Board of Provincial Arbitrators came up for second reading.

A message from the Lieutenant-Governor was received, presenting supplementary estimates to the amount of $3,700.

Afternoon Session.

The following bills were read a third time:

Respecting the Town of Rat Portage, Mr. Conmee; respecting the Village of New Hamburg, Mr. Kribs; respecting the Town of Berlin and the Ontario Sugar Co., Limited, Mr. Breithaupt; to incorporate the Lambton Central Electric Railway Co., Mr. Pardee; to amend the Voters' Lists Act, Mr. Marter; to amend the Act respecting Councils of Conciliation and of Arbitration for settling Industrial Disputes, Mr. Preston; respecting the Street Railway Act, Mr. Leys; to amend the Drainage Act, Mr. Auld; the Ontario Companies Act, Mr. Pardee; to amend the Mechanics and Wage-Earners' Lien Act, Mr. Leys; to amend the Toll Roads Expropriation Act, Mr. Dickenson; to provide for the incorporation of Towns in Territorial Districts, Mr. Conmee; to amend the Public Schools Act, Mr. Harcourt; respecting the Imperial Statutes relating to property and civil rights, Mr. Gibson; to amend the Ontario Game Protection Act, Mr. Latchford; respecting the Town of Toronto Junction, Mr. Hill.

The bill respecting the City of Toronto was reported from committee, with amendments, and read a third time.

After Recess.

The House went into committee on the bill respecting the Town of Fort William. Mr. Wardell strongly opposed the bill, contending that it was unjust to Mr. Jennison, who had obtained certain water power rights in that town which were not recognized by the act. Mr. Conmee said that Mr. Jennison's rights had lapsed, as he had not fulfilled any of the conditions of the contract. He had helped to place Mr. Jennison in possession of those franchises six years ago, but as he had not developed the water power he did not think that his claims should now stand in the way of their being developed in the interest of the public. Mr. Wardell urged that Mr. Jennison's rights had not yet expired. Mr. Marter thought that the towns of Port Arthur and Fort William should have the opportunity of utilizing their water power themselves. Mr. Jennison was not now prepared to say that he was in a position to go on with the work. Mr. Matheson said that the manner in which private legislation was dealt with was an outrage, as many measures were put through on which the members were not consulted. Hon. R. Harcourt said that no committee appointed by the House had more patiently, more carefully, or more judicially dealt with the matters before it than the Private Bills Committee. The bill had been most thoroughly discussed. There was nothing in the methods of the committee to warrant this condemnation. Mr. Jennison had had half a dozen hearings before the committee. There had been no hurry in putting the bill through the committee. The bill was reported.

Vote of Want of Confidence.

The following amendment, on a motion to go into supply, was moved by Mr. Whitney: "That this House denounce the acts of the persons who defaced, tampered with and stole ballots which had been duly and lawfully cast in the recent elections in West Elgin and North Waterloo, and also denounce the destruction in the vault at the Parliament Buildings at Toronto of the ballot papers and other documents of the West Elgin election, by which the prosecution and conviction of the guilty parties was rendered more difficult, and this House expresses its dissatisfaction and regret that not one of the malefactors convicted of the above violation of the law has been brought to justice and punished for his offence, while one person connected with the West Elgin fraud has been appointed to a position of trust an emolument by the Government of this province."

The leader of the Opposition said that he would not discuss the question, but he was willing to go before the people and explain his position.

Hon. Mr. Gibson said he appreciated the course taken by his hon. friend. The Government were free to meet him in the country and discuss the matter with him.

The division was a straight party vote of 35 yeas and 46 nays.

The House then went into supply, and after passing a number of items, adjourned at 2.15 a.m.

ASSEMBLY NOTES.

At a meeting of the committee appointed to consider Dr. Jessop's bill to provide that the Ontario Medical Council be made elective, instead of largely appointive, as at present, it was decided that the medical profession should be asked to vote on the proposed change at the time of the elections for the council are held. A separate ballot paper is to be used for the question, and it will be submitted to the Government before being sent out.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble

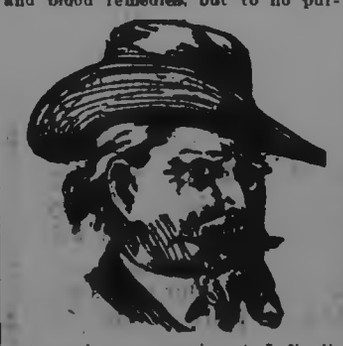
Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50 cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.



"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

Soft Harness

You can make your harness as soft as a glove and as tough as pulp by using EUREKA Harness Oil. You can depend on this—since it has been on hand as an unfailing agent.

EUREKA Harness Oil

Makes a poor looking harness look new, and new harness last longer. Made of pure, heavy-bodied oil, specially prepared to withstand the weather.

Sold everywhere in cans—all sizes.

Made by IMPERIAL OIL COMPANY.

METHUEN AT KLERKSDORP.

Release of the British General—Now Doing Well at Klerksdorp—A Despatch From Lord Kitchener.

London, March 14.—The following despatch has been received from Lord Kitchener:

Pretoria, March 13.—General Methuen was brought to Klerksdorp today. He is doing well. Everything possible is being done for him. Kitchener.

The War Secretary, Mr. Brodrick, announced in the House of Commons yesterday that he understood that Gen. Methuen, who was captured, severely wounded, by General Delarey, March 10, had been released, and was expected to arrive at Klerksdorp, Southwestern Transvaal, yesterday. The general's condition was favorable.

Mr. Brodrick added that the exchange of Gen. Methuen for Commandant Kritzinger, had not been contemplated. The trial of the commandant had been postponed, because consideration of the evidence to be presented had not been completed.

Timothy M. Healy (Irish Nationalist), amid Nationalist cheers, invited the Government to show equal magnanimity and release Commandant Kritzinger.

Mr. Brodrick later said the telegram received did not specifically say that Gen. Methuen had been released. But, from the fact that he was in the hands of a British medical officer, it was presumed that the general had been released.

Two Ontario Men Ill

Ottawa, March 14.—Mr. Chamberlain cabled to Lord Minto as follows:

London, March 13.—Regret to inform you that the following are reported dangerously ill of enteric fever at Pietersburg: James Geo. Stevenson, S.A.C., C division, father W. S. Stevenson, Norwood, P. O., Ontario, and William Dawson, S. A.C., C division, father Mr. Dawson, Toronto, also Quartermaster-Sergeant Archibald Galbraith, S. A.C., E. division, Hoofstad, mother Mrs. Galbraith, care of Mrs. Hillman, Salt Coats P.O., Assa., N.W.T., all March 8; also Jesse Frederick Roberts, S.A.C., Val Station, March 9, mother Mrs. Roberts, 6 Berthiett street, Montreal. (Signed) Chamberlain.

To Go to South Africa.

Quebec, March 14.—Father O'Leary will be sent to South Africa to superintend the marking of Canadian graves.

ASTONISHING PROGRESS

Medical Science has Advanced by Leaps and Bounds.

Now an Absolute Cure for Rheumatism has Been Discovered—It is no Experiment, Having Been Successfully Proven in Many of the Very Worst and Apparently Helpless Cases.

Sundridge, Ont., March 12th.—(Special.)—Physicians and other who study the treatment and cure of disease have been greatly interested in the case of Mr. Wm. Doeg, a farmer living in Strong Township about four miles from here.

Mr. Doeg had rheumatism so bad as to be a cripple for years and was completely cured by Dodd's Kidney Pills.

In order to verify the report he was visited at his home and the following signed statement of the facts secured:—

"For four years I suffered excruciating torture. I was scarcely an hour free from pain. The trouble commenced in my back where it often remained stationary for months, and so intense was the pain that I could not lie down or take rest, but had to sit night and day in a chair.

"The pain would then move to other parts of my body and when in my knees I was unable to walk and confined constantly to my room.

"I was treated by several doctors and also tried many medicines without receiving any benefit. Almost in despair I feared I would never again experience the pleasure of being free from pain.

"My attention was at last directed to some remarkable cures of rheumatism by Dodd's Kidney Pills. I bought a box and began to use them. I soon found that they were helping me a little and so I continued the treatment.

"In a few weeks I was well and able to go about my work which I had not been able to do for over four years.

"This was years ago and I have not since had the slightest return of the trouble. I have worked on the farm steadily eversince and have always felt strong and well.

"I know that Dodd's Kidney Pills saved my life and restored me to health and strength.

"I believe they will cure any case of rheumatism, for I never knew as bad a case as my own and they cured me."

Sixteen From Ontario

Ottawa, March 14.—The proportion of lady school teachers for South Africa to be selected from the various provinces is as follows: Ontario 16, Quebec 6, Nova Scotia 6, New Brunswick 6, Prince Edward Island 3 and Manitoba 1. Of the 16 from Ontario eight will be chosen in the western part of the province and the same number in the east. Up to date 300 applications have been received.

Strong Enough for Cancers.

Cancers are caused by poisonous humors in the blood. The only non-surgical treatment known is Merrill's System Tonic. This is a powerful blood purifier and at the same time blood builder. It cures Scrofula, Eczema and Salt Rheum in thirty days and boils and pimples in a week. 50 doses, price 50c. Sold by Ormond & Walsh, druggists.

GALT'S LAST WAIL.

The Galt Reformer has taken Monday night's defeat very much to heart and publishes the following:

Referee Schooley must pay us a friendly visit occasionally. But when he comes he really must refrain from calling Galt men liars. In the first place, we are fairly truthful. Secondly, it might not be wise. Next time the cigar that went down his gullet the other night will be followed by his teeth, and molars are indigestible diet. As everybody knows (!) Mr. Schooley himself is the soul of honour (!) and he fully understands how disagreeable it is to have one's veracity questioned, and capecially by such an individual as Schooley. But he'll not give the lie again; at least, not in Galt, and moreover, though he live a thousand years, he'll never have another opportunity to knife Galt in an official capacity. Should Galt require a referee in the future it will accept a member of the opposing club in preference to this Mr. Roy Schooley, Osgoode Hall, Toronto. You can gamble on that. Like prussic acid, one dose of Schooley is quite sufficient, thank you.

Mister Roy Schooley, Osgoode Hall, and the O.H.A., have impaired their usefulness in Galt—and Western Ontario. Berlin may not have been far wrong when it decided that the O.H.A. was too much Tammany for the good of legitimate sport. Galt went in with Berlin, but more from a neighbourly motive than from any personal grievance. We went back last year and we learn the lesson of bitter experience. Prior to this year, Galt had not suffered from the O.H.A. due doubtless to the fact that we did not seriously oppose its wishes. Well, the knife has gone in this time good and deep, so to speak; and we know what the O.H.A. and a trusted henchman can accomplish when they try. It may be that we are too young too confiding, too innocent, for the wiles of a wicked world; but we shall see that the next time we are flimflammed, it will not be by the O.H.A. And it's within the bounds of possibility that the O.H.A. may regret its treatment of Galt. The O.H.A. cares nothing for the west except to obtain its large membership. It's the east that gets all the plums, gum drops, etc. Well, next year, we'll leave the O.H.A. to the east, and either affiliate with the western or form another association. Whatever differences may have existed during the season, Galt has the sympathy of Paris, Brantford, Woodstock, Stratford, Collingwood, Owen Sound, and other northern towns. Woodstock congratulates us on our season's work and will stand by us. Take away the west and what will become of the O. H. A. The O. H. A. may find he who laughs last laughs best.

There are a few here who seem inclined to consider Peterborough the not an authority in Ontario but will tell you that Peterborough has the better team. We shall see. There's trickiest rink in all Canada, and that as a rule, it's suicidal to play there. Yet, in face of this fact, the Galt team went to Peterborough and outplayed the Electric City on its own ice. Peterborough managed to outscore Galt by 4—3, but Galt had the play. Peterborough comes here, and with the referee's aid, scores 3 goals, Galt also getting three. Even on this basis, where does Peterborough's superiority come in? Peterborough's third goal was not earned; it was a gift from the referee. Then compare the two teams. Peterborough never played better than here; Peterborough supporters say so; while Galt was not at its strongest. The season had lasted long and some of the players were showing the effects. Peterborough had an easier season and the visitors were fresh. The advantage in form was with Peterborough; in what respect did Peterborough excel in play? Take either game, take both; and answer the question. Peterborough has a particularly fine hockey team, but that it has beaten Galt for the championship is an untruth.

HOCKEY.

The Examiner has been sent the following very amusing reference to the Galt and Peterborough hockeyists:

Born, to the Peterborough Hockey Club, on March 10th, in Galt, Ont., the twins, Fame and Honour. "May they live long, and prosper."

Died, in Galt Hockey Rink, on March 10th, at 10 p.m., the Galt Hockey Club, aged about three months. Death caused by too much Peterborough. Funeral private. These bones will rise again—in 1903.

"And lo! there appeared on the ice a team of Hockey Players from Peterborough, likewise a certain man from the wilderness whose name was Schooley. And the last end of Galt was worse than the first."

LACROSSE.

Once again the lacrosse enthusiasts of the town are reminded of the meeting that will be held in the Y.M. C. A. this evening for the purpose of organising a lacrosse team. All lovers of Canada's National Game are invited.

The members of St Peter's T.A.S. intend placing a lacrosse team in the field this year that will hold its own with any of the amateur organizations of the country. The T.A.S. lacrosse team was formally organized last night at a rousing meeting in the T.A.S. rooms. Rev. Father John O'Brien and Rev. Dr. O'Brien were present and showed their interest in the new venture.

The following officers were elected:

President—John O'Brien.
Secretary—Geo. Giroux.
Treasurer—Jas. O'Brien.
Executive—R. Begley, E. Mahoney, J. McCabe, A. Doris, E. Manley, J. N. Anglesey, Chas. Murty.

The team will be composed altogether of members of the society and will be known as the T.A.S. Lacrosse Club. The secretary was instructed to write to the secretaries of teams in other towns with the view of arranging a series of matches to be played for a trophy. Also to see if a league can be formed in this district.

The colours of the club will be red, with a black border. After further discussion a committee consisting of Messrs. Begley, Giroux, Sharp and Murty were appointed to attend the lacrosse meeting at the Y.M.C.A. to-night.

Y.M.C.A. ATHLETICS.

Members of the Y.M.C.A. will remember that their organization meeting for lacrosse will take place on next Tuesday evening in the Gymnasium at nine o'clock, at the conclusion of their preparatory exhibition work. If indications are good there are about twenty-five or thirty members getting their materials ready for the game. Don't fail to register at the office if you are intending to play the game. Inter-Association games with other places will likely be held frequently to keep interest in the game.

BASKET BALL.

The public are cordially invited to witness the two games of basketball to-morrow evening at the Y.M.C.A. Gymnasium, when the Electricians will play their second game in the series with the Ironclads of the Wm. Hamilton Co. This game at nine o'clock will be between the Business College Quintette and the Orioles of the B. F. Ackerman Co. These should be good games as they are all men of experience at the game. The College men say that they will retrieve their loss of two successive games on the previous dates. The personnel of the teams will appear in to-morrow's issue.

MR. W. D. PARKER RESIGNS

From the Position of Acting-Manager of the Local Branch of the Ontario Bank.

Mr. W. D. Parker, who has been connected with the local staff of the Ontario Bank for the past 14 years and latterly in the capacity of acting manager, has resigned his position with that Institution. Mr. Parker states that it is not his intention to leave town at present, and it has not yet been given out who his successor will be. Mr. Parker returned at noon to-day from Toronto, where he had attended a meeting of the Board. The Directors of the bank and Mr. Parker part good friends.

Mr. Parker has many friends in Peterborough who will regret to learn that he has severed his connection with the local bank. During his term of office as acting-manager, and in fact during his residence in Peterborough, he has always been one of Peterborough's most popular financiers.

GRAND ODDFELLOWS' NIGHT.

There Were Sixty or More Outsiders in Attendance.

The Degrees That Were Conferred—A Lively Night in the Oddfellows' Hall.

More than two hundred Oddfellows assembled last night in Peterborough in connection with the District Rally, arrangements for which have been in progress for some weeks past. The idea, as suggested by the District Deputy Grand Master, Bro. M. W. Matchett, was to have all the lodges in Peterborough District, meet here as a Lodge of Instruction, to give members of outside lodges a chance to see the excellent degree work of the Peterborough lodges, to confer the degrees on several candidates from outside lodges, and to promote the fraternal and social interests of the order by giving all a chance to become better acquainted with the order and with one another. The scheme was successful beyond the anticipations of any of the brethern. In point of numbers, the gathering was one of the largest, if not the largest, gathering of Oddfellows held in Peterborough for several years. The four degrees were exemplified in an excellnt mannner, which called forth praise from many of the visiting brethern. The degree team of Otonabee Lodge gave the Initiatory and the Second Degree, while Peterborough Lodge gave the First Degree and the Third Degree.

Bro. J. B. King, Grand Secretary, was absent owing to illness, and Grand Master Lyman was represented by Bro. A. H. Blackaby, who gave a short but very spirited and encouraging address. Brief address were also given by several of the visitors, all expressing themselves as more than delighted to be present.

At the close of the Lodge proper, the Oriental Degree was conferred on several candidates in true ancient form. The dues for this degree will be given to the Oddfellows' Home Fund.

Ten candidates received the three degrees, and about thirty were added to the Supreme Orient.

Refreshments were served, and an impromptu programme was rendered by Bros. Gliddon, Halpany, Beech, Stapleton, Donnell, Clark and others.

The handsome bouquet on the Lodge Grand's table was a gift from Mr. J. H. Cobb, florist.

It was the verdict of all present that the affair was a pronounced success, and the only regret was that such occasions are not more frequent. Besides Peterborough brethern, members were present from lodges in Norwood, Havelock, Pontypool, Millbrook, Port Hope, Ingersoll, Buffalo, etc.

BIRTH.

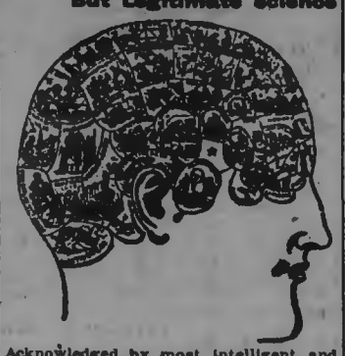
MANIECE — In Ashburnham, on Thursday, March 13th, 1902, to Mr. and Mrs. T. B. Maniece, a son.

RETURN VISIT —OF— Professor O'Brien

Canada's Greatest Phrenologist and the only recognized

Scientific Palmist.

No Fortune Telling But Legitimate Science



Acknowledged by most intelligent and prominent people. His methods were approved of by Judge and Jury in the General Session, March 14th, 1901, which fact proves that Scientific Palmistry, as practised by him, has no connection with the vulgar fortune telling, under the heading of astrology, tea cup tossing, card cutting and the Gipsies Palm reading, who do not know the first principal of the theory.

Prof. O'Brien's reputation is far and wide. People from every part of the world consult him. His patients rank among judges, M.P.s., lawyers, cergymen, of every denominatuon, intelligent priests, doctors, bankers, students, mechanics, etc.

Those who never had their head or hand delineated should call at once at Prof. O'Brien's. His delineations are graphic and instructive, and he always makes it a point to give the young people sage and sound advice.

Don't forget that there is only one Professor O'Brien. In Phrenology he is at the head of his profession. In Palmistry he has no equal. Call for circular and see what the Catholic Register, Saturday Night, Mail, Globe and all the leading newspapers say. During his first visit in Peterborough 263 people were examined by him, and still they come as fast as ever, for they all know that Prof. O'Brien's ability is there. Those wishing to consult him please come early and avoid disappointment, as Prof. O'Brien can only remain in Peterborough a few days longer. A photo read free to patrons. Private office at 263 Hunter street terrace. Hours, 10 a.m. to 10 p.m.

RICHARD HALL & SON

PETERBOROUGH'S MODERN STORE.

A BIG STORE Full of New Goods And every person pleased with the showing. It's a pleasure for the salespeople to show the New Goods, and a pleasure for the firm to see the way our customers are pleased with the Goods. Every day brings its admirers and buyers too. SPRING PATTERNS

It will do you no end of good to see the pretty dress materials we have gathered together for your inspection. You will find here plenty of light fabrics for spring gowns, both in cotton, linen, silk and wool, pretty, fluffy plain and coloured goods to suit your idea of elegance and fashion; soft goods to carry out any colour scheme you may have prepared. No doubt about getting the right thing for fashion and quality.

SERVICEABLE GLOVES . . .

We have carefully chosen the Gloves we put in stock. We have been successful in getting our line from those who give attention to the best tanning, and who put the most care into the making. We keep Perrin Frere's Gloves only. They have a colour that will last. They will not be easily faded from wear, and will hold their shape. Our prices are **$1.00** and **$1.25** per pair. Every pair guaranteed.

REAL LINENS! REAL LINENS!

This is going to be a linen season in earnest. Linen Dress goods are to be very much in favour, and it is wonderful to see the pretty effects in these goods. Then in Table Linens, Towellings, Napkins and other linen goods, we are showing a bigger and better assortment than ever. We make a specialty of Household Linens—the sort of linens that stand the strain of hard wear and repeated washing—made from selected flax and woven under the most favourable conditions. You will like both the Unbleached and the Pure White Linen we're offering this season at much lower prices than last season.

THE FORWARD MOVEMENT.

Interesting Addresses on on Cheesemaking.

MR. D. DERBYSHIRE IS HERE.

Addresses by Messrs Zufelt and Glendenning—The Dairy Cow—The Care of Milk and Other Matters Discussed.

The special meeting which was held in the Town Council Chamber yesterday afternoon, in the interests of the dairymen of the vicinity of Peterborough, was fairly well attended, and much valuable information to cheesemakers and others interested in dairying, was imparted. The chair was occupied by Mr. Dan Derbyshire, President of the Eastern Dairymen's Association, and the other speakers were Mr. E. A. Zufelt, of the Eastern Dairy School, Kingston, and Mr. Henry Glendenning, of Manilla.

There was an exceptionally good representation of cheesemakers in attendance, and the speakers were listened to very attentively throughout. Questions of much importance were put to the speakers and answered in a very satisfactory manner. Altogether the meeting was a great success and will do much to assist in the forward movement that is being inaugurated by the dairymen of Canada.

MR. ZUFELT.

The first speaker was Mr. Zufelt, who spoke on the care, handling and the manufacture of milk. After some preliminary remarks, the speaker said that our best Canadian cheese sells for three and four cents per pound less than the English cheese, and if we could increase the quality ten per cent it would mean a vast difference in the amount we received for our cheese. This amount was at the present time a total loss to the country. The same circumstances apply to the making of butter, and it is these losses that we want to get after. We first want to get at the original causes of these losses. Continuing as to the manner in which the remedy could be effected, the speaker discouraged the idea of putting all the blame on the maker. First, we must have the very best milk; secondly, a good factory, and, thirdly, we must have a competent maker.

Mr. Zufelt then referred to the matter of cold storage, and he reminded his hearers that they need not expect that by the means of cold storage that they could take poor cheese and make a good article of it. We must start with the milk; milking should be done so that straining would be of little or no use. Prevention is the best cure. Keep the dirt out in the first place, as straining merely takes but the particles, and leaves the substance still there. As to the making of cheese the speaker spoke at some length. He went very minutely into the manufacture of milk, showing that the very best colouring, boxes, and other articles and ingredients should be used in the manufacture of cheese. The whole difficulty with making cheese is, in fact, the trouble in getting milk to the factory in proper condition. No cheesemaker can make good cheese out of poor milk. Referring to the "starter" the speaker said that this system was too often abused. It should not be used merefor the purpose of getting through the work early but should be used when only absolutely necessary and for flavouring purposes, etc. Have the cheese made as neatly as possible. Have them neatly bandaged, as uniform in size as possible. The matter of better curing rooms was touched upon by the speaker who thought that considerable improvement could be made in this regard. About 60 or 65 degrees should be the temperature and there is no reason why every factory should not be able to keep the temperature at about 60 degrees all the summer through.

"How about milking the cows in the ice house?" asked a farmer, rather humourously. Mr. Zufelt did not endorse the proposition.

As to the style of curing room which should be built, Mr. Zufelt recommended that a cement floor be used and that the walls should be of stone. The speaker laid considerable stress upon the importance of paying cheesemakers fair salaries. The trouble in this regard laid very much with the farmers who endeavoured to obtain a cheesemaker at the lowest possible rates. As a result the cheesemaker tries to economize and uses the very cheapest material in order that he may make a profit out of his labours. The boxes which were used of late were of too cheap a variety, and very few of them did arrive at the Old Country in a sound condition. The necessity of getting the curd firm was impressed upon the people. Never run the whey off until the curd is hard. The fine point is to be able to tell how dry to have the curd before running off the whey. We must also have the cheese well cured before being shipped out.

Mr. Zufelt spoke at considerable length on the making of cheese, dealing very minutely with the various stages and imparting much valuable information to the cheesemakers present.

MR. DERBYSHIRE.

Mr. Derbyshire said that the address of Mr. Zufelt was just about what they wanted. He congratulated the Peterborough cheese makers upon the success they had attained in the past in regard to the making of cheese but he thought that the matter of better equipped factories might be seriously impressed upon them. However, he did not consider that the cheesemakers should be put to this expense for the benefit of those whose cheese was being made. As long as no one made better cheese than the Canadians we were satisfied. But during the past year or two there had been cheese placed upon the English market; cheese that was superior to ours on account of its having come from a cooler climate, and had been shipped in proper cold storage to its destination. This cheese he referred to came from New Zealand. The cheese was not better made in the first place than the Canadian cheese but the Canadian makers have not been properly curing them. The object of this delegation was to impress upon the farmers and the makers the absolute necessity of providing better curing facilities, and of curing the cheese at 60 deg. The Government has decided to erect a number of curing rooms throughout the country, which would be a great boon to cheese makers as it would demonstrate to them the advantages in this regard.

Mr. Derbyshire then referred to the manner in which certain factories were constructed in years gone by, and which are still in existence. These factories are practically sitting down in the mud, and the ground underneath was saturated with whey for years back, and now sends forth a horrible odour. Such factories should be raised, ventilated from beneath and, also properly drained. Whey tanks should not be sunk into the ground, but should be raised up and kept in a sweet and clean condition. The factory too should be made attractive looking. Trees should be planted and a lawn should be kept as neat as any lawn in Peterborough.

They have had a larger government grant this year towards the instruction of cheesemakers than ever before and there was going to be a radical step taken in the matter with the inspector of cheese.

The Ontario Government has given two permanent instructors who will have charge of a limited number of factories that they will look after carefully to see if they can bring them to perfection, and at the same time have charge of all the other instructors in Eastern Ontario. So that factories that are not making efficient goods will be reported, not only to the Government but to the buyers who have purchased their cheese, and try and improve the quality of the goods all along the line, and further look into the style of work that is being done by present instructors, and if they find that they are not doing their work efficiently and giving proper instructions to the several factories in their charge that they will remove these and put brighter, better qualified men in the place of these men.

Mr. Stratton had been very urgent in seeing that this new forward movement had a fair trial to improve the quality of the goods throughout all eastern Ontario. He urged upon them to join in making a great effort towards placing the dairy industry of Canada upon a higher standard. It must come and it will only come by the united action of all. He also urged upon them to go home and call meetings of the farmers and talk over the present situation. It will require all the thought they can give it.

MR. GLENDEMING.

Henry Glendenning, of Manilla, gave a very interesting address upon the subject of the dairy cow. He first referred to the fact that he at one time sold cheese on the Peterborough Board, and he therefore was not an entire stranger to those in this vicinity. The farmer might have a good cow, but he assured them that a great deal depended upon the feeding of the animal. The speaker referred to the change that had taken place during the past few years in the style of farming in Ontario. Grain growing had given away to dairying and cattle raising. He was glad to see this change as it took very little brains to grow grain and sell it, while more knowledge and ability was required in the dairying industry. He also explained why the farmers of this district should never again expect the high prices for grain that at one time prevailed. Owing to the opening up of new grain fields and the transportation facilities that had been afforded grain could now be raised and exported at a low price compared to the prices of years ago.

There is no time in the history of this country that the farmer had a better opportunity than now of making money and during his extensive travel of late throughout Ontario he had met but few farmers who were complaining of hard times. Mr. Glendenning contended that the first thing a dairyman should do was to get a suitable cow for dairying purposes; then feed her for milking purposes and not for beef, as some do. He pointed out the characteristics of the dairy cow, her features, her build and her disposition. The regularity of feeding and of milking were dwelt upon. With the aid of a chart the speaker was able to show the percentage of food that went to make milk, etc. His address was very much in detail.

Mr. Derbyshire answered a number of questions after which the speakers were tendered a hearty vote of thanks upon motion of Mr. E. M. Elliott, president of the West Peterborough Farmers' Institute.

LAID AT REST.

Funeral of the Late Mr. John Fitzpatrick at Norwood.

The funeral of the late Mr. J. Fitzpatrick, whose death occurred at St. Joseph's Hospital on Tuesday of this week, took place at 9 o'clock yesterday morning from the family residence, Asphodel, to the Roman Catholic church, Norwood and thence to the Roman Catholic cemetery for interment. Notwithstanding the poor condition of the roads for travelling there was a large number of friends of the deceased who turned out to pay him their last tribute of respect. Solemn mass was celebrated by Rev. Father Fitzpatrick, assisted by Rev. Father McColl, rector of St. Peter's Cathedral, as deacon, and Rev. Father McGuire, of Hastings, Parish priest, as sub-deacon.

Rev. Father Conway, parish priest, Norwood, preached a very appropriate sermon, in which he referred to his first coming to Norwood, and the assistance given to him by the deceased, in his kindly advice and material aid as well. The many sacrifices the late Mr. Fitzpatrick had made for his family were referred to as was also the credit which his family reflected upon the deceased.

The last rites at the grave were performed by Rev. Father Fitzpatrick. The pall bearers were — Messrs. Thos. Rerke, Peterborough; Matthew Knox, Asphodel; Michael English, Hastings; D. Hurley, Norwood; Neil McNulty, Asphodel, and John Fitzpatrick, Norwood.

NEWS NUGGETS.

—All Saints' Confirmation Class will meet this evening at 8 o'clock.

—Last Sunday at St. Martin's church, Enniamore, a new library was opened with 250 volumes.

—St. Andrew's choir will practice this evening at eight o'clock. A full attendance is requested.

—At the police court this morning Joseph Cunningham was given 6 months in jail as a vagrant.

—The lacrosse enthusiasts of the town are asked to be at the meeting at the Y.M.C.A. this evening.

—The citizens of the town are reminded of the band concert which will be held in the opera house this evening.

—The action entered to disqualify five members of the Lindsay Town Council, has been dismissed at Osgoode Hall.

—The chief has a pair of gloves that were picked up on Aylmer street yesterday for which he would like an owner.

—The Ladies Order of the Knights of the Maccabees will give a concert on the evening of Friday, March 21, in the Sons of England Hall.

—Little Lake is now open for navigation, the channel being found clear this morning. This is the earliest that the ice has broken up for many years.

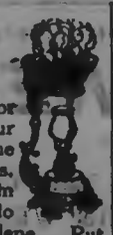
—The annual meeting of the Retail Merchants' Association will be held on Monday evening in the Y.M.C.A., commencing at 8 o'clock. Reports for the year will be submitted and officers elected.

—Mr. J. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

—The services of Mr. Frank Otto, British-Italian harpist, has just been secured for the daughters of Erin At Home, in St. Andrew's School Hall, next Monday night, March 17th. Mr. Otto is most conversant with all the popular Irish and patriotic airs.

—Messrs. R. Fair & Co. have shown us a copy of the Spring Fashion number of the Dry Goods Economist, published by the Textile Publishing Co., of New York. This edition is profusely illustrated with the new styles and fashions for spring and contains a great amount of reading matter of practical value to the dry goods trade. The Economist is issued weekly and is received regularly by R. Fair & Co.

Danger Next Door.



Perhaps it's diphtheria, or scarlet fever. Keep your own home free from the germs of these diseases. Prevent your children from having them. You can do it with our Vapo-Cresolene. Put some Cresolene in our vaporizer, light the lamp beneath, and let the vapor fill the sleeping room. Have the children sleep in the room every night, for it's perfectly safe, yet not a single disease germ can live in this vapor. Ask your doctor about it.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 180 Fulton St., New York, U.S.A.

Recommended and sold in Peterborough by H. H. Dinnick, druggist.

A TOUCHING LETTER

Sympathy of Followers in Legislature With Premier Ross.

MANY MORE MESSAGES RECEIVED

The Letter From the Liberals in the Legislature Couched in Terms of Peculiarity Understanding Sympathy —A Noble Christian Life—Colleagues of the Premier Will be Pallbearers at Funeral.

Toronto, March 14.—Messages of sympathy in even greater numbers than on Wednesday continued to pour in on Premier Ross yesterday. During the day scores of persons called at the family residence, 1 Elmsley place, to view the remains of the late Mrs. Ross, and to express their sense of regret at the loss sustained. The casket was almost buried by the number of floral tributes which were received.

The following letter was received from Mr. W. J. McKee, M.P.P., Chief Whip of the Ministerialists in the Legislature:

"Hon. Geo. W. Ross, Premier of Ontario:

"Honored and Dear Sir,—We, your loyal followers in the Legislature of Ontario, beg to offer you our sincerest condolence in the great calamity which has fallen upon you in the sudden withdrawal from your side of your devoted wife. We trust that the Almighty will strengthen you, so that you will be able to bear up against the bereavement which, at the present time, notwithstanding your abiding Christian faith, must seem to be a crushing loss. We assure you that we shall ever entertain a grateful memory of the deceased lady. Her high personal qualities, her great mental attainments and her continuous self-sacrifice have endeared her to us, but, notwithstanding the irreparable loss which we, in common with yourself, have suffered, we heartily thank God for the example of such a noble Christian life in our high places.

"Accept, dear sir, our most heartfelt sympathy, and our hope that time, the great consoler, may bring you, not forgetfulness, but the conviction that God doeth all things well."

The service to-day will be held at 2 o'clock. It has been arranged that the pallbearers will be the Premier's colleagues in the Government, Hon. J. M. Gibson, Hon. Richard Harcourt, Hon. John Dryden, Hon. E. J. Davis, Hon. J. R. Stratton and Hon. F. R. Latchford. The service will be conducted by Rev. Dr. Milligan, after which interment will take place at Mount Pleasant.

BRIEFS FROM THE WIRE.

An Important Budget of News in Small Space—Paragraphs That Will Interest Everybody.

David Sutherland was found guilty Thursday at Montreal of attempted wife murder.

Mrs. Thomas Birkett, wife of the Conservative member for Ottawa, died Thursday morning.

Charles Gimlet, the adopted son of Mr. and Mrs. Gimlet of Whitby, was found dead in bed Thrsday morning.

At London it is taken for granted that Lord Dundonald will succeed Gen. O'Grady-Haly as Canadian G.O.C.

The Imperial German yacht Hohenzollern arrived at Hamilton, Bermuda, Thursday from New York March 11.

The U. S. transport Sheridan has arrived at San Francisco from Manila. She brings 97 sick, 6 insane and 1,189 short-term men.

The James Bay Railway Company, through its president, D. D. Mann, is petitioning the Dominion Government for an extension of time.

Private cable messages received at London by friends of Cecil Rhodes lead to the belief that there is but slight hope for his recovery.

Alex. Arnup of Aylmer, Ont., while at work in the Woodstock Roller Mills on Wednesday, had his right hand and arm mangled in the chopper, so that his hand had to be amputated.

The Town of Kyankari, northeast of Angora, in Asia Minor, was destroyed by an earthquake March 12. No details of the disaster had been received. Kyankari had 20,000 inhabitants.

Frank Reynolds, a carter, fell a distance of 30 feet at the Toronto City Hall Thursday morning, and was instantly killed. The unfortunate man was 38 years of age, and leaves a wife and four children.

Clement Romo, a lineman of the Nova Scotia Telephone Company, while employed in repairing cable in Halifax Thursday afternoon, received a shock from an electric wire, and fell to the ground. He was dead when picked up.

After the meeting of the directors of the Nova Scotia Steel Company at Montreal Thursday the following statement was authorized: The profits for the year 1901 were $508,936.79; balance at credit of profit and loss account, Dec. 31, 1900, $242,030.24; total, $750,967.03.

A warrant has been issued at Toronto, at the instance of the Quebec Bank, for the arrest of H. P. Davies, vice-president and manager of the American Tire Co. of Toronto, the charge being obtaining money under false pretences. The other banks are taking civil proceedings.

Specialists' Ideas Adopted.

When originating his celebrated Four T's Mergill, the Brantford Druggist, added to drugs of many generations' usefulness some of the latest drugs used by lung and throat specialists. The result, naturally, is that Four T's is an unexcelled compound and never fails to cure a cough in 24 hours and the worst cold in two days. Large bottles 25c. at Ormond & Walsh's drug store.

BILIOUSNESS, CONSTIPATION, SICK HEADACHE, or DYSPEPSIA.
THEY'LL CURE WHILE YOU SLEEP
PRICE 25c A VIAL OR 5 FOR $1.00 AT ALL DRUG STORES.

New Ontario Requests.

Ottawa, March 14.—The New Ontario deputation yesterday waited upon the Premier and the Ontario Ministers and asked for subsidies towards the extension of the C. P. R. from Diporawic to Lac Seul and the extension of the St. Joe Railway to Lake Nepigon.

Jury Implicates a Woman.

Deseronto, March 14.—The investigation into the death of Mrs. J. W. Higgins, conducted by Coroner Passmore, was concluded last night, when the jury found that the woman died as the result of an attempt made by Mrs. John Girvin to perform a criminal operation, presumably with the knowledge of John W. Higgins.

Metric System Favored.

Washington, March 14.—The bill to adopt the weights and measures of the Metric System as the standard for the United States, as introduced by Representative Sharoth (Cal.) yesterday, was ordered favorably reported by the House Committee on Coinage, Weights and Measures.

Another Russ an Slaughter.

St. Petersburg, March 14.—A despatch received here yesterday at the War Office announced that another fight occurred March 3 between Russian troops and 300 Tunguses, north of Hubandsy, Manchuria. Two hundred Tunguses were killed, including their leader. Two Russians were wounded.

Mrs. Soffel's Case.

Pittsburg, Pa., March 14.—Indictments in three cases against Mrs. Catharine Soffel, wife of ex-Warden Peter K. Soffel, growing out of the escape of the Biddle brothers from jail on Jan. 30, were considered by the grand jury yesterday and true bills returned.

Collapse of the Nerves.

Strange, Dizzy Feelings, Sleepless Nights, Head Felt as Though It Would Burst, Thought She Would Lose Her Mind—A Remarkable Cure by

DR. CHASE'S NERVE FOOD.

If you have been discouraged in seeking a cure for nervous exhaustion or prostration, the case of Mrs. C. H. Jones of Pierceton, Que., will interest you. Hers was a severe case, but is a fair example of what thousands of women are enduring, with the belief that they can never be cured.

Mrs. Jones describes her case as follows:—"For several years I had been gradually running down in health, and growing weaker and weaker. I did not know exactly what ailed me, for strange, dizzy feelings would come over me. I got a terrible fright, and it so unsettled my nerves that shaking spells would come over me, and I could not keep my feet still, and finally I had to keep the bed most all the time.

"The doctor said I had nervous prostration, and though I took his medicine from fall till spring, I did not improve in health, and could not read or sew. I would lie awake at nights and often would not get more than five or six hours' sleep in a week. My head felt as though it would burst, and I thought I would go out of my mind.

"An uncle from New York visited me at this time, and told me of what an awful time he had gone through with his nerves. He said that he always had more faith in Dr. Chase than in any other physician, and was cured by the use of Dr. Chase's Nerve Food. I began using this preparation, and improved from the first. Altogether I used five boxes, and it has done me more good than I ever thought medicine could do. My health is better in every way than it has been for many years, and my nervous system is strengthened and invigorated.

"I might add that I have also used Dr. Chase's Kidney-Liver Pills, with excellent results."

Dr. Chase's Nerve Food cannot fail to benefit any man, woman or child who is pale, weak or nervous. It contains in condensed form the most potent restoratives of nature. It does not stimulate or give false hope, but gradually and thoroughly builds up the system and effects permanent cures. Like Dr. Chase's Ointment and Kidney-Liver Pills, this preparation has the endorsement of physicians and people alike in all parts of this continent. It is the standard treatment for weakness of blood and nerves. 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. 7

MARKET REPORTS.

HUNDRED MILE COAST.

The Oroya Railway Is Very Distinguished Itself In Many Ways.

Lord Ernest Hamilton describes his experience of a thrilling but perilous pastime, the descent in a small hand car of a wonderful mountain railway in Peru.

"As a matter of fact," he writes, referring to the title of the article, "it is 106; but, for the sake of a title, the extra six may go—100 are enough at any rate for purposes of illustration. These hundred odd miles are to be found on the Ferro-Carril Central of Peru, commonly called the Oroya railway, and they are to be found nowhere else.

"This Oroya railway is a very wonderful line indeed. It not only climbs higher than any other railway in the world, but also distinguished itself in a variety of other ways incidentally referred to hereafter. But the accomplishment with which I am chiefly concerned is this—that it provides the only road in the world which a man on wheels can travel over 100 miles by his own momentum and practically at any pace to which the fiend of recklessness may urge him.

"The object of what is here written is to trace the sensations born of a run down from the summit of the Oroya railway, 15,666 feet above sea level, to the verge of the Pacific. You start under the eye of the eternal snows, and you finish among burning skies and palms. You start sick with the unspeakable sickness of soroche, and you finish in the ecstasy of an exultation too great for words.

"The gods of Olympus were worms beside the man who has during the last three hours controlled his car from the Paso de Galera to Callao, for it is in the control that lies the joy, as in other things apart from car running. To sit beside the brakeman is good, but to drop the brakeman on a friendly siding and grasp the lever in your own firm but not too exacting hand is to sup a liberal foretaste of the joys of heaven.

Building Superstitions.

In remote times a sacrifice of some kind was always offered at the completion of a building, either public or private. Sacrifices were not only offered at the completion of structures of all kinds. The foundations themselves were usually laid in blood, whether the structure was a castle, bridge, cottage or church. Originally—tracing the subject back to heathenish times—the sacrifice was offered to the god under whose protection the building was placed. In Christian times the bloody rite was retained, but was given another significance. In those days it was generally believed that no edifice would stand unless the cornerstone was laid in mortar mixed with blood. Usually the blood was obtained by sacrificing a dog, a pig, a wolf, a black cock or a goat, and not unfrequently some malefactor's blood was poured out to make the ceremony more impressive.

Clark Russell's Start.

When a young man of one and twenty, Mr. Clark Russell, the well known novelist, was present at the trial of a dozen seamen who had mutinied because the food provided for them was of the most abominable description. He was disgusted to find that the mutineers were actually sentenced to several weeks' imprisonment for refusing to be poisoned with the provisions dealt out to them. From this sprang the idea of a story of mutiny caused entirely by the shipment of bad food for the crew. The result was "The Wreck of the Grosvenor," by which Mr. Clark Russell made his name.

A Corkscrew Steeple.

The steeple of the parish church at Chesterfield, England, is often called the "corkscrew" steeple, for it has got quite a big twist. This is due to the action of the sun on the wooden and iron materials, and the warping is more pronounced in the case of Chesterfield church than in any other church in England. Barnstable and Bristol and one or two other places have leaning steeples, but their tendency is decidedly to "lean" and not to "twist." The church at Chesterfield is the nearest rival in the United Kingdom to the leaning tower at Pisa.

An African River.

The Webbe Shebeyll, an African river, is one of the wonders of the Dark Continent. Although it is a large, rapid flowing river, almost as large as the Missouri, and flows for hundreds of miles through a fertile country, it never reaches the sea. About thirty miles before its waters get to the point where they should mingle with those of the Indian ocean the whole stream sinks out of sight into the sands of a desert.

Gowns and Their Wearers.

"The simpler the gown," some one had said, "the prettier a really beautiful woman appears."

They all nodded, and presently one dear thing leaned over to another dear thing and remarked quite casually, "What an elaborate gown you have on, dear!"

No Cosy Corners.

Tom—I begin to believe in the flat earth theory.

Dick—Why?

Tom—I can't hide from my creditors to save my life.

The first baby makes a man crazy with joy; the others make him crazy without it.—New York Press.

After Baby Comes.

In the days following the baby's birth there is often a long up-hill struggle to recover strength, and the nurse busies herself in the preparation of jellies and broths for the invalid.

When Dr. Pierce's Favorite Prescription is used as a preparative for motherhood the baby's advent is practically painless, there is abundant strength to nurse and nourish the child, and a rapid recovery from the shock and strain inseparable from maternity.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. C. W. Young, of 21 South Regent Street (Lee Park), Wilkesbarre, Penna. "When I had those mishaps I began to think I would never have children. My back used to almost break and I would get sick at my stomach and have such headaches I did not know what to do; they used to set me nearly crazy, and I used to dread to get up, I felt so bad; then I began taking Dr. Pierce's Favorite Prescription. When baby was expected I took it all the time I was that way. I felt fine all the time, and I never get those dizzy spells now. I hardly ever have a nervous headache any more. I have a perfect romp of a boy; he is the light of our home. I am now twenty years old and my baby is almost eight months old. I now feel well, and weigh 180 pounds, and the baby 23½ pounds. We feel very grateful for the good your medicine did for us. We are both healthy, thanks to Dr. Pierce's medicine."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

OLD IDEAS ABOUT GEMS.

Pearls Were Thought to Be Dewdrops Caught by the Shell.

The Indians called rock crystal an "unripe diamond," and until the beginning of the eighteenth century India was thought to be the only land which produced that precious stone. It was not, therefore, until the discovery of India that the diamond was known to us. Yet as far back as 500 B. C. a "didactic history" of precious stones was written, and in Pliny's time the supply must have been plentiful, as he wrote, "We drink out of a mass of gems, and our drinking vessels are formed of emeralds." We are also told that Nero aided his weak sight by spectacles made of emeralds.

But is very difficult to determine whence all the gems came, as discoverers took care to leave no record. The nations who traded in them were afraid of their whereabouts being known, and even the most ancient merchants would not disclose any definite locale. All sorts of myths have accordingly sprung up concerning the origin of gems. "Diamond" was the name given to a youth who was turned into the hardest and most brilliant of substances to preserve him from "the ills that flesh is heir to." Amethyst was a beautiful nymph beloved by Bacchus, but saved from him by Diana, who changed Amethyst into a gem, whereupon Bacchus turned the gem into wine color and endowed the wearer with the gift of preservation from intoxication.

The pearl was thought to be a dewdrop the shell had opened to receive. Amber was said to be honey melted by the sun, dropped into the sea and congealed. According to the Talmud, Noah had no light in the ark but that which came from precious stones.

Failed to Catch the Tune.

A professor in an old Pennsylvania college was conducting a review in Latin. Of a sleepy looking youth he asked the question, "What construction is that at the top of page twelve?"

"I don't know," was the prompt reply.

"Why not?" thundered the professor. "I have been harping on that construction all term."

"I know you have, professor," was the soft reply, "but I haven't caught the tune yet."

Noted Postmen.

The native runner postmen of Natal are strikingly picturesque when on business bent. With their sandaled feet and headdress of dried leaves, which rattle as they run, and a military greatcoat, underneath which is a garment called the mncetu, they travel for miles at a jog trot at four miles an hour and receive as payment $5 a month.

Won the Crowd.

Charley Burley, the abolitionist, in the midst of an antislavery speech was struck by a decayed egg full in the face. Pausing to wipe away the contents of the missile, he said calmly, "I have always contended that proslavery arguments were very unsound." The crowd roared, and he was no longer molested.

It may be better to be born lucky than rich, but no one can be sure about it for the reason that he who is born rich is lucky.

The egotist could die happy if he thought he could deliver his own funeral oration.

ELDERLY MEN.

A man past fifty can do with less sleep than younger men. He can endure greater steady and prolonged strain. He can bear his burden day after day with less need of recreation. The young man can "sprint," but he cannot "stay" like the man with brain grown iron and nerves steel by many years of training.

Elderly men are less temptable. They are of fixed moral habit. Appetite and passion are under control. For better or for worse they are a calculable quantity, with slight variations to be taken into account.

Elderly men are more loyal as friends if they are friends. Their attachment to a cause or a commercial house is less changeable. They have, moreover, given bonds for good behavior in the persons of grown families whose respect is to them dearer than life. They know the difficulty of repairing mistakes.

Elderly men actually have experience. The older man best reads character. He is the wisest to select agents.

School Gardens.

Scientific gardening is taught in the national schools of Sweden and in the seminaries for the education of national schoolteachers. There is a school garden in nearly every rural school district in the kingdom. The garden is placed near the schoolhouse, and the children receive practical instruction in the cultivation of plants, berries, flowers, herbs and fruits, the management of hotbeds, greenhouses, etc.

A Sidewalk Prescription.

The busy doctor was hurrying down the street when he was stopped by a man noted for his ability to get "sidewalk" advice.

"I am thoroughly worn out and sick and tired. What ought I to take?" asked the man.

"Take a cab" replied the unfeeling doctor.

Medical Science Advances.

It is not more than half a century ago that surgeons considered a surgical operation, with its risk, expense and pain, as the only cure for piles. To-day it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.

His Second Leg Pension.

The British admiral Sir James Gordon was a humorist in his way, and it is related of him and Admiral Pell that they used to amuse themselves in leisure hours by running foot races, being quite evenly matched, Sir James having a cork leg and Pell one of wood.

As an instance of his fondness for practical joking a story is now told: Sir James during a battle toward the end of his fighting career had his wooden leg shot away. The old-sea fighter at once applied for a second "leg pension" and cheerfully drew it to the end of his days.

Pimples and Blotches.

how unsightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can quickly bring about the improved condition by using Ferrozone. Poisons are driven out of the blood, organs grow stronger, the blood richer, the nerves stronger. Pimples and blotches disappear, colour becomes good. Glad! just try and see how much joy can be gotten out of a box of Ferrozone. Sold by Ormond & Walsh.

Some Remarkable Beliefs.

There are naturalists in this day and age who believe that horsehairs will turn to living snakes, that toads will live for thousands of years in the cavity of a rock without food or water, that the barnacle goose was developed from the shellfish of that name and that the bird called sora is a species of winged frog.

A Killer.

Maude—Gaskell thinks he is a regular lady killer.

Esther—I shouldn't wonder. I had to talk with him last evening, and I really thought I should die, he wearied me so.

CONVENTION ADOPTS THE REFERENDUM.

(Continued From 1st Page.)

appear that temperance men were prepared to drop party. We all wanted prohibition. How could they support Mr. Whitney. He says he can't give us prohibition and Mr. Ross has made it practically impossible. By voting on a separate day prohibitionists could not be got to come out for that purpose alone.

The motion to table Mr. Kennedy's resolution was carried.

Mr. G. W. Powell pleaded in favour of the convention getting together in sentiment. He inquired if a Government who had passed prohibition would not be willing to go further and enforce it. He did not favour a third party and did not have much faith in pledges. He was not entirely satisfied with the referendum, but he believed that in spite of the conditions the temperance people with united action could pass it by a large vote.

A REFERENDUM RESOLUTION.

Mr. Powell moved:

That this Convention deem it wise, under the circumstances, in the interests of temperance, to get best conditions possible under the referendum, and then to work heart and hand to get out the largest vote possible.

Mr. Galvin seconded the resolution.

Rev. D. O. Crossley did not agree with the proposition of Mr. Buchanan that they should drop the referendum, etc., and give their whole attention to electing pledged prohibition candidates. We should elect temperance men but we should keep the referendum in mind and push the vote upon it to victory, which he believed the temperance people could do if they were united. He pointed out that 190,000 votes had been polled on the plebiscite, which was only an abstract question, whereas

THE REFERENDUM MEANT SOMETHING.

If the referendum carried we should have prohibition. The present was the only measure of the kind that had ever been offered. They should keep the referendum in mind and put up a strong fight in its favour.

Mr. Northey's suggestion that the convention select a temperance candidate received no encouragement.

Mr. Galvin said he had, seconded Mr. Powell's motion because he believed if the temperance party were united they could carry the referendum even though it might not be quite satisfactory.

Rev. J. P. Wilson said, he would prefer a majority of the actual vote cast without reference to the elections of 1898, but we could not get that. He had faith in men pledged to support temperance, but he advised the convention not to cast aside the present prohibition bill and the referendum.

Mr. Powell's motion was adopted.

After a vote in respect to pledging support to temperance candidates the convention adjourned.

THE EVENING MEETING.

The Opera House was well filled last evening, by citizens who assembled to hear addresses in connection with the temperance movement The chair was occupied by Mr. H. P. Lindsay and after the hymn, "Rescue the Perishing" had been sung Rev. J. P. Wilson led in prayer.

Rev. J. Bastow was the first speaker. He wished it clearly understood that he was with the prohibition people on the question as it stood before the public at the present time. The prohibitionists, like green recruits in the ranks of the army, seemed somewhat out of step, but when a few more public meetings were held he trusted all would be one at heart. He hoped that the result of the present meeting would be towards drawing the prohibitionists together. The speaker characterized liquor as being more of a scourge "than war, pestilence or famine," and he strongly urged the unification of the forces of good, to fight the evil.

Rev. J. P. Wilson called attention to the fact that England and the United States were uniting to stop the rum trade amongst the aborigines, and this being the case he thought it was about time the traffic was stopped within ourselves. He was satisfied that the people of Ontario were now so thoroughly awakened to the necessity of acting that they would never be satisfied until they could get the largest measure of restriction possible from the Government.

Rev. J. H. Hannah spoke of the traffic as the greatest social evil which had to be faced at the present time. He hoped to be one of the most aggressive in working for its prohibition.

Rev. D. O. Crossley urged that all Christians should be united in suppressing that thing which is doing the greatest amount of evil in the present day. He hoped the question would not get into politics, as it would then simply become a tremendous fight of one party against another. Not so very long ago he had felt almost as if there was a magazine under him and if any little match of provocation had been dropped there would have been trouble. He was ready to vote for the referendum and work for it, and did not care a cent from where it came so long as prohibition was the result.

Rev. W. A. Gunton thought the greatest weakness with the temperance people to-day was the fact that they would not stand by their principles. When it came to voting someone would say "party," and temperance principles would be laid aside for some plausible reason. The time had now come when the politicians should be made to understand that the temperance people meant business. "Disregard partyism," said Mr. Gunton in conclusion, "and make this the great issue."

The chairman then introduced Mr. W. W. Buchanan, the speaker of the evening, who received a hearty welcome. In opening Mr. Buchanan spoke of the great necessity of continually working along the lines of educating the people so that they would be ready to back up any legislative action which was taken. The time had now come when temperance sentiment must be crystallised into laws. It was only through politics that any effective legislation could be procured. When the Scott Act was passed it was not effective because it belonged to the people and was not fathered by either of the political parties. The issue was now becoming a live one and already the question was in the political arena. There was never birth without travail, and the speaker could already see the beginning of the end. The present Ross Bill was not a measure of total prohibition. It came far short of that but any man who was in favour of prohibition should be in favour of the Bill as it was constructed along the lines of prohibition, and those who possessed temperance sentiment and yet were not in favour of prohibition, could stand by the Bill also, as it did not totally prohibit. The Bill was simply a modest measure of restrictive legislation along the lines of the License Law.

At present the retailer was not allowed to sell on Sundays. The Bill went just a little further and prohibited him from selling on the other six days of the week.

At present the License Law excluded 49% persons out of every 500 from selling liquor, and the Ross Bill just took another step in providing that the five hundredth should not sell it.

The Bill did not interfere with vested rights at all. It simply discontinued the liquor dealers permit to sell. The dealer had to take his chances as in any other trade. He was not supposed to erect a hotel for the purpose of selling liquor but was given a permit to sell liquor in his hotel.

There was no interference with personal liberty more than there was now. The law now says that liquor shall only be sold where the dealer has a license and the Bill now takes this license away.

The drinking in the homes will be comparatively light, as all the drinking of any account is at present done in the bar rooms and not in the homes. More than half of the liquor which is consumed in the Province to-day is not consumed in response to the appetite but simply from habit. If the bar rooms can be broken up, it can be left with the beautiful women of Canada to keep liquor out of the homes.

The Ross Bill is a strong measure and should command the support of not only prohibitionists, but every lover of sobriety, even though they are not prohibitionists.

The speaker then took up a number of the different clauses of the Bill which he explained at length concluding this portion of his address by stating that he had not heard of any convention but that had agreed that the Bill was a good measure, which while not entirely prohibitive, yet was constructed along the right lines.

The referendum phase of the question was then taken up by Mr. Buchanan, who spoke along the line of the arguments used against it at the Toronto convention. He characterized it as an invitation to the liquor men to debauch the people of the Province.

After a temperance song by Mr. G. W. Mulligan, a vote of thanks to Mr. Buchanan was carried on motion of Mr. J. W. Garvin and Rev. W. A. Gunton. The National anthem was sung before the meeting adjourned.

SERVICE WAS SIMPLE

But All Classes Paid Tribute to a Noble Life.

AN ELOQUENT APPRECIATION

Rev. Dr. Milligan's Eulogy of the Late Mrs. G. W. Ross—Hundreds Honor Her Memory—A Representative and Notable Gathering—Members of the Cabinet Were the Pallbearers—Chief Mourners.

Toronto, March 15. — The Premier's colleagues in public life, his loyal followers in the Legislature and hundreds of persons to whom the late Mrs. Ross had become a friend through social and public intercourse united in a demonstration of respect that is seldom paid to anyone, when the deceased lady's remains were borne to the tomb yesterday afternoon. The streets approaching the house at 1 Elmsley place were crowded with carriages and citizens on foot, and every indication was given that the passing of her they mourned was felt to be in a sense a personal loss.

The remains lay in the south drawing-room, and were surrounded with floral offerings. Among the tributes were many large pieces, including a broken column, a large design of gates ajar and many pillows and wreaths.

The service was of the simplest character. After the opening invocation Rev. Dr. Milligan addressed the gathering in the following words:

"For the last ten years of my ministry here the member of my congregation longest known to me was Mrs. Ross. She belonged to my first charge, where I started my ministry, over thirty years ago. She was then just stepping out of her teens, a woman of a bright, cheerful spirit, which she continued to be to the end of her life, to the great benefit of her family and friends. Cheerfulness with her was not a mood induced by circumstances, but was an element of her character. Two qualities seldom found together existed in happy combination in her. She was cheerful without levity, intensely dutiful, yet never leaving the impression that duty ought to be a burden to anyone. In meeting the requirements of her position, she displayed remarkable tact and equanimity. Her simplicity of character never deserted her. She maintained it to the last with sincerity and dignity. The law of kindness was in her heart. Hers was a rich nature, whose touch made friends in every circle of life.

"Of Mrs. Ross' domestic virtues I venture not to speak, except as they enriched the valuable services the Premier has been honored in rendering to his country. Her part in these services has been so marked that, like a city set upon a hill, it could not be hid. She has taught a noble lesson to every woman in the land in her thorough and touching identification of herself with her husband's aims and achievements. When the Premier and she were married, two became verily one flesh. She literally, one might say, as well as figuratively, became hands and feet to him in his arduous labors. She has enhanced to us all the meaning of the word helpmeet. She has shown what a loyal woman can do in imparting largeness and momentum to a man's life, and that woman's most influential sphere for God is to be found in wifely and motherly relationships, relationships, too, requiring for their adequate realizations the choicest gifts of heart and head, which she possessed in no ordinary degree.

"The sincere and widespread sympathy manifested towards the Premier and his family shows that real service, despite regrettable partisan onesidedness, is not, after all, so obscured as to pass without some degree of merited recognition. I am sure that the one feeling of the country is that divine sustainment and comfort and blessing may, in a peculiar degree, be experienced by our bereaved friend and his family in their sudden and sore affliction."

A closing prayer and benediction ended the service at the house, after which the long procession formed and started for the cemetery. The pallbearers were the Premier's colleagues and the Speaker of the Legislature. Hon. J. M. Gibson, Hon. Richard Harcourt, Hon. John Dryden, Hon. E. J. Davis, Hon. J. R. Stratton, Hon. F. R. Latchford, Hon. J. T. Garrow and Hon. F. E. A. Evanturel.

The hearse was followed by a carriage containing Hon. G. W. Ross, Mr. Duncan C. Ross, Strathroy; Mr. Robert Boston, ex-M.P., London, and Mr. G. W. Ross, jr. Succeeding carriages bore the following other chief mourners: William Geddes, Strathroy, nephew; James Geddes, Sarnia, nephew; Alex. Boston, London; Alex. Ross and Andrew Ross, Nairn, brothers-in-law; Cameron Brown, Belleville, and Dr. C. W. Belton, London, sons-in-law; Mr. Charles Mitchell, Toronto, William Scott, Toronto; Graham Poston, brother, Winnipeg.

Following the chief mourners was a long line of carriages containing the members of the Legislature, Hon. Wm. Mulock, Mr. W. S. Calvert, M.P., and Mr. Archie Campbell, M.P., representing the Dominion Government and the House of Commons, and scores of carriages containing private citizens and others.

At the cemetery the service was extremely brief; the body was placed in a vault, where it will lie until May.

STORE CLOSES 6 P.M. SATURDAY

Newness in Materials

For Spring 1902, are having a good fair showing at this store. We haven't everything under the sun, but we believe we have enough of the dainty and desirable effects to satisfy the taste of any Peterborough lady, and you don't have to pay fanciful prices, either.

In making our demands from most reliable sources of production in the Dress Stuffs, we were guided by our knowledge of the particular dress needs, tastes and fancies of Peterborough women, and governed by the ideas of those who set the pace for style in the fashion centres at home and in the American cities. As a result we feel our Spring Dress Goods stock, with the wealth of our trimmings department to adorn them, will be found eminently satisfying to women of good taste. A mere glance at our materials will convince you of this.

Not a whit too soon to make selections. Some shades always clean out before others. A visit now will repay you.

TRUSTWORTHY DRY GOODS UNIFORMLY RIGHT PRICES.

FIFTY BOERS CAUGHT

But Commandant Mentz and Commando Escape.

GOT THROUGH BLOCKHOUSE LINE

Lord Wolseley Starts For Cape Town—Speculation Concerning the Object of His Visit, Which He Declares Is But a Private Visit—Lady Methuen a Passenger With Him.

Heilbron, Orange River Colony, March 11.—Commandant Mentz, with the Heilbron commando of the Boers, broke through the Heilbron-Wolve Hoek blockhouse line at Gottenburg last night. The Boers had been pursued for several days. So far as known only one Boer was killed and five were captured. The British columns, during the course of the pursuit of Commandant Mentz, picked up scattered parties of Boers, aggregating fifty men.

LORD WOLSELEY GOING.

Starts For Cape Town—Lady Methuen and Mr. Rhodes' Brothers.

London, March 15.—Field Marshal Lord Wolseley, the former Commander-in-Chief of the British army, starts for Cape Town to-day, and, although the officials deny that his trip is anything but a private visit, gossip connects it with the military situation. It is pointed out that Lord Wolseley's knowledge of South Africa, gained as a fighter and administrator, might be highly useful to Lord Kitchener either at the base (Cape Town) or at Pretoria. Lord Wolseley himself says his trip is entirely private.

Colonel Frank Rhodes and Arthur Rhodes, brothers of Cecil Rhodes, and Lady Methuen will be passengers on the steamer which will take Lord Wolseley to Cape Town.

Mules to South Africa.

New Orleans, La., March 15.—The British transport Hellenes, en route to South Africa with mules and horses for the British army there, broke the record yesterday in loading, taking her entire cargo aboard, including 1,016 mules and horses, in one hour and forty-five minutes, and sailing for Cape Town.

Spanish Press Abuse Britain.

London, March 15.—The Madrid correspondent of The Times says the defeat of Methuen has evoked fierce rejoicing in the Spanish press. The Imparcial regards his defeat as the turn of the tide, saying heaven is manifestly on the side of the Boers, while on the other side are "satan and Bezebub, the devil of pride and the devil of avarice."

The abuse lavished on Great Britain by the Spanish press, says the correspondent, is only comparable to that formerly poured on Spain's own unfortunate generals in Cuba and elsewhere.

Canadian Dangerously Ill.

Ottawa, March 15.—The following despatch was received yesterday by Lord Minto from the Casualty Department:

"Cape Town, March 13.—Dangerously ill: Canadian Infantry, March 11, Newcastle, R. J. Moore; disease not yet known. Please inform William Moore, Northwest Territories."

Case of Capt. Malone.

Ottawa, Ont., March 15.—Commander Spain of the Marine Department will be in Kingston to-day to deliver judgment in the case against Capt. Malone in connection with the Marine City disaster. This was an accident in which the captain was accused of failing to go to the succour of a boat in distress, on which several sailors perished. It is understood that the evidence produced at the trial was to the effect that the sea was so rough that it would have meant greater loss of life to put out to her rescue. The judgment, as far as can be learned, will be in favor of the captain.

Went Through a Sewer.

New York, March 15.—Edward Boyle was swept half a mile through a sewer yesterday, and was plunged into the East River at the foot of Fourteenth street. When fished out he refused the assistance of an ambulance surgeon, saying: "It's a small matter: I'm all right, and don't need help."

Enough Evidence.

Montreal, March 15.—Judge Choquette announced yesterday that there was quite enough evidence in to justify him in sending Arthur Brunet of St. James' election fraud fame to the King's Bench for trial. The defence, however, asked for delay, and the case was adjourned.

P. A. Peterson, consulting engineer of the C.P.R., has gone to Europe to buy 20,000 tons of steel rails for the road.

Navigation Opens at Soo.

Sault Ste. Marie, Ont., March 15.—Navigation on St. Mary's River at this point was opened yesterday; the ferry Algoma having very little if any trouble in making her dock on either side of the river. The ice offers no resistance, it being honeycombed.

The Fly in the Ointment.

Probably the worst thing about marrying a widow is the fact that somewhere in her cupboards and boxes she keeps her widow's veil to be in readiness in case she needs it a second time.

All Doubts Removed.

She—And you will always love me, even when I am old and ugly?

He—But you never can grow any older or any uglier in my eyes, darling. —Pall Mall Gazette.

Mr. Borden at Lindsay.

Lindsay, Ont., March 15.—Mr. R. L. Borden, K.C., M.P., arrived in Lindsay yesterday morning from Ottawa to deliver the second lecture of this year's lecture course in the Lindsay Collegiate Institute. He was accompanied by Lieut.-Col. Sam Hughes, M.P., and was met at the station by Principal Harstone, Mayor Ingle and other leading citizens, and escorted by the Collegiate Institute Cadet Corps to the home of Col. Hughes. Last evening Mr. Borden lectured to an audience that filled the Assembly Hall of the Collegiate Institute on the subject, "Canada's Influence upon Imperial Policy," handling the subject in a masterly manner. Senator McHugh occupied the chair. A banquet was tendered Mr. Borden at the Benson House after the lecture. About 80 guests were present.

The Hague Agreement Ratified.

Washington, March 15.—The Senate spent an hour in legislative session yesterday on the convention growing out of The Hague peace conference relating to the conduct of war on land and sea, and finally ratified the agreement without a division.

Bergeron Accepts.

Montreal, Que., March 15.—Mr. J. S. H. Bergeron, ex-M.P., has accepted the Conservative candidature in Beauharnois, and will open his campaign in Valleyfield to-day, where Messrs. F. D. Monk, M.P., Mr. Bergeron and others will speak.

Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresolene—they breathe it.

SIXTIETH ANNIVERSARY

Of the Wedding of the Parents of Mr. G. W. Powell of Town.

Mr. and Mrs. O. W. Powell of Cobourg, celebrated on Monday the sixtieth anniversary of their marriage. A most unique and interesting gathering took place at their residence on D'Arcy street, in honour of the event. All the surviving sons and daughters with a goodly proportion of the grandchildren, and a number of intimate personal friends, were present. Among these were Mrs. Henry Beatty (Hattie Powell) Toronto; Mrs. W. W. L. Payne, (Emma Powell) Colborne; Dr. N. A. Powell, Toronto; George W. Powell, Peterborough; Misses Lucy and Clara Powell, Cobourg; Mrs. John B. Gallinger, Southend, and Will E. M. Powell, Toronto. Dinner was served at two o'clock, and at its conclusion Dr. Powell, in proposing a toast to the host and hostess referred to the fact that at their silver wedding in 1867 ten children were present. At the golden wedding in 1892 eight of these responded to the roll call, Mary (Mrs. Odlum) having in the meantime died at the Methodist Mission in Tokio, Japan, and Hart, who was paymaster at the Massey-Harris Company, having also passed away. The remaining eight had been spared and were once more present to do honour to their parents. He spoke feelingly of the love and inspiring Christian spirit always manifest in the home, of the veneration in which all the family held their parents and of the influence the home training had exerted on their lives. The toast was drunk in cold water and was spoken to by the other sons, by the sons-in-law, W. L. Payne and John B. Gallinger, by the grandsons, and by Rev. Dr. Saunders, pastor of the Methodist church in Cobourg. Mr. Powell, who is hale and hearty, in spite of his eighty-two years, responded in hearty and characteristic words. He has been a Liberal all his life, and a subscriber to The Globe for over fifty years. A poem written by Rev. Dr. Saunders was read and greatly appreciated. The poem is as follows:

Two souls were floating on across the sea of life,
When amid the storm, and surge, and stress, and strife,
Just sixty years ago they met, and loved and wed,
And now review the path through which they have been led.

Standing together still, though tempest-tossed and grey,
Hand in hand they press upon their heaven-ward way;
The past has had its clouds, its sadness and its gloom,
Which together they have braved, this faithful bride and groom.

Closer have these souls been drawn, and firmer knit their hearts,
As fire welds the bars of steel and grace and strength imparts;
The joys of life have clustered around their peaceful home,
Bright faces, childish music, into their lives have come.

The favour of the Lord Most High, better far than gems of gold,
Has shone upon their hearthstone and given wealth untold,
Their sons have come to honour, their daughters have been blessed
Their names, like ointment, will abide when they have passed to rest.

And still they stand together, looking on the closing day,
The gold and purple sunset flings light upon the way;
And He, who led them on, is standing fair and bright,
Whispering in His tenderness, "the evening shall be light."
What more can mortal ask than has to them be given?
The peace of God on earth and a glorious hope of Heaven.

During dinner a cablegram of congratulations was delivered from Mrs. Watts of England, Mrs. Powell's only surviving sister, while letters, telegrams and handsome presents from many others testified to the esteem in which the worthy couple are held. Among the presents were several bags of gold, one of these from Mrs. H. A. Massey, representing a dollar for each year of their married life. Mrs. Massey Treble, besides decorating the dining table with a lavish display of American and Beauty roses and other flowers from her own conservatories, thoughtfully sent an Olympia Music Box, and Mr. and Mrs. C. D. Massey, and Mrs. W. E. H. Massey, who were unable to be present, sent letters and gifts. The afternoon was delightfully spent in reminiscences of home and of the romantic courtship of Mr. and Mrs. Powell, in recitations by Miss Mary E. Powell of Toronto, and a brief but impressive service conducted by Rev. Dr. Saunders. At 7 o'clock the Toronto contingent left for home, having passed a thoroughly enjoyable day.

An Old Superstition.

Superstition connected with the seventh child of a seventh child is commemorated by a tombstone in a village churchyard near Bridgewater, Somerset. This inscription runs: "Sacred to the memory of Doctress Anne Pounsberry, who departed this life Dec. 12, 1813, aged seventy-three years. Stand still and consider the wondrous works of God." Doctress was not merely an epithet, but a baptismal name, for she was a seventh daughter of a seventh daughter and was therefore credited with powers of healing. She practised in herbs and charms. For king's evil this was her prescription: "Take the legs of a toad. Bake and grind them to powder with pestle and mortar. Place the powder in a bag around the neck of the sufferer."—London Chronicle.

Antiquity of Glass.

So far as research has been able to determine glass was in use 3,000 years before the birth of Christ and was even then not in its infancy by any manner of means. In the finds collection at the British museum there is the head of a lion molded in glass, bearing the name of an Egyptian king of the eleventh dynasty. This is the oldest specimen of pure glass bearing anything like a date now known to exist. The invention now known as "blowing," the mode of varnishing pottery with a thin film of glass, is believed to date back to the first Egyptian dynasty. Proof of this is found in the pottery beads, glass glazed, found in the tombs of the age above [illegible]

MISS LAURA HOWARD,

President South End Ladies' Golf Club, Chicago, Cured by Lydia E. Pinkham's Vegetable Compound After the Best Doctors of Chicago Had Failed to Help Her.

Such letters as the following must surely convey conviction to the hearts of all women that the great claims that Mrs. Pinkham makes for her medicine must be based upon positive evidence.

Is it reasonable, think you, that we could hire such women as Miss Howard to speak well of **Lydia E. Pinkham's Vegetable Compound** just for commercial reasons? Impossible! and it is an insult both to her and to Mrs. Pinkham to suggest such an idea; therefore, let every woman read this letter and believe, for it is as genuine in every particular as the eyes with which you read these words.

Mrs. Pinkham invites all women who are ill to write her for advice. Address Lynn, Mass., giving full particulars.

MISS LAURA HOWARD.

"DEAR MRS. PINKHAM:—I can thank you for perfect health to-day, and gladly do I acknowledge it. Life looked so dark to me a year or two ago. I had constant pains, my limbs swelled, I had dizzy spells, and never knew one day how I would feel the next. I was nervous and had no appetite, neither could I sleep soundly nights. Eight bottles of **Lydia E. Pinkham's Vegetable Compound**, used in conjunction with your Sanative Wash, did more for me than all the medicines and the skill of the doctors. For eight months I have enjoyed perfect health. I verily believe that most of the doctors are guessing and experimenting when they try to cure a woman with an assortment of complications, such as mine; but you did **not guess** when you mixed your Compound; you evidently know what you are giving suffering women and are sure of what it will do. How I wish all suffering women could only know of your remedy; there would be less suffering and many thousands more happy and healthy women in America."—LAURA HOWARD, 113 Newberry Ave., Chicago, Ill.

O, my sisters, I do pray you to profit by Miss Howard's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

$5000 REWARD.—We have deposited with the National City Bank of Lynn, $5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Daily Examiner.

London (England) office—148 Fleet street, E C., Central Press Agency Limited, Special Agents.

SATURDAY, MARCH 15, 1902.

A DISCUSSION OF ESSENTIALS.

The scope and value of the prohibition bill will naturally be a matter of keen discussion. It was pointed out the other day that one clause of the bill permits a veterinary surgeon to buy two gallons of spirits, while another provides that if he is found in possession of more than a gallon he is liable to fine or imprisonment. The punishments, it may be argued also, are excessive, for it is a well-known circumstance that where penalties are, in public estimation, out of all proportion to the gravity of offences, convictions are difficult to obtain.

We merely mention these blemishes to show that they have not escaped attention, but have been left in the the bill in order to retain an absolute assurance in the public mind that the bill upon which the people will be called to vote in December next is the bill, word for word, which the highest court in the empire has declared to be such a bill as a Provincial Legislature has power to pass. When it has received the approval of a sufficiency of votes, such minor defects as its practical operation discloses may be remedied without affecting those features of it wherein lies the question of constitutionality. The correction of such an evident contradiction as that involved in the clauses with reference to veterinary surgeons or those with reference to penalties could in no way carry the Province outside its powers. In fact, such shortcomings as are not involved in the inherent limitation of the powers of a Province can be met at the proper time, and the law made workable and efficient. There were obvious objections to making any changes before the bill was voted on.

The charter of the bill is fixed by the broad provisions by which it is supposed to qualify as a prohibitory measure. In how far it fulfills this object it will be judged, and it must be kept in mind that we need scarcely look for more drastic powers under Provincial prohibition. In a word, while we may be able to improve the act in the *smaller details*, we will not be able to improve it in the direction of greater stringency of prohibition without running the risk of being told that we have exceeded our powers. It is therefore as a limited measure of prohibition that it must be discussed. As a measure that legally abolishes the bar and the liquor shop, but does not prohibit the manufacture or importation, it must be judged, and not on errors of draughtsmanship, which may be easily amended once the principle of the measure has received the approval of the necessary majority of the electors.—The Globe.

"77"

"SEVENTY-SEVEN" is Dr. Humphreys' Famous Specific for Grip and Colds, consisting of a small bottle of pleasant pellets that fits the vest pocket, handy to carry.

GRIP

EDITORIAL NOTES.

Every text book used in the public schools of Ontario is compiled by a Canadian author.

Mr. Whitney says the people shall not have prohibition. Mr. Ross says the people shall be free to say what shall be done.—Ottawa Free Press.

There is evidently a touch of humour about the Provincial Opposition. Here is Mr. Whitney proclaiming that it is progressive! Can the Opposition point to a single progressive measure introduced by the Government which it has not opposed most strenuously?—Hamilton Times.

The Belleville Intelligencer says:—

> "We have fewer farmers now than we had in 1891, and if the fossil policy of the Ontario Government is continued we shall have fewer still ten years hence. The way to stop the fossilized policy is to put them out."

And this in the face of the development of New Ontario. The only thing that is liable to become fossilized about the Ontario Government's policy is Mr. Whitney's reference to New Ontario as being "the land of the stunted poplar." That remark won't be forgotten in a hurry.

THE LATE WALTER SCOTT.

The Funeral Took Place on Friday Afternoon at Norwood.

The funeral of the late Mr. Walter Scott, of Asphodel, whose death occurred on Wednesday, took place on Friday morning to the Norwood cemetery. Notwithstanding the bad roads a very large number of old friends and neighbours, in addition to the relatives, formed the cortege. The services in connection with the funeral were conducted by the Revs. J. F. Somerville and D. A. Thompson, pastors of the Norwood and Hastings Presbyterian churches, respectively, deceased having been a member of the Norwood church for many years.

The bearers were: Messrs. W. E. Roxburgh, Thos. Rork, James Cumming, J. J. Carter, Wm. Webster and Robt. Burgess.

Deceased was 71 years of age and was born in the Township of Asphodel. He was a very quiet, unassuming man, but was widely known and universally respected. His wife who died some years ago was a daughter of the late Thomas Fife, of Otonabee brother of Mr. A. A. Fife, of Asphodel, also of the late Dr. Fife, of Peterborough. They had two sons and three daughters of whom only two survive, viz., Robert A. Scott, and Mrs. Thomas Richardson.

EVERY MAN DEAD SHOT.

What a New Gun Sight Will do for Armies of the World.

Sir Howard Grubb, whose name is known to every one interested in astronomical and optical research, and who has just built a new telescope for the Radcliffe observatory, Oxford, is embarking upon quite a new line of invention, says the London Daily Mail.

He has designed a form of gun sight applicable to rifles or ordnance, which capable judges believe will revolutionize the methods of firing both at sea and on land.

Sir Howard Grubbe is also engaged upon another invention connected with the national defence, which, when the time arrives for the publication of details will create sensation throughout Europe. Messrs. Vickers, Sons & Maxim have secured patents for the *new gun sight in almost every country* in the world.

To Be Made a Test Case.

Washington, March 15.—The charges against Ambassador Powell-Clayton, submitted to the State Department, was forwarded to him in order that he may make reply if he cares to do so. The question is now for the first time raised formally as to the propriety of an Ambassador or Minister engaging in business or even having financial interests in the country, to which he is credited. It is believed that there is no specific law upon the subject, and it is suggested that the determining point in this case will lie in the character of Mr. Clayton's investments, and the extent to which they might seem to tend to influence his ambassadorial actions.

Nebraska Rival of Marconi.

Tecumseh, Neb., March 15.—Matt B. Thurber, a Tecumseh young man, has in operation here what he claims to be a system of wireless telegraphy. Mr. Thurber can send messages for several blocks through houses, brick walls and the like. He made the transmitters and receivers himself, including the large steel plate appliances, to be used in the air in connection with the receivers.

Legally Dead, He Wants to Wed.

St. Paul, Minn., March 15.— Jim Younger wants to get married. He cannot because he is legally dead; hence he is unable to enter into any contract. In Minnesota a life prisoner is civilly dead. The only way for Jim Younger to become a married man is to get a pardon.

IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the la grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The *reason* that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those, who for any reason are not in the best of health, fall ready victims.

The first symptoms are those of acute catarrh resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against la grippe and catarrhal troubles from which I have suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the head and throat are very susceptible to la grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and may be used as freely as necessary as they contain no cocaine, opiate or poisonous drug of any kind.

WOMAN'S AILMENTS.

Suffering Which Doctors Fail to Cure.

Thousands of Women Throughout Canada in a Similar Condition—Words of Hope to Sufferers.

In countless homes throughout Canada, where health and happiness should reign supreme, the peculiar weakness and diseases of women are responsible for an atmosphere of hopelessness and despair. This awful condition is largely due to a misunderstanding of the proper manner in which to effect a cure for female troubles of all kinds. Dr. Williams' Pink Pills have been more successful in cases of this kind than any other medicine, and they should be in every home, and should be used by every woman who is not perfectly hearty and strong. Mrs. Fred Murphy, well known resident of Pubnico Head, N. S., cheerfully bears testimony to the great value of Dr. Williams' Pink Pills in woman's ailments. Mrs. Murphy says: "A few years ago my health was completely broken down, my troubles beginning in one of the ailments which so frequently afflict my sex. I was a great suffer from violent attacks of pain which would sieze me in the stomach and around the heart. It is impossible for me to describe the agony of the spasms. Several times the doctor was hastily summoned, my friends thinking me dying. I was wholly unable to perform my household work, and was under medical treatment all through the summer, but without benefit. My appetite left me; my heart would palpitate violently after the least exertion, and I was pale and emaciated. My husband urged me to try Dr. Williams' Pink Pills, and procured me a supply. After using the pills a couple of weeks, I could feel that they were helping me, and after using seven bottles, I was fully restored to health. From that time until the spring of 1901 I enjoyed the best of health, but at that time I felt run down, and suffered from pains in the back. I at once got some more of Dr. Williams' Pink Pills, and they soon put me alright, and I am now feeling better than I have done for years. I cannot praise these pills too much, nor can I too strongly urge those who are ailing to test their wonderful health restoring virtues."

Dr. Williams' Pink Pills go right to the root of *disease* by making new, rich blood, and restoring shattered nerves. In this way they cure such troubles as the functional ailments of women, restore the glow of health to sallow cheeks, cure palpitation of the heart, anaemia, headache, indigestion, kidney and liver troubles, rheumatism, partial paralysis, St. Vitus dance, etc. Be sure you get the genuine with the full name "Dr. Williams' Pink Pills for Pale People," on every box. If you do not find them at your dealers, they will be mailed postpaid at 50c. a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

OMEMEE.

(From Our Own Correspondent.)

The roads are now almost impassable.

Farmers are well satisfied for spring to come at once, having had a good winter.

Mr. L. Heyd, K.C., Toronto, makes his first appearance here on Friday night, March the 14th, in Bradburn Hall, and a large audience promises to greet him. The ladies are invited to be present, as is also Mr. Carneige. East Victoria bids fair to be keenly contested this time.

Rev. Wm. Kannawin, B. D., was invited to fill the Keene pulpit on last Sabbath. His pulpits here and at Lakevale and Mt. Pleasant were filled by Mr. Potter, missionery amongst the sailors and lumber camps. Seldom or ever was there more impressive services and the truth so sincerely and practically spoken so as to arouse the most thoughtless.

The beautiful new cuts sent to the local agent, J. D. Thornton, of the Peterborough Cordage Company, are attracting a great amount of attention, and shares of stock are doubled by many and other new subscribers.

A New Dress for Ten Cents, the Price of a Package of DIAMOND DYES.

Women of every social position know from practical experience that it is possible with the aid of Diamond Dyes to make A NEW DRESS FOR TEN CENTS.

Ladies use Diamond Dyes to their entire satisfaction, advantage and profit. There is no reason why you, too, will not find in Diamond Dyes the same aid to economical and stylish dressing. If you prefer to get a new dress for ten cents instead of buying a new one at a cost of from five to ten dollars, buy a package of Diamond Dyes, and with very little work you can make your old dress look like a new one.

Send a postal card with your address to the Wells & Richardson Co., Limited, 200 Mountain street, Montreal, Que., will mail you free of cost full range of designs of Diamond Dye Mat and Rug Patterns to make selections from.

Death to Be Investigated.

Huntsville, March 15.—A man named Samuel Cooper was brought to the General Hospital from Seguin Falls a few days ago. He was suffering from the effects of cuts and several gunshot wounds. He died from his injuries yesterday. Coroner Reece will hold an inquest on the body today.

Miller's Worm Powders are a wonderful medicine for ailments of children. Sold by all druggists.

RING UP 'PHONE 388.

When any accident to your steam, water or gas pipes arises or when your furnaces or boilers need repairs, or closets, tanks, baths or other sanitary appliances get out of order, I will promptly attend to all orders, having on hand a full supply of plumbers' and steamfitters' requisites. I am prepared to meet every want, possessing a practical knowledge of the trade. I am enabled to detect at once the defects and causes, and remedy them at very low charges. I am ready to furnish estimates for all kinds of heating, public buildings, churches, etc. Iron pumps, points and pipe furnished and wells driven.

E. J. G. SUTHERLAND,
338 George Street, Peterborough

A PERSONAL INVITATION

HOUSE-HUNTERS!

Have you seen our New List of Houses for sale near your work, where you can get a hot dinner every day with your family instead of being compelled to carry your dinner pail. It matters not what price you want to pay, nor what size or class of house you want to buy, we have them, and you do not require a large sum of money,—some begin with very little, and under our guidance get on and pay for their home. You can do the same if you will come in any evening from 7 to 9, if you cannot call during the day.

T. HURLEY & CO.
Near Post Office.

TENDERS.

Are asked for the purchase of the following properties:—

Cedar Park Gardens, with 10 acres and buildings.

19 acres, adjoining No. 2, school house North Monaghan.

50 acres with buildings, at Fraserville.

80 acres, stone barn, near No 17 school house, Otonabee.

Vacant ground, North of Townsend street and east of Electric Works.

Vacant ground, corner of Rubidge and Wolfe streets.

Six house terrace on Rubidge, near Electric Works.

Double house on Park street, near Electric Works.

For further particulars apply to John Bell, Cedar Park.

Tell Me a Friend Who Is Sick.

No Money is Wanted. Simply Let Me Send Him My Book.

You have a friend who is sick.

Write me his name. That is all—just a postal card. Send it as an act of humanity.

Tell me which book he needs.

I will either cure that friend or pay all the costs of his treatment.

I will at least do the utmost that medicine can do. I will give the best advice in my power. I may fail, but there will not be a penny of cost if I do.

I will do this at the start.

I will send the sick one an order of his or her druggist for six bottles Dr. Shoop's Restorative. I will tell that druggist to let him test it for a month at my risk. If it succeeds the cost is $5.50. If it fails, I will pay the druggist myself.

I will leave the decision to you.

Don't say that this is impossible, for I do just as I say. I have done it for years—done it with hundreds of thousands.

I will do it in any case, no matter how difficult. I only ask the sick one to be fair with himself and me.

I cannot always succeed. There are conditions like cancer, for which I know no cure. But I alone am the loser when I fail.

My records for five years show that 39 out of each 40 who accepted my offer, paid for the medicine taken. That means 39 in each 40 are cured. That fact alone makes this offer possible.

There are 39 chances in 40 that I can cure your friend.

My success is due to a lifetime of effort, in learning how to strengthen the inside nerves. It is this nerve power alone that operates the vital organs. No organ is weak when it has sufficient power. I bring back the nerve power—that is all. It is just like giving more steam to an engine that is weak.

My book will explain it all.

Every soul who reads this knows some sick friend. You know somebody who will never find another way to get well.

Let me tell that friend my way.

I must be successful. My remedy must do what I claim.

If it did not, such an offer as this would bankrupt me in a month.

The sick one is your friend—a stranger to me. If I am willing to do so much, won't you write me a postal, that he or she may get well?

Simply state which book you want, and address to Dr. Shoop, Box 47, Racine, Wis.

Book No. 1. on Dyspepsia
Book No. 2. on the Heart.
Book No. 3. on the Kidneys
Book No. 4. for Women
Book No. 5. for Men (Sealed)
Book No. 6. on Rheumatism

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

CRIMINAL LIBEL.

What Mr. Cowan's Bill in the Dominion House Provides For—King's Court a Brilliant Affair.

Hamilton Socialists have expressed themselves as strongly against prohibition.

Announcement is made of the death of Hugh Macdonald, the well known Plattsville cattle buyer.

A seat on the Montreal Stock Exchange was sold Friday for $15,000, equal to the highest price yet paid.

The King's court, held at Marlborough Palace on Friday, was the first since the early days of the late Queen Victoria, and was a most brilliant court function.

The little five-year-old boy, son of M. B. Stack, hotelkeeper at Lyn, Ont., while playing along the edge of the creek, missed his footing and fell into the current and was drowned.

At St. Catharines, Samuel Friedman, a junk dealer, was sentenced at the Assizes Friday to four months in the Central Prison on a charge of receiving a quantity of copper wire, knowing it to have been stolen.

Lee-Enfield rifles will be supplied to those militia regiments which have not as yet got them by the time the summer camps are held. The entire infantry force of Canada will then be armed with a modern weapon.

In an address on Friday before the London Chamber of Commerce on the lack of administrative efficiency in the British organization for defence, Rear-Admiral Lord Charles Beresford said the Government ought to purchase coalfields at home and in the colonies.

A. S. Francis, a London lawyer, charged with misappropriating £3,000 ($15,000) of funds belonging to the Countess of Orkney, formerly Miss Connie Gilchrist of the Gaiety Theatre, London, pleaded guilty at the Old Bailey yesterday and was sentenced to five years' imprisonment.

Mr. Cowan's bill in the Dominion House, to amend the Criminal Code, provides that an action for criminal libel must commence within six months after the publication of the alleged defamatory libel. At present the law does not provide for any time limit. Provision is also made that if a civil action is commenced a criminal one cannot follow.

TOO GREAT EXPENSE

Not the Reason.

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation. This is rightfully viewed with dread by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the cause is not removed.

The proprietors of Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be not genuine and unsolicited; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense. Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mr. Wm. Lichtenwalter, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty-cent boxes of Pyramid Pile Cure. I advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it." Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

Fought 36 Hours For Life.

Nelson, B.C., March 15.—Fred. Lowden was killed by a snowslide on Saturday night. He and Christopher Sherbert were asleep at the foot of the Kokane range when the slide buried their cabin. After thirty-six hours of struggle Sherbert freed himself. He obtained aid at a neighboring mine, but Lowden was dead. His finger nails were torn off, showing that he had made a desperate effort to dig out. Sherbert's feet and hands were frozen, and his feet may have to be amputated. He was clad only in a shirt during the thirty-six hours he was fighting for life.

To the Etruria's Rescue.

Fayal, Azore Islands, March 15.—The Royal Mail Steamship Company's steamer Elbe arrived here yesterday for the purpose of conveying to their destination the passengers of the Cunard Line steamer Etruria, from New York Feb. 22 for Queenstown and Liverpool, which was picked up by the British steamer William Cliff between 400 and 500 miles west northwest of Fayal in a disabled condition, and which arrived at Horta, Azore Islands, in tow of the William Cliff March 9.

Want Good Roads.

Ottawa, Ont., March 15.—The Good Roads convention, now in session here, sent a deputation yesterday to wait on the Hon. Sydney Fisher and asked for the establishment of a Public Roads Department in connection with his department. The wardens of Eastern Ontario were present.

A. A. Wright, M.P., South Renfrew, introduced the deputation. United States Senator Dodge explained the benefits derived from the institution in the United States.

Cecil Rhodes Weaker.

Cape Town, March 14. — Cecil Rhodes is weaker to-day; otherwise, there is no change in his condition.

London, March 15.—The Pall Mall Gazette yesterday afternoon says it understands that, with the view of preventing a dislocation of the markets, a syndicate of South African magnates has been formed for the purpose of taking over the whole of Cecil Rhodes' shareholdings in the event of Mr. Rhodes' death.

Revolvers, Not Swords.

Ottawa, March 15.—Officers commanding field artillery units are instructed, in militin orders to return into store all sword-bayonets, cavalry pattern swords and scabbards. It is likely that artillerymen will shortly be armed with revolvers instead of swords.

An Obliging Husband.

"Why do you offer such a large reward for the return of that ugly dog?"

"To please my wife."

"But such a reward is sure to bring him back."

"No, it won't. He's dead."

LIQUOR BILL, 1902

Passed by the Legislature After a Long Debate.

BOLT ON RAILWAY BONUSES

There Were Four Divisions on the Prohibition Bill, the Opposition Voting Against the Measure Generally—Four Opposition Members Vote With the Government on the Railway Grants.

Toronto, March 14.—The chief event of interest in to-day's proceedings in the Legislature was the voting of four members of the Opposition with the Government in favor of the Railway Aid Bill, and in spite of Mr. Whitney's vigorous speech against the measure. Later in the evening Mr. Foy commenced an attack on the Government's electric railway bill, which gave promise of lasting until a late hour.

The prohibition bill passed its third reading by a majority of 13, Mr. Marter, North Toronto, voting with the Government. The bill was debated sharply during the forenoon sitting and for an hour or so in the evening. The discussion emphasized a divergence of opinion on the part of the Opposition in regard to the measure.

The Morning Session.

At the morning session of the House, the Liquor Bill, when it came up for its third reading, provided a lively debate. Mr. Crawford (West Toronto) started the ball rolling by moving, seconded by Mr. Lucas (Centre Grey), that the clauses in the bill relating to the referendum be struck out. He said that the bill had not met with the approval of the people, and, further, it was a bad bill, and many believed the referendum clause to be unconstitutional.

The Minister of Education said there was a difference of opinion on the question, as there always was on large questions. The referendum, he maintained, was not unconstitutional.

Mr. Matheson held that the referendum was unconstitutional and, for that reason, he would vote for the amendment.

The Attorney-General, Hon. J. M. Gibson, said that the announcement meant that if the measure was to go into force, it would be without reference to the people, and those who supported the amendment would be passing a bill without giving the people an opportunity of expressing their views on it.

Mr. Foy was of the opinion that, if the referendum clause were struck out of the bill, even the members of the Government would not vote for the measure. If the amendment, which he were in favor of, was carried, the effect would be to do away with the entire bill.

The Provincial Secretary, Hon. J. R. Stratton, said it was apparent that Mr. Foy was opposed to prohibition in any manner, shape or form; was opposed to the bill, and was opposed to the referendum. As for Mr. Crawford's amendment, it had for its object the killing of the bill, and he wondered if Mr. Crawford's motion was consistent with his views as a prohibitionist. The Government, Mr. Stratton added, were satisfied that it was only right that the people should be given a chance to express their opinion on the matter.

Mr. Marter declared he was in favor of the amendment, and would vote for it. He did not want anyone to feel that he was taking this course for the purpose of killing the bill.

Mr. Whitney said he was opposed to the bill entirely, as well as to the referendum, and it was a remarkable thing that not a member of the Government had spoken in favor of the principle. The amendment, he said, had his approval.

Dr. Barr was in favor of the amendment, because Dec. 4, the day fixed for the voting, was an inconvenient one for the farmers.

Amendment Was Lost.

The amendment was then put, but was declared lost. The division resulting in the bill being sustained by a vote of 45 to 34. The following members paired on the amendment: Ross, Miscampbell; Pardo, Reid; Leys, McDonald, Beatty, Allen, Smith, Kribs; Douglas, Dempsey; Charlton, Wardell.

The House then adjourned until 7.30 o'clock p.m.

Liquor Bill Settled.

The Liquor Bill was then taken up again. Mr. Marter's amendment to the bill that the day for voting on the referendum be at the same time as the municipal elections in 1903, was completely snowed under by a vote of 75 to 4. The four who voted for the amendment were Messrs. Marter, Crawford, Tucker and Barr.

Mr. Marter then moved a couple of motions, which had for their object the securing for the prohibitionists of a more favorable basis for the vote on the referendum. The motions were also lost.

The main motion that the Liquor Bill be read a third time, was then put, and the House, by a vote of 47 to 34, passed it. The vote was a straight party vote, with the exception of Mr. Marter, who voted with the Government.

Bonuses to Railway.

The House went into committee on Mr. Latchford's bill to grant subsidies to several railroads.

Mr. Joynt moved an amendment to the Railway Act that wherever a railway crosses a public highway on the level cross gates or bars shall be erected for the protection of life. The motion was defeated.

Mr. Whitney opposed the third reading of the bill. He believed that the time had arrived when the Legislature should put an end to the wholesale bonusing of railways. The Opposition, he went on, would in future oppose every railway subsidy unless a reasonable notice of the intention to grant money to a line was given, and unless full and detailed information was also supplied, and it must be within a couple of weeks after the House opens and not late on in the session.

Mr. Latchford said that Mr. Whitney had not dared to name a single line to which it was proposed to give a grant and say that it was not in the public interest to do so.

Mr Whitney replied that they were opposed to all the grants to the railways because no information about them had been given.

Hon. Mr. Stratton said that stagnation would follow, and that the country would not be opened up as rapidly as the people desired if railways were not aided by the Government.

Mr. Marter agreed with Mr. Stratton that subsidies to railways were necessary, and announced his intention of voting for the bill.

The motion was then put and carried by a vote of 50 to 31, the following members of the Opposition voting with the Government: Messrs. Fox (West Victoria), Allan (North Hastings), Carnegie (East Victoria), Marter (North Toronto). The bill was read a third time.

Electric Railway Bill.

The Attorney-General gave an explanation of Premier Ross' bill respecting electric railways. The provisions of the bill have been already published.

Mr. Whitney wanted the bill left over for a year. No harm would follow the delay. It would be a wrong act to pass the bill then, when they did not even have a full understanding of its provisions.

The Attorney-General agreed to insert a clause in the bill to provide that agreements for connections between two lines shall not be made in the case of cities without the municipalities' consent.

The bill was finally given its third reading, and, before the House adjourned, it was decided to hold a session at 11 o'clock this morning, and to continue sitting until the business will be finished.

The House adjourned at 2 a.m.

Their Darling Did Not Die

Mr. and Mrs. Weaver, of Montreal, Rejoice in the Recovery of Their Little Girl—A Pathetic Story with a Happy Ending for Fathers and Mothers—Read Their Sworn Statements.

Miss Florence Weaver.

DOMINION OF CANADA, PROVINCE OF QUEBEC, } To Wit: IN THE MATTER OF THE CURE OF FLORENCE WEAVER.

I, HERBERT JOHN WEAVER, of 360 St. Antoine Street, in the City of Montreal, DO SOLEMNLY DECLARE that I have been a resident of Montreal for the past fifteen years, and am at present employed as engineer with the firm of J. C. Wilson & Co., 696-702 Craig Street, of this city. THAT my little girl, when an infant of nine months, was taken with inflammation of the lungs in a severe form. THAT this sickness covered a period of nine months in which the child had two relapses and was wasted to a skeleton, having to be handled in blankets. THAT after recovering from this attack, she was left with a cough, which no amount of careful nursing and medical skill could overcome. THAT the weakness of the child was such that when lying in her crib at night, the perspiration stood out on the emaciated little body, and the least motion produced such a flow that it could be wrung from her hair. THAT her lips were always a murky blue; there were great hollows under the eyes, while the orbs themselves protruded in a distressing manner, and the wheezing of the sufferer could be heard in all parts of the house. THAT we spared no expense, but employed the services of many men of high standing in the medical profession, whose universal opinion was that the case was hopeless. THAT we used cod-liver oil freely, which eased her somewhat, but gave no permanent relief, and she thus continued to suffer until June last, when I heard of the great merit of Powley's Liquified Ozone, "the new system of curing disease." THAT I at once secured a bottle and commenced giving it to her; that when it was finished there was a marked change for the better, the night sweats disappearing and the cough being less severe. THAT the child is now ten years of age, and has taken twelve bottles of Ozone, six large and six small. THAT she now rarely coughs, except after taking a fresh cold; she is going to school every day, eats heartily, looks well and is as bright as any other healthy child. THAT we attribute her recovery, under God's blessing, solely to the use of Powley's Liquified Ozone, and are willing at all times to personally endorse this statement to inquirers. And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act, 1893.

H. J. WEAVER.

Declared before me at the City of Montreal, in the Province of Quebec, this seventeenth day of December, A. D., 1901.
R. A. DUNTON, Notary Public.

DOMINION OF CANADA, PROVINCE OF QUEBEC, } To Wit: IN THE MATTER OF THE CURE OF FLORENCE WEAVER.

I, DAME ELIZA WEAVER, wife of Herbert J. Weaver, of 360 St. Antoine Street, in the City of Montreal, DO SOLEMNLY DECLARE THAT our little girl, Florence, now ten years of age suffered with inflammation of the lungs when an infant and was at the point of death. THAT from this malady she never wholly recovered, a chronic cough resulting, attended by night sweats, heavy expectoration, loss of appetite and loss of flesh, which is common to lung and bronchial troubles. THAT we did all in our power to have her restored, but to no purpose, and we looked upon our child as "dying daily" before our eyes. THAT on resorting to the use of Powleys Liquified Ozone in June last, a change for the better was at once manifest, and its continued use has under Divine favor, brought her to her present improved condition. And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act, 1893.

ELIZA WEAVER.

Declared before me at the City of Montreal, in the Province of Quebec this seventeenth day of December, A. D., 1901.
R. A. DUNTON, Notary Public.

DOMINION OF CANADA, PROVINCE OF QUEBEC, } To Wit: IN THE MATTER OF THE CURE OF FLORENCE WEAVER.

I, Dorothy A. Nadin, of 105 Inspector Street, in the City of Montreal, DO SOLEMNLY DECLARE THAT I have known the child, Florence Weaver and her parents since said child was two months old. THAT I was at that time a near neighbor to the family, a constant visitor at their house, and was thus personally familiar with the circumstances of the child's dreadful and protracted illness, having helped to nurse her. THAT during the first severe attack of inflammation of the lungs, which lasted from the age of nine to eighteen months, in which there were two relapses, the child wasted away to a skeleton, and her life was despaired of. THAT from that time she had a hacking cough and a constant heavy wheezing, which too plainly told her sufferings, to say nothing of her revolting appearance, which was that of a living death. THAT the expectoration was very great, and when lifting the child in a comparatively cold room, an actual steam would arise from the weak emaciated little body. THAT every known device and treatment was administered by skilled physicians and others in a vain effort to restore her. THAT she used large quantities of cod-liver oil, which gave but temporary relief, and I often said it would be a mercy if she were taken away. THAT she is now a bright, hearty, happy-looking little girl, and it seems almost impossible to realize that she can be the ghastly sufferer of a few years ago. THAT I understand from her parents that her almost miraculous recovery is due entirely to the use of Powley's Liquified Ozone, and I cannot too highly praise a remedy that has worked such a change. And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act, 1893.

DOROTHY A. NADIN

Declared before me at the City of Montreal, in the Province of Quebec this eighteenth day of December, A. D., 1901.
R. A. DUNTON, Notary Public.

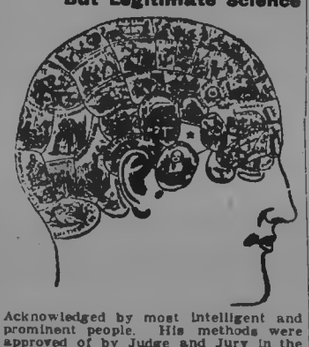
What is your honest opinion of the case? Don't you think that statements such as this—and we have many of them—point conclusively to the fact that Powley's Liquified Ozone will cure advanced consumption?

Powley's Liquified Ozone increases the oxygen-carrying power of the blood, forms sound flesh, tones up the stomach, strengthens the phagocytes—the minute organisms which act as scavengers of the blood, which destroy disease germs whenever they encounter them. Ozone will give immediate relief to your cough, decrease the fever, restore the normal healthy tone to the body. We earnestly desire that you know the truth about Powley's Liquified Ozone. There is nothing else like it in creating health conditions, that is what we are trying to let you know. It will pay you to give it a trial.

THE OZONE CO., of Toronto, Limited.
THE LIQUID OZONE CO., Chicago.

PRICE 50c. AND $1.00 A BOTTLE. Powley's Liquified Ozone is Known as Liquozone in the United States.

RETURN VISIT
—OF—
Professor O'Brien
Canada's Greatest Phrenologist and the only recognized
Scientific Palmist.
No Fortune Telling But Legitimate Science



Acknowledged by most intelligent and prominent people. His methods were approved of by Judge and Jury in the General Session, March 14th, 1901, which fact proves that Scientific Palmistry, as practised by him, has no connection with the vulgar fortune telling, under the heading of astrology, tea cup tossing, card cutting and the Gipsies Palm reading, who do not know the first principal of the theory.

Prof. O'Brien's reputation is far and wide. People from every part of the world consult him. His patients rank among judges, M.P's., lawyers, clergymen, of every denominatuon, intelligent priests, doctors, bankers, students, mechanics, etc.

Those who never had their head or hand delineated should call at once at Prof. O'Brien's. His delineations are graphic and instructive, and he always makes it a point to give the young people sage and sound advice.

Don't forget that there is only one Professor O'Brien, In Phrenology he is at the head of his profession. In Palmistry he has no equal. Call for circular and see what the Catholic Register, Saturday Night, Mail, Globe and all the leading newspapers say. During his first visit in Peterborough 268 people were examined by him, and still they come as fast as ever, for they all know what Prof. O'Brien's ability is. Those wishing to consult him please come early and avoid disappointment, as Prof. O'Brien can only remain in Peterborough a few days longer. A photo read free to patrons. Private office at 263 Hunter street terrace. Hours, 10 a.m. to 10 p.m.

PAINTING, PAPERING, ETC.

Danger Next Door.

Perhaps it's diphtheria, or scarlet fever. Keep your own home free from the germs of these diseases. Prevent your children from having them. You can do it with our Vapo-Cresolene. Put some Cresolene in our vaporizer, light the lamp beneath, and let the vapor fill the sleeping room. Have the children sleep in the room every night, for it's perfectly safe, yet not a single disease germ can live in this vapor. Ask your doctor about it.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, incinding the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE Co., 180 Fulton St., New York, U.S.A.

Recommended and sold in Peterborough by H. H. Edmison, druggist.

Sure Cure for Sea Sickness, Nausea.

Maladies of this type yield instantly to Polson's Nerviline, and if you suffer periodically from these complaints, just keep Nerviline at hand. A few drops in sweetened water gives instant relief, and in the course of half an hour the cure is complete. A large 25c bottle of Nerviline in the house will save doctor bills, and a vast amount of suffering every year.

ONE GOOD TURN DESERVES ANOTHER

It's a case of "you tickle me and I'll tickle you." You give us your trade—we give you the best cigar you ever got for the money, and all is well between us. If you are a stranger to our wares, we earnestly request you to try our 5 and 10 cent cigars, knowing full well they will please you.

Daily Examiner.

SATURDAY, MARCH 15, 1902.

St. Luke's Church Notes.

The subjects for sermons to be preached to-morrow are as follows: In the morning, "Tears of Penitence," and in the evening, "Home Duties." The Rector will preach.

The Captain.

Mr. Sorsoleil will be the speaker at the Y.M.C.A. on Sunday at 4.15 p.m. His subject will be "The Captain," dealing with that title as applied to Christ. Mr. G. W. Mulligan will sing. All men are heartily invited.

Is Your Piano in Tune?

The change of season affects pianos as well as everything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with twenty-eight years' experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

St. John's W. A.

The annual meeting of St. John's Woman's Auxiliary to Missions, will be held on Monday afternoon at half-past three in the Guild Room. As the election of officers takes place and other important business is to be transacted, every member is asked to be in attendance.

All Saints' Church.

There will be a celebration of the Holy Communion on Sunday at the morning service, at 11 o'clock. Rev. W. L. Armitage will preach at both services continuing the Lenten sermons. Morning subject, "The Epistle to the Colossians;" evening subject, "The fifth word from the Cross—'I Thirst.'"

At George Street.

Rev. Thomas Manning of Lindsay, will preach in the George street Methodist church to-morrow. Rev. Mr. Manning is a former pastor of the George street church, and his friends in Peterborough will be pleased to have the opportunity of hearing him once again before he leaves to assume charge of his new pastorate in St. Mary's.

Sunday Reading.

Special mention is made of the following four new books just received at the Peterborough Bookstore:

"The House with the Green Shutters," by George Douglas.

"Jarvis, of Harvard," by Reginald W. Kauffman.

"Audrey," by Mary Johnston, (cloth)

"The Struggle of the Weak," by Chauncey C. Hotchkiss.

A. H. Stratton & Co.

Acknowledges the Grant.

To His Worship, the Mayor and Aldermen of the Town of Peterborough.—

Gentlemen, — I beg leave to acknowledge the receipt of the grant made to my husband, Dr. Blanchard, of the Canadian Mounted Rifles, at your last meeting.

I beg you to accept on my husband's behalf, my sincerest thanks for your generosity.

I have the honour to be, gentlemen,

Your obedient servant,

MRS. W. H. BLANCHARD.

Adelina Patti to Hirven Jones.

Dear Mr. Hirven Jones, — I have received your letter and hasten to congratulate you on your approaching visit to Canada, where I sincerely trust you will have great success. I feel sure that the Canadians will appreciate your fine voice and excellent method of singing, and that they will give you a hearty reception.

Wishing you "bon voyage et au revoir," and a successful tour, with kindest remembrances from myself and husband, believe me, yours sincerely,

ADELINA PATTI LEDERSTRON.

Mr. Jones sings at the Opera House next Friday night, March 21st.

PERSONALS.

Mr. Dixon Jewett is in Lindsay.

Mr. Fred Dover was in Lindsay yesterday.

Miss Gwyneth Tate has returned from Lakefield.

Mr. Charles Fairburn, Bobcaygeon, is in town to-day.

Major Ingle of Lindsay was in town on business yesterday.

Miss Lillie Archambault of Lindasy has returned home after a pleasant visit in town.

Mr. J. C. Turnbull, of Davisville, a suburb of North Toronto, is in town on business for a day or two.

Miss Gertie McFadden of Elm street left yesterday for Toronto to spend a month with her aunt, Miss Sullivan.

Mr. W. T. C. Boyd, of Bobcaygeon has been in town for the last few days on business, accompanied by Mr. Logie.

Miss Casey, of the Separate School staff, who has been very ill, will be unable to resume her duties until after Easter vacation.

Mrs. T. H. Graham, of Smith's Falls, and formerly of Peterborough, is the guest of her sister-in-law, Mrs. Jas. McCreary, Walton street.

The Cobourg Sentinal-Star says that the Happy-go-Lucky girls of that town never had a livlier time than when in Peterborough recently.

An exceptionally fine photogravure of Mr. D. D. Galletly, Scottish vocalist, formerly of Peterborough, appears on the third page of the Toronto Globe to-day.

Mr. W. J. Turnbull, son of Mr. J. C. Turnbull, has arrived safely at Hartney, Man., with a carload of horses, purchased in Toronto, for the new farm of 640 acres which his father recently purchased.

NEWS NUGGETS.

—Havelock is to have a telephone service.

—The Spring Assizes open on Monday, March 24th.

—The chief has a bracelet for which he would like an owner.

—The annual meeting of the Retail Merchants' Association will be held on Monday evening.

—Mr. Archie Moore will officiate as floor manager at a ball in Warkworth on Monday evening next.

—The annual roll call of the Murray street Baptist church will be held on Wednesday evening, March 26.

—At Mr. S. R. Armstrong's Sunday School class to-morrow afternoon, Sgt. V. LeBar will give a 15 minute talk on his experience in South Africa.

—Miss Dixon, of the Y.W.C.A., will address the young people of the Murray street Baptist church on Monday evening. Her subject will be, "The Students' Convention."

—The Trusts and Guarantee Company, Limited, 14 King street west, Toronto, has been appointed administrator of the estate of the late Thos. P. Whelan, shopkeeper of Toronto, who died in October last. The estate consists principally of cash in bank and real estate.

—Mr. T. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

Twill be a "Dandy."

Just at the present time there is an agitation going on in the surrounding villages regarding the reorganization of the village bands. Omemee is one of these places, and one very enthusiastic citizen in writing to the Omemee Mirror on the matter says, rather boastingly: "We have musicians in Omemee and Emily who could form a band that could play 'all round' Sousa's, or that little band in the town south east of us where, so says the Irishman, the world comes to an end, viz., Peterborough. Call a meeting and see what can be done."

C. P. R. Local Sleeping Car Service. Montreal and Ottawa.

Commencing Sunday, March 16th, and daily thereafter until further advice, a first-class Sleeper will be attached to train No. 7 leaving Windsor street station, Montreal, 10.05 p.m., for Ottawa, and commencing Monday, March 17th, to train No. 8 leaving Ottawa, 4.13 a.m., for Montreal.

Passengers from Montreal will be allowed to remain in car after arrival in Ottawa until 9.00 a.m.

Passengers from Ottawa may board car at Ottawa 9.00 p.m. evening previous. Diagram of car will be held at City Ticket Office, Ottawa, until 6.00 p.m.; after that hour diagram will be in charge of Porter of car at Union station, from whom reservations may be obtained.

Berth rate between Montreal and Ottawa, $1.50.

THE BAND CONCERT.

They are Still Very Popular—Large Audience in the Opera House Last Night.

The idea of having the concerts of the 57th Regimental Band in the opera house instead of in the market hall, as heretofore, is likely to prove a popular venture, if the attendance at the entertainment last night is to be taken as a criterion. There can be no doubt in the least that the band concerts in Peterborough are as big a drawing card as ever, and there is reason to believe that the next band concert in the opera house will be even more largely attended than the concert of last night.

The house was comfortably filled with a very appreciative audience, and the quality of the programme was well worth twice the price of admission fee. The advantage of having the band concerts in the opera house in preference to the market hall, is apparent in many ways. The facilities for seating are much more complete, the artists can be heard and seen to better advantage, and particularly is this so in the case of the vocalists.

When the curtain was rung up the full band appeared in their scarlet uniforms, and it was not long before they struck up the first number on the programme, which was a march by Doering, entitled "Distant Greetings," it has been heard before in Peterborough, but perhaps not to better advantage.

The selection, "Erminie," was a delicately executed number which called forth spontaneous applause, and the ever favourite "Creole Belle" was given as an encore. With such enthusiasm was this well known two step received that Prof. Glidden had to repeat the number in order to satisfy the wishes of the audience.

Then followed Miss Jessie Spence, who performed the Highland Fling in a very creditable manner. She received a handsome bouquet.

The ever popular comedian Mr. Joe Halpany, was in fine form last night and had the audience had its own way he would have performed considerably more than his original share of the programme. His songs "They're always taking me for someone else," "A gilded cage," "Lamb, lamb, lamb," and other selections kept the audience in roars of laughter, and the hearty applause which he received was evidence that he is as popular as ever with the people of Peterborough.

Mr. Hughes' cornet solo "Queen of the Earth" was played to a well balanced accompaniment and was nicely executed.

The medley "Popular Tenessee" introducing many old time selections was followed by a well rendered march entitled "Under the Double Eagle." It was a rousing number that inspired every hearer. One of the most popular numbers on the programme was the Highland Dancing by Miss Kathleen Wallace and Miss Lenore Sanderson. The Sword Dance and the Highland Fling were given in a manner that would do credit to professionals in that particular line.

A regretable feature of the programme was the manner in which a portion of the audience commenced to move out before the playing of the National anthem. Of course the idea was no doubt in order that a crush might be avoided, and not a desire to be disrespectful. However, those in attendance at future concerts might wait until the close of the programme.

PETERBOROUGH LABOUR UNION

First Meeting in New Central Labour Hall Packed to the Door—Activity in Labour Circles.

Wages and working hours, are two questions that are engaging the attention of the Trades Unions and workingmen generally. Last night the local branch of the Federal Labour Union met for the first time in the new Central Labour Hall, on Water street, and although no announcement was officially made that the meeting was to be held there, the large hall was packed to the door. These premises are a credit to the industry and energy of the Union, and the Committee who had charge of the fitting and furnishing of the premises were complimented on the hustle they had put on as well as for the good judgment displayed in furnishing the interior.

The President, Wm. Henry, called the meeting to order shortly after 8 o'clock. After the usual routine business had been despatched preparations were made for a large addition of applicants for membership, who were in waiting. Some thirty new members were initiated and enrolled.

The appointment of delegates to form a Trades and Labour Council was then taken up, and ten good and true members were elected for that purpose to represent the Federal Union. Much interest was taken in the meeting, and the views of quite a number of the active members were given on important matters.

A number of communications were read and disposed of, as well as the accounts in connection with the new hall, which were referred to the Finance Committee, and afterwards ordered to be paid.

LOST $90.

A Shantyman Named Marshal Claims to Have Been Robbed.

Henry Marshal, whose home is in Port Hope, but who has just arrived back from the shanties, came to the Police Station last night with a heap of trouble. He claimed to have been robbed of $90.00 while in town, but Henry was in such a state of intoxication that all efforts to elicit any information as to where, when or how he was robbed proved abortive. He was accordingly taken care of at the Police Station in the hope that by this morning he might be able to give the desired information; but he was not, and the police could do nothing in the matter.

He has been in town since Thursday night.

IS NOW ARRESTED.

Charged With Setting Fire to a House Over in Ashburnham.

High County Constable Cochrane left this morning for Belleville where he will take charge of a resident of town, who was arrested in Belleville on the strength of a warrant which was sworn out here. Prisoner is charged with setting fire to a house on Robinson street, Ashburnham, on the evening of March 3rd. It will be remembered that the fire occurred under peculiar circumstances and the suspect left town almost immediately afterwards.

MUNICIPAL NOTES.

Central Park has always heretofore been considered more of a central play-ground for the children than a park, and many of the citizens will be sorry to see it turned into a beauty spot adorned with flower-beds and shrubbery. Victoria Park should be sufficient to satisfy those who like to see nature cultivated in this manner, but Central Park should surely be left as a play-ground for the children who live in this portion of the town. Where will they go to disport themselves if shut off from this last breathing spot? The park might be surrounded by a pretty boulevard bordered with trees and flower beds, but the western portion ought to be left for the boys. In appearing before the council recently when asking for a grant to aid the Horticultural Society, Mr. D. W. Dumble urged that squares in the town be set apart for the use of the children. Let Central Park be the first one.

• • •

It seems incomprehensible that in a town the size of Peterborough the crossings should have been allowed to remain in such a filthy condition all week.

• • •

The Salvation Army is asking the town for a grant of $100 to assist in defraying the cost of instruments to the value of $275. The aldermen should surely look with favour on the request in pursuance of the policy which has been adopted in connection with encouraging the Army to furnish the best possible music on the streets.

• • •

A dollar and a half a day seems a small amount to be paid to the Fire Hall drivers. Men who take their lives in their hands on every run ought to receive proportionate compensation. At present the men get only $1.25 per day, which is even less than the union asks for day labourers. If the fire drivers are worth anything they are worth a dollar and a half a day.

• • •

The opening up of the street line which runs south from Hunter street along the west bank of the river will likely cause considerable inconvenience to a number of those through whose back yards the street runs. As the street line has never been opened out the residents along the river bank, naturally, gradually forgot that it was public and not private property along the bank of the river and numerous improvements were made, the advantage of which will now have to be foregone.

INDIAN RIVER.

Special Evangelistic Services are Being Held in the Baptist Church.

Mr. Baker, a student at McMaster University, has been conducting highly successful evangelistic services in the Baptist church at Indian River for the past two weeks. Mr. Baker is a very earnest worker, and his labours have been crowned with success.

Last Sunday, Rev. Mr. Brown, also of McMaster University, arrived at Indian River to assist Mr. Baker. A large number have professed conversion and on Thursday evening seven were baptized. The services are to be continued for another week or two.

WEST PETERBOROUGH.

(From the Morning Times)

By reference to a notice in another column it will be seen that a mass meeting of the supporters of the Ross Government will be held in Bradburn's Opera House, on Saturday, for the purpose of selecting a candidate to contest West Peterborough at the coming general elections. The nomination meeting has been called, and we suppose will have to go through the form of "constitutionally" nominating a candidate. It goes without saying, though nobody in West Peterborough has any right to assume that he is "the only pebble on the beach," that Hon. J. R. Stratton will be nominated, and it equally goes without saying that he will be elected, for it does not seem that any opposition, in sight or concealed, for the matter of that, stands a ghost of a show of dislodging the member for West Peterborough from the position of popularity and prominence he seems to have earned through his many years' able representation of the riding. Though The Times has not always seen eye to eye with Mr. Stratton, nor approved of his course in every respect, yet we have watched his career and believe that he is the man best qualified to give West Peterborough, and especially this town, the effective service which will contribute to her best interests. The Times thinks that Mr. Stratton, since he became Provincial Secretary, has used the greater influence a Cabinet position naturally gives a member of the riding, to give the town and county an excellent service, and The Times will give him a chance, so far as its support goes, to show what he can do, and we believe he can and will do, a great deal to help advance the welfare and progress of the town and county.

There are many good points about Mr. Stratton, but one thing that gives him his strength in the riding is that he makes no enemies, and many friends, for if he can do a constituent, or anybody else, a favour or good turn, he will do it, and it is well known that he never spares effort in any direction that can benefit the town and county of Peterborough.

The Times believes that Hon. Mr. Stratton will make the best representative this riding can have, and if he should be nominated next Saturday, as he is almost dead sure to be, we will give him our hearty support.

Plan opens at Ormond & Walsh's on Monday morning at 9 o'clock for Friday's grand concert.

HIRVEN JONES, Tenor.
HILDA RICHARDSON, Cellist.
OWEN SMILEY, Reader.
CONSTANCE VEITCH, Pianiste.

Secure your seats early. Plan opens to public on Wednesday morning.

Fragrant and Fresh.

Whiten makes the best crayon work in town; when you want large work done, take your small pictures to Whiten. He will make work to suit you.

DENNIS ARRESTED.

An Ex-Merchant of Hastings Finds Himself in Trouble—Revolver Shots Fired.

There was a lively time at Roseneath the other day, when a small army of police swept down on the village. It appears that last November Messrs. O'Leary & Dennis, merchants, Hastings, made an assignment for the benefit of their creditors and when the assignee took stock it was found that there was a big discrepancy between the amount of stock the assignee took over and that which was represented to be the assets of the firm, to the creditors. Now, it is alleged, that a lot of goods were stolen between the time the assignment was made and when the assignee's man was placed in charge of the goods. The result is that one of the partners, W. J. Dennis, and his mother are charged with stealing goods, and Jos. Lasheur, sr., is charged with receiving the same. O'Leary, who is now a resident of Toronto, also charges his former partner, W. J. Dennis with the theft of $1,000.

Matters reached a climax on Thursday night when Chiefs of Police Rose of Cobourg, Jarvis of Bowmanville and Wright of Hastings, undertook to arrest Dennis and his mother and Lasheur. Dennis fought desperately for freedom, jumped from an upstairs window and started to run. Two shots from a revolver brought him to a halt. However, it took five men in all to accomplish Dennis' arrest. The trio were brought to Hastings and then by train to Cobourg.

Nothing succeeds like success. That is why Whiten, the photographer, is kept so busy. He makes only the best quality of photos. Studio—158 Hunter street, west.

IRISH AT HOME.

Monday evening, March 17th, in St. Andrew's Lecture Hall, under auspices of Daughters of Erin. Most unique and popular entertainment of the year. Mr. Frank Otto, harpist, will appear. Admission 20c. 3d

PORT HOPE KNITTING WORKS

A ROCHESTER WEDDING.

A Peterborough Young Lady Wedded Across the Border.

The beautiful residence of Mrs. J. B. Young, (Aldersyde,) Rochester, was the scene of a pleasing event, it being the marriage of Miss Laura Gordon, of Peterborough, to Mr. Jack Dresden, of Pittsburg. The bride, who was given away by her brother-in-law, Mr. J. B. Young, looked charming in a gown of white satin, with bridal veil relieved by orange blossoms. She was assisted by Miss Kate Bell and Miss Laura McFarlane, both of Peterborough, who were becomingly attired in white silk, each carrying a handsome bouquet of white roses. Masters Bradfield Young and Gordon Greenfield were sweet little pages, being dressed in black velvet suits with large white collars and cuffs. The groom was ably supported by Mr. Percival A. Rubidge, of Pittsburg, and Mr. Jack Holland, of Rochester.

The groom's gift to the bride and bridesmaids were elegant gold bracelets set with jewels, while to the groomsmen he gave jewelled stick pins.

After the wedding breakfast was served, the happy couple left for a short tour. On their return they will take up residence at Pittsburg, P. A. Mrs. Dresden is well known in Peterborough and her many friends will wish her and her husband a long and happy married life.

WANT COMPENSATION.

Owners of Flooded Lands Met in the Town Council Chamber This Afternoon—An Adjournment.

A meeting of the owners of drowned lands along the shores of the Otonabee River and Rice Lake, to further consider the grievance they allege they suffer by the condition of the dam at Hastings, was held to-day.

The trouble is not a new one but the owners of the land have decided to take decisive action in the matter. A considerable amount of correspondence was gone into. The first communication from the Department of Railways and Canals, states that they do not consider that the dam at Hastings is the cause of the alleged high water, and that the claims for damages cannot therefore be seriously entertained. However the drowned lands owners claim that they have evidence in the reports of various engineers of some years ago that the construction of the dam at Hastings was the direct cause of the high water which has been caused for the purpose of providing sufficiently deep water for navigation purposes.

Mr. Thomas Throop made a vigorous speech in support of the claims of the association.

Mr. Dawson Kennedy, the chairman of the association, reviewed the entire situation, and read various letters that had passed between himself and the department, as well as between himself and Mr. Lang, M. P., for East Peterborough.

Mr. John Matchett suggested that they should wait until after the spring floods. The Government had during the past year placed in a number of sluiceways at Hastings and Healey's Falls, with the object of letting off the water as fast as it came down. Perhaps they intended doing away with the trouble in this manner.

Mr. Wm. Eyers, the Secretary of the Association, brought to the attention of the meeting the action that had been taken by the Trent Power Conservation Association which he thought would be benefitted thereby, but that would not take away the original trouble, which was that land that they owned and were paying taxes on for years, has been drowned for years and will be drowned as long as the dam at Hastings existed. This will be for all time to come as the dam is required for navigation purposes.

Mr. Lucas moved that the meeting adjourn until some date in June, when the matter will be dealt with in a more vigorous manner. An effort will be made to have Mr. Kendry and Mr. Laing present on that occasion. The motion was carried and the meeting adjourned.

St. Martin's T. A. S.

Last Sunday Rev. Father Fitzpatrick, of Ennismore, organized his Temperance Society in Ennishore with a membership of 150. For the past few weeks Rev. Father Fitzpatrick has been preparing his people for the forward temperance movement which he has inaugurated. A week ago last Sunday Rev. Dr. O'Brien preached a very able sermon on temperance and last Sunday Rev. Father Fitzpatrick did likewise. Temperance literature has been distributed throughout the parish and the Total Abstinence Society which has been formed includes young men and the heads of families. The good work is to be continued until a reformation in the temperance sentiment of the Township is effected.

LACROSSE BOYS HAVE ORGANIZED.

Peterborough Will Have a Team in the C. L. A.

AN INTERMEDIATE TEAM.

Riverside Park Will be Secured as Grounds Upon Which to Play—The Officers Installed.

That a wonderful revival of interest has taken place in regard to lacrosse, this season, was made apparent last evening, when almost half a hundred admirers of the National Game assembled for purposes of organization. Amongst those present were noticed some of the old players of twenty years ago, including Mr. Harry Neil, Mr. Robt. Begley, Mr. Wm. Rudkins, Mr. Geo. Giroux and Mr. Frank Fairen. During the evening nearly all of these veterans gave the boys words of good advice.

The chair was occupied by Mr. R. F. McWilliams, who explained that a committee had been appointed at a preliminary meeting for the purpose of making a report concerning the grounds which were available for for practice. He stated that as the result of a careful investigation the committee could recommend the Riverside Park as the most suitable place as headquarters for the club.

Mr. George Giroux, who was present representing the T.A.S., stated that a lacrosse club had been formed in connection with that organization with the idea of entering a team in a league which might be composed of Hastings, Madoc, Norwood,, Campbellford and some other clubs. In the event of a Peterborough club being formed, however, the pick of the players would be available for that team. He thought a fast intermediate team could be made up in Peterborough to enter the Canadian Lacrosse Association.

Members of the Vatican and Y.M.C.A. clubs also spoke in reference to the necessity of combining for the purpose of turning out one strong team to represent the town.

On motion it was decided that the Peterborough Club enter a team in the C.L.A. series.

The following officers were elected:

Hon. Pres. — His Worship Mayor Denne.
President—R. F. McWilliams.
1st Vice-Pres.—W. Rudkins.
2nd Vice-Pres.—Harry Neil.
Manager—James McCabe.
Secretary—Chris Graham.
Treasurer—George Giroux.
Team Committee — The Captain, Manager, W. Rudkins, Dr. Andrew Scott and Joseph Begley.
Executive Committee—E. Taylor, H. Avers, J. J. Bowden, B. Rieley and Ed. Dillon.
Delegates to C.L.A.—R. M. Glover and Jas. McCabe.

The election of a captain was left in the hands of the players.

YOUNG'S POINT.

It is with regret that we chronicle the demise of Mrs. Alexander McNaughton, who died on Tuesday evening, 11th inst. The deceased was 34 years of age. A husband and six children are left to mourn her loss. The sympathy of the residents of the Point are extended to the bereaved family in their sad affliction. The remains were interred in Ray's cemetery, Lakefield. A large number attended the funeral, although the weather was very inclement.

Mr. Charles Carl, representing Northrop & Lyman, Toronto, is spending a few days at the Point.

Mrs. Mary Brady, of New York, is visiting her daughter, Mrs. Harry Kearney.

Malt Breakfast Food

Has Been a Marvellous Success and has Proved a Blessing in Our Canadian Homes.

The men and women the boys and girls, who regularly enjoy full digestive vigour, active brain, physical strength and sweet natural sleep, are, in ninety-nine cases out of a hundred, users of Malt Breakfast Food.

It certainly behooves the users of oatmeal and other starchy grain foods to give immediate attention to their present handicapped condition —poor digestion, heated blood, stomach derangements, skin eruptions and loss of bodily energy.

Malt Breakfast Food, predigested, free from every trace of insoluble starch and other properties that retard digestion, is building up thousands of weak and rundown people. Dyspeptics who have made it their sole diet for a week or two have banished their troubles. Try it in your home. All Grocers.

Fresh caught White Fish, Trout and Pike. Maple Syrup 30c. quart. Dried Peaches 10c. pound. R. A. DUTTON, 418 George street. 'Phone 304.

New Delicacies.

We offer the following fresh arrivals, which are all extra choice: Large Florida pineapples, ripe bananas, new cauliflowers, crisp, white celery, new rhubarb, radish, lettuce, onions, parsley, etc. S. A. Oke, No. 376 George street. Telephone 18.

The Millbrook Flood.

To-day's Globe contains two very excellent photo engravures of the flood in Millbrook on Feb. 28th. The creek that runs through the village became diverted and the village was deluged. Several families were taken from their house in boats. The photos were by Master Harry Lynch of Millbrook

WATER COMISSIONERS.

Summer Athletics are Becoming Active.

The Cricket Executive Held a Meeting Last Night—Lacrosse Clubs Organize—Golf Notes.

HOCKEY.

Stratford threatens to withdraw from the Ontario Hockey Association on account of alleged numerous instances of unfair treatment at the hands of the O.H.A. Executive. Such a course would not be the wisest, as the Stratford team is good enough company for the O. H. A. and could not be assured of better treatment in any other organization, as no other governing body has the same control of its clubs as the O. H. A. At the same time Stratford has good ground to complain, and the argument of the Globe that it was not a hardship to order the team to play off a tie on U. C. C. ice because Stratford had played one hour on the ice already, lacks common sense. The fact that the two teams in a semi-final match had made a tie of two games was sufficient reason for playin a deciding game on neutral ice. As stated before a strict interpretation of existing rules gave Stratford the worst of it.

The Ladies' Hockey Club have very generously donated $10 towards the Y.W.C.A.

The Galt press is making a great fuss about the disputed goal in the game which was played in that town, but no mention is made of the little trick whereby Galt tried to count a goal through one of their forwards picking up the puck in his hand behind the goal, and reaching over the front to throw it into the net. Then there is another little matter which "Dutchy" Morrison and the Galt goal umpire might throw a lot of light upon, if they chose to speak. What about the time when Morrison fell on the puck in his goal at Peterborough? Peterborough has made no holler about these matters, preferring rather to play the game on the ice, but in justice to the boys the public should know just what kind of people are making the kick up in Galt.

GOLF.

The prospects for a successful season on the local golf links are very bright. The result of last year's work on the drains is already apparent, as there is no flooding of the grounds, and the chances are that the links will dry up much earlier than was the case last season. The annual meeting is to be held on April 4th, and the activity which is already being displayed in regard to the election of officers speaks well for the set of officials which will be elected.

CRICKET.

At a meeting of the Executive of the Peterborough Colts Cricket Club which was held in the Y.M.C.A. last night, the prospects for the coming season were fully discussed and arrangements made for the holding of the annual meeting. A committee was formed to draft a constitution and submit the same at the annual meeting of the club, which will be held on the evening of the first Friday in April.

LACROSSE.

With the general revival of lacrosse the Ontarios of Port Hope, who last year sprang into much notoriety, have organized with a determination to win the Intermediate championship of the C.L.A. The following are their officers for the ensuing year:

Hon. Pres.—H. A. Ward, M.P.
Hon. Vice-Pres.—Dr. L. B. Powers.
Pres.—His Worship Mayor White.
Vice-Pres.—W. Braund.
Sec.—J. H. Renwick
Asst.-Sec.—J. Roseyear.
Treas.—Alf. Budge.
Executive Committee — Officers and G. B. Henwood, F. L. Curtis, and T. Tuer.
Delegates to the C.L.A.—J. H. Renwick and T. E. Burt.
Patrons — R. J. Hemmick, H. H. King, C. E. Watts, F. N. Schwarts, C. Stuart.

It was decided to push Mr. J. H. Renwick for the C.L.A. Council.

The Ontarios will have two teams in the C.L.A., Intermediates and Juniors. The younger players in the town will receive every encouragement. A league will be formed and a schedule will be drawn up, the winners to receive a trophy in the form of a cup or medals.

It is understood that Larry Doyle, Kane and a number of other well known lacrosse men will play with Port Hope this season.

Already the "amateur" lacrosse players of note in the province have begun to cast about for their summer homes and several of the more prominent have picked out nice easy quarters for the hot days. This migration of lacrosse players from one part of the country to the other is epidemic in the merry spring time, and each year as the snow commences to disappear one sees little paragraphs in the daily papers stating that a certain player of note is leaving for such and such a town, where he has secured a lucrative position.

An effort is being made to revive lacrosse in Belleville and the Intelligencer of that city says: "If Belleville is to have a lacrosse team this summer the boys should lose no time in getting together and organizing. There is good material in the city, and by next season the boys would be able to give a good account of themselves. But they must not think that they can jump into the game, and with a month's practice wallop the Shamrocks of Montreal. Rome was not built in a day, neither was a good lacrosse team made up in a month."

The London lacrosse club is applying for admission to the ranks of the senior C.L.A., and the Toronto Telegram says that at the same time it would be just as well if the association made it clearly understood that London must behave, and that they would have to give up their rough and rowdyish ways. London has had such an ill-smelling, unsavory name in any sport in which they have entered that it is small wonder when their name is brought up it is viewed with suspicion. However, 'tis to be hoped that they will forget the past and try to behave themselves when they get into respectable company.

RUGBY FOOTBALL.

A meeting of the Peterborough Rugby Team will be held in the Oriental Hotel on Saturday evening at 8 o'clock, for the purpose of electing their captain for the coming season.

The Vancouver Rugby team, has made a great record for itself during the season having never allowed a single point to be scored against it. The games played were as follows:

November 2.—Vancouver, 34; Victoria, 0.
November 23.—Vancouver, 9, Victoria, 0.
January 11. — Vancouver, 9; Nanaimo, 0.
January 25.—Vancouver, 38; Nanaimo, 0.

Number of points scored, 84; scored against, 0.

The Vancouver World, in commenting on the team says: "E. H. Grubbe is the club's genial treasurer, and plays in the forward line. He is always in condition and is one of the gamest and hardest players on the 15. Grubbe is a native of Peterborough, where they make the famous canoes, and he, like them, is all right." Eastie's old friends in town will be pleased to learn that his interest in athletics still continues. He made a fine record in rowing circles last season.

ATHLETICS IN HASTINGS.

Lacrosse and football will be a live question in Hastings during the coming summer if the number present and the interest taken at the meet on Saturday evening are any criterion, says the Hastings Star. It was decided to have the two teams under the one management, to be known as the Hastings Lacrosse-Football Team. The following officers were elected:

Hon. Pres.—Mr. John Welsh.
Pres.—Mr. A. U. Bailey.
Vice-President—Dr. Coughlan.
Manager—J. E. Wilcox.
Capt. Lacrosse Team—W. Clipper.
Capt. Football Team—W. T. Halligan.
Treas.—W. R. Learmouth.
Secretary—T. E. Scriver.

A committee was appointed consisting of Messrs. J. E. Wilcox, S. Welsh, W. R. Learmouth, A. A. Mix, and J. Gallagher, to decide in what way the club can raise money.

CANOEING.

The northern section of the American Canoe Association will hold its annual meeting at Carleton Place on June 26, 27, and 28, and Mr. A. M. Kennedy, of 88 Wilbrod street, Ottawa, is looking after the interests of the association in Ottawa. He will be pleased to give information about the association and the proposed meeting. Peterborough canoeists who intend going to the meet should communicate with Mr. Kennedy.

Now that the ice is off the Little Lake the local canoeists may get together any time.

Dressmaker's Backache.

Women engaged in the arduous work of dressmaking frequently have trouble with their back and kidneys. Running a sewing machine, plying the needle in the never ceasing stitch, stitch, stitch, pressing seams—constant bending over—soon tells on the back, makes it ache and pain. No wonder these women often find their health fail. The kidneys get out of order, the back pains, and the whole system gets full of poisons which the sick kidneys are unable to eliminate.

No dressmaker should allow her health to slip away, and backache and kidney troubles keep her in misery, when such ease, comfort, freedom from pain and invigoration of the system can be obtained by using Dr. Pitcher's Backache Kidney Tablets.

ACTED SPLENDIDLY.

Miss A. Schwartz, 42 Water Street, Berlin, Ont., states her experience with Dr. Pitcher's Backache Kidney Tablets as follows: "I suffered from backache and kidney trouble for some years, which I think was due to sitting so close and bending over at my work. The trouble at times was quite severe, so I got a bottle of Dr. Pitcher's Backache Kidney Tablets at Rose' drug store. They certainly acted splendidly with me, for I had not finished the first bottle until I got complete relief."

Price 50c. a box, at all druggists or by mail, THE DR. ZISA PITCHER CO., Toronto.

Death on Coughs.

Don't let a new cough grow old! Kill it while it's young, or it may kill you. Scott's Emulsion can't hurt you, but it's death on coughs—new or old.

A Suspicious Case.

Greene—Do you suppose Ketchum is honest, or has he designs on me, do you think?

Brown—Why, what has he been doing now?

Greene—He borrowed an umbrella at my house last night, and he returned it the first thing this morning. It looks suspicious, don't you think?

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents tu-th

CHURCH'S ALABASTINE

Standard Wall Coating the World Over.
Twenty beautiful Tints and White.
Ready for use by mixing in Cold Water.
Time Tried—Time Tested.
"Nothing so good for the walls of churches, homes, school houses and all public buildings."
Alabastine is the result of many years' practical hard work on the part of M. B. Church, the inventor. Many attempts have been made to imitate; but it has never been equalled.
"Imitation is the sincerest flattery," but satisfaction comes from selling and using only the genuine.
There is only one genuine Alabastine.
It has the little church on every label—is never sold in bulk.
Alabastine is for sale by Hardware and Paint Dealers Everywhere.
Correspondence solicited.
Practical men ask your dealer for free offer "Two Good Things," or address

The Alabastine Co., Limited, Paris, Ont.

IMPORTED HORSES.

A Discussion in the House About the Competition of $15 Horses With Those of Canadian Farmers.

Ottawa, March 15.—After routine yesterday the following private bills were introduced and read a first time: To incorporate the Strait of Canso Bridge Co.; to incorporate the Canadian Manufacturers' Association; to incorporate the Montreal and St. Lawrence Bridge Co.; relief of John Weston re patent extension; respecting the Niagara and St. Catharines Railway Co.; to incorporate the Dyment Banking Loan and Savings Co. The telegraph and telephone bill was read a second time and referred with Mr. W. F. Maclean's bill to the House Committee on Railways, Lands and Telegraphs.

Mr. Boyd of Marquette started a debate on the subject of the importation of cheap horses from the United States. He contended it was unfair to the horse breeders of the western country that horses should be imported from the States at a valuation of $15, and on which a duty of only 20 per cent, is paid.

Mr. Charlton said the same evil was felt in Ontario.

Mr. Walter Scott read the representations of the Northwest Horse Breeders' Association to the effect that the minimum valuation for duty should be fixed at $50.

Mr. Gilmour (East Middlesex) and Mr. Osler joined in the request for redress.

Mr. Heyd believed the valuation of these imported animals ought to be increased, also the valuation of cheap buggies as requested by a manufacturers' deputation the other day.

Mr. Pope suggested that some one should speak up now for the harness manufacturers.

With this the subject dropped, and the House took up consideration of the Public Works estimates in Committee of Supply.

The committee rose, and the House adjourned at 10.30.

ASTONISHING PROGRESS

Medical Science has Advanced by Leaps and Bounds.

Now an Absolute Cure for Rheumatism has Been Discovered—It is no Experiment, Having Been Successfully Proven in Many of the Very Worst and Apparently Helpless Cases.

Sundridge, Ont., March 12th.—(Special.)—Physicians and other who study the treatment and cure of disease have been greatly interested in the case of Mr. Wm. Doeg, a farmer living in Strong Township about four miles from here.

Mr. Doeg had rheumatism so bad as to be a cripple for years and was completely cured by Dodd's Kidney Pills.

In order to verify the report he was visited at his home and the following signed statement of the facts secured:—

"For four years I suffered excruciating torture. I was scarcely an hour free from pain. The trouble commenced in my back where it often remained stationary for months, and so intense was the pain that I could not lie down or take rest, but had to sit night and day in a chair.

"The pain would then move to other parts of my body and when in my knees I was unable to walk and confined constantly to my room.

"I was treated by several doctors and also tried many medicines without receiving any benefit. Almost in despair I feared I would never again experience the pleasure of being free from pain.

"My attention was at last directed to some remarkable cures of rheumatism by Dodd's Kidney Pills. I bought a box and began to use them. I soon found that they were helping me a little and so I continued the treatment.

"In a few weeks I was well and able to go about my work which I had not been able to do for over four years.

"This was years ago and I have not since had the slightest return of the trouble. I have worked on the farm steadily ever since and have always felt strong and well.

"I know that Dodd's Kidney Pills saved my life and restored me to health and strength.

"I believe they will cure any case of rheumatism, for I never knew as bad a case as my own and they cured me."

Only Seven Against.

Copenhagen, Denmark, March 15.—The Folkething, by 88 to 7 votes, yesterday approved the treaty providing for the sale of the Danish West Indies to the United States. The treaty now goes to the Landsthing.

What Causes Pain?

Most pains and aches come from excess of uric acid poisons in the blood, due to deranged kidneys, rheumatism, backache, lumbago, pains in the sides limbs, accompanied by bladder and urinary troubles, are warnings too serious and painful to be neglected. Dr. Chase's Kidney and Liver Pills act directly and specifically on the Kidneys, make them active, vigorous, and thoroughly cure these ailments. One 25c box of this great Kidney medicine will do you a world of good.

A THIEF AMONG THE ANGELS

Spurgeon Corrected His Opinion of What He Might Do.

One day the mayor of Cambridge, who had tried to curb Mr. Spurgeon's tendencies to sensationalism, inquired of him if he had really told his congregation that if a thief got into heaven he would begin picking the angels' pockets.

"Yes, sir," the young preacher replied, "I told them that if it were possible for an ungodly man to go to heaven without having his nature changed he would be none the better for being there, and then, by way of illustration, I said that were a thief to get in among the glorified he would remain a thief still, and he would go around the place picking the angels' pockets."

"But, my dear young friend," asked the mayor seriously, "don't you know that the angels haven't any pockets?"

"No, sir," replied young Spurgeon, with equal gravity, "I did not know that, but I am glad to be assured of the fact from a gentleman who does know. I will take care to put it all right the first opportunity I get."

The next Monday morning Spurgeon walked into the mayor's place of business and said to him cheerfully, "I set that matter right yesterday, sir."

"What matter?" he inquired.

"Why, about the angels' pockets."

"What did you say?"

"Oh, sir, I just told the people I was sorry to say that I had made a mistake the last time I preached to them, but that I had met a gentleman, the mayor of Cambridge, who had assured me that the angels had no pockets, so I must correct what I had said, as I did not want anybody to go away with a false notion about heaven. I would therefore say that if a thief got among the angels without having his nature changed he would try to steal the feathers out of their wings!"

Black Mirrors.

Crystal gazing is still popular, but the very latest thing in use is a black mirror, in which the sibyls say they can see many things. These little black mirrors come from India, where a spot of ink has always been a favorite vehicle for divination. The native boy who has "the second sight" is told to look fixedly at a spot of ink, which is poured into his hand. The black mirror is said to be every bit as good as the ink, and it is certainly more cleanly. It is made of a piece of black glass set in a wooden frame and is small enough to be held inside the hand.—London Chronicle.

Catarrhal Poisons and Their Remedy

The poisonous secretions from catarrh are dangerous because they affect the stomach and bowels, giving rise to an unhealthy condition of these organs. Catarrh is the source of much ill-health, and was considered practically incurable until it was demonstrated to the satisfaction of the medical profession that by the use of Catarrhozone any case of nasal or throat trouble can be permanently and quickly cured. Catarrhozone by its unusual merit has enlisted the support and endorsement of the most prominent medical authorities, who freely state that anyone giving it a trial is sure to receive permanent benefit. Sold for $1. Small size, 25 cents. Druggists, or Polson & Co., Kingston, Ont.

Killed by the Hundreds.

St. Petersburg, March 13 — A number of engagements between the Russian troops and Tunguses occurred in Manchuria during the past two months. Several bands of Tunguses, which had been raiding and plundering, were dispersed, and 233 of the raiders were killed or wounded. The Russian casualties were slight.

Defrauded Insurance Co.

Winnipeg, March 14.—Hurst and his wife, found guilty at the last session of the Court of King's Bench here of defrauding the Hartford Insurance Company, were brought up yesterday morning and sentenced. Hurst got two years in Stoney Mountain Penitentiary and his wife eighteen months in Portage la Prairie Jail.

Don't Help Being Cranks.

It's the effect of dyspepsia on the nerves that makes the afflicted one morose and cranky. They can't help that though until they take Merrill's System Tonic, the only positive cure, (not relief) for dyspepsia known. It cures by acting on the liver, nerves and bowels. Pleasant to take, and three weeks' treatment for 50 cents. Sold at Ormond & Walsh's pharmacy.

Quite Different.

Dr. Young B. Ginner—Did I understand you to say you were never sick and therefore didn't have any regular physician?

Krusty—Not at all. I said we didn't have any regular physician and are therefore never sick.

Tried to Explain It.

Mr. Fatley—Yes; I'm a self made man.

Professor Studiosis—Er—um—get the material at a bargain sale?—Chicago News.

Iron in the blood is necessary. Miller's Compound Iron Pills contain that element in the most assimilable form. Sold by all druggists.

HOW THE CHINESE GET RAIN

Some Peculiar Practices in Vogue in the Celestial Kingdom.

It is one of the peculiarities of the Chinese that, while they have developed elaborate philosophers, none of them has led to any confidence in the uniformity of nature. Neither the people nor their rulers have any fixed opinion as to the cause of rainfall. The plan in some provinces when the need of rain is felt is to borrow a god from a neighboring district and petition him for the desired result. If his answer is satisfactory, he is returned to his home with every mark of honor; otherwise he may be put out in the sun as a hint to wake up and do his duty. A bunch of willow is usually thrust into his hand, as willow is sensitive to moisture.

Another plan in extensive use is the building of special temples in which are wells containing several iron tables. When there is a scarcity of rain, a messenger starts out with a tablet marked with the date of the journey and the name of the district making the petition. Arriving at another city, he pays a sum of money and is allowed to draw another tablet from the well, throwing in his own by way of exchange. On the return journey he is supposed to eat only bran and travel at top speed day and night. Sometimes he passes through districts as greatly in need of rain as his own. Then the people in these places waylay him and, temporarily borrowing his tablet, get the rain intended for another place.

Prayers are usually made in the fifth and sixth months, when the rainfall is always due, and a limit of ten days is set for their effective operation. Under such conditions rain usually falls during the prescribed time. When the prayers are in progress, the umbrella, among other objects, comes under the ban. In some provinces foreigners have been mobbed for carrying this harmless article at that time.

Apply This Test To Your Nerves.

If You Have These Symptons Your Nerves are Weak and Exhausted—You can get Well by Using

Dr. Chase's Nerve Food.

Nervous diseases are little understood. They have long been enshrouded in more or less mystery by the medical profession. Many who are fast falling victims of nervous prostration, paralysis or locomotor ataxia think that they are merely not very well, and will soon be around again—so insidious is the approach of nervous diseases and nervous collapse.

Study these symptoms. They are for your guidance. You may not have them all, but if you have any of them your nervous system is not up to the mark, and a little extra expenditure of nerve force may bring the dreadful downfall.

Intolerance of motion, noise and light; twitching of the muscles of the face and eyelids; fatiguing sleep, sudden startings and jerkings of the limbs; dizziness and flashes of light before the eyes; irritability and restlessness in every part of the body; headache, indigestion, feelings of weariness and depression, and loss of interest in the affairs of life.

So long as the daily expenditure of nerve force is greater than the daily income, physical bankruptcy is certain to result sooner or later. Nerve force must be increased, and this can best be accomplished by the use of Dr. Chase's Nerve Food, because it contains in concentrated form the very elements of nature which go directly to form nervous energy. Nervous diseases do not right themselves. They come on gradually as nerve force becomes exhausted, and can only be cured when the nerve force is restored.

No treatment for nervous diseases has ever received such universal endorsement by both physicians and people as has Dr. Chase's Nerve Food.

Mrs. Crapper, 37 Salem avenue, Toronto, says:—

"For the last two years I have been a great sufferer from paralysis of the right side, which has confined me to the house. On recommendation of friends I began the use of Dr. Chase's Nerve Food, and can say that this treatment has proven of very great benefit to me. I realize that my ailment will not disappear in a few weeks, but I have improved so much already that I believe a continuation of this medicine will entirely cure me."

In the press of Canada you will find hundreds of earnest letters telling of the wonderful benefits derived from Chase's Nerve Food: 50c a box, six boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. 4

BREAD AND BRIDES.

THE PARTS VIANDS PLAY IN MARRIAGE CEREMONIES.

Sweetheart Cakes of a Dutch Damsel—Egyptian Bridegrooms Must Work For Their Supper—Wine In China—Married by Candy.

The important part which different viands play in marriage ceremonies makes rather an interesting story.

For example, the Swedish bride fills her pocket with bread, which she dispenses to every one she meets on her way to church, every piece she gives away averting, as she believes, a misfortune.

On the threshold of her new home a bride in Servia is presented with a plate of bonbons, one of which she and the bridegroom share between them, the divided bonbon signifying that no bitterness shall divide them. A sieve of wheat corn is also given to the bride. Of this she takes three handfuls, throws it over her head, emptying the sieve upon the ground. The scattered corn denotes that the bride brings joy and prosperity into her new home. The bride is still outside the door, nor can she enter until she has placed two loaves of bread beneath her arms and taken a bottle of wine into her hands. With these emblems she at length crosses the threshold of her future home. At the first meal of the newly married pair bread and wine must be taken by both to denote that thenceforward all they have shall be equally divided between them and that their married life shall be passed in unity and fidelity.

A Russian wooing culminates in the betrothal feast, at which the bride elect in return for a long tress of hair which she has given to the bridegroom receives bread and salt and an almond cake.

In Holland if a young man is in love with a girl and wishes to ask her hand in marriage he buys a small sweet cake and, wrapping it up in soft paper, proceeds to the house of his inamorata. He is ushered into the midst of the family circle. Without a word he walks up to the young lady and lays the cake on the table before her. The rest of the family affect not to notice anything unusual and continue their work or their reading. The young man turns aside and talks to the father or mother on some very ordinary subject, keeping his eyes eagerly fixed on the girl while he is conversing. If she accepts his offer, she takes up the cake and eats it. If she is a coquettish damsel, she tortures the young man by turning it over and playing with it before she decides to taste it and then enraptures him by eating it to the last crumb. If, on the other hand, she wishes to have nothing more to do with her admirer, she puts it back on the table. The young man takes up the cake and, with a "Vaarvoul byzamen," leaves the house. The matter is then kept a profound secret by both families, and the outer world never hears of it. In place of a wedding cake in Holland wedding candies are given—"bruid zuikers" they are called. They are passed around by children and are served in flower trimmed baskets.

Bride pudding is the name of the piece de resistance served at a Norse peasant wedding. This is not brought on the table until the last day of the festivities, three or five days being given up to feasting and merrymaking. The appearance of the bride pudding is the signal of dismissal, and at the close of the feast the guests say farewell, presenting at the same time their gifts, which consist of cash. This the bride receives, the bridegroom presenting each donor with a glass of wine.

Partaking of two tiny glasses of wine is all the ceremony necessary to make a marriage in some Chinese provinces, provided a quantity of fireworks are set off. These are to wake the "great joss" from his sleep that he may witness the ceremony.

At a Hebrew wedding man and wife sip from one cup of wine, symbolizing participation in the joys and pain of earthly life. The emptied goblet is placed on the floor and crushed into a thousand pieces by the bridegroom, who thus shows that he will put his foot on all evils that may enter the family circle.

At an Egyptian wedding feast meat is not eaten because of the belief that it would lead to future bickerings between them. Eggs, fruits and sweets are served. The first meal in the new house cannot be touched until, after every device known to the bridegroom, the bride has been at last induced to speak. Once she utters a word, he claps his hands, and supper is brought to them.

Married by candy is the plan in Burma. Of all marriage rites this takes the palm for conciseness and sweet simplicity. Here the dusky lady takes the initiative. Seeing a youth who pleases her, she offers him a sweet. If he accepts her proposal, he promptly eats the token of affection, and they are thereby made man and wife. In the act of eating alone this most primitive rite consists. If the youth be not favorably disposed, he remarks with all gallantry that that particular candy is not to his taste, and the matter is ended. In Mandalay three weeks after a marriage kinsmen bring the bridegroom a bowl of rice, a vessel of wine and a fowl, much of which collation is sacrificed to the spirits of ancestors.

A Bagoda bride—in the Philippines—if she be good looking and the daughter of a warrior, is sold by her father for about $30, which sum is not given in money, but in vegetables and chickens. One way of estimating such things is at the price of a brass gong. Such a gong is worth thirty silver dollars, and it is a valuable maiden indeed who will bring two brass gongs.

Woman's Weakness

A woman's reproductive organs are in the most intense and continuous sympathy with her kidneys. *The slightest disorder in the* kidneys brings about a corresponding disease in the reproductive organs. Dodd's Kidney Pills, by restoring the kidneys to their perfect condition, prevent and cure those fearful disorders peculiar to women. Pale young girls, worn-out mothers, suffering wives and women entering upon the Change of Life, your best friend is

WHY STAY PALE.

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

One of the best things Scott's Emulsion does is to give rich blood to pale girls.

The result of regular doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of perfect health.

Who is there that has not proved it so?

There are more physical wrecks to-day through fooling with a cold than from any other cause under the sun.

Uwanta GRIPPE Capsule

treatment doesn't fool with a cold for a minute—it attacks the "root of the evil"—kills the cause and prevents grippe, catarrh, consumption, nervous disorders and general debility. Don't be without Uwanta Capsules.

If your druggist hasn't got it, enclose 25 cents for a box direct to

UWANTA M'F'G CO., Ltd., Ottawa, Ont.

MOTHERS OF GREAT MEN.

Gounod's mother was fond of painting and music.

Chopin's mother, like himself, was very delicate.

Schumann's mother was gifted with musical ability.

Spohr's mother was an excellent judge of music, but no musician.

Milton's letters often allude to his mother in the most affectionate terms.

Raleigh said that he owed all his politeness of deportment to his mother.

Goethe pays several tributes in his writings to the character of his mother.

Wordsworth's mother had a character as peculiar as that of her gifted son.

Sydney Smith's mother was a clever conversationalist and very quick at repartee.

Haydn dedicated one of his most important instrumental compositions to his mother.

Gibbon's mother was passionately fond of reading and encouraged her son to follow her example.

Charles Darwin's mother had a decided taste for all branches of natural history.

Skull Borers.

A remarkable application of Biblical precept is still to be found among the Serbs, who do not all live in Servia, but are also scattered over Turkey, Montenegro, Bosnia and southern Hungary.

They are very quarrelsome, and the vendetta flourishes among them. It follows that bullet holes in the skull are by no means uncommon.

Now, according to the unwritten law a man who has made a hole in another's head must submit to having his own head perforated in like manner, unless he prefers to pay about $100 damages, which is seldom the case. So there has arisen among the Serbs a peculiar profession, that of the "medigs," or trepanners, who for a moderate fee will bore a hole in your skull and guarantee the wound to heal in two weeks.

In Danger.

Every one is in danger who neglects the warnings of declining health. The warnings are not as startling as the sudden shriek of a locomotive, but they are just as ominous. When the body begins to lose in flesh, when the cheek is hollow and the skin sallow it is Nature's warning that the body is failing of proper nourishment. It is a condition of "weak" stomach, and "weak" stomach soon involves other organs. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and cures through the stomach diseases seemingly remote, but which have their origin in the disease of the stomach and its allied organs.

There is no alcohol in the "Discovery" and it is absolutely free from opium, cocaine, and all other narcotics.

"Before I commenced to use your medicine I was in a bad condition (for eight years), and four doctors treated me," writes Mrs. Bettie Askew, of Garysburg, Northampton Co., N. C. "They, of course, gave me at the time some relief, but it did not last long. I was some days in my bed and some days I dragged about the house. I have used five bottles of the 'Golden Medical Discovery' and five of the 'Favorite Prescription' and four vials of the 'Pellets.' Now I feel like a new woman, and I want the world to know it."

Dr. Pierce's Medical Adviser, 1008 large pages, paper binding, sent *free* on receipt of 21 one-cent stamps to pay expense of customs and mailing *only*, or 50 stamps for it in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Somnambulism.

Farmer Jones was awakened by a suspicious noise in his barnyard, and, going out with a club and lantern, in an angle between the chicken coop and barn he saw a colored neighbor standing bolt upright, with his eyes closed. After receiving a sharp blow on his head the intruder opened his eyes.

"Where is I?" he asked. "Is dat you, Farmer Jones? I spect I'se been walking in my sleep again. I often does walk in my sleep and jus' stand round and don't know where I is."

A Feminine Sherlock.

Mrs. A.—Why in the world do you leave that little puff of powder on your chin?

Mrs. Z.—For my husband to blow off. You know he is such an observing man.

Mrs. A.—Is there any reason why you should wish him to blow it off?

Mrs. Z.—Yes. I can detect his breath.—

Lottery Methods.

An English writer declares that financial "morality, imperfect as it is in our day, is superior to that of the epoch that came to an end in 1826 with the abolition of lotteries. Take a single instance. Lord North in 1779, while the American war of independence was in progress, issued 60,000 lottery tickets, 20,000 of which were given as bribes to members of parliament."

It Stands First in the Estimation of a Prominent Justice of the Peace.

Paine's Celery Compound

The Marvellous Spring Medicine Banishes Long Standing Dyspepsia and Stomach Troubles.

Do not allow dyspepsia, indigestion and stomach troubles to continue their body-destroying work as you enter the glad springtime. While nature is arousing from her winter slumber of death and putting on a brighter and more cheerful garb—while the birds, the rills and the brooks are joyously singing their peans of welcome to a new life, so should men and women endeavour to cast off the fetters of disease and put on that new life that enables them to appreciate the joys and beauties of a new-born season.

The great spring emancipator and liberator from the common diseases of life is Paine's Celery Compound. Tested for years by the ablest physicians and always triumphant in overcoming sickness, it is gladly recommended by the great majority of medical men from day to day.

Mr. John Mackenzie, Justice of the Peace, and Clerk of the Township of Sarawak and Brooke, Ont., says:

"You will think me ungrateful in not sooner acknowledging to you my entire cure from dyspepsia through the use of Paine's Celery Compound; but when I tell you that I suffered all the tortures of *dyspepsia* for five years, and during that time having taken most of the great remedies advertised as the only sure cure for the horrible complaint with little or no benefit, I was determined to be cured before I would be satisfied. Some of the great remedies would give me a little relief while I was taking them, but as soon as I stopped them I was as bad as ever.

"When I commenced taking Paine's Celery Compound I fully expected the same results, as my confidence in all medicines was shaken; but from the first dose of the compound I felt better, and after taking two bottles I thought I was completely cured, but to make the cure certain I took four bottles more. It is now over two years since I took the last dose, and have not had the least symptom of the disease in any way. I can from my own blessed experience, recommend Paine's Celery Compound as a sure cure and a very pleasant medicine to take."

Beating the Customs.

A party of Englishmen staying in France went for a drive which extended beyond the Italian frontier, where they purchased a basket of fruit. Upon their return the revenue official stopped the carriage and said the tax must be paid for the fruit. The Englishmen at once told the driver to stand still for awhile. Then, with the disgusted official looking on, but unable to interfere, they calmly and deliberately ate the contents of the basket and went on their way untaxed and rejoicing.

Specialists' Ideas Adopted.

When originating his celebrated Four T's Merrill, the Brantford Druggist, added to drugs of many generations' usefulness some of the latest drugs used by lung and throat specialists. The result, naturally, is that Four T's is an unexcelled compound and never fails to cure a cough in 24 hours and the worst cold in two days. Large bottles 25c. at Ormond & Walsh's drug store.

Beetles' Music.

While the structure of the music of stridulating organs of beetles is extremely simple they sometimes possess contrivances for varying the pitch. The general structure of such an organ is a hard surface covered with striations, over which some other member of the body furnished with a rasping edge or area is rubbed. When the striated edge is divided into parts with finer and coarser markings, variations of pitch can be produced.

On His Left Hand.

Teacher—If you face the north, directly behind you will be south, on your right hand will be east and on your left hand west. (Seeing a lack of attention on the part of Bobby and wishing to catch him) What is on your left hand, Bobby?

Bobby (in deep confusion)—Please, it's some tar, an' it won't come off."

Difficult Feat.

No one except a blind man can stand without support of any kind *for five minutes at a stretch*, if he is thoroughly blindfolded, without moving his feet. If he does not move his feet, he is pretty sure to topple over in about a minute.

CURE SICK HEADACHE.

THE MEXICAN EDITOR.

It Is Very Easy For Him to Get Into Serious Trouble.

The newspaper laws of Mexico are very stringent. If any person is mentioned in a newspaper article and feels offended about it, he can easily send the editor of the paper and the writer of the article to prison. The statements may have been far within the limits of truth and justice, but that makes no difference. The editor incommunicado has a chance to think about the law, and the aggrieved person smiles pleasantly. After awhile the law gets in its work, the case is investigated, and the editor is punished, for even the truth is libelous, and libel is one of the offenses most severely condemned.

According to the theory of the Mexican law, every person has a right to go about entirely free from annoyance by other persons. If the person violates the law, the newspaper has no right to say so. It can lay information before the courts if it wants to, but it must not say in its columns that it has done so. Then the law will step in and take charge of the offender, but the representatives of the paper will not be allowed to attend the trial, and only the bare result, after weeks of waiting, can be told to the public.

If the offense charged against the editor is regarded by the first magistrate to whom the complaint is made as being especially grave, the paper is generally suppressed. The complaint has been received and passed upon. Then a squad of police descends upon the printing office. Sometimes all the employees are arrested, sometimes only the editor. Then the doors of the building are closed, official seals are placed upon them, and a guard is stationed to see that no one tries to enter. For three days the editor can do nothing. The laws under which he is arrested are modeled after those of the code Napoleon, and for three days he is held incommunicado, while the authorities hunt up evidence. Then he is given a hearing. In the meantime his paper has been suppressed, and in many cases it never comes to life again, even though the editor may eventually clear himself of all blame.

Medical Science Advances.

It is not more than half a century ago that surgeons considered a surgical operation, with its risk, expense and pain, as the only cure for piles. To-day it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.

The Size of Solomon's Temple.

Solomon's temple, as described in the Scriptures, would not be regarded as a very imposing structure in this day and age of the world. Its length was 107 feet, breadth 36 feet, and it was 54 feet in height, with a portico or veranda 36 feet long and 18 feet wide. We have private houses that overshadow such an unpretending structure.

Pimples and Blotches.

how unsightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can quickly bring about the improved condition by using Ferrozone. Poisons are driven out of the blood, organs grow stronger, the blood richer, the nerves stronger. Pimples and blotches disappear, colour becomes good. Glad! just try and see how much joy can be gotten out of a box of Ferrozone. Sold by Ormond & Walsh.

Practice and Theory.

"Did you know dat dar was mo' dan 200 bones in de human anatomy?" asked Miss Miami Brown.

"I didn't nebber figger on de exact number," answered Mr. Erastus Pinkley, "but of cohse I knowed by de nicks in my razor dat dey was fah f'um ska'se."

The Delayed Verdict.

Friend—I was surprised that it took the jury ten hours to reach a verdict. The evidence seemed to me quite clear.

Ex-juryman—We agreed on the verdict at once, but some one commenced a discussion as to the literary merit of the judge's charge.

Strong Enough for Cancers.

Cancers are caused by poisonous humors in the blood. The *only* non-surgical treatment known is Merrill's System Tonic. This is a powerful blood purifier and at the same time blood builder. It cures Scrofula, Eczema and Salt Rheum in thirty days and boils and pimples in a week. 50 doses, price 50c. Sold by Ormond & Walsh, druggists.

"Breaking the Bank."

The operation of "breaking the bank" at Monte Carlo consists merely in exhausting the temporary capital of one of the tables. When this occurs, that table goes out of business for the day. —Washington Star.

New life for a quarter. Miller's Compound Iron Pills. Sold by all druggists.

Will Get His Deserts.

Naggus (literary editor, inspecting manuscript) — Your story is good enough so far as I have got, Borus, except that the hero is rather fine drawn. He's entirely too good for this world.

Borus (*struggling author*)—I know it, Naggus. I kill him off in the last chapter.

Stops the Cough and Works off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price, 25c. m-w-f

More Interesting.

"Were you interested in that account of the Washington man who suddenly disappeared?"

"Well, I'd have been more interested in an account of a man who gradually disappeared?"

In 1694 the capital of the Bank of England was £1,200,000. It is now £14,500,000.

THERE'S MUCH TO GAIN

and nothing to lose by giving

"SALADA"

Uncoloured Ceylon GREEN one single trial, and you will find it superior to the finest Japan tea you ever tasted. If you don't like it, your grocer will give you your money back. Sold in lead packets, the same as "SALADA" black tea.

CHAPTER XXV.

When the story of the tragedy was pretty generally known, one dark night, some miscreant, if I may call him such, thought it an opportune time for a prank on the guard, so he went down to the grove, and coming near the sentry, by some means made a sharp report resembling that of a pistol shot. What the effect was upon the sentry I can't just say, but one thing is certain, he didn't alarm the guard, for I was one of them on that particular night. The supposed shot created quite a sensation in camp, and as the sentry had given no alarm, it was generally believed he, too, was a victim of the pro-Boer's murderous weapon. A Sergt. Major immediately organized a posse, which went down to the scene of supposed blood-shed, to investigate. They were fully armed, and certainly expected to find the lifeless body of their comrade. When they reached the place, the sentry was still alive and uninjured, but it was thought advisable to enter the grove and make certain there was no treacherous enemy therein concealed. The man on duty gave all the particulars he could, and, if not the offending party, to my mind he was at least an accomplice, and the sergeant ordered his men to make the search. This meant independent work, the best test of a soldier's mettle. Not one of the heroic party would venture within the dismal confines of the grove, but would run hither and thither, peering into the darkness, constantly reiterating the welcome news, "I don't see anything," and thanking Heaven from the depths of their palpitating hearts that they didn't. They all retired independently as soon as possible, and knew nothing more than when they left. This was our first night reconnaissance, but I don't suppose you ever heard of it, as neither the Sergeant Major nor any of his party could be mentioned in despatches for conspicuous gallantry. Yes, they all came back and left the poor sentry alone, to be fired upon again if an enemy were in the miniature forest, and for aught our scouting party knew, there might have been a whole commando in the grove. Any old man with a glass eye and a wooden leg could have given us the information by consulting an astrological chart, as he sat beside the camp fire telling fairy tales.

In the morning all our horses were branded on the left hip, with the Imperial Government's mark, known as the broad arrow, but they always had their regimental number and name of corps stamped on their front hoofs with red-hot dies. This was done on Saturday forenoon, and in the afternoon we had an unusual occurrence, viz., a parade to the creek for a bath. There is not the slightest doubt but we all needed it badly enough, but misfortune always seemed to follow me, and just as I was in the act of taking mine, somebody saw me and I had to put it back. This was my second experience with baths, and in penitence I declared, there and then, if pardoned for this offence I'd never take another. My first was on shipboard, in one of the large canvas baths made for the trip. It was after dark. I was alone this time, and got my bath alright, but it almost cost me thirty dollars. In donning my habiliments, I dropped my pocket book into the pipe for conducting the refuse water from the wash-house to the sea, and had it been two inches nearer the end, it would certainly have been a minus quantity. But then what about it—nobody could say I stole my "dip," and my character and reputation would not have been so grievously maligned as it was in the second instance.

On Sunday morning an ostrich made his appearance in the precincts of the camp, and as it was the first many of us had seen out of captivity, nearly every man rushed out to behold the giant bird. About a hundred of our bravest boys marched out of camp to intercept the visitor, and if possible, to capture him. It was comical in the extreme. The boys formed a large circle with the bird in the centre, and then gradually closed in, each fellow dictating orders to his neighbour, telling him just what to do and when to do it, if the creature should attempt to break through the cordon at his position in the ring. Everybody was brimful of excitement, and extremely anxious to deprive the poor bird of his scanty and delicate plumage, but nobody was at all anxious to have a rough-and-tumble tussel with Mr. Ostrich in doing so. The ostrich apparently recognized their timidity, and walked carelessly hither and thither, glancing jocously at his would-be captors, and then, when he thought fit, stepped boldly out of the circle anywhere he chose to do so. The homely bird, seemed to appreciate the sport, and permitted the khaki soldiers to surround him several times, with similar results, finally saying "good morning" as he scampered away, leaving a hundred disappointed heroes behind. I was about to suggest that they throw some salt on his tail, but when I considered the scarcity of that condiment, I refrained, because I don't think there was a man in the party who had the courage to go near enough to the bird to do so, even if there had been any virtue in it, which is certainly improbable, and our salt would have been lost. I make no pretensions at being an adept in ornithology, but I presume I am quite safe in saying the ostrich is the largest bird in existence. He is sometimes called "The King of Birds," but it must be his size and strength that entitles him to such a royal name, for it would be difficult indeed to find a specimen among the feathered creatures more devoid of beauty. My personal knowledge of this inhabitant of the Orient is somewhat limited, and believing a more detailed description would be not only interesting, but edifying as well, I will refer to the works of African explorers, and adventurers for supplementary data.

"In the African plains and wildernesses, where the lion seeks his prey, where the pachyderms make the earth tremble under their weighty strides, where the giraffe plucks the high branches of the acacia, and the herds of the antelope bound along, there also dwells the ostrich, the king of birds. If size alone gives right to so proud a title; for neither the condor nor the albatross can be compared in this respect to the ostrich, who raises his head seven or eight feet above the ground, and attains a weight of from two to three hundred pounds. His small and weak wings are incapable of carrying him through the air, but their flapping materially assists the action of his legs, and serves to increase his swiftness when, flying over the plain, he "scorns the horse and its rider." His feet appear to hardly touch the ground, and the length between each stride, is not unfrequently from twelve to fourteen feet, so that for a time he might even outstrip a locomotive rushing along at full speed.

"Not only by his speed is the ostrich able to baffle many an enemy — the strength of his legs also serves him as an excellent means of defence; and many a panther or wild dog coming within reach of his foot has had reason to repent of its temerity. But in spite of the rapidity of its flight, during which he frequently flings large stones backwards with his foot, and in spite of his strength, he is frequently obliged to succumb to man, who knows how to hunt him in various ways. Unsuspicious of evil, and enjoying the full liberty of the desert, a troop of ostriches wander through the plain, the monotony of which is only relieved here and there by a clump of palms, a patch of candelabra shaped tree—euphorbias,—or a vast and solitary baobak. Some leisurely feed on the sprouts of the acacias, the hard, dry leaves of the *mimosas*, or the prickly *naras*; others agitate their wings, and ventilate their delicate plumage, the possession of which is soon to prove so fatal to them. No other bird is seen in their company, for no other bird leads a life like theirs; but the zebra and the antelope are fond of associating with the ostrich, desirous perhaps of benefiting by the sharpness of his eye, which is capable of discerning danger at the utmost verge of the horizon. But in spite of its vigilence, misfortunes are already gathering around the troop, for the Bedouin has spied them out, and encircles them with a ring of his fleetest coursers. In vain the ostich seeks to escape. One rider drives him along to the next, the circle gradually grows narrower and narrower, and, finally, the exhausted bird sinks upon the ground, and receives the death blow with stoical resignation. But the exertion of a long protracted chase is not always necessary to catch the ostrich; for before the rainy season, when the heat is at its height, he is frequently found upon the sand, with outstretched wings and open beak, and allows himself to be caught after a short pursuit by a horseman or even by a swift footed Bushman.

To surprise the cautious seal the Northern Esquimaux puts on a skin skin of the animal, and imitating its motions, mixes among the unsuspicious herd; and, in South Africa, we find the Bushman resort to a similar stratagem to outwit the ostrich. He forms a kind of saddle shaped cushion, and covers it over with feathers, so as to resemble the bird. The head head and neck of an ostrich are stuffed, and a small rod introduced. Preparing for the chase, he whitens his black legs with any substance he can procure, places the saddle on his shoulders, takes the bottom part of the neck in his right hand, and his bow and poisoned arrows in his left. Under this mask he mimics the ostrich to perfection, picks away at the verdure, turns his head as if keeping a sharp look out, shakes his feathers, now walks, and then trots, till he gets within bow shot, and when the flock runs from one of them receiving an arrow, he runs too. Sometimes, however, it happens that some wary old bird suspects the cheat, and endeavours to get near the intruder, who then tries to get out of the way and prevent the bird catching his scent, which would at once break the spell. Should one of the birds happen to get too near in pursuit, he has only to run to windward, or throw off his saddle, to avoid a stroke from a wing that would lay him prostrate.

(To be continued.)

WHAT KILLED THE SCOTT ACT.

To the Editor of the Examiner.

Sir,—The Scott Act in itself was a good law and had it been fairly enforced it would have been successful. It was not enforced for the following reasons:

The people were not ready for it. They were not educated up to it. 'Tis true the vote was in its favour, but thousands who were not warm for, it and did not turn out to vote against it, yet remained indifferent or hostile. A large number of respectable people felt the Act a hardship and consistently oppposed it as an attack on their liberties. Then there was a distinct hostile element, consisting of the hotel men, the saloon keeper, the owners of property rented to vendors of liquor, the grocer who sold liquor, the baker and butcher and grocer who sold to the hotel or saloon, the mayor and aldermen or councillors who may have been in one or the other of the above classes, and who certainly were dependent for votes to some extent on the liquor interest. Then the distiller and brewer had large interests and they did not hesitate to use their influence — and their money. The money interest fights hard and dies hard. Now on the other side, were men whose only incentive was moral obligation and love of their fellows. One class would stick at nothing—they openly violated the law—morality was not in it in such a contest.

Then even to enforce the law of the land, zeal in public officers is called for, but what zeal could be expected when the officer knew his zeal would cause him to loose *his office*.

On the other hand men without financial interest will not keep up a *continuous fight when it ensures* financial loss and hostility from those who will not hesitate to resort to evil ways. It *is not pleasant* to contend with a good man, but to contend with a bad man is dangerous.

Notwithstanding all these difficulties the Scott Act was about to triumph, and the liquor power was admitting defeat, when the Government at Ottawa came to the help of the liquor interest. The Scott Act gave one-half of the fines to the informer—this provided funds for carrying on the war. Sir John Macdonald's Government, by an Order-in-Council, passed in Nov. 1886, took away this provision, and then without money the battle was hopeless. Here then was hostility to the Act by the very Government which passed it. McKenzie passed the Act, Sir John Macdonald killed it. There was hostility in Municipal Councillors, in all who were interested in the liquor traffic, and in a large proportion of the people there was either hostility or indifference. How could the Act be a success?

When Mr. Ross' Government determines that it will only give a prohibition law when the vote is sufficiently large to ensure the proper enforcement of the law, he is perfectly right, for no greater set-back could be given to the temperance movement than another period of disturbance and failure such as followed the Scott Act. The extreme temperance people deserve credit for their zeal, but *they should remember that great reforms* are the result of long schooling, and that fruit plucked before it is ripe is a *disappointment*. Extremists forget that a government is not a one man power. The people who are of all shades of opinion on this prohibition question are fairly represented by their representatives in parliament. No doubt it took no small effort to get the House to support the present Bill. It goes a long way. Is it wise to fault the Government that make a fair effort to meet the demands of the temperance people—to drop the bone for the shadow is not an act of wisdom. Reforms are seldom born full grown. The *whole* legislative dealing with the liquor question has been on the line of prohibition—the present is a big jump. *The responsibility of those* who refuse the present bill will be great. If the people are in earnest and want prohibition they can get it. If they are not in earnest, and that by a great majority, then the Act is premature. Instead of squabbling about trifles let them show that the country is ripe for prohibition by united, hot, enthusiastic work.

D.

THE SERMON ON TEMPERANCE.

To the Editor of the Examiner;

Dear sir,—In your issue of Thursday, over the signature of "D." is a review of the discourses delivered on Sunday evening, which the writer had read read with much interest. I had also read *the same*, but I believe with more curiosity than interest. I do not know how D came to the conclusion that the Anglicans would save by moral culture alone. I would say, read Rev. E. A. Langfeldt's address again. We are told by one that when the battle begins it will be a fight between God and the devil. If this is true, where is the individual that can entertain a thought as to the issue, although one is mighty (I speak with reverence) the other is Almighty. There are people enough to make a noise about political matter who know not how to employ their time to better purpose. Our Lord's kingdom is not of this world, and most of His people may do their country much more essential service by pleading for it in prayer than by finding fault with things which they have no power to alter.

JOHN BABB.

20 Cheapside, London, E.C.
I suffered very much for a long time from rheumatism in the knee joint; a few applications of Kelpion eased the pain and removed all stiffness, and eventually quite cured the knee. I now invariably apply it, and successfully, to all sorts of purposes—bruises, cuts, tired or sore feet, chafing hives, in fact when anything goes wrong.
J. T. Burrell.

2 Aylesbury Street, Clerkenwell.
August 24, 1899.
For years I had a swelling on my wrist. A friend asked me to try Kelpion, which, I am pleased to say, after three applications, removed it. I have also found the Ointment most useful in the house for burns or cuts.
William Aylett.

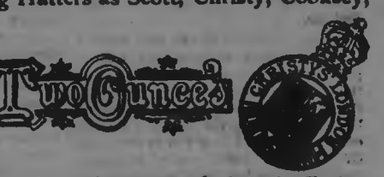
When you're ready for a sitting make your appointments with

LENDRUM Only Ground Floor Studio Charlotte Street.

OUR NEW DESIGNS IN MEN'S SPRING HATS

Represent the latest styles in English and American shapes, and are made with the careful attention to details that such well-known and leading Hatters as Scott, Christy, Cooksey, Hawes, Mallory, Stetson and Lomis are sure to guarantee. We are the sole agents for these Hatters in Peterborough. Come and see the newest designs in Spring headgear. No trouble experienced in making selection.



Styles in Stiff Hats

In Stiff Hats the styles drift towards high taper crowned with closely rolled brims. It must not be inferred, however, that this style is dominant. On the contrary the preference of customers extends to any of half a dozen different shapes. But one colour is proper—Black.

Styles in Soft Hats

In Soft Hats, the "Panama" styles present the newest designs Here then is the widest possible variety—height, width of brim, curl of brim, raw or bound edges, are governed by their suitability and sightliness in the wearer.

Flat set brims are also strongly in evidence. Black is the colour most favoured. Also Greys, both dark and pearl. A few light shades of brown will also be worn.

As is already well known, we carry all qualities—50c to $5.00 each.

THOMAS BARRIE

"What Lovely Shoes!"

"Never dreamed that such shoes could be made in Canada!"

"Isn't that a beautiful finish?"

"I like the shape and cut of it, too, so graceful, you know."

"Yes, it's the "King Quality" shoe, and really, girls, I never wore shoes so comfortable and neat as these are. And, you know, we save all the customs duties, because they are made in Canada."

"They won the gold medal at Paris this year."

"See, here is the trade-mark you can know them by"—

"KING QUALITY."

LEADER WHITNEY'S PULPWOOD POLICY

Caustically Condemned by Former Conservative Leader.

MARTER SUPPORTS THE GOVERNMENT.

Mr. Whitney's Regular Flop-Over on the Subject.

HIS POLICYLESS ATTITUDE.

Mr. Marter's Clever Speech Demonstrates the Soundness of the Government's Arrangement—He Shows it to be a Good Business Proposition; Good for the Province, Good for the Workingmen, Good for the Settler.

The fourth and final session, of the ninth Parliament of the Province of Ontario, which has on the whole, been a rather quiet and uninteresting one, came to a conclusion on Saturday afternoon with red-fire effects. The Opposition leader and his following have maintained a rather subdued bearing, due in large part, the political cognoscenti suggest, to the fact that the lack of harmony and attenuated cohesion of the party, said to exist, might be unpleasantly exposed if supporters were given a chance to take too free a hand in the discussion of public matters unguarded by the equipose of a policy no more definite than one of drift. And the policy of drift, with the help of a stiff squall, landed the craft on a rock Saturday afternoon.

The occasion that raised this little tempest in the House was the motion introduced by Hon. Mr. Davis, seconded by Hon. Mr. Stratton, for the ratification of a new agreement with the Montreal Pulp and Paper Company by which mills would be erected to manufacture pulp wood over a certain territory and on the Montreal river.

Mr. Marter approved of the policy of the Government in a strong speech, full of energy and patriotism, and was loudly applauded. Mr. Marter has no sympathy with Mr. Whitney's course in the Legislature. He denounces it as against the best interests of the province, and stated that there were some members on the Opposition side of the House that could be put through a pulp mill to advantage.

Mr. Whitney, the Leader of the Opposition, who had supported all the concessions made from 1895 to 1900, strongly opposed the agreement, and, "intoxicated with the exhuberance of his own verbosity," broke into the language of violence, vituperation and innuendo, which comes to him with especial facility when he has a weak cause. Among many samples which might be quoted, the following may be given. Mr. Whitney said in reference to the agreement:

"A large sum of money will be paid by the joint stock company to people to be used for the benefit of this Government at the coming general election."

Mr. Whitney said this without the slightest reason for the assertion made. If he did not know his assertion was false, which it was, he did not know it was true, and had no more warrant in fact, for making it than for scores of other wild assertions which he makes from time to time, only to deny them when cornered, under the gauzy excuse that he had been misreported. Another statement made by Mr. Whitney in gard to this agreement, was as follows:

"I say, sir, that this concession is a gigantic public robbery, and I say that if gentlemen in private life, as trustees like hon. gentlemen are on the treasury benches, acted as they are acting in the public interests, it would be a private crime, as it is now a public crime."

Mr. Whitney forgot his usual caution, and, subsequently, goaded by the remarks of the Attorney-General, reiterated his statement with a fatuity quite incomprehensible, in these words:

"I meant and said and I mean and say now, that this transaction in this agreement is a public crime, and that the men who bring it about, in a public sense are public criminals. That is what I said and that is what I say now."

But the leader of the Opposition could not control all his followers. Mr. Marter, who sits next his leader, occupying the position of first lieutenant, broke away from Mr. Whitney's stagnant stand. Nor was he the only one of the Opposition who resented this retrograde policy. A little setto vous tiff between Mr. Marter and Mr. Whitney's second lieutenant, Mr. Matheson, served to show that in the Opposition caucus several Opposition members objected to stultifying themselves by opposing the ratification of an agreement more favourable to the public interests than others for which they had voted. But the leader, with that autocratic assumption of superior wisdom he is credited with taking towards his followers, whipped the objecting members into line with the exception of those who strongly endorsed the Government in the following speech, and voted with the Government and against the retrograde policy of his leader.

When the Opposition leader sat down, the Attorney General, who was leading the Government, rose, and with indignant anger stated that the language used by the leader of the Opposition was unwarrantable, unreasonable, untruthful and unbecoming a man occupying the place of leader of the Opposition as it implied more than the honourable gentleman had any right to insinuate unless he was prepared to go further and specify his charges. The leader of the Opposition should justify his assertions or withdraw them.

Mr. Marter then rose and spoke as follows:

I was very much pleased with the candour and astonishment of my honourable friend from South Toronto, Mr. Foy, when the Commissioner of Crown Lands was speaking as to the different points contained in this agreement, which presented themselves to the honourable gentleman as being so fair and so good, that he asked if these clauses were the same in previous agreements. Why was the question asked? I am safe in saying as the Commissioner read clause by clause in this agreement the honourable gentleman from South Toronto said they were fair, and asked if they were the same as were contained in previous agreements. I would like to know what he meant by asking the question, why they were in previous agreements. And then we have heard something about that New York Post article. What bearing has it, I would like to ask, upon this question? The only bearing it has is on the wisdom of the Legislature in saying that pulpwood shall not be exported. I do not see that that article has any other bearing upon this matter. Now is connection with what I have to say; I wish in the first place to state that I have given considerable thought to this business. It is not a matter of a day, it is not a matter of a week. It has been a matter of seven long years, since the first concession was brought before this Legislature. Living as I had been previous to that in Muskoka, and representing that constituency where we had so much pine, and knowing the value of it to the settler in work and labour for the lumbermen, I certainly know that wherever these pulp concessions are given and industries established, it will produce a like effect,

By Giving Employment to Men

living in the immediate neighbourhood.

Now sir, we all know too, that the pine timber is more or less decreasing in this country, and it is a most fortunate thing, I think, that we have pulp now in order to furnish work for the many settlers who are in our new districts. I was going to say that this is not a party question, it is A BUSINESS PROPOSITION, WHICH SHOULD BE, if it is right, ENDORSED BY ALL IN THIS LEGISLATURE, IRRESPECTIVE OF PARTY. Viewing it as I do, then in that way I simply say, that in treating it in that way I do it from a BUSINESS STANDPOINT for the BENEFIT OF OUR COUNTRY. (Applause.)

The first concession in 1895 was acquiesced in by both sides of the House. There was not a dissenting voice. I, at that time, gave voice to the following expression, which I have from the Mail of April 5th, 1898:—

"Mr. Marter approved of the agreement as being along the lines of the Conservative policy. He congratulated the Government as having seen light."

What light did I refer to? That which I held to be the policy of the Conservatives in endeavouring to do the best we could to build up home industry and furnish work and labour for the men of our own Province. I looked upon it at that time as being the correct thing to do and congratulated honourable gentlemen on that side of the House on having come to see things as we saw them and as the Conservatives saw them, and had been doing their best for our own people, bringing the natural resources of our country into active operation and giving work for all who wished it. That concession went into the hands of Mr. F. H. Clergue and those with him, and a MOST FORTUNATE THING IT WAS, sir, FOR THIS COUNTRY THAT THIS HOUSE AT THAT TIME DID NOT TAKE THE POSITION THAT SOME OF THE MEMBERS ON THIS SIDE ARE TAKING TO-DAY. We would not have had Mr. Clergue in Ontario. (Applause.) We would not have had the benefit of that vast expenditure of capital which he has made and which was alluded to by the honourable Commissioner of Crown Lands, as some ten or twelve millions of dollars. That would not cover it, sir. And then I say as a representative of one of the largest constituencies in Toronto, I am

Backed up by the Business Men of Toronto,

on the position I take on this question, and I am prepared to defend my act with any person upon any occasion, either in this constituency or anywhere else. I feel so certain of my ground that I dare not keep silent. I feel so certain that what the Gov-

REVIEW AGAIN REVIEWED.

The Lakefield News says:—

"There's no pleasing some people. We have come to that conclusion after reading another diatribe directed against us by the Review on the question of the referendum. The article in question appeared in the Weekly Review of Friday, Feb. 28, and should have been replied to last week. Unfortunately, until it was pointed out to us by a friend, we were entirely unaware of its existence ,and this fact will therefore account for our silence. The perusal of the article has made two things abundantly clear to us. Firstly that the editor of the Review is a young man, judging from the unformed character of his logic, and secondly that he possesses a very low idea of human nature, judging from the trend of his article. Amongst men of common sense a straight denial is usually considered sufficient rebuttal of unfounded assertions. We had already in a previous article pointed out that we were accustomed to do our own thinking and writing and we would not thank the Provincial Secretary or anyone else for offering to do it for us. The Provincial Secretary, also, through his own paper the Examiner, expressly stated that the first time he or those connected with his journal saw the article against which the Review directed its theatrical fulminations was when they read it in this paper. It is perhaps too much to expect the Review to believe it, but we assure it and its readers that neither by word of mouth, nor by letter, nor by any intermediary source, whatever, did we obtain any hint from the Provincial Secretary on the subject of our article regarding the referendum. If this emphatic declaration does not satisfy the Conservative organ we can do no more. It can go on its way rejoicing and we shall go on in ours.

"The Review seems to think that all the honesty of purpose, all the political integrity, and all the statesmanlike ability of which Canadians are capable have by the inscrutable designs of Providence, found a resting place in the hearts and brains of the Conservative rank and file of the Dominion. It therefore lauds Mr. Whitney to the skies as a very Bayard of genius,chivalry and candour, and spatters Mr. Ross with as much depreciation and misrepresentation as its little pen can sprinkle. The Review, however, needn't worry itself into a frenzy. We consider Mr. Whitney to be a gentleman. We look upon him also as a politician who, seeing the opportunity of getting the Government into a tight corner is posing before the public in the only role which he could possibly assume under the circumstances short of siding with the Government, viz., that of an unequivocal opponent of Prohibition. Mr. Whitney and his followers are very far astray, however, in assuming that the electors will be hoodwinked by any such device. They have before them in Manitoba the spectacle of a Conservative Government having to face the very same problems and adopting the very same means for discovering the will of the people as Mr. Ross proposes doing for this province, and they ask what have Mr. Whitney and his organs throughout this province to say in regard to the matter? The circumstances are precisely alike, and if a referendum is an iniquitous procedure in Ontario, by what line of argument can it be pronounced otherwise in Manitoba? We have a deep seated conviction that political exigency was the fountain head of Mr. Whitney's speech against 'the principle' of the referendum, and that his apparent manly outspokenness was only used as a means to dissemble with the electorate."

BUSINESS FINISHED

Closing Day of the Legislature Was Somewhat Exciting.

MR. MARTER WITH GOVERNMENT

Member For North Toronto Votes For the Ratification of a Pulp Agreement With the Montreal Paper and Pulp Co.—An Exciting Debate on Saturday — Compliments to Mr. Speaker.

Toronto, March 15.—In the Legislative Assembly to-day Hon. J. M. Gibson moved the reference back to committee of the Act to amend the Statute Law. He moved the insertion of a clause suggested by the City Improvement Society of Hamilton for the protection of open lawns and gardens from trespass. Another amendment was to allow of the administering of an oath after the Scotch fashion with the uplifted hand to any witness who preferred to be sworn in that manner. Mr. Caldwell moved the transfer of Carleton Place from South Lanark to North Lanark for registration purposes. Mr. Matheson opposed the proposal. Mr. Latchford said that the change would be a great convenience to the public and the legal profession of Carleton Place. Hon. Mr. Gibson thought a case in favor of change had been made. The clause was adopted and the bill reported.

Pulp Wood Concession.

Hon. E. J. Davis moved the ratification of an agreement between the Government and the Montreal Pulp and Paper Co. for a pulp wood concession. He pointed out that past experience had shown that these agreements had done much for the development of the country. In addition to the expenditures called for by these agreements much larger sums had been expended. The Spanish River agreement had done much to development the section affected. It was of great importance to give the settlers in New Ontario the opportunity to dispose of the pulp wood on their land. The agreement called for the erection of a mill to cost $500,000 on the Montreal or Ottawa river above the Town of Pembroke, capable of turning out 150 tons of pulp daily and employing 250 men. The money had to be expended within 3 years. The Opposition had wholly misrepresented the character of these pulp wood agreements. They had asserted that large areas of land were given away to these companies. There was nothing given away. They obtained nothing except the right to cut pulp wood over a certain area, paying therefor 40 cents a cord, which sum was liable to be increased at any time. It was not true that the rights of settlers were interfered with. All the lands included in the agreement were open to settlement and the market afforded to the settlers for the wood removed in clearing the lands was a great advantage to them. Neither did these agreements interfere with the rights of mining prospectors.

Mr. Matheson protested that it was not correct that Opposition speakers had said that the land had been given away to the settlers.

Mr. Conmee quoted from Mr. Matheson's speeches to the effect that the settlers had been deprived of their rights by finding the land occupied by lumbermen and the holders of pulp wood concessions.

Mr. Davis said that the agreement provided that no pulp wood cut on the land covered by the agreement could be exported or sold to any other person. It must all be manufactured in their mills. The company were asked to deposit $20,000 in the hands of the Crown as a guarantee that $100,000 would be expended in 18 months. If this were not done the agreement would be void and the money forfeited. It was provided that Canadian cement and Canadian machinery should be used in the mills. In every respect ample care had been taken to safeguard the public interest.

Mr. Whitney said the House should put its foot on this agreement without hesitation. The forfeiture clause was insufficient. If the company expended $100,000 they would get back their deposit and were practically under no necessity of expending any more.

Mr. Davis said that under one of the clauses the Government might at any time void the agreement if its provisions were not carried out.

Mr. Whitney said that this put the whole matter in the discretion of the ministers. It was not imperative. Although the agreement provided against the sale of the concession there was a loophole in the provision that they might assign or mortgage it to raise money, and he took the responsibility of asserting that it had already been sold twice. The twaddle they had heard for years past about the development of the country was the only excuse the Government had to offer for giving away 1,660 square miles more or less, of the public territory.

Hon. Mr. Stratton said nothing was given away but the right to cut pulp wood. No land was given.

Mr. Whitney objected to the concession on the ground that so much discretion was left to the Government. The House knew nothing of the area or the value of the territory covered. There was a great anxiety on the part of capitalists to get hold of pulp wood concessions because there was a movement in the U. S. to abolish the import duties on pulp and paper. There was enough in this concession to make the fortunes of a dozen men. He had no doubt that a large sum of money would be paid by those interested to aid the Liberal party in the coming elections. This agreement was a gigantic public robbery.

Mr. Carscallen opposed the concession on similar grounds to those advanced by his leader. Pulp wood concessions should be let by public tender, not by agreement.

Mr. Marter said that wherever pulp wood concessions had been established it had been found advantageous for the settlers. It was fortunate for the country that Mr. Clergue had been encouraged to establish numerous industries at Sault Ste. Marie. He felt that he was backed up by the business men of Toronto in supporting these concessions. The present agreement was the most favorable one that had been brought before the Legislature.

Mr. Matheson protested against the giving away of a valuable privilege without competition. A New York company with a capital of ten million dollars was interested in the deal, which should have been thrown open to competition.

Hon. J. M. Gibson complimented Mr. Marter upon his speech, which was a complete vindication of the Government's action. The language of the Opposition leader was wholly unwarranted, if not unparliamentary. The Government's policy had been arrived at after a careful consideration of the public interests.

The resolution was carried by a vote of 38 yeas to 26 nays, Mr. Marter voting with the Government.

The House went into committee on the Representation Bill. Attorney-General Gibson said that the Government had been entirely influenced in the matter by the object of making a fair division. The two divisions of West Algoma had been based on the principle that each included the section tributary to the line of railway by which it was served.

Mr. Whitney objected to the principle on which West Algoma had been divided by putting Fort William into the Northern and Port Arthur into the Southern division. The people of Rat Portage were opposed to the measure.

Mr. Conmee supported the measure as being framed to promote the convenience of the people. The bill was reported.

On the third reading Mr. Whitney moved a reference back to amend the second clause so as to divide the constituency of West Algoma by a line drawn north and south. This was lost on division and the bill read a third time.

The bill to amend the Statute Law was read a third time.

Mr. Carscallen moved the second reading of his bill respecting prison-made goods, providing that prison-made goods should not compete in the outside market with those made by free labor, but should be supplied to public institutions. Mr. Stratton said that the products of the woollen mill, tailor shop and shoe shop at the Central Prison were consumed in other institutions. The binder twine was branded as prison-made. The products of the machine shop did not come in competition with any class of goods manufactured in this country. The wooden ware made at the Central Prison competed to some extent with American imports but not with Canadian goods. The bill was lost on division.

Several other measures were withdrawn.

Hon. J. M. Gibson, in moving the adjournment of the House until 3 p. m. Monday, when prorogation will take place, congratulated the members on the generally satisfactory tone of the debates and paid a high tribute to the patience and impartiality displayed by the Speaker throughout.

Mr. Whitney said that he re-echoed the sentiment that the day when the Speaker first occupied the chair was a fortunate one for Ontario. The Speaker made an appropriate reply.

In answer to a question by Mr. Whitney, the Attorney-General said that he was not in a position to indicate the probable date of the elections. He might say, however, that the public interest would be consulted and that there was no intention to hold them at an unreasonable time.

The proceedings were brought to a close by heartily singing "God Save the King."

Gained Twenty-two Pounds.

Gave Up Drugs and Was Cured of a Disease That Had Been Pronounced Incurable.

It is with a deep sense of gratitude I send you for publication a brief account of my truly wonderful experience with Powley's Liquified Ozone. For the last ten years I have been an intense sufferer from stomach trouble. I have had all sorts of treatments until I was thoroughly discouraged. I was subject to spells of faintness, which would attack me very suddenly, often at work, and these seemed more than I could bear. I felt that I was dying of starvation and that my end was not far off. It was, therefore, with very little confidence that I was persuaded to try Ozone. This was in June. Headaches, pain in the stomach, reaching around to the back, and in my kidneys, together with internal weakness, racked and overpowered my system, while at times a sense of suffocation threatened the immediate termination of my miserable existence. A neighbor knowingly observed that my wife would soon get the $2000 policy on my life.

Since starting the new no-drug treatment I have gained twenty-two pounds, am working every day, can eat nearly everything and feel well and hearty.

But the good work of Ozone did not end here. My wife, who had been operated on for internal troubles, has been greatly built up by it, while my little girl, now thirteen, we both feel has been spared to us, by God's blessing, through its use. For three years she has had one of those dry, hollow coughs that quinine or medicine will not touch. We took her away from school a year ago, knowing that she would not live long. We commenced giving her Ozone about two months ago, and the cough has entirely disappeared, and she has gained twelve pounds in that time. We will send her to school again next week.

I believe Ozone is the greatest of modern preparations, for mine was a hopeless case, and I am confident it is only a matter of time when the people of Ottawa will sing its praises universally. I find there is much to be learned about the use of the marvellous discovery, it being applicable in so many ways. I do not believe drugs could have helped me at all.

I cannot too highly praise it and will cheerfully answer any inquiry concerning my experience with it. Signed, E. J. Doyle, 58 Percy street, Ottawa, Ont.

Do not drug yourself to death—natural methods are best. There never was so much sickness in the world until humanity began to depend upon stimulants and narcotics to keep well. You can adopt the natural method if you take Powley's Liquified Ozone. You'll never regret it—only 50 cents and $1 a bottle at all druggists.

A PERSONAL INVITATION

... BY ...

H. LeBrun & Co

You are cordially invited to the City Clothing Store to inspect the splendid display of New Spring Clothing and Furnishings just opened up.

EASTER IS NOT FAR OFF

and calls upon you to think quickly about your Spring attire. Our high-class, correct and reliable Clothing and Furnishings will do all the talking necessary to convince you that it is to your interest to select from us.

Come and pass judgment on our correct Spring Styles—the largest as well as the best value in town.

All the Suits and Overcoats are in
All the Furnishing Goods are in
All the New Hats and Caps are in

What about a New Spring Coat?
What about a New Spring Suit?
What about a New Spring Hat?

Every article for good dressers—for man and boy—is guaranteed the best in make and quality for the money.

Everything new for the season in Ties, Gloves, Shirts, Collars, etc., at LeBrun's.

Blizzard Ties Up the West.

Winnipeg, March 17.—The blizzard, which set in on Friday, reached its height Saturday night, and is now gradually dying out. Its effects have been most severe, almost all the traffic is tied up. The storm appears to have been general throughout the province.

Italy Keeps Her Anarchists.

London, March 17.—Seven dangerous Anarchists were arrested the other day at Naples on board a steamer that was about to sail for New York. All had been condemned to long terms of imprisonment for a variety of crimes.

Shiloh's Consumption Cure

Cures Coughs and Colds at once. It has been doing this for half a century. It has saved hundreds of thousands of lives. It will save yours if you give it a chance. 25 cents a bottle. If after using it you are not satisfied with results, go to your druggist and get your money back. . . . .

Write to S. C. WELLS & Co., Toronto, Can., for free trial bottle.

Karl's Clover Root Tea corrects the Stomach

ITALY'S SURRENDER.

Averts a Crisis by Giving Public Money to Railway Employes.

London, March 17.—The situation in Italy has become more serious, as the crisis is only postponed. The surrender of the Liberal Government to the Socialists' demand constitutes a new precedent in modern government.

The threatened railway strike was based on demands for an increase in wages, which the companies protested they were unable to pay. The Zanardelli Government has now introduced a bill, providing for the payment of three-quarters of the disputed amount, $6,500,000, from the public treasury. The Conservatives rather than take the responsibility of forcing on the strike will not oppose the bill, which is likely to pass.

Yesterday afternoon confidence was voted in the Ministry.

Catarrhal Poisons and Their Remedy

The poisonous secretions from catarrh are dangerous because they affect the stomach and bowels, giving rise to an unhealthy condition of these organs. Catarrh is the source of much ill-health, and was considered practically incurable until it was demonstrated to the satisfaction of the medical profession that by the use of Catarrhozone any case of nasal or throat trouble can be permanently and quickly cured. Catarrhozone by its unusual merit has enlisted the support and endorsement of the most prominent medical authorities, who freely state that anyone giving it a trial is sure to receive permanent benefit. Sold for $1. Small size, 25 cents. Druggists, or Polson & Co., Kingston, Ont.

Edict Against Insults

Pekin, March 16.—Because a Chinaman threw a stone at Baroness Romani-Avezzana, wife of the secretary of the Italian legation here while she was passing in the street, the Dowager Empress has issued an edict sternly admonishing the Chinese against insulting foreigners.

MR. RHODES' DONDITION.

In Addition to Heart Trouble Is Suffering From Cancer—Kruger Sees God's Hand in Rhodes' Affliction.

Cape Town, March 16.—Cecil Rhodes is weaker. He is now hardly able to speak. The weather is warm and not favorable to the sick man. He dozed considerably, and took some nourishment during last night, but this morning he was decidedly weaker. At four o'clock this afternoon his condition was unchanged.

The condition of Cecil Rhodes was unchanged at a quarter to six this evening.

Suffers From Cancer Also.

London, March 17.—The British South African Company has received the following despatch from Cape Town, dated yesterday: "Dr. Stevenson late last night considered Mr. Rhodes' condition critical. He passed a restless night. The attacks of heart failure continue.

The critical condition of Cecil Rhodes is closely watched here. A report was published last evening that apart from his heart trouble, he is suffering from cancer.

Kruger Sees God's Hand.

London, March 17.—News has been received here that former President Kruger, on being informed of the critical condition of Cecil Rhodes, read a passage from the Bible, indicating that the Lord, in the opinion of the venerable President, was on the side of the Boers, and would punish their enemies.

What Causes Pain?

Most pains and aches come from excess of uric acid poisons in the blood, due to deranged kidneys, rheumatism, backache, lumbago, pains in the sides limbs, accompanied by bladder and urinary troubles, are warnings too serious and painful to be neglected. Dr. Chase's Kidney and Liver Pills act directly and specifically on the Kidneys, make them active, vigorous, and thoroughly cure these ailments. One 25c box of this great Kidney medicine will do you a world of good.

A Goderich Man Drowned.

Goderich, March 17.—Last evening about 7.20 three men named Ed. Lynn, William Martin and Murdoch MacGuire left the harbor in a scow. When on the lake about 200 yards north of the pier the boat upset and turned over. The two first named managed to reach the scow and held on till the lifeboat arrived to take them off. They were unable to speak. It was supposed MacGuire, who was a strong swimmer, tried to make the shore, but could not battle against the strong current flowing from the river. The drowned man leaves a widow and large family.

Suicide Followed Remorse.

Buffalo, March 17.—Remorseful because of his arrest on a charge of insulting a woman, Edwin Douglass, a well educated young Englishman, committed suicide in a cell of an east side police station yesterday. Douglass fastened his necktie to a supply pipe and tied the other end about his neck, and, lifting his feet clear of the floor, strangled himself. His family lives in England.

Strong Enough for Cancers.

Cancers are caused by poisonous humors in the blood. The only non-surgical treatment known is Merrill's System Tonic. This is a powerful blood purifier and at the same time blood builder. It cures Scrofula, Eczema and Salt Rheum in thirty days and boils and pimples in a week. 50 doses, price 50c. Sold by Ormond & Walsh, druggists.

Useless.

Mr. D. Speptic—My dear, I wish you would prepare something occasionally to tempt my appetite.

His Wife—The ideal Why, you have not any appetite to tempt.—Catholic Standard and Times.

FROM LORD METHUEN

Heroic Conduct of the Infantry and the Artillery.

HOW THE PANIC WAS CAUSED

Mounted Troops Retired, But the Infantry With the General Held Out For Three Hours Longer—The Cape Police Held Out Longer Still, Until British Guns Were Turned on Them—Kitchener's Friendship.

London, March 17.—The War Office has received the following communication from Lord Kitchener at Pretoria: "Lord Methuen has sent me a staff officer with a dictated despatch from which it appears that certain particulars previously given are inaccurate. The rear screen of mounted troops was rushed and overwhelmed at dawn. There was a gap of a mile between the ox and the mule convoys. The mounted supports, to the rear of the screen, with Gen. Methuen, immediately reinforced by all the available mounted troops and a section of the 38th battery, maintained themselves for an hour, during which the convoys were closing up without disorder.

"In the meanwhile, two hundred infantry were being disposed by Lord Methuen to resist the Boer attack, which was outflanking the left of the rear guard. The Boers pressed that attack hard, and the mounted troops attempted to fall back on the infantry, got completely out of hand, carrying away with them in the route the bulk of the mounted troops.

"Two guns of the 38th Battery were thus left unprotected, but continued in action, until every man, with the exception of Lieut. Nesham, was hit. Lieut. Nesham was called on to surrender, and, upon refusing to do so, was killed.

"Lord Methuen, with two hundred of the Northumberland Fusiliers and two guns of the 4th Battery, then found himself isolated, but held on for three hours. During this period, the remaining infantry, viz., 100 of the Lancashires, with some 40 mounted men, mostly Cape Police, who had occupied the kraal near the wagons, also continued to hold out against the repeated attack of the Boers.

"By this time Lord Methuen was wounded and the casualties were exceedingly heavy amongst his men. Their ammunition was mostly exhausted, and the surrender was made at about 9.30 in the morning.

"The party in the kraal still held out, and did not give in until two guns and a pom-pom were brought to bear upon them at about ten o'clock, making their position untenable.

"It is confirmed that most of the Boers wore our khaki uniforms. Many also wore our badges. Even at close quarters, they could not be distinguished from out own men.

"It is clear the infantry fought well, and the artillery kept up the traditions of their regiment. In addition to the 40 members of the Cape Police, already mentioned, a few parties of Imperial Yeomanry and Cape Police continued to hold their ground after the panic had swept the bulk of the mounted troops off the field."

From other despatches it appears that Gen. Methuen was shot while riding to bring up the mounted troops, and that his horse was killed.

After the surrender Gen. Delarey rode up and treated Gen. Methuen with the greatest courtesy and consideration. He ordered his return to Klerksdorp under the care of his own nephew and a medical officer.

According to the Klerksdorp correspondent of The Daily Mail the burghers were so angry at this that a party of them went out and brought General Methuen back. General Delarey, however, overruled the objections of the burghers.

Lord Methuen's Casualties.

London, March 17.—The War Office publishes a list of additional casualties to Gen. Lord Methuen's force in the fight with Gen. Delarey. This list gives the names of ten other men of the Imperial Yeomanry killed and thirty-three wounded. The first list gave the names of four officers and thirty-eight men killed and seventy-two men wounded, in addition to a number of officers.

Lady Methuen Turns Back.

London, March 17.—Lady Methuen arrived at Southampton yesterday morning from Cape Town. She had been notified of the wounding and capture of Lord Methuen at Madeira. A message was sent to her from the War Office, stating that her husband was doing well and had been moved to Johannesburg. She had her baggage transferred at once to the Castle liner Walmer Castle, which sailed for Cape Town Saturday afternoon.

Another Commandant Caught.

Pretoria, Transvaal Colony, Friday, March 14.—Commandant Celliers of the Kroonstad, Orange River Colony, commando of Boers, was among the prisoners captured by the British recently in the Heilbron District.

No Italian Intervention.

Rome, March 17.—In the Chamber of Deputies Saturday Signor Prinetti, the Minister of Foreign Affairs, replying to a question, said the Government of Italy declined to take the initiative in proposing European intervention in South Africa. He was glad of the opportunity to say that the relations between Italy and Great Britain were never more cordial and intimate than at present.

Civil Treason Court No More.

Durban, Natal, March 15.—The civil treason court has been disbanded.

More New Zealanders.

Wellington, N.Z., March 17.—The New Zealand Cabinet has resolved to send a tenth contingent of 1,000 men to South Africa.

TWO MORE CANADIANS DIE.

Three Others Dangerously Ill.—Their Next of Kin Given.

Ottawa, March 17.—The Casualty Department at Cape Town cables the Governor-General the following casualties in the South African Constabulary:

James George Stephenson, father, Mr. Stephenson of Norwood, Ont.

Edward Charles Baker, father, John D. Baker, Oak Lake, Manitoba.

Dangerously ill from enteric:

William Pell, sister, Miss Emily Pell, 304 Hargrave street, Winnipeg.

John Duncan May, father, F. May, Stonewall, Manitoba.

Morgan T. Holmes, sister, Miss Maud Holmes, Brockville, Ont.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50 cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, billiousness, constipation and all derangements of the stomach, however slight or severe."

WRECKED FORTY HOMES.

A Cyclone Struck Piper, Bibb County, Ala.—Hon. Charles Fitzpatrick Dined by Reform Club at Montreal.

A prohibition convention will be held in Winnipeg March 25.

Drophy, the Yukon highwayman, was sentenced to life imprisonment.

At Montreal, Que., on Saturday Hon. Charles Fitzpatrick was dined by the Reform Club.

It would not be surprising, according to the statements current at London, if Delarey, Botha and Dewet should go to Klerksdorp and talk over the situation with Lord Kitchener.

Rev. Principal Grant of Queen's University, Kingston, on Thursday last underwent an operation in St. Michael's Hospital, Toronto, for calculus, and is now on a fair road to recovery.

Arthur C. Martin, a T. H. & B. brakeman, died Saturday at the Hamilton Hospital from injuries received there about three weeks ago. He was caught between the couplers and crushed.

At Birmingham, Ala., a cyclone struck the mining town of Piper, Bibb County, late Sunday night, wrecking forty houses and damaging 35 others. Ed. Turner, colored, was killed.

William J. Bradshaw, a Toronto insurance agent, while returning home early Sunday morning, was run down by a shunting engine at the C.P.R. crossing at Eastern Ave. He lost his right arm.

At the opening of the new bridge across the River Maranon, at Lima, Peru, the structure divided into two and more than one hundred persons were drowned. A priest was offering a blessing at the time.

At Niagara Falls Friday afternoon Charlie Pearson of Willoughby was removing a gun from the wagon, when it was discharged, the charge striking him. He lingered for six hours and then passed away.

Eugene Gauthier is under arrest at Montreal for the murder of a woman named Gentile of New York, the common-law wife of a barber of that city, with whom he was in love. He came to see his mother in Montreal, but gave himself up instead.

About 60 arrests have been made in connection with the condemnation to death by a court-martial at Warsaw of a Russian colonel of the name of Grimm, for the systematic revelation of military secrets to a foreign power. Among the persons apprehended are a number of Russian officers of high rank. Col Grimm has not yet been executed.

Advertising in the Examiner pays.

NO TARIFF CHANGES.

Minister of Finance Will Make His Budget Speech To-Day—Mr. Borden to Attack For Not Increasing Duties.

Ottawa, March 17.—The Minister of Finance will deliver the budget speech this afternoon. It is not expected that he will announce any tariff changes, but there is a strong impression that the admission free of duty of machinery for the manufacture of beet sugar will be continued from April 1 next for a few months longer. The Finance Minister will probably be succeeded by the leader of the Opposition, who, according to rumor, will attack the Government for not increasing the duties in the interest of certain industries, as well as for the cautious attitude assumed by it in regard to the program mapped out for the Imperial conference. The debate will, in all likelihood, continue for a week. Rumor has it that Sir Richard Cartwright will take part in the debate at an early period, and if so an able and forcible deliverance may be looked for.

WRECK OF THE TIBER FOUND.

The Vessel Completely Below Water—No Trace of the Crew.

Halifax, N. S., March 17.—A despatch from Canso late Saturday afternoon announced the wreck of the Dominion Coal Company's steamer, Tiber, has been found off White Point Ledges, five miles west of Canso. The news was brought to Canso by lobster fishermen.

The steamer is below the water, and pieces of wood and other wreckage floating about led to the discovery. The wrecked steamer is a considerable distance from the shore. No trace of the crew has been found, and it is thought that they have all perished.

The steamer left Louisburg, C. B., on Feb. 26, with a cargo of 1,900 tons of coal for Halifax. Nothing more was heard of her until March 3, when some wreckage and life buoys from the steamer were found in the vicinity of White Head.

The Tiber was commanded by Capt. Henry Boulanger of Quebec, and carried a crew of 20 men. It is probable that a wrecking steamer and lighter will be sent from Halifax to the scene of the disaster, to ascertain if there are any bodies in the steamer.

The steamers Ulunda and Ionian arrived Saturday afternoon, the Ulunda from London and the Ionian from Liverpool. Neither saw anything of the Huronian.

EXPERIENCE TEACHES

The Only Valid Argument in Favour of any Medicine is the Results Achieved by its use.

From the beginning of time man has been struggling to overcome disease.

The history of his efforts in this direction would be a very interesting story if collected and arranged.

Scientific and theoretical systems of medicines have been devised and promulgated only to be discarded later as unscientific and not practical.

Many fanciful remedies and treatments have been and are being put forward only to fail when brought face to face with disease and one after another to sink into oblivion and be forgotten.

There is only one absolute test of the value of a medicine and that is, the results achieved by its application to the disease it professes to be able to cure.

By this, the only test, do Dodd's Dyspepsia Tablets ask to be judged.

They claim to be able to cure Dyspepsia, Heartburn, Biliousness, Sour Stomach, Indigestion, Bloating, Headache, or any of the many results of a disordered or deranged condition of the digestive machinery.

They are based on the latest and most scientific theory, it is true, but they do not ask favourable judgment on that account.

Dodd's Dyspepsia Tablets do Cure.

This is their only argument.

They have met and conquered the most stubborn cases of long standing Dyspepsia, cases that have been given up as incurable by the best physicians.

They have been offered as a remedy for stomach troubles for years, and year by year their popularity has increased, as the reports of their victories have accumulated.

Reports of remarkable cures have been published almost daily for years. Every opportunity for verification has been given. Investigation has confirmed and strengthened the truth of the statements made.

Dodd's Dyspepsia Tablets have been tried and proven. They have done all they claim to be able to do. They are a genuine cure for all Stomach Troubles.

A Common Dilemma.

"How do you like your new cook?"

"Ever so much, but I'm afraid to let her know it."

"Why?"

"She'd want more wages."

"Then why don't you appear dissatisfied?"

"Because then she'd leave."

Dense.

Wigg—The population in London is very dense, isn't it?

Wagg—Dense is no name for it. They couldn't understand my jokes at all.—Philadelphia Record.

Some people go abroad to complete their education and some to begin it.

Grip-Quinine Tablets Cure Malaria

That is a fact. And Malaria causes a whole lot of symptoms which are frequently treated unsuccessfully as separate diseases. Headache, Neuralgia, Pain in the Side, Backache, Chills and Fever, Chilliness, Drowsiness, Ague-cake with constipation and biliousness, Furred Tongue, Muscular Pains and Soreness, etc., are some of the symptoms so caused. This is another fact. These two facts together are a key to many troubles which you find from time to time in your own person. GRIP-QUININE clears the "plasmodium malariæ" out of the blood and cures the symptoms—all of them. "I cannot take quinine, it makes me sick." GRIP-QUININE is the soul of quinine with the drone left out.

Daily Examiner.

MONDAY, MARCH 17, 1902.

Shamrocks From Erin.

Mrs. Wm. Menzies, of No. 291 Rubidge street, received this morning a well-timed package of Shamrocks picked from her birthplace in Fermoy, Ireland.

Ladies' Auxiliary.

A special meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held on Thursday afternoon at 3.30 p.m., March 20th. All members and any ladies interested in the work, are invited to attend.

Basketball.

The Brownies and the Harriers will play a game on Saturday evening next commencing at 7.45 o'clock. Great rivalry exists between these two teams, and the contest should prove interesting. The proceeds will be given to the Children's Aid Society.

Butterick Patterns for April.

Bolero styles in waists, shawl and sailor collar effects in blouses, postillion and peplum effects in Eton jackets, the new French fit, with seams to the shoulders. Call into the Peterborough Bookstore and get a copy of April Fashion Sheet free.

Men's Meeting.

Mr. Sorsoleil gave a clear-cut, practical and impressive address to men at the Y.M.C.A. yesterday. He presented Christ as the Captain, whom men could safely follow, and whom they must follow, if victory was to be theirs. Mr. Mulligan sang with good effect in two solos, and rendered most valuable assistance in the song service.

The J. C. Turnbull Co.

The effective half-page advertisement of the J. C. Turnbull Co., on the 8th page, will be read and remembered by every woman who has been watching for the date of the millinery openings. This event takes place at Turnbull's on Thursday, March 20th, and the preparations are on a scale the like of which have never been attempted before.

Late Mrs. Maloney.

The Houston, (Minnesota) Signal, of a recent date says: "Mrs. John Moloney, one of the oldest settlers of this vicinity, died on Saturday, 22nd of February, at the home of her daughter, Mrs. P. Burke, at the age of 93. Deceased's maiden name was Catharine Kennedy, and she was born in county Tipperary, Ireland, coming to Canada when a young girl. A few years afterwards she married John Moloney, which union was blessed with eight children, five of whom are still living. They are, Dennis, John, Michael, Mrs. P. Burke, of this place; and Mrs. M. Sheridan, of Hillsboro, North Dakota. Too much cannot be said of the high esteem in which she was held by all who knew her, for her womanly virtues. A large concourse of relatives and friends followed her to her last resting-place in the Roman Catholic cemetery, at Rushford."

The photo of the Royal chorus is finished and can be seen at Mr. Whiten's studio. All members wanting a photo of the group can order it now. Mr. G. W Mulligan intends sending one of the photos to the Prince of Wales.

PERSONALS.

Mr. and Mrs. J. J. McBain spent Sunday in Lindsay.

Miss Vance, of Millbrook, is the guest of Mrs. R. Neill.

Mrs. A. A. Cox and Miss Lillie Cox are spending a few days in Toronto.

Mrs. Ryerson Ritchie, and her niece, of Cleveland, Ohio, are in town, the guests of Dr. Greer.

Mr. and Mrs. J. B. Gould of Markham, are the guests of Mr. and Mrs. J. S. Knapman.

Rev. Orr Bennet conducted service in the Mill street Presbyterian church, Port Hope, yesterday.

Under the will of the late Rev. Dr. Andrews, of Keene, Miss Janie Miller, nurse-in-training in Nicholls Hospital, is made the recipient of $500.

Mr. Horace Ayers, Physical Director of the Y.M.C.A., is in Port Hope to-day officiating as judge at a gymnastic contest at Trinity College School.

Miss Rebekah Lawson of the township of Otonabee, and sister of Mr. David Lawson, died yesterday afternoon. The funeral will take place to-morrow afternoon at 1.30 p.m., to St. Mark's church, Otonabee.

NEWS NUGGETS.

—The Court of Revision meets this evening.

—The gentlemen of Havelock will give a ball on Easter Monday.

—St. Patrick's Day entertainment in the opera house this evening.

—The spring drill of the 57th will be held the first week in April.

—Town Council meets in Committee of the Whole on Wednesday night.

—The spring assizes open on Monday next before Hon. Mr. Justice Lount.

—A chimney blaze at Bates' bakery gave the brigade a run at 7.30 this morning.

—The annual meeting of the Retail Merchants' Association will be held this evening.

—The basketball match at the Y. M.C.A. next Saturday should be well tended, the proceeds being in aid of the Children's Aid Society.

—Don't forget that the Sons of England are going to hold a tea and concert on Easter Monday night — March 31st. Keep the above date clear.

—Miss Delaney is expected home from New York this week in time for the millinery openings. She sends many new American novelties ahead for the event.

—At the George street Methodist Sunday school yesterday Sergt. V. LeBar gave a very interesting address to Mr. S. R. Armstrong's class on his experiences in South Africa.

—Prof. O'Brien, as will be seen by his advertisement, is determined to remain in town for another week. He feels greatly pleased at the very liberal support accorded him in Peterborough.

—Mr. T. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

—County Constable Cochrane arrived home on Saturday night from Belleville where he went to bring back to Peterborough the young man who is charged with setting fire to a house on Robinson street, Ashburnham, some weeks ago. He was remanded until Thursday.

—The W. F. M. S. of St. Andrew's church will hold its regular meeting to-morrow (Tuesday) night, at 8 o'clock. Miss Dickson, secretary, Y. W.C.A., who was a delegate to the Foreign Mission Volunteer Convention in Toronto, will address the meeting. All are cordially invited.

IN LATEST SPORTING CIRCLES.

Ottawa Basket-Ballers to Play Peterborough.

Notes on Hockey and Other Lines of Sport—Capt. McPherson of the Rugby Team.

HOCKEY.

The Toronto Globe says:—"It is a pitiful thing that any person old enough to have learned to read and write should be so feeble-minded as to believe, or to suppose his readers would believe, this statement in a Galt Reporter editorial: 'The Executive (of the Ontario Hockey Association) came to Galt last night prepared to back the referee in any outrageous decision he might make in the interest of Peterborough.' I can understand the idea of local patriotism that is found in many places which makes the small boy follow the visiting team and throw rocks at them, but it is beyond all comprehension how a man—that is, supposing he was mentally sound at any stage—can work himself into such a frenzy as to ask anyone to believe with him that the members of the Executive of the governing body in any sport in this country are leaving their business and going about trying to cheat one of their own clubs."

The Kingston Ladies' hockey team presented W. E. Bonter, manager of the Kingston rink, with a large tin of fine tobacco, and M. E. Flanagan, ice superintendent and assistant manager, with a handsome tobacco pouch. Then the ladies told them to smoke up.

BASKET BALL.

There was heaps of joy at the Y. M.C.A. gymnasium Saturday night, when the spectators came to witness two games that were of more than ordinary interest. The Ironclads were nourishing some feelings of defeat since their last game with the Orioles, and the Business College had supporters from all parts of the town to do their boys justice as far as support could go. There would have been some people in deep mourning at the hall of learning if the boys had retrieved their two previous losses, but they did all that was necessary—they won by a score of 24—21. Those who witnessed the last game say it was the most exciting that has taken place for some time as the scoring up till the end of the first half was a goal about. Just before half time was called Robertson for the Orioles had the misfortune to sprain his ankle which laid him off for the night. The score in the first game was 21—6. This will satisfy the Ironclads that they will have another chance at the Orioles to win the factory championship.

The public are reminded that next Saturday night the game will be between the Brownies and Harriers. Announcement in another column.

The team which was picked by ballot to represent the Peterborough Y.M.C.A. against Ottawa is as follows:—Campbell and Dobbin, defence; Fred Smith, centre; Robertson and S. Hall, forwards.

Basketball is a game that has become very popular in Peterborough, and some really fast men have come into prominence during the past year. It is some time, however, since an out of town game has been played, so that the people of the town will hail with delight the opportunity of witnessing the game which has been arranged for April 1st. The local Senior Y.M.C.A. team has made arrangements with the Y.M.C.A. team of Ottawa to play here on that date. The Ottawa Y.M.C.A. team holds the championship of the Ottawa City League, and constitute a really first-class aggregation. The locals deserve credit for bringing a team of such prominence to Peterborough, and they should receive every encouragethey should receive every encourage-

RUGBY.

At a meeting of the Peterborough Rugby team, which was held in the Oriental Hotel on Saturday evening, Mr. A. W. McPherson was elected captain for the ensuing year.

LACROSSE.

An executive meeting of the Peterborough Lacrosse Club will be held in the Y.M.C.A. parlours on Wednesday evening at 7.30 o'clock sharp. It is important that there should be a full attendance.

All members of the Y.M.C.A. interested in lacrosse are reminded of the organization meeting at the Y.M.C. A. to-morrow evening at 7.30 sharp. The meeting is just before gymnasium class and all those who have signed will kindly be on hand. Tennis meeting Thursday night.

CURLIANA.

The curlers are hoping that the rink will be opened up for one night's big bonspiel before the season closes.

Secretary Jas. A. Macfadden of the Ontario Curling Association has not received any returns as yet in the general competition at the points game for the association medal. Last year reports were sent in from only five clubs, which last included 21 players who made scores over 30. The medal was won by Mr. T. G. Williamson, an occasional member, of Campbellford, with a score of 45. Mr. A. Congalton of the Guelph Unions was second with 39 and T. Graham of Hamilton Asylum next with 38.

CRICKET.

Cricket is a big game in Australia. The Melbourne Club, which was founded about the time the city was begun, now numbers more than 3,000 members. It keeps 26 men busy to care for its property. Frequently crowds of 50,000 people assemble at the matches.

New Delicacies.

We offer the following fresh arrivals, which are all extra choice: Large Florida pineapples, ripe bananas, new cauliflowers, crisp, white celery, new rhubarb, radish, lettuce, onions, parsley, etc. S. A. Oke, No. 376 George street. Telephone 18.

Fragrant and Fresh.

When you order your flowers from Cobb's you are assured of good quality. Carnations, violets, lilies, begonias, ferns, palms, etc., fragrant, hardy and fresh, at dwarfed prices. Aylmer street Greenhouses. Phone No. 182.

St. Patrick's Day.

St. Patrick's Day was celebrated in the usual manner by the Irishmen, and others, of Peterborough, and the shamrock was greatly in evidence on the streets of the town. In St. Peter's Cathedral two masses were celebrated, the first at 7 a.m., and the second at 9 a.m.

Fresh caught White Fish, Trout and Pike. Maple Syrup 30c. quart. Dried Peaches 10c. pound. R. A. DUTTON, 418 George street. 'Phone 304.

CHURCH CHIMES.

The anthem, "There is a Green Hill Far Away," was sung with most pleasing effect in All Saint's church last evening. The contralto solo was taken by Miss Lila Meharry, and the soprano solo by Miss Mary Rush.

At St. Paul's church yesterday morning, Mrs. Mels and Mr. James Dawson sang the duet, "Christian, the Morn." In the evening Messrs. Milne and Dawson sang, "How Long wilt Thou Forget Me," Mr. Milne taking the solo parts.

The services yesterday at St. Luke's were attended by good congregations. In the evening Rev. E. A. Langfeldt preached on "Home Duties," taking for his text II. Samuel, xxiv, 24, — "Neither will I offer burnt offerings unto the Lord of that which cost me nothing."

Closing Exercises.

On April 4th the closing exercises of the Y.M.C.A. will be held. A good programme is being arranged, consisting of dumb-bell drill, junior wand exercises, marching, letter and military exercises, by the senior boys, tug-of-war, mat and elephant work, fencing and wrestling contests and other interesting events.

IRISH AT HOME.

Monday evening, March 17th, in St. Andrew's Lecture Hall, under auspices of Daughters of Erin. Most unique and popular entertainment of the year. Mr. Frank Otto, harpist, will appear. Admission 20c. 3d

TO BUILDERS.

Sealed Tenders will be received by the undersigned until Friday, 28th of March next, for the erecting of a brick terrace on Harvey street. Plans and specifications can be seen at the office of Mr. W. Blackwell, Architect, Water street. The lowest or any tender not necessarily accepted.
11d63. F. J. JAMESON.

Queen Quality

—the Famous Shoes for Women. Thousands have tried them, and all speak highly of them. Comfort, Style and Good Qualities.

"A handsome gown for a handsome foot."

Graceful and glove-fitting—par excellence the shoes of all shoes.

Easy on the feet from the first day—no breaking-in needed.

Dry—warm—help to keep out the cold and dampness.

Mannish Shoes for Women, in button and lace.

Just the thing for tender feet and those who do much walking—a stylish street boot.

Many elegant styles in these famous American Shoes, for which we are the Sole Agents in Peterborough.

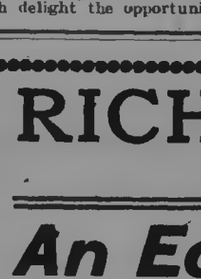
PETERBOROUGH'S MODERN STORE.

An Early Easter and An Early Spring

At least these are the present indications, and everybody seems to think Spring is here. We are selling lots of Spring Goods already—more than usual for this time of year.

Our Spring Opening is THURSDAY, MARCH TWENTIETH—that's this week. We would like you to see our display. If you can't come in the day time, you can see it in the evening. We will be open till 9.30 p.m. on Thursday.

SPRING GOODS!



For your Easter Gown you'll find here some of the best goods we have ever shown. They are of a quality which will make up with elegant effect, and have the beauty which will please careful dressers. You can get the linings a perfect match in colour for all the materials, and an endless variety of trimmings as well.

We carry an immense assortment of Dressmakers' Supplies, or if you prefer to have your gown made by our dressmakers, we can guarantee you perfect satisfaction.

CARPETS and HOUSEFURNISHINGS

We don't think you can duplicate our assortment of Carpets and Housefurnishings in this city—nor in many of the larger cities, either. Our assortments this year are larger than ever. Our qualities are even better than heretofore, and our prices are that much lower that you will be able to notice it.

Our Carpet Section is on our Second Floor. When you are inspecting our display of Millinery and Jackets, see our display of Carpets and Housefurnishings. You won't regret it.

PORT HOPE KNITTING WORKS

LEADER WHITNEY'S PULPWOOD POLICY.

(Continued From 1st Page.)

ernment is doing is in the interests of the business men of this city, and the province generally, that I know that they will be a unit in saying, "YES. GIVE EVERY CONCESSION THAT YOU CAN, AS LONG AS THEY ARE GUARDED BY THE FAIR TERMS CONTAINED IN THESE AGREEMENTS." (Applause.)

Look at the "Soo" to-day. See how that place has grown. The giving of that concession furnishes work for thousands of men to-day. The town's population has more than doubled, and house building, as we all known, is going on at a very rapid rate. Now, sir, what caused it? THE GIVING OF THAT CONCESSION. (Applause.) And I say to you, to-day, Mr. Speaker, that the more of these concessions we give, the better I think it is for all concerned. (Applause.) Now, then, we have had several concessions, from that time — (seven years ago) — until the present. Until the Spanish River concession; never a word was raised by any hon. gentleman in this House against it, not one. They sat there from time to time while these concessions were passing through, and all of a sudden woke up to the supposition that something was not right, that something was not "on the square." This was two years ago, and it shows that the hon. gentlemen had no faith in what they said for when they had an opportunity of taking stock in that company they would not invest one single dollar. On the one hand they say we are making millionaires of these men who are selling out and getting fabulous prices for their rights, and when given the opportunity to purchase stock they had not the courage of their convictions. (Applause.) What has this Government tried to do? They insert in these agreements a clause preventing people from selling, and I want to say, sir, that this agreement is THE MOST FAVOURABLE AGREEMENT EVER BROUGHT BEFORE THIS LEGISLATURE. (Applause.) Now, sir, that being the case, why should I not support it? We have the timber.

Millions of Dollars Worth

of it has been burnt in the past, and if we had had these pulp mills it would have been used and the country would have had the benefit of it. Now, I say, sir that we have the timber, but it is of no practical value to the Province unless utilized. Then there are only two parties to do it, that is the Government and the public. It would not be well for the Government to enter into the manufacture of pulp, not unless we got some of the honourable gentlemen who oppose the agreement to go through the mill, then perhaps I think it would be of some good. (Laughter.) It is not for the Government to do. Then by what party? The public. That is what is being done and the timber is of no value to the Province unless utilized, and IT CANNOT BE UTILIZED TOO SOON. Had it been utilized in the past, great quantities of timber instead of being destroyed by fire would have been made use of and money from that source would have been set into operation and employment furnished for large numbers of men. (Applause.)

Now it has been said that it should not be done in this way. I think it is the wisest way. The Province is not liable in any way for it. The Government's position is, and the Opposition's position was, until two years ago—What? Any parties who sought out what they thought was good territory for this purpose, came to the Government and made the agreement. Now if any do not get good territory, who is to blame? Not this Government, not this Legislature, but the parties themselves who sought for the opportunity of erecting the mills. What is the position we would have been in in this Lloyds and Sturgeon Falls difficulty, but for this condition. In that case these parties took the agreement just as other have taken it. They sold it and it could not be said that the Government had guaranteed anything, or that, from anything the Government had done, the Lloyds people had been deceived. If there was anything practised on the Lloyds people, it was practised by those who got the concession and therefore this

Province was in no way Liable

for any wrongdoing and this Legislature was not in any wise to blame for the subsequent trouble which took place.

So, sir, I say it is wise for the Government not to explore or survey it and say we have a large block with sufficient timber on and invite people to come and take it up. The other course is that the concessionaries look it up for themselves, and if they make a mistake they have only themselves to blame. (Applause.) And now, what do they get? A great deal is said about giving them so much. I am glad to say THEY DO NOT GET THE LAND. That is clear enough anyway. Then they DO NOT GET THE TIMBER, UNLESS THEY PAY FOR IT. They have no right to use any of that timber unless they erect a mill and are going to use it in that mill. Is that not in the interests of the country, Mr. Speaker? (Applause.) Would any man, if he was a private individual owning the timber, shut it up and say, "No, I will not give it to you, or I will not allow you to develop it?" I say, sir, that the course pursued is the only, rational, sensible course that can be pursued in a matter of this description. (Applause.) No man investing a large amount of money such as has to be invested in these enterprises, will embark in it unless they are assured of a large territory at their back, and that the timber is spruce, or suitable for making pulp? Why should they do so? If the timber is not there, they lose what they invest. The territory has to be large because we know that spruce timber only grows in clumps, here and there. In hundreds of miles perhaps not a spruce tree; and in 1600 miles, perhaps more than half of that has not got a spruce tree on it, and that is therefore the reason why the concession must be large. And I say today that any set of men wanting to go into this business would be foolish to go into it without having at their back sufficient timber to last 21 years.

What do they pay for it? If they did not pay enough it is the Government's fault, and if the hon. gentlemen on this side of the House think the present dues of 4 cents are not sufficient, why do they not by resolution say what they think it ought to be. That is

A Better Way Than Finding Fault

with people who are trying to do what is right. Any man or set of men, can pull down and destroy, but it takes other wise men, I think, to build up. (Applause.). I HAVE GOT SICK AND TIRED OF LISTENING to the INNUENDOES THAT EVERYBODY IS A THIEF AND A ROBBER, and so on. I have lived up to my age, and I am pretty well advanced in years, and I think it has yet to be said that I am a robber or a thief, or support men who are robbers or thieves. (Applause.) I am TIRED AND SICK OF IT, I say sir. And I only ask for the privilege and opportunity of meeting honourable gentlemen who make such assertions, and I think I can convince any audience in this country that this is a GOOD BUSINESS PROPOSITION and one FREE FROM ANY WRONGDOING. (Applause.)

What does the setteler get? The party who takes the concession takes it with the understanding that settlement cannot be impeded. That we all understand. The territory involved is open for settlement, and any settler who goes there and remains on that land six months and builds a house 16 x 30 and clears two acres of land, then becomes the owner of all the timber on that land. (Applause.) Now, sir, if they did not have the mill there the settler would not want to go. The poor settlers of our back woods know the value of taking out pulpwood, and it is a fine position that settlers going on these limits become the owners of every stick of timber on them except the pine, and upon which he pays no dues whatever. Who is taking anything from the settler? These agreements do not do so, and I say again that I GIVE MY HEARTY CONCURRENCE to this agreement as I did to those that preceded it. I have said it and I say it again that the Government was doing well and doing right, and that these earlier agreements that we spoke so loudly for were not nearly so favourable in the interests of this Province as the present one. (Applause.)

And I say, Mr. Speaker, in conclusion, why should I efface myself? I feel perfectly certain of my ground, and I want to say this, sir, that I believe the BUSINESS MEN of the Province of Ontario WILL BACK ME UP in the position I am taking that it is both in the interests of the manufacturers and merchants and the general public of the Province of Ontario and especially of the working men. (Loud applause.)

Comment is superfluous. The motion to ratify the agreement was passed, Mr. Marter, the former leader of the Conservative Opposition, voting with the Government and against his party on an issue which sharply marks the dividing line between the Government policy of progress and development and the Opposition policy of do-nothing, drift and stagnation.

MONTREAL'S NEW HOTEL.

The Place Viger one of the Sights in That City.

The Canadian Pacific Railway Company's New Magnificent Place Viger Hotel at Montreal is the last addition to its hotel system which extends from Quebec to the Pacific coast.

The Place Viger is, it is claimed to be the most elaborately furnished and handsomely appointed hotel in that city, being built only three years ago it contains everything new and up-to-date in the business, besides being as absolutely fire-proof as the hands of man could devise.

The location of the Place Viger is a splendid one, directly opposite the lovely "Viger Gardens," Montreal's finest and largest park, and right in the centre of the best residential part of the city, which appeals to the high class tourists and society folks who make this beautiful house their headquarters when visiting the metropolis.

PLAN NOW OPEN AT ORMOND and WALSH'S FOR FRIDAY'S CONCERT.

THE APOSTLE OF IRELAND.

Rev. Father McColl's Sermon on Sunday Evening.

The vigil of St. Patrick's Day was observed in St. Peter's cathedral Sunday evening when Rev. Father McColl preached an eloquent sermon on the Apostle of the Emerald Isle—St. Patrick.

The reverend gentleman reviewed the great work of St. Patrick among the early Irish, how the whole island was brought to a knowledge of the true God by St. Patrick's preaching, and how monasteries, schools and colleges were instituted in the land. Students from Europe flocked to Ireland to be educated and her missionaries went out and by great zeal and piety did wonderful work Christianizing the pagans in other lands. St. Patrick's grand triumph in Ireland, the preacher said, was accomplished without the shedding of one drop of blood, and this remarkable circumstance was contrasted with the terrible sacrifices made in bringing other nations to a knowledge of Christianity—more especially the Roman Empire, where the blood of the early missionaries flowed as water. Reference was also made to the wonderful tenacity with which the Irish clung to the faith down through centuries of oppression. In closing the reverend gentleman urged those of Irish blood to be proud of their nationality and try and emulate the great virtues which their forefathers possessed to a wonderful degree.

The collection during the evening was in aid of St. Vincent de Paul Society.

MAY GET MARRIED.

Members of Peterborough Hockey Team Have Inducements.

Since the Peterborough Hockey Club arrived home from Galt after winning the Intermediate Championship of the O. H. A., the people of the town have been very good to them. They have been feasted and eulogized, they have been presented with championship hats from the various hatters, championship ties and championship articles of various kinds, but the most sensational offer to the young men was handed out this morning. Mr. W. J. Green, City Tax Collector, and Issuer of Marriage Liscenses, wishes to go one better in the donations already made to the boys. He has donated to each member of the team a marriage liscense, free, on certain conditions. The conditions Mr. Green says are—A time limit of three months is allowed on the Goal-keeper, six months on the point and left wing men, and the remaining members of the team are allowed a limit of one year.

Mr. Green, desiring not to be partial towards the gentleman Hockeyists, in preference to the lady stick-handlers of the town, has very generously made a like offer to the girls who are acknowledged District Champions. The conditions in this donation are as follows — Goal-keeper and cover, six months; remainder of team, excepting point player, limit of one year. Point player an extra year. The applications must be made personally.

The members of the Peterborough team have been placed in correspondence with several matrimonial agencies.

IS NOT DECEASED.

The Common Weal Society of Peterborough Still Exists.

The Common Weal Society of Peterborough is not dead. The statement made by a certain minister of the Gospel a week ago Sunday that he understood that the Society was dead or in a trance is not quite in accordance with the facts. The Examiner has been requested to make the above announcement, by one of the most prominent members of the Common Weal. It was decided that is was not necessary to hold any meetings or take up any work outside of the ordinary platform, which the members adopted. The annual meeting of the Society will be held in the course of a few weeks, when it is expected there will be a large attendance of members.

A HARVEY WEDDING.

Nuptials of Miss Anna Cairnduff and Mr. Andrew G. Atchison.

On Wednesday a large number of invited guests gathered at the residence of Mr. and Mrs. Herbert A. Cairnduff, Harvey, to witness the marriage of their daughter, Anna Amelia, to Mr. A. G. Atchison, of Harvey, the ceremony being performed by Rev. G. Horton. The groom was supported by R. Cairn- was assisted by Miss P. Byng, of Bobcaygeon, assisted by Miss Phoebe Byng, of Bobcaygeon. Miss Mary Cairnduff played the wedding march.

The ceremony and hearty congratulations over, all were invited to the dining room to partake of a grand supper prepared for the occasion.

MILLINERY.

MRS. DARNLEY (late of Toronto) will be prepared on and after WEDNESDAY, 19th March, to show the Latest Novelties in French and American Millinery, at her Parlours, 142 Hunter Street, near the Post Office.

Encouraged

by the success attending the first week of our Spring Footwear Opening, the Central Boot and Shoe Store will show their

Appreciation

by renewed efforts to give the people of Peterborough **Values in Footwear** surpassing anything heretofore attempted by the Shoe trade.

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe-in the vapor of Vapo-Cresolene; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 180 Fulton St., New York, U.S.A.

Recommended and sold in Peterborough by H. H. Edmison, druggist.

SAMUEL COOPER DEAD

Some Details of the Homicide at Seguin Falls, Ont

ATTACKED WITH AX AND SHOT

He Tried to Force His Way Into Thomas Hooper's House and the Result Was Fatal—Supposed to Be Demented —Two Other Men Assisted Hooper in Silencing the Crazy Man —How It Was Done.

Parry Sound, March 17.—A report of a serious affair which occurred near Seguin Falls Postoffice a few days ago, reached here Friday, as follows:

A lumberman named Samuel Cooper, formerly of Toronto, who has been working near Seguin Falls during the winter, some time ago showed signs of being demented. He has, however, been considered a harmless character. Lately his case became more pronounced, for he went around amongst the farmers of the neighborhood under the delusion that he had purchased large timber limits and was making a tour of inspection. After walking around all night he went to the house of one Thomas Hooper, with whom, it is said, he attempted to go upstairs. Hooper told him his wife was ill, and wished him to go out of the house. Cooper then said he was God Almighty, and if he but touched her she would recover. Persisting in his efforts to get upstairs, it is said Hooper attacked him with an axe. Two other men who were present, whose names are given as Clair and Bannister, took part in the fight. It is said that six or seven wounds were inflicted on Cooper, the insane man, and that he was shot in the leg. The following day he was taken to the hospital at Huntsville. A telegram from there Friday stated that Cooper is dead. District Constable Hanna, at the instance of Crown Attorney Haight, has been despatched to Seguin Falls to arrest Hooper and the others who took part in the affair. An inquest was begun at Huntsville Saturday, and was adjourned till six o'clock to-night.

Assaulted by Rev. Father Walsh.

Stratford, March 17.—An assault was committed by Rev. Father Walsh, curate of St. Joseph's R. C. Church here, on two young ladies, who were returning to their homes about 9.30 on Frisay night. Without warning Miss Jessie Mallion was struck on the arm with a cane, and Miss Minnie Mark, who accompanied her, was roughly handled and received a blow on the head and was told to go home.

The ladies screamed loudly. An information against Father Walsh was laid by Mr. Mallion, father of one of the ladies, but he had left town by an early train Saturday.

Buckshot For a Patriot.

Colborne, Ont., March 17.—Henry L. Merrick, formerly pastor of a St. Alban's, (Vt.) church, but now representing an insurance company here, on learning that General Methuen was captured, publicly expressed the hope that General Kitchener would be bagged next. Caspen Wilbert, a young farmer, who heard him, promptly knocked Merrick down. The same night, when Wilbert was passing Merrick's place, he was fired on by some one, concealed in the barn, and a charge of buckshot entered his left thigh. Merrick disappeared the same night, presumably for the United States.

Man Swept Over the Falls.

Niagara Falls, Ont., March 17.—A man was seen to commit suicide here yesterday morning about 8 o'clock. Two sisters of Loretto noticed the man deliberately walk out into the river until he was carried downwards with the currents. With lightning rapidity his body was swept over the Falls. The sisters notified the park authorities, and subsequent inquiry showed that it was doubtless a man who had arrived at the Lafayette Hotel Saturday night and registered as P. J. O'Connell, South Bend, Ind. He had no baggage. The man had acted strangely at the hotel.

Don't Help Being Cranks.

It's the effect of dyspepsia on the nerves that makes the afflicted one morose and cranky. They can't help that though until they take Merrill's System Tonic, the only positive cure, (not relief) for dyspepsia known. It cures by acting on the liver, nerves and bowels. Pleasant to take, and three weeks' treatment for 50 cents. Sold at Ormond & Walsh's pharmacy.

Anthracite Coal.

A Philadelphia firm has calculated that there still remain unmined 5,073,775,000 tons of coal in the anthracite regions.

The Fur Mart.

In the Alaskan fur market London quotations govern. These are fixed twice a year—in March and August—by a board of principal dealers in that city, and prices are gauged according to that scale in all parts of the world except Russia.

Fresh Water Sharks.

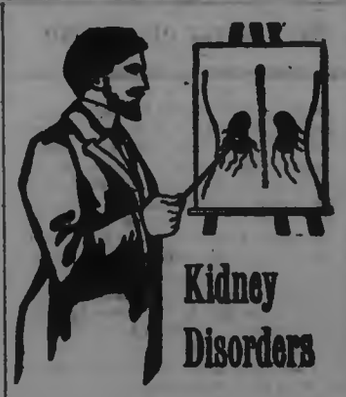
Lake Nicaragua is the only fresh water lake which holds a species of shark.

Refuge Huts.

In the higher region of the Cordilleras are refuge huts for the postmen who have to make their rounds until late in the winter. Even thus some of these men perish every winter if overtaken by a storm lasting several days.

Sure Cure for Sea Sickness, Nausea.

Maladies of this type yield instantly to Polson's Nerviline, and if you suffer periodically from these complaints, just keep Nerviline at hand. A few drops in sweetened water gives instant relief, and in the course of half an hour the cure is complete. A large 25c bottle of Nerviline in the house will save doctor bills, and a vast amount of suffering every year.



Kidney Disorders

Collapse of the Nerves.

Strange, Dizzy Feelings, Sleepless Nights, Head Felt as Though It Would Burst, Thought She Would Lose Her Mind—A Remarkable Cure by

DR. CHASE'S NERVE FOOD.

If you have been discouraged in seeking a cure for nervous exhaustion or prostration, the case of Mrs. C. H. Jones of Pierceton, Que., will interest you. Hers was a severe case, but is a fair example of what thousands of women are enduring, with the belief that they can never be cured.

Mrs. Jones describes her case as follows:—"For several years I had been gradually running down in health, and growing weaker and weaker. I did not know exactly what ailed me, for strange, dizzy feelings would come over me. I got a terrible fright, and it so unsettled my nerves that shaking spells would come over me, and I could not keep my feet still, and finally I had to keep the bed most all the time.

"The doctor said I had nervous prostration, and though I took his medicine from fall till spring, I did not improve in health, and could not read or sew. I would lie awake at nights and often would not get more than five or six hours' sleep in a week. My head, felt as though it would burst, and I thought I would go out of my mind.

"An uncle from New York visited me at this time, and told me of what an awful time he had gone through with his nerves. He said that he always had more faith in Dr. Chase than in any other physician, and was cured by the use of Dr. Chase's Nerve food. I began using this preparation, and improved from the first. Altogether I used five boxes, and it has done me more good than I ever thought medicine could do. My health is better in every way than it has been for many years, and my nervous system is strengthened and invigorated.

"I might add that I have also used Dr. Chase's Kidney-Liver Pills, with excellent results."

Dr. Chase's Nerve Food cannot fail to benefit any man, woman or child who is pale, weak or nervous. It contains in condensed form the most potent restoratives of nature. It does not stimulate or give false hope, but gradually and thoroughly builds up the system and effects permanent cures. Like Dr. Chase's Ointment and Kidney-Liver Pills, this preparation has the endorsement of physicians and people alike in all parts of this continent. It is the standard treatment for weakness of blood and nerves. 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. 7

WINTER TREES.

Across the sky, across the snow,
The solar rooks are winging slow
Grey roses in the rosh-fringed pool,
And winter trees are beautiful.

The west is now a garden-close,
Pink roses and golden roses,
With amber and with tender green,
To let the throbbing stars between.

Against that world of roses stand—
These are the woods of fairyland—
Poplar and oak and elm to make
A gold brake and a rosy brake.

Instead of silky leaves of spring,
The stars now make their garnishing
For May roses and April white;
The snow has lit them all the night.

The red sun hangs his lantern red
Between the black boughs overhead,
The evening clothes them with his mist,
Half sapphire and half amethyst.

The dawn roses are scattered here
As 'twere a rose cupalier
Whose happy boughs have borne for fruit
Red roses all from head to foot.

Even the lamp that men have set
To light the way for traveling feet
Caught in the dark tree glitters bright
As chrysoprase and chrysolite.

Down the long road's perspective go
The dark trees in a double row,
Spangled with lamplight gold and cool,
And winter trees are beautiful.

—Katharine Tynan.

Pimples and Blotches.

how unsightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can quickly bring about the improved condition by using Ferrozone. Poisons are driven out of the blood, organs grow stronger, the blood richer, the nerves stronger. Pimples and blotches disappear, colour becomes good. Glad! just try and see how much joy can be gotten out of a box of Ferrozone. Sold by Ormond & Walsh.

Weeping Trees.

The literature of "weeping trees" is enormous, much of it being plainly mythical, but there is a large basis of fact upon which most of these marvelous stories rest. Many travelers have described the famous "rain tree" of Padradoca, Isle of Ferro. John Cockburn in 1735 described a tree at Vera Pas, Central America, from which pure water continually dripped from every leaf and branch.

Grief and Thrift.

Thomas Bailey Aldrich once received a pathetic letter in a feminine hand announcing the death of a little daughter and asking if he would not send in his own handwriting a verse or two from "Babie Bell" to assuage the grief of the household.

Aldrich sent the whole poem and not long after saw it displayed in the shop of an autograph dealer, with a good, round price attached thereto.

Quite Proper.

"I'm thinking of sending my little girl to the conservatory," said the woman next door. "All those tunes you hear her playing she picked up by ear."

"Then she ought to be," replied Mrs. Kostique.

"Ought to be sent, you mean?"

"No; picked up by the ear."

VAGARIES OF THE TIDES.

Curious Currents in the Ocean and Its Offshoots.

There are as many vagaries in the waters as in the winds. Why, for instance, should three great ocean currents send their warm waters across the wide Pacific, Atlantic and around the Cape of Good Hope? There have been many theories advanced to solve the problem of their origin, but all have proved fallacious. Other and equally mysterious currents exist in well nigh all parts of the world. The tides are so erratic in different parts of the world that one hesitates to accept the theory that the moon controls them in all cases.

It is on record that the sea has run for weeks out of the Java sea through the strait of Sunda and thence back again for a like period without any perceptible rise or fall during those times. Then there is the equatorial current that flows into the Caribbean sea, the ever flowing current to the eastward around Cape Horn, the cold stream flowing from the icy regions of the north past Newfoundland and Nova Scotia and along the American coast to the extreme end of Florida, the continual current running with a velocity of from four to five knots an hour through the strait of Gibraltar into the Mediterranean sea, the swift current running across the rocks and shoals off the end of Billiton island, which apparently starts from nowhere and ends somewhere in the vicinity of the same place, and the current which, starting half way up the China sea, runs from two to three knots an hour to the northeast and finally ends abruptly off the north end of Luzon.

Then we have those tidal vagaries known the world over as bores. Residents on Severn side are familiar with them, and those that run up the Hugli and Irawaddy rivers from side to side in a zigzag shape till they reach their limit, often tearing ships from their anchorage, originate nobody knows where or why. The rush of waters in the bay of Fundy is nothing but a huge bore sweeping all before it up to the head of the bay till the waters have risen to the height of fifty or sixty feet. Off Southampton we have the double tides, while at Singapore it has been observed for days at a time that there has been but the one rise and fall in the twenty-four hours. The tides may be and very often appear as though they were "moonstruck," but they certainly are not controlled with hard and fast rules by that or any other body.—London Shipping World.

Private Gambling in Russia.

There is a good deal of gambling in society in England, but it is nothing to what goes on in Russia, says the London Candid Friend. Vint, preference and roulette are the principal games. The second is the most popular in army circles, while many ladies of the highest rank keep roulette tables and have regular "evenings," on which play goes on for very high stakes. As is usually the case at roulette, the bank mostly wins, and the hostess takes good care to keep the bank.

One of the most notorious of these private dens is run by two ladies of the highest rank and connections. Only the fine fleur of the society of St. Petersburg are admitted, and the entree is eagerly sought. The stakes are high, the plunging often desperate, and men have been known to leave these salons in a financial condition which approaches ruin. The princesses, however, make a handsome income out of the bank, and no one thinks the worse of them.

How High Can a Balloon Rise?

The altitude that may be attained by a balloon depends, first, upon its size; secondly, upon the filling of gas, and, thirdly, upon the weight being carried. A balloon of ordinary size, 43,000 cubic feet, carrying the smallest weight—that is, one person—when filled with illuminating gas may reach 20,000 feet, but when filled with hydrogen 27,000 feet. In order to ascend higher we first of all need a bigger balloon.

One may say it was a happy chance that the Royal Meteorological institute of Berlin was provided with a balloon of the unnaual dimensions of 300,000 cubic feet. The German emperor furnished £500 for making experiments with it, and the Meteorological institute decided to make use of this opportunity for studying the highest regions of atmosphere.

A Bad Way to Feed Birds.

It is quite a common practice for persons owning pet birds to teach them to take bits of sugar or other food liked by the bird from the lips. It has been discovered that the trainers of young birds in Europe frequently contract in this way a peculiar parasitic growth on the throat and lungs that is frequently fatal, and a warning has been issued by French physicians which may well be heeded by any one feeding birds from mouth to beak.

A Psychological Deduction.

"My dear," said the wife of the eminent professor, "the hens have scratched up all that eggplant seed you sowed."

"Ah, jealousy," mused the professor. And he sat down and wrote a twenty page article on "The Development of Envy In the Minds of the Lower Grade of Bipeds."

Emotion Wasted.

"It was terrible even to see the villain die," said the emotional girl at the melodrama.

"Oh, well," consoled the old lady, "he would have died anyway. Did you notice how many cigarettes he smoked?"—Exchange.

The plans they have in the mint are nearly all money making schemes.—Philadelphia Bulletin.

One of the most dangerous and repulsive forms of Kidney Disease is

DROPSY

for which Dodd's Kidney Pills are the only certain cure. In Dropsy the Kidneys are actually *dammed up*, and the water, which should be expelled in the form of urine, flows back and lodges in the cells of the flesh and puffs out the skin. Remove the filth which plugs up the drain. Restore the Kidneys to health. There is only one Kidney Medicine

IT MAKES WOMEN HAPPY.

"I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, of 1861 Lexington Ave., New York, N.Y. "I was constantly going to see a physician or purchasing medicine. My husband at last induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle and following your advice I was so encouraged that I took five more bottles of 'Favorite Prescription.' I continued taking it and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained ten pounds in weight and *one thousand pounds of comfort*, for I am a new woman once more, and your advice and your 'Favorite Prescription' is the cause of it."

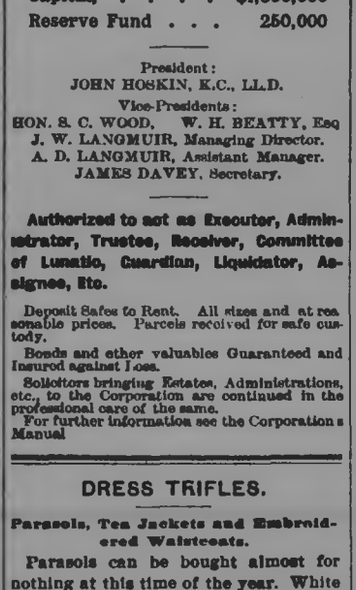
DRESS TRIFLES.

Parasols, Tea Jackets and Embroidered Waistcoats.

Parasols can be bought almost for nothing at this time of the year. White sunshades are always fashionable, and Persian patterns promise to be all the style.

Tea jackets are very fashionable in the marquis style with embroidered waistcoats, and embroidering these constitutes a dainty bit of fancy work. These embroidered waistcoats are also much used with tailor mades which have open front jackets.

Several well known society women have the pretty fad of always wearing a certain kind of flower no matter what time of the year it is. This idea can be carried out by the girl in moderate circumstances if she uses artificial flowers on her evening dresses. It is a chic French notion to loop in ribbons or silver cord with the flowers, and a



WORN IN "FROCKS AND FRILLS."

dainty bunch of artificial blossoms so arranged goes far toward renovating an old evening dress.

The creation in the sketch is worn in "Frocks and Frills." It is an empire robe of black point d'esprit over silver gauze, with an applique of ivy leaves in cut out velvet. The gown is finished at the bottom with masses of pink chiffon frills and chiffon roses. The little simulated bolero is of drawn and wired silk, a couple of pink tulle rosettes being placed immediately in front, from which depend little tassels.

JUDIC CHOLLET.

A Lincoln Reason.

Speaking of gray hair puts me in mind of Bates — Attorney General Bates, you know—and of one of Lincoln's remarks. We were all going one day out from Washington to Tennallytown—the president, Secretary Chase, Mr. Bates and myself—to see General McClellan review the Pennsylvania reserves. Bates' hair, I noticed, had retained its original dark color in perfect freshness, while his beard was almost as white as mine is now. It was an exception to the usual law, and I asked Mr. Bates after he had spoken of the peculiarity if he knew any especial reason for it. He said he didn't, but the president exclaimed laughingly: "Why, don't you know? It's because he uses his chin more than he does his head."—Era.

ORCHARD AND GARDEN.

Onions may be readily transplanted if growing too thick.

Weeds should not be allowed to grow or crusts to form around young fruit trees.

Do not buy any kind of fruit trees or plants simply because they are cheap.

With all transplanting it is important to see that the soil is well filled in around the roots.

Prune spurs to one developed bud, for the nearer the old wood the higher flavored the fruit.

A weak solution of poultry droppings is a wonderful stimulant of plant growth. It may be used weekly with good effect.

Only well rotted manure should be applied around the grapevines. Fresh manure excites the growth, but does not mature it.

Quince trees should be mulched as a protection against extreme heat and cold, as the roots are small and usually near the surface.

In selecting trees to grow as a windbreak it is quite an item to have them of a close growing habit and of as nearly perpetual foliage as possible. Plant a double row.

Medical Science Advances.

It is not more than half a century ago that surgeons considered a surgical operation, with its risk, expense and pain, as the only cure for piles. To-day it is only the out of date doctors that think of such treatment. It is cruel and extravagant to operate for a disease which is far more certainly cured by the application of Dr. Chase's Ointment. You may be skeptical but for proof you are referred to tens of thousands of cases that have been cured by this famous preparation.

English Jewelers' Tricks.

Many working jewelers with whom articles are left to repair are very tricky individuals indeed, and women are their chief victims. A great device of the working jeweler, so far as gold chains go, is to take off the hallmarked fastening loops and to substitute for these an exact imitation in metal, so that these should always be most carefully examined. In ladies' lockets the jeweler fraud usually takes out the gold inside rim which fastens the glass, and of course he puts in a sham substitute. Where an article sent to him contains a great number of tolerably small stones he will take one or two of these out and put in imitation articles specially made to deceive, says Woman's Life. A working jeweler has been known to make pounds a week by taking away the hallmarked crossbars of gold alberts and replacing them with brass. These remarks only, of course, apply to the small number of black sheep to be found in this as in every trade.

Specialists' Ideas Adopted.

When originating his celebrated Four T's, Merrill, the Brantford Druggist, added to drugs of many generations' usefulness some of the latest drugs used by lung and throat specialists. The result, naturally, is that Four T's is an unexcelled compound and never fails to cure a cough in 24 hours and the worst cold in two days. Large bottles 25c. at Ormond & Walsh's drug store.

Misinterpreted.

A Presbyterian minister said at a meeting of the Chicago presbytery that the book of discipline of the church is "the worst book ever published," referring apparently to errors and ambiguities.

"That's right," responded a voice from the rear of the room, but when a gray haired brother arose to protest a wave of laughter swept through the assembly and ended the incident.

A Gloomy Outlook.

She could not forbear asking him after the refusal if he were of the belief that he would never love again.

"I dunno," he said sadly. "It is an even chance that I will have another attack next spring."

A Reminder.

"Yes," Mrs. Starvem was saying at the breakfast table, "it's a splendid book. It certainly is strong and"—

"Ah, that reminds me," remarked the absentminded boarder. "Please pass the butter."—Philadelphia Press.

FOUR CONSERVATIVES SPLIT FROM PARTY.

Messrs. Marter, Fox, Allan, and Carnegie Vote With the Government on Railway Grants—Important Amendments Made to the Government's Electric Railway Bill.

In the Legislature, on Friday evening, the Railway Subsidies caused a somewhat lengthy debate. Mr. J. H. Carnegie, (East Victoria,) Mr. Allan, (North Hastings,) Mr. Fox, (West Victoria,) led by Mr. Marter could not approve of Mr. Whitney's policy and supported the Government.

Mr. Marter said that on examination of the various schemes submitted it showed that ten railways were to be aided to open up the newer parts of the province. Agricultural lands now unoccupied would be settled, mining development would be created, workingmen in the machine shops and labourers and miners would be given employment. Industry would be stimulated and Old Ontario would derive great advantages from increased population in New Ontario. Anything that could be done to retain our population, said Mr. Marter, should be done. The Government's policy in building the railroad to Temiscaming was the correct policy and had he been in the House when the division took place he would have supported the Government. The policy of the Government was the correct policy and he was glad to see that the present Government had taken the advanced and progressive position that it had. If the Country was to be progressive they must move on and population would follow the "iron horse."

Great was the surprise when, under Mr. Marter's leadership, three other members voted with the Government on the question. They were Mr. S. J. Fox of West Victoria, Mr. W.J. Allen of North Hastings, and J.H. Carnegie of East Victoria.

The Government consequently had a majority of 19, the largest it has obtained during the present Parliament. On the first division in 1898 its majority was 7.

The House adjourned at 2.10 a.m.

John Haggart, Auctioneer.

BILL PASSED FINAL STAGE.

Third Reading Brings no Important Amendments—Mr. Marter Votes With the Government in Last Division.

FOUR OPPOSITION MEMBERS BOLT.

Three Others Voted With Marter to Have Ballot at Municipal Elections—House was Delayed Half an Hour by Conservative Caucus.

(From the Toronto Daily Star.)

The Ontario Government's Prohibition bill passed its final stage in the Legislature last night. Mr. Marter fought to the last ditch, and that almost alone, but at the last ditch he turned and voted with the Government. The results of the divisions were as follows:

On amendment to hold vote on date of the municipal elections: Yeas, 4; nays, 75. The yeas were, Messrs. Marter, Crawford, Barr, (Dufferin), and Tucker, (West Wellington).

On amendment to require only a bare majority to carry referendum—Yeas, 4; nays, 75. The yeas were the same as on the first amendment.

On the amendment to require 60 per cent. of those voting to carry referendum, Yeas, 2; nays, 81. The yeas were Messrs. Marter and Crawford.

On the third reading of the bill: Yeas, 47; nays, 34. The division was on straight party lines, excepting that Mr. Marter voted with the Government.

TREATED IT AS A JOKE.

The concluding discussion on the bill was as good as a comedy and many of the members seemed to regard it as such, for uproarious laughter and applause greeted various incidents. A number of the individual members were chaffed as they recorded their votes on the various motions. Mr. Marter was moved to say that he thought there was too much levity and Mr. Crawford warned the House that they were bringing a serious matter into ridicule, a thing which they might not do so readily when they got on the stump.

"You'll have your own difficulties," interrupted Mr. Conmee.

Mr. Crawford replied that he supposed that he would, but he was ready to face them.

There was scarcely any real discussion. Yesterday morning the prospects were for a lot of talking. Three members then spoke on the amendment to hold the vote on municipal election date. Mr. Hoyle expressed his desire to speak, and Mr. Whitney said he understood there were several more. But lo, and behold, when the House re-assembled, Mr. Whitney himself arose, said he would oppose the amendment, and there was an end to the whole debate.

A SPLIT IN THE OPPOSITION.

The secret of the new turn was that the Conservatives had held a caucus. The impression was abroad that the discussion on the Marter amendments was going to lead some of them into deep water. Why, then, was Dr. Barr getting up and speaking in favour of one of them? Who might not follow next? So the party whip was cracked, a caucus delayed the assembling of the House for half an hour, and then in the House only those who had already committed themselves stayed in the boat with Mr. Marter, and after the second vote even Dr. Barr and Mr. Tucker jumped out.

DESERTED MR. MARTER.

And worse than that! After the first amendment was lost Mr. Marter arose to say that he had intended to move his two other amendments, but the gentlemen who had promised to second them had for some reason or another gone back on him, and he found himself in the unique and unpleasant position of being unable to press his motions. His companions looked their sorrow, and the House went into committee to make allowance in the clause regarding the basis of the vote for the city of Ottawa, where on the general elections every voter votes twice. A few moments elapsed, and then Mr. Marter rose again.

"I would like to have my amendments recorded," he said; "and I notice now that the gentleman who promised to second them is now in his seat."

The Speaker ruled that Mr. Marter was in order, and that he could go ahead.

Mr. Marter showed an unflinching attitude, and pressed both his clauses to division. Everyone listened for the name of his seconder, who turned out to be Mr. W. R. Dempsey of Prince Edward. Mr. Dempsey did not vote in favour of either of the amendments, while a number of his fellow-Conservatives buzzed around him and the space between the chair of Mr. Marter and that of his leader widened.

GOVERNMENT STOOD SOLID.

Throughout the voting there was not a tremor of division in the ranks of the Government members.

If it is asthma, bronchitis, croup, or any such trouble, use Vapo-Cresolene. All Druggists.

THEY HELD THEIR ANNUAL MEETING.

The Retail Merchants Met Last Night.

MR. R. FAIR IS PRESIDENT.

They Want the Hour for Open Market Made One Hour Earlier Than at Present — Resolutions.

The annual meeting of the Retail Merchants' Association, of the Town of Peterborough was held in the Y. M.C.A., last night. Although there was not a very large attendance, business of considerable importance was transacted. The chair was occupied by Mr. Robert Fair, the president of the Association, and there were also in attendance Messrs. A. W. Cressman, Alex. Gibson, S. D. Hall, J. D. Craig, J. Savigny, S. A. Oke, James Connal, W. Bradshaw and others.

THE CHAIRMAN'S ADDRESS.

The president, Mr. Robert Fair, opened the proceedings by reading the following report of the past season's work.

This meeting, as you are all aware, has been called for the election of officers and the reading of reports of those holding executive positions in the local branch of the Retail Merchants' Association of Canada.

I have deemed it advisable at the outset to refer to some important matters touching the welfare of the members of this Association, as well as those engaged in mercantile pursuits in Peterborough.

It cannot be too well impressed upon all that the special aims and objects of the Association are the mutual benefit, advancement and protection of those engaged in retail trade.

I mention this fact in order to disabuse the public mind of any idea that we are organized for the purpose of combining to keep up prices or forming a mercantile trust for illigitimate profits.

I would here like to refer to one matter which has become a standing grievance. I allude to the unfair treatment of the wholesale shippers in the chief large mercantile centres, and particularly in Montreal and Toronto, who charge us cartage from their warehouse to the railroad station. Now, this seems to me an injustice. In all large foreign mercantile centres goods are delivered F. O. B. It would be just as fair for the retail merchant to charge up the delivery of their parcels to their customers, which certainly would be resented, and I would urge every merchant, whether a member of this Association or not, to make it a point to order goods only with the distinct understanding that they are to be F. O. B.

During my term of office I have been impressed with the fact that this Association should be made helpful in warding off foreign advertising fakirs, who swarm into our town. They come here on the pretext of offering some special but visionary advantage over another. With flowery logic and polished adress they too often succeed in coercing the merchant to fall a victim to a scheme that only ends in profit to themselves at the expense either of the merchant or his customers. We cannot be too guarded against there gentry. My experience has led me to avoid these fakirs and I am convinced that the local merchant can secure no better advertising than what his own ingenuity can devise for their own individual needs, and which can be supplied by our own local printers in the town and country, and keep the money in circulation at home. I am a firm believer in legitimate advertising, and when it is judiciously done, it usually brings satisfactory results. We are indebted to the local press for the manner in which they have upheld the interests of the merchants by their "Stand by the Town" editorials, in depreciating the mischievous policy of shopping in the cities.

Peterborough has a just right to feel proud of their mercantile establishments and the enterprise shown in the high-class and large variety of the goods which they display.

I have offered these few suggestions in the hope that some other of the members would express their views on these matters at the meeting. On concluding, I would urge a deeper interest in our Association, and a more general enthusiasm in seeing its objects carried out.

Respectfully submitted,

ROBERT FAIR,
President.

The report was, on motion, adopted.

SECRETARY'S REPORT.

The report of the Secretary, Mr. A. W. Cressman, was presented by that gentlemen, and was as follows:—

The Peterborough Branch of the Retailers' Association has, during the past year, kept in close touch with the Central Board in Toronto, and assisted in furthering the interests of merchants by petitions, correspondence and representation before the Government.

The Provincial Association, in its broader sphere, embracing nearly all the cities and larger towns in the Province, with head office in Toronto, with an active, energetic board of management, has been incessant in its efforts during the year, and has influenced much legislation, favourable to the interests of merchants in general.

Perhaps the matter tha thas received the most thought, and caused the most work, by our local organization, was the matter of trading stamps.

In common with every town where trading stamps were given, this Association, almost unaminously, opposed their operation. In this connection we had petitions circulated, and largely signed. Mr. Trowern, the Provincial Secretary, was invited to come from Toronto and address this Association, and when the matter was before the Government, three representatives from Peterborough joined the Provincial deputation that waited upon Hon. G. W. Ross and two of his colleagues, urging the adoption of Legislation, giving the towns and cities power to legislate against trading stamps and all gift schemes.

The Government acceded to our request, and legislation was secured to this end.

Some four months before the end of the year, our town council was asked to pass the necessary by-law to put the law into effect. The council almost unanimously passed this by-law, thus giving persons who had books partially filled four months to complete them, the by-law coming into effect January 2nd, 1902.

That this law has met with popular favour, it is only necessary to state, that almost every city and town where trading stamps were being given, passed the necessary by-law, Toronto taking the initiative.

The matter of an earlier market has been thoroughly discussed for some time, and appears ripe for action.

From both producer and consumer comes the desire for a change. Peterborough is the only town in Ontario having the prohibitive hour for wholesale buyers as late as eleven o'clock, the most successful market towns having 9 and 9.30.

We believe the council are in favour of a change to an earlier hour, believing it to be in the interests of the town as a whole.

Another matter that should be of interest to a large number of our members and merchants generally is the new Collecting Agency, established in connection with the head office in Toronto, the workings of which were outlined by Mr. Trowern at a meeting recently held here. Work has been going on to get this branch in running order in town, and arrangements are about completed for the launching of the scheme.

There are other subjects which have been discussed throughout the year, by the Executive Committee and Associations, such as excursions, transient traders and peddlers' licenses, equalization of assessment, etc., some of which have been the subject of petition to the Government, and others remaining to be acted upon.

All of which is respectfully submitted.

A. W. CRESSMAN,
Secretary.

The report was, on motion, adopted.

The report of the Treasurer, Mr. Alex. Gibson, was submitted and showed that the receipts for the year amounted to $153.05 and the disbursements to $83.55, leaving a balance on hand of $69.55.

THE OFFICERS.

The election of officers for the ensuing year resulted as follows:—

President—R. Fair.
1st Vice-President—S. D. Hall.
2nd Vice-President—J.D. Craig.
Secy-Treas.—Jas. Connal.

AN ALLEGED GRIEVANCE.

Mr. Fair brought up the matter of cartage which had been referred to in his report. Wholesalers had initiated the practice of charging cartage from their warerooms to the place of shipment. This system was most unjust and united action on the part of the Association should be taken in their endeavour to stamp it out.

A full discussion on the matter followed, and finally on motion, Messrs. R. Fair, A. W. Cressman and S. Dickson Hall were appointed a committee to prepare a circular to be submitted to the Executive of the Association, and when approved, to be distributed amongst the merchants of the town, setting forth the alleged grievance and stating that hereafter all goods must be shipped F.O.B. cars at place of shipment.

THE MARKET HOUR.

A matter that came up for careful consideration was that of changing the hour at which the market is placed open to all from 11 o'clock to 10 o'clock.

Mr. Cressman stated that he had gone to considerable trouble in obtaining information on the matter and he had found out that Peterborough was the only town in Canada that had as late an hour as 11, at which the market was thrown open to merchants, etc. The earlier the hour the more progressive the town, has been generally the case. Brantford and Berlin have actually open market after 8.30 o'clock. The bulk of the trade is therefore over at an early hour in the morning. It all had a tendency to cultivate early shopping.

After several other merchants had expressed themselves as favourable to the idea, Mr. Cressman moved, seconded by Mr. Gibson, that a committee consisting of Messrs. S. D. Hall, R. Fair, S. A. Oke, M. L. Henry, A. H. Stratton and Robert Neill, in connection with the Executive of the Peterborough Board of Trade wait on the Town Council and ask that the hour for open market be changed from 11 to 10 a.m. The motion was carried.

Messrs. S. D. Hall and Jas. Connal were appointed to audit the books of the treasurer.

It was decided to take no action in the matter of endeavouring to have the observance of the 24th of May, which falls on a Saturday, changed to Monday.

The meeting then adjourned.

Some New Things Of The Wantable Nature Shown At Sutcliffe's

Kid Gloves, of a surprisingly good quality at the price. Colours tans and blacks, sizes 5½ to 7½, two dome fasteners and neat backs **50c**

Our $ Guaranteed Glove is made from thoroughly reliable real French Kid. If the stitches rip or the glove tears or cracks without fair reason, bring them back and we give you a new pair, all sizes, new shades, for **$1.00**

Cashmere Hose, 2-1 and 8-1, Ribbed Hose, 7 inches to 10 inches, special **25c**

Sizes 4½ to 6½, special **15c**

Taffeta Neck Ribbons in every desirable colour. the proper width, excellent quality of pure silk, bright as could be wished for and a reversible, washable ribbon, —a ribbon confined to us in Peterborough, per yard **25c**

Staple Ribbons, in Silks and Satins, always kept well assorted in shades and widths. The prices have been found to be right.

Velvet Ribbons, satin backs and fine pile, from the dainty narrow width to the broad ribbon at 3 inches, sought after for belts. A fortunate "pick-up" allows us to sell these quite a little under the ordinary prices.

Silk Ties, 8 different styles, some in Windsor shapes with plain and fancy hemstitched square ends —others with knotted fringe ends, and others again with H. S. biased effects, colours, plain, white, pink, blue, red, helio, yellow, etc., and coloured polka dots. Also the Ties tucked in centre, forming the stock effect, others H. S. edges and stock effect, others piped with contrasting shades, all one price, each **25c**

ALWAYS CASH—JUST ONE PRICE

TRUSTWORTHY DRY GOODS UNIFORMLY RIGHT PRICES.

THE GOLF CLUB BALL.

The Colts of the Club Have Taken the Matter in Hand.

At a meeting of the Colts of the Peterborough Golf Club yesterday afternoon, it was decided that a ball would be held in the opera house under the auspices of this organization on the evening of Tuesday, April 1st.

A General Committee was selected, composed of Messrs. J. Crane, C. B. McAllister, E. C. Complin, A. H. Stratton, Dickson Davidson, A. J. N. Terrill, A. A. Hollingshead, Dr. Young Dr. Greer and Dr. Neill.

Mr. J. Crane will act as chairman, and Mr. Terrill as Hon. Secretary.

The following ladies have kindly consented to act as Patronesses:—Mrs. Peter Campbell, Mrs. (Dr.) Boucher, Mrs. J Crane, Mrs. C. B. McAllister, Mrs. E. C. Complin, Mrs. A. H. Stratton, Mrs. (Dr.) Young, and Mrs. (Dr.) Greer.

Arrangements have already been made to have Glioona's well-known orchestra in attendance from Toronto, in charge of the celebrated leader himself. The supper will be provided by either a local caterer, or will be ordered from the city. In view of the extra expense to which the committee is going, it was decided that the method followed in the larger cities be followed in fixing the price of the tickets, and that the cards for ladies be sold at fifty cents each. The ladies, it was thought, would much prefer such an arrangement to being asked to provide the refreshments. The gentlemen's tickets will be disposed of, as usual, at a dollar and a half.

The committee is going ahead rapidly with the preliminary arrangements, and the invitations should be out about the latter portion of the week.

AN ILLUSTRIOUS NAME.

An Irishman Who Celebrated the 17th of March—The Result.

John Burk is an Irishman who has been in this country for only seven months. To hear John talk would do an Irishman's heart good for there could be no doubt as to his nationality. He is a young man, too, of about 28 years of age, and is a thorough observer of Erin's National Day. This happens to be the first 17th of March which John Burk spent in Canada and he was not quite conversant with the manner in which the sons of Erin here celebrated the day. However, John started out in his own particular fashion, that is to say he got leave of absence from his duties as farm labourer with a prominent Otonabee farmer who lives about 6 miles from town, and came to Peterborough where he imbibed a little too freely. He was proceeding to make the townspeople aware of his presence when, to quote John's own words "a big man with eye-glasses came up and took me by the shoulder." "Who might that be?" enquired John as he related his experience, and when told it was the Chief of Police, the loyal son of Ireland said that it accounted for being in the coop where he at this time found himself. When taken up stairs he made a very elaborate explanation of his case to the magistrate who allowed him to go with the remark that he hoped he would celebrate the 17th of March only once a year.

Is Your Piano in Tune?

The change of season affects pianos as well as everything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with twenty-eight years' experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe-in the vapor of Vapo-Cresolene; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresolene complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 180 Fulton St., New York, U.S.A.

Recommended and sold in Peterborough by H. H. Edmison, druggist.

TUESDAY, MARCH 18, 1902.

THINGS IN GENERAL.

(From Toronto Saturday Night.)

The nearness of the prorogation of the fifth session of the ninth Parliament of Ontario, which will probably take place on Monday or Tuesday and the general election, which is not more than a couple of months distant, invite some general remarks as to the canvassing and platform equipments of the two parties when they appeal to the people. On general questions of government the Liberals have a long record—not a bad one, considering its length; while the Conservatives have only a theory — and a poor one at that. On the special subject of prohibition, vitally interesting but few, but more or less disturbing to all, the situation is vastly simpler than it was expected it would be when the dicision upholding the Manitoba Liquor Act was promulgated by the Judicial Committee of the Privy Council. Simply stated, it is to be presumed that the special feature of the campaign will probably be worked somewhat on the following lines, always remembering that the Government only needs to hold what it has to retain power:

The Government canvasser, approaching a prohibitionist Liberal who feels somewhat sore because he did not get in a legislative way all he asked, will naturally speak of the Premier's lifelong advocacy of prohibition both in the Dominion and Ontario Parliaments, and outside on the platform and in the councils of the Alliance. Quite truthfully he can assert that the Manitoba Act was framed by an expert prohibitionist lawyer, covers all the ground that any provincial measure could cover without being held to be ultra vires; that having it placed on the statute books of Ontario subject to the referendum is a distinct triumph for a prohibitionist Premier in a Parliament unfriendly to its enactment; that Leader of the Opposition Whitney has, contrary to all precedents, pledged his party to a negative position on a moral issue as an opponent of prohibition; and that Premier Ross having done everything he can to further the prohibition interest, and Leader of the Opposition Whitney having done everything within his power to defeat even a limited prohibition measure, there is only one course for the prohibitionist to pursue—support Ross. Of course all the prohibitionists who are Grits will be urged to support the party, which has done more and made more possible than the other party, and the doctrine of revenge will be shown to be futile and foolish. Rather a strong position, it seems to me.

To the Grit publican the Government canvasser will naturally say: "We have always done the best we could for you while furthering the interests of good government and restricting the liquor traffic according to the demands of public opinion generally and the prohibitionists particularly. You have been fairly treated and are threatened with nothing but what seems an improbable avalanche of public opinion directed against the sale and consumption of intoxicants. If public opinion is strongly against you—and it will have to be very strongly against you to affect your situation—you will be put out of business and the question of compensation will have to be argued later on. Mr. Whitney says that he is opposed to prohibition, but that is small comfort to you, for he promises vexatious conditions if he becomes Premier, shortened hours, increased license fees, a board of cranky commissioners whose aim will be to make your situation unbearable while not adding to the efficiency of the law." The canvasser will possibly mention the fact that hotel men are all "game sports," and that the game sport is not likely to put his money or his business on Mr. Whitney, who is already with him up to a certain point, while every rule of betting suggests the propriety of backing Premier Ross, who, if he wins, will be quite as much his friend as Mr. Whitney, while if he loses he will have immeasurable powers of reprisal upon the liquor traffic by joining in the crusade for the carrying of the referendum. This is a betting proposition. The publican being a "sport," can see that his interest lies entirely in putting his money on the candidate whose winning ways mean more to him than would the success of his opponent, and whose losing would probably involve him in the disaster which he most desires to avoid. The situation seems to me simple, and Mr. Whitney, by his declaration, whether it was manly and straightforward, or merely the expression of one who felt he had to say something, has reduced the conundrum to a point where even guess work is not necessary.

Now the position of the campaign speakers of the Liberals is vastly easier than even that of the canvassers. The orators can say conscientiously that the Liberal party is not a party of coercion; that it has never been engaged in coercing anybody; that Laurier won by fighting coercion in Manitoba; that every victory which has marked it a party of progress has been won in fighting coercion. The Conservative party on the other hand, is shown by Canadian history to have a record as coercionists when in their dominance they have found opposition. The Liberals when asked to coerce Ontario on a moral question have declined to do more than to put the machinery of legislation in such a position that the majority of electors can work it. If it be true that the majority desire to coerce the minority, it will be the act of the individual, not of the dominant party. In thus affording every opportunity for the majority to act without themselves becoming tyrants, they have done everything that a Liberal Government could be asked to do. The date of election has been fixed so that no side issue shall creep in to influence the voter, who, when he goes to the referendum polls, will distinctly and in cold blood, decide whether, to the extent of his powers, he shall endeavour to coerce his neighbour in a matter of morals. If there are as many people as feel this way as was necessary to place the present Government in power, their decision will make all that is possible of provincial prohibition a reality. This strikes me as a very fair proposition; I cannot see how it can be improved.

Mr. Whitney's platform position seems to me singularly weak. He must contend that the Liberals, in defiance of all traditions, were bound to have become coercionists because their premier had promised a prohibitionary measure. His assault upon Premier Ross for failing to either resign or force a measure upon an unwilling Legislature will necessarily lack every element of reason. Mr. Ross, in order to fulfil his prohibitionary promises, could not be expected to do the impossible. That he did everything possible in the face of an anti-prohibition Legislature proves him to have been true to the spirit of his promises and record. It is a fact that he declined to commit political suicide though his opponents insisted that he should use the prohibition rope for the purpose of hanging himself. Probably the public will decide that Mr. Ross in this matter acted as any reasonable citizen would have done. It is not the habit in this country for a politician, whether a Premier or a private person, to commit hara-kiri. The Oriental politician may see fit to fall on his sword and die rather than suffer defeat or yield to public opinion, but even Mr. Whitney can hardly demand that this procedure be introduced in this country, whether felo de se, either physical or political, is considered cowardly and a crime.

When Mr. Whitney argues that the referendum is un-British and unconstitutional he will be opening up a question that is certain to overwhelm him. Canadian Liberalism received its impetus at the time of the Family Compact, when the Conservatives were endeavouring to prohibit responsible government and coerce the people. The attitude was British and constitutional as those words were then understood. That their attitude has been changed since indicates that the spirit of being British is that of being fair, and that the spirit of being constitutional in a responsible government is that of yielding to the decision of the people.

It cannot be successfully contended that responsible government means that the people have handed over to their representatives their right to speak individually on moral questions. It is hardly the theory, even in representative religious bodies, that members of a denomination make their elected delegates the official custodians of their consciences in moral questions. It will be difficult to controvert the position that in a moral question such as prohibition the individual is the only one entitled to speak; and the machinery which enables him to speak by means of the referendum without doubt is the most reasonable that could be devised for settling what the prohibitionists assert to be so important a matter.

Taking all these things into consideration, I cannot see, except on the general issues of the campaign, which afford the Opposition little comfort, where Mr. Whitney will get his votes except from the old-line Conservatives, who are always of the opinion, God bless them! that the party distinctly labeled "Conservative" is the only one fit to govern.

MILBURN'S

HEART AND NERVE PILLS

Are a Heart and Nerve Tonic, Blood and Tissue Builder and Constitution Renewer for all troubled with weak heart or nerves. As a food for the blood, the brain and the nerves, they cannot be excelled.

If you are troubled with Nervousness, Sleeplessness, Nervous Prostration, Palpitation of the Heart, Shortness of Breath, Weak or Fainting Spells, Anæmia or any form of Debility,

HARVEY COUNCIL MEETING.

The Municipal Council of the Township of Harvey, met in the School house, Nogie's Creak, on Saturday, March 8th, 1902, at the call of the Reeve.

Members present,—Jas. Ingram, Esq., Reeve, in the chair, and Councillors Flynn, Elliott and Cairnduff.

Minutes of last meeting read and confirmed.

Communications read from Alex. Bell, M. D., M. F. Ainslie, Guarantee Co., County Treasurer, enclosing lists of lands liable to be sold for taxes in the year 1902. Applications for Assessorship were received from Wm. Clarkson and Jas. Richmond.

Moved by Mr. Flynn, seconded by Mr. Elliott, that the Clerk write to John Tedford and instruct him to put any needed repairs on Perry Creak bridge, so as to make it passable until further notice from the council.—Carried.

Moved by Mr. Elliott, seconded by Mr. Cairnduff, for leave to introduce a bylaw appointing pathmasters, poundkeepers, fence viewers and deputy returning officers.—Carried.

Moved by Mr. Flynn, seconded by Mr. Elliott, that the bylaw just read be read a second and third time forthwith and passed, the corporate seal affixed and numbered 258.—Carried.

Moved by Mr. Cairnduff, seconded by Mr. Flynn, that Jas. Richmond be appointed assessor for the current year at a salary of $40 per annum and postage.—Carried.

Moved by Mr. Flynn, seconded by Mr. Elliott for leave to introduce a bylaw confirming appointment of assessor for the current year.—Carried.

Moved by Mr. Flynn, seconded by Mr. Cairnduff, that the bylaw just read be read a second and third time forthwith and passed, the corporate seal affixed and numbered 259.—Carried.

Moved by Mr. Elliott, seconded by Mr. Flynn, that the Reeve go and inspect the timber on certain road allowances in the Township of Harvey.—Carried.

Moved by Mr. Cairnduff, seconded by Mr. Elliott, that the collector continue collecting.—Carried.

Moved by Mr. Elliott, seconded by Mr. Cairnduff, that orders be drawn on the treasurer as follows:—Wm. Irwin, debenture S.S. No. 5, coupon, $78.94; W. P. Chase, auditor, accounts of 1901, $2.00; John Elliott, auditor, accounts of 1901, $2.00.—Carried.

Moved by Mr. Flynn, seconded by Mr. Cairnduff, that this council do now adjourn to meet at the Town Hall on Monday, May 26th, as a Court of Revision.—Carried.

Loss of Flesh.

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat, but will never build up healthy tissues. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cure restores colour to the cheeks, increases the weight of the body and thoroughly overcomes disease.

EXCEPTIONALLY ATTRACTIVE VALUES

Our Spring Wall Paper and Window Shades make a big bid for your attention by offering values which meet with ready recognition on the part of thrifty shoppers. We are showing many handsome patterns. A visit to the department is certain to be most gratifying and popular.

1000 Rolls Wall Paper, 200 rolls each five different colours, pink, blue, cream, brown, whites, floral and stripe effects, regular 8c quality, for a few days, per roll	5c

All the New Hats and Caps are in

What about a New Spring Coat?
What about a New Spring Suit?
What about a New Spring Hat?

Every article for good dressers—for man and boy—is guaranteed the best in make and quality for the money.

Everything new for the season in Ties, Gloves, Shirts, Collars, etc., at LeBrun's.

MR. FIELDING'S BUDGET SPEECH

Satisfactory Financial Statement of Dominion Affairs.

NO CHANGES IN THE TARIFF

The Surplus $5,800,000—Growing Trade and a Buoyant Revenue—The Time For the Free Importation of Beet Sugar Machinery Extended—Mr. Borden, Conservative Leader, Will Move an Amendment.

THE BUDGET, 1902.

No changes in the tariff.

The extension of the right to import free of duty machinery and structural iron for beet sugar factories for twelve months from April 1st.

Estimated revenue for the current fiscal year, $56,800,000.

Estimated expenditure for the current fiscal year, $51,000,000.

Estimated surplus for the current year, $5,800,000.

Addition to the debt of the Dominion for the current year, about $6,000,000.

Ottawa, March 18.—The foregoing represent the salient features of the budget speech delivered by the Finance Minister yesterday afternoon. Mr. Fielding spoke for about an hour and forty minutes, his statement being luminous, convincing, and at times most eloquent. The keen interest displayed in the budget was evidenced by the solid array of members on both sides of the Speaker and the crowded state of the galleries. The Finance Minister's speech was punctured with applause, and his eloquent peroration in closing elicited a volley of hearty cheers from the Ministerialists.

MR. FIELDING'S BUDGET.

A Satisfactory Financial Statement of Dominion Affairs.

"It is my happy privilege to present to the House to-day," Mr. Fielding began, "another chapter in the continued story of Canada's prosperity. A year ago, when addressing the House under similar circumstances, I ventured to express the opinion that, in view of the very rapid progress which our country had been making for a number of years, we might almost suppose that we had reached the crest of the wave. I did not anticipate any immediate depression, or for that matter any serious depression at all, but it did seem to me that after a number of years of very rapid progress it would not be unreasonable if we should expect something like a check, a period of rest, when the country would no longer go forward with rapidity, though after that period of rest it might again go forward with leaps and bounds. Some hon. gentlemen on the other side of the House thought I took somewhat too hopeful a view. The signs of the times, they thought, indicated that already we had entered on a period of depression. Now, with the operations of another year before us, and with a very pleasant outlook for the future, I think we can congratulate ourselves that conditions have turned out better than any of us expected—much better than some of our hon. friends on the other side thought—better even than the more hopeful view which I had taken myself.

Prosperity on Every Side.

"The past year has been one of great activity throughout the Dominion. In nearly all the great branches of industry there has been a fair degree of prosperity; in the paramount industry of agriculture, which is, and I believe must long continue to be, the foundation of our country's prosperity, the conditions have been particularly gratifying, especially in Manitoba and the Northwest, where an increased acreage and an abundant harvest gave us vast stores of grain which taxed all our facilities of transportation and warned us as to the need of making fuller provisions for handling those glorious treasures of the west.

"The one disappointing feature," continued the Finance Minister, "was the census returns. Although that was for the moment disappointing, I do not think we need consider them very discouraging. We are all aware of the fact that during the first part of the ten years' period there was not a great activity in the business affairs of Canada. I think if it were possible to divide the period into two terms of five years each, it would probably be found that the whole increase had taken place during the past five years, and viewed in that light the result would be by no means discouraging."

From the financial point of view the Finance Minister went on to say the results of the year 1901 had been exceedingly satisfactory. The revenue, $52,514,700, was an increase over that of the previous year and the increases had been general, $51,136 in customs, $450,190 in excise, $255,409 in postoffice, $439,219 in railways, $129,275 in Dominion lands and $18,895 in miscellaneous. The excise duties showed an increase in all branches. The consumption had been greater in spirits, in malt, in cigars, cigarettes, tobacco and snuff and in the consumption of raw leaf.

The Postoffice Account.

He thought the Postmaster-General had reason to congratulate himself on the fact that the revenue of his department had increased to $3,441,504. The expenditure was $3,939,446, leaving a deficit of only $489,941, as compared with a deficit of $700,000 or $800,000 a few years ago, while in the meantime the English rate of postage had been reduced from five to two cents and the Canadian rate from three cents to two cents. A still more gratifying showing would be made for the current year. The sale of stamps during the eight months of it just closed amounted to $3,172,931, compared with $2,909,128 for the corresponding period of last year, an increase of $240,000. The expenditure showed an increase of only $45,000, so that there was a net betterment for the eight months of $200,000.

The receipts from railways were interesting, because the Opposition seemed only to look at the increased expenditure, but, compared with 1896, there had been an increased revenue last year of $2,172,702, so that if Mr. Blair made large demands on the treasury he was able to show very large returns for it. During the seven months ended Jan. 31, 1900, there was a loss on the operation of the Intercolonial of $537,479, but in the seven months ended January, 1902, the deficit was only $89,787, which indicated a fairly satisfactory statement for the whole of the current year.

The Consolidated Fund.

The consolidated fund expenditure for the last fiscal year was $46,866,367, an increase of $3,891,088. The total capital expenditure was $11,116,498, as against $9,742,187 in 1900, an increase of $1,374,311. The total expenditure, capital and consolidated, was $57,982,866, as against $52,777,467, an increase in total expenditure of $5,265,399.

Coming, now, to the public debt, Mr. Fielding said the net debt on June 30, 1901, was $268,480,003, an increase of $2,986,196 since the preceding year. But during the past five years the average annual increase had been but $1,996,514, as against an annual average of $6,563,075 during the eighteen years previous to 1896.

The surplus last year was $5,648,833, and these surpluses were not arrived at by any change in the method of book-keeping, as some hon. gentlemen opposite charged. The average surplus for the past five years had been $3,948,705, against an average surplus of $1,554,589 a year during the 18 years of Tory rule.

"Coming now," continued the Finance Minister, "to the affairs of the current year, there is a considerable increase in the revenue and a corresponding increase in the expenditures. We are lucky people when we can make the two go hand in hand." He went on to say that he estimated the revenue for the current year at $56,800,000, as against last year's revenue of $52,514,701, a probable increase of $4,285,298. The expenditure he estimated at $51,000,000, an increase over last year's expenditure of $4,133,682. Thus the increases in revenue and expenditure would about balance each other, leaving the surplus at $5,800,000, nearly the same as last year's.

Large Capital Expenditure.

"As to the capital expenditure of the present year," said Mr. Fielding, "it is exceptionally large, the largest we have had for some years. I estimate that at the close of the year we shall have to charge capital $14,250,000, as against $11,116,000 for last year." Among the many expenditures which would bring this about were railway subsidies, iron bounties, amounting to $700,000, Intercolonial equipment and $950,000 representing awards to two of the provinces.

The result is a larger addition to the public debt than in any previous year in the history of this Government. The gross estimated expenditure will be about $65,250,000, and the amount which I anticipate we shall have to add to the debt of the Dominion for the current year will be close upon $6,000,000. This will be, as I have stated, the largest addition to the public debt under the present administration, and will be almost in a line with, though a shade above, the addition made to the public debt in the last year of the late Government, when the addition was $5,422,000. You see it has taken us five years to catch up to them in that one matter. But even with this addition to the debt the average for the present administration was but $2,798,000 a year during their term of office, against $6,563,000 added yearly during all the years of Conservative rule.

The Next Fiscal Year.

With respect to the year which will begin on July 1 next, Mr. Fielding thought it too early to attempt anything like a close calculation. He saw no reason why we should not look forward to a very hopeful year, but much would depend upon the harvest. If it should turn out as good as last year, the country might look forward hopefully. Should there be a bad harvest or anything of that sort, it would be the duty of the Government to observe the signs of the time and limit the expenditure accordingly. There had been no loan from the money markets of London since 1897, when he borrowed $10,000,000. Since then the necessities of finance had been met by temporary loans, of which there was considerable outstanding, which had to be provided for in addition to the loans maturing. But whether he would borrow now or next year would be determined by the condition of the money markets, and in the meantime he would ask Parliament for power to borrow.

Mr. Fielding then quoted figures from the trade and navigation returns to show the increase in Canada's foreign trade, and referred also to the increase in bank deposits, note circulation and railway traffic as indicating the growing prosperity of Canada. During the eight months of the current year, as compared with the corresponding period of 1901, our total imports had increased from $114,000,000 to $123,000,000; our exports of domestic products had increased from $126,670,000 to $135,200,000.

Next he noticed the great increase in immigration, indicating that at last the great work of filling up the Northwest Territories had begun in earnest, so we might look forward to a splendid development of that country in the next few years.

The Paper Combine.

The Finance Minister next referred to enquiry into the paper manufacturers' combine, in consequence of which the Government had reduced the duty on news print from 25 per cent. to 15 per cent. The reduction had been intended to apply to ordinary newspaper, but it had been represented to the Government that the change did not go far enough to

(Continued on Sixth Page.)

For the Little Ones

Be Careful in the use of Cough Medicines for Children's Coughs and Colds.

Many analyses of cheap cough mixtures and cough and throat lozenges have clearly proven that a large proportion of them contain opiates.

The temporary relief which these cheap medicines often give in coughs and colds, especially with the little children, is because the opiate, by destroying the nerve sensation, the irritation in the throat, which causes the cough, is temporarily removed, but the real cause of the cold is not in any way removed by the opiate and will promptly return.

The best thing to use to remove the catarrhal secretion which causes the cold, the hoarseness and irritating cough, is a new preparation composed of antiseptics like Eucalyptol, Red Gum of Eucalyptus tree, Blood Root, etc., under name of Stuart's Catarrh Tablets, which contain no opiate, cocaine or poisonous drug of any sort.

A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough medicines, croup mixtures, and throat remedies for my little children, for somehow or other they never seemed to be free from colds, croup or sore throat.

"This fall I made a change in the usual program. I had myself been cured of an obstinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be taken. So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did.

"Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but they have saved me many an anxious night with my little ones."

Mr. A. R. Fernbank of Columbus, Ohio, says: "I suffered so many winters from Catarrh that I took it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take.

"My nostrils were almost always clogged up, and I had to breathe through the mouth, causing an inflamed, irritated throat. The thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach, took away my appetite and digestion.

"My druggist advised me to try a 50 cent box of Stuart's Catarrh Tablets, because he said he had so many customers who had been cured of catarrh by the use of these tablets, and he felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and delighted me.

"I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head.

"With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds, and with older people I have known of cases where the hearing had been seriously impaired by chronic catarrh cured entirely by this new remedy."

People who have used sprays, inhalers, salves, and washes for catarrh and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant internal remedy in tablet form. Druggists everywhere admit that Stuart's Tablets, which they sell at 50 cents per package, is the safest, most effective and popular of all catarrh remedies.

DANGEROUS SURGERY

Should be the Last Resort.

Many people suffer from piles, because after trying various lotions, salves and ointments without relief or cure, they come to the conclusion that a surgical operation is the last resort, and rather than submit to the shock and risk to life of an operation, prefer to suffer on; very often, however, the afflicted one is over persuaded to resort to the knife, and even though the operation is apparently successful, and there is complete recovery from the shock incident thereto, the result is invariably the same; the piles sooner or later return because their cause has not been removed. This result is a logical one, inasmuch as the knife removes the effects of the disease only, while the cause remains as before. There is claimed to be a remedy which does remove the cause, hence eradicating the disease, and that is the Pyramid Pile Cure; it is in the form of a suppository, is applied directly to the parts affected, and brings about a complete cure, quietly and painlessly. In this connection the testimony of Mr. John Cullen Bryant, the well known bookseller of Haverhill, Mass., is of unusual interest.

"I desire to contribute an unsolicited, but purely voluntary testimonial in favour of Pyramid Pile Cure. I have suffered for more than twenty years with hemorrhoids, and have consulted numerous physicians and expended a great deal of money for medicines that did me no good. I had often seen Pyramid Pile Cure advertised, but hesitated for months before buying same, thinking it a patent or quack remedy that had no merit; but having tried every other remedy prescribed I was finally persuaded one year ago, to try Pyramid Pile Cure. I bought a fifty cent package at the drug store, and while I may not be permanently cured, the past year has been the only year of my life worth living during the past twenty years, and nothing but the Pyramid remedies have wrought this change. I offer this testimony for the benefit of suffering humanity."

Kinds of Toothache.

For ordinary nervous toothache, which is caused by the nervous system being out of order or by excessive fatigue, a very hot bath will so soothe the nerves that sleep will naturally follow, and upon getting up the patient will feel very much refreshed, and the toothache will be a thing of the past. For what is known as "jumping toothache," hot dry flannel applied to the face and neck is very effective. For common toothache, which is caused by indigestion or by strong sweet, acid or anything very hot or cold in a decayed tooth, a little piece of cotton steeped in strong camphor or oil of cloves is the best remedy.

Japanese Chrysanthemums.

The Japanese cite 269 color varieties of the chrysanthemum, of which 63 are yellow, 87 white, 32 purple, 30 red, 31 pale pink, 12 russet and 14 of mixed colors. A fancy prevails in the country that in this flower the same tint is never exactly reproduced and that in this it resembles the endless variety of the human countenance.

A Clergyman's Frank Statement.

He and His Family Have Obtained Great Benefits From the Use of

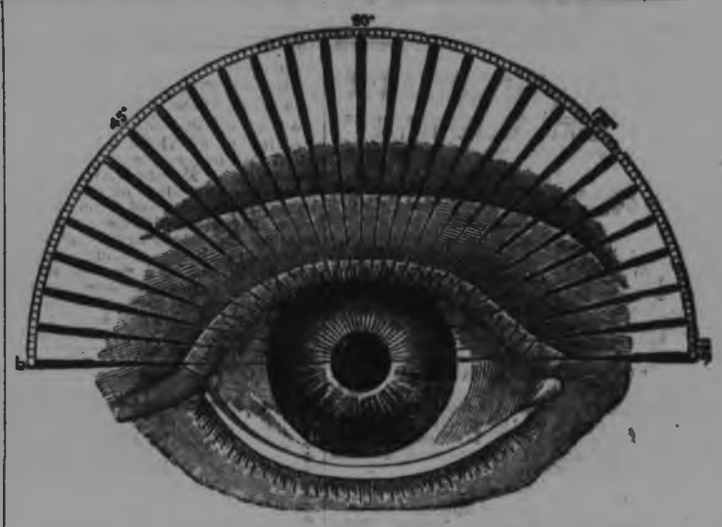
PAINE'S CELERY COMPOUND

The Sick of His Parish Have Used the Wonderful Medicine With Happy Results.

The Rev. J. F. Renaud, minister of St. Thomas Episcopal church, Montreal, is one of the best known clergymen in Canada. He has personally used Paine's Celery Compound and tested its life-giving virtues. The members of his family have derived happy and cheering results from its use, and he has proof that many of his sick parishoners have been benefitted by it.

Paine's Celery Compound is, without doubt, the greatest of all spring medicines. It is vouched for by physicians, clergymen, teachers and well read, well informed men and women in every part of the country. It is marvellously successful because it accomplishes in every instance exactly what is claimed for it.

Rev. Mr. Renaud writes as follows: "Having personally and in my own household benefitted by the use of your Paine's Celery Compound, and having from time to time used it with the same beneficial effect among my sick people, I deem it but right to acknowledge the great benefit it has proved wherever it has been faithfully tried, and, if this acknowledgement of mine will make your well known compound still more widely known to the benefit of the needy and sick, you have my authority to use this letter in any way you think best."



THE GLARE OF THE SUN AND SNOW

is a painful strain on the eyes, and particularly hard on the muscles and sensitive nerves. By the use of properly fitted Spectacles or Coloured Glasses your sight can be protected and comfort assured. No charge for testing your eyes.

Daily Examiner.

TUESDAY, MARCH 18, 1902.

Probabilities.

Fair, and continued cold, to-day and on Wednesday.

The Inside Workers.

A meeting of the Inside Workers will be held to-morrow evening at 8 o'clock, in the Labour Hall, Water street. All interested are asked to attend as matters of importance will be transacted.

The photo of the Royal chorus is finished and can be seen at Mr. Whiten's studio. All members wanting a photo of the group can order it now. Mr. G. W. Mulligan intends sending one of the photos to the Prince of Wales.

Sure Sign of Spring.

The first shipment of new Baby Carriages, Go-Carts, and Wagons, was seen in front of the Peterborough Bookstore to-day. The beautiful variety of new patterns and designs was an interesting sight. Those in need of a baby cab invited to call.

A. H. Stratton & Co.

MEATS IN SEASON.

We are prepared to supply our customers with a full variety of the CHOICEST VEAL, BEEF, PORK, LAMB, SAUSAGES, etc.

KENNEDY'S MEAT MARKET
'Phone 275.

New Delicacies.

We offer the following fresh arrivals, which are all extra choice: Large Florida pineapples, ripe bananas, new cauliflowers, crisp white celery, new rhubarb, radish, lettuce, onions, parsley, etc. S. A. Oke, No. 376 George street. Telephone 18.

Butterick Patterns for April.

Bolero styles in waists, shawl and sailor collar effects in blouses, postillion and peplum effects in Eton jackets, the new French fit, with seams to the shoulders. Call into the Peterborough Bookstore and get a copy of April Fashion Sheet free.

Special From Norwich, Ont.

The recovery of Mr. Norman Batty, hardware merchant, one of Norwich's oldest and most successful citizens has excited much comment. For years Mr. Batty has been an unceasing sufferer from Catarrhal Asthma and although no end of time and money was spent relief was not obtained until Mr. Batty commenced Catarrhozone treatment which perfectly cured him. This case is only equalled by that of Mrs. Bannon, wife of J. J. Bannon, druggist, who was also cured of Asthma and Hay Fever by Catarrhozone after 30 years' suffering. Fully a hundred persons in this town have been cured of Catarrhal troubles by Catarrhal troubles by Catarrhozone which is a remarkable proof of its value. Two months' treatment, Price $1. Small size 25c. Sold by all druggists or by mail from Polson & Co., Kingston, Ont.

DAUGHTERS OF ERIN.

An Entertainment That was Given in St. Andrew's Church Last Night.

The annual entertainment of the Daughters of Erin, of St. Andrew's church, was held in the Sunday school room of St. Andrew's, last evening, and was very largely attended. The chair was occupied by Rev. W. W. MacCuaig, who made an ideal presiding officer.

The programme was as follows:

Chairman, ... Rev. W. W. MacCuaig
Song, ... Master Morphet
Madame Jarley's Wax Works.
Recitation, ... Miss Carrie White
Song, ... Master Mowat
Madame Jarley's Wax Works.
Dialogue .... Pat's Excuse
Song, ... Rev. J. G. Potter
Recitation, ... Miss C. White
Song, ... Master Mowat
Madame Jarley's Comb Orchestra

The singing of Miss Carrie White and Masters Morphet and Mowat were particularly entertaining and produced much applause.

THE NEW RINK.

A Meeting of Those Interested is Called for Thursday Night.

The new skating rink scheme is not being allowed to drag slowly along and the recent success of the Peterborough Hockey Club only tends to infuse more determination in the minds of those who are taking a more active interest in the affair. A meeting of all those who are interested in the matter will be held in the office of Messrs. Hatton & Bradburn on Thursday night, when reports will be received from those who were intrusted with the work of canvassing for stock, and some decision may be reached regarding a location. The stock has been moving off quite freely. Mr. George Stevens, who has of late displayed more than an ordinary interest in hockey has taken five shares in the new rink. Let there be a good turn out on Thursday night.

PLAN NOW OPEN AT ORMOND and WALSH'S FOR FRIDAY'S CONCERT.

NEWS NUGGETS.

—The Court of Revision met last night and adjusted a number of assessments.

—The plan for Friday night's concert is rapidly filling up, and there will soon be standing room only left.

—Don't forget that the Sons of England are going to hold a tea and concert on Easter Monday night — March 31st. Keep the above date clear.

—The water in the Otonabee River has been gradually rising of late and work has had to be suspended on the construction of the new locks dam.

—Mr. T. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

FREE! FREE! MUSIC AND HATS!

Gough Bros.' have secured the services of Butcher's Orchestra for their grand Spring Hat Opening event on Thursday evening. Mr. Stubbs, the entertainer, with his phonograph will also be an attractive feature of the evening. Everybody welcome to hear the music and the phonograph free of charge and inspect the swell display of new Spring Hats. Doors open till 10 o'clock. Tully & Merrell, Managers.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists.

SATURDAY'S MASS MEETING.

On Monday the last session of the ninth Legislature of the Province came to a close, and the General Elections will follow in due course. Those in sympathy with the present Administration, are reminded that a mass meeting of the supporters of the Ross Government will be held in Bradburn's Opera House on Saturday, 22nd March, at 1.30 o'clock p.m., for the purpose of nominating a candidate in their interest, to contest the representation of West Peterborough in the coming Provincial Elections. Addresses will be delivered by Hon. Senator Cox, Hon. Senator McHugh, Mr. Andrew Patullo, M. P. P., Mr. Thos. Blezard, M.P.P., and Hon. J. R. Stratton.

On account of the number of speakers it is desired that a prompt beginning should be made and it is requested that those intending to be present should make an effort to reach the Hall as nearly as possible at the hour named. It is also important that as many of the supporters of the Ross Government as can do so should attend so that the choice made may be as representative as possible.

AS TO GRANTS FOR DAMS.

Our evening contemporary makes complaint in respect of a grant of $4,000 to aid in the construction of the Stony Creek dam, and as usual, in its attempts to make party profit, misrepresents the situation. The money granted by the Government was for the construction of, (not a private work) but a work of public utility which is used by the Dickson Company, and with no greater privileges, in common with other lumbermen and by those who may desire to have facilities for moving timber and logs.

A dam is at this moment being erected on Bass Lake to cost $1,200; and another dam on Squaw River to cost about $1,000.

These dams are being erected at the earnest solicitation of Mr. David Gilmour, President of the Conservative Association of West Hastings, and at the request of settlers, who by petitions have asked help to provide conveniences for marketing their timber and logs.

Both of these works are of advantage to the public at large, to the lumbermen and to the settlers.

The settlers cannot undertake such work themselves, lumbermen seldom bear all the expense themselves, and it is proper and more than that, laudable in the Government to use the public money to supply public conveniences such as these dams are.

Now why does the Review select the case of the Dickson Company and not that of the Gilmour Company for its animadversions? The principle involved of supplementing private enterprise by public funds in works that are for the public convenience, is the same in both cases.

Does the Review thus make fish of one and fowl of another, because one firm is Liberal and the other Conservative?

Does the Review only take high (and hypocritical) ground of solicitude in the public interest, when it thinks it can make party capital?

RETAIL MERCHANTS' ASSO.

The annual meeting of the Retail Merchants' Association was held last evening, and the report of the proceedings in another column is well worth perusal. The annual report of Mr. Robert Fair, the energetic President, is most comprehensive. He draws attention in the first clauses to the aims and objects of the association, which are not to create a combine amongst the retailers to raise prices, or to create illegitimate profits, but are solely for the mutual benefit, advancement and protection of the merchant. One of the grievances which Mr. Fair would like to see remedied is the matter of the wholesalers charging the retailers for the cartage of their goods from the warehouses to the stations. He says, truly, that it would be just as unfair for the retailer to charge his customers for delivering their parcels to them. The President concludes with a warning to all to beware of the foreign advertising agent, who through specious argument has too often beguiled the unwary merchant into heavy investments from which the return is small. Mr. Fair's advice is to patronize the local press, to which, he thinks the merchants are greatly indebted for the stand taken against the mischievous policy of shopping in the cities.

Mr. A. W. Cressman, who in his position of secretary of the Association, has devoted much time to the work, brings out a splendid point in his report, when he calls attention to the very late hour at which grocers and dealers are allowed on the local market, to purchase supplies, as compared with other places. In Peterborough those who deal in market supplies are prevented by bylaw, from purchasing on the market before eleven o'clock. This causes the shopping in the stores to be done at a very late hour. The farmers crowd the stores in the afternoon, and the townspeople consequently wait until evening to come down town. Mr. Cressman thinks, rightly, that if the dealers are allowed to go on the market at ten o'clock it would relieve much of the congested traffic in the stores later in the day.

IN A NEW ROLE.

The Review in an article dealing with Mr. W. W. Buchanan's speech in the opera house on Thursday night in reference to the Prohibition Bill, says that "he (Mr. Buchanan) is a Liberal himself."

What is the use of the Review talking such rubbish? Does it think the people are fools? Does it not know that the public knows that Mr. W. W. Buchanan is a more bitter opponent of Premier Ross than the leader of the Opposition himself? Mr. Buchanan ran against the Liberal candidate in South Wentworth, and, as he was defeated, largely through the eloquent speeches and arguments of the Premier. Mr. Buchanan's hostility to Hon. Mr. Ross is explained. He also ran against the Liberal candidate in Hamilton as an Independent.

The Review refers to Mr. Buchanan as a "temperance expert." He may have "given his time and talent," as the Review says, "to the temperance cause," but he has done it in the same way that a lawyer "gives" his "time and talent" to the client who pays him well. He advocates a cause because he is paid for it at the rate of $125.00 per month and expenses, not an extravagant remuneration, perhaps, for the services of what the Review styles a "temperance expert," and professional advocate of prohibition.

The Examiner has little complaint to make of Mr. Buchanan's speech in the opera house, except his attempt to show that the referendum is "loaded," which is not the case.

The Review seems to have been disappointed because honest temperance people have by their action prevented it from making a political football of the prohibition question.

What has come over the Review, that it has come out as the champion of temperance orators and prohibitionists? It's a new role for the organ. It opposed the Dunkin Act; it opposed the Scott Act, and never had a good word to say for temperance. Its sudden pretended interest in temperance and prohibition is suspicious.

The real explanation of the Review's position is that it thinks it sees a chance to use the prohibition question to make party capital and embarrass the Ross Government, which has given the people the prohibition bill the temperance people asked for, and have placed the matter of its coming into force in the hands of the people themselves.

In connection with the Review's position, "Save us from our friends," is a saying that naturally suggests itself to those honestly interested in temperance.

TO BUILDERS.

Sealed Tenders will be received by the undersigned until Friday, 28th of March next, for the erecting of a brick terrace on Harvey street. Plans and specifications can be seen at the office of Mr. W. Blackwell, Architect, Water street. The lowest or any tender not necessarily accepted.

PORT HOPE KNITTING WORKS

FRED HUBBS WRITES.

The South African Volunteer Says They Were Tired of Shipboard.

Mr. Fred Hubbs, writing home on Feb. 13th from Steamer Manhattan, 200 miles from Cape Town, says.—

"The voyage has been quite uneventful. During the first four days out from Halifax it blew hard, and a great many suffered from sea-sickness. After that the trade winds were reached and followed us for three weeks, making it quite pleasant. Measles broke out, but did not spread much, as the patients were isolated. When we reached the Equator Neptune came on board to hold forth, as usual, but before long the boys turned on Neptune and tumbled his whole outfit into the swimming tank, along with a lot of the ship's officers, giving them quite a surprise. All are tired of the ship, and will be glad to get on shore. Only one sail was seen during the whole voyage."

The letter was post-marked at Cape Town on Feb. 15th, marked at London March 7th, and reached here on March 17th.

LINDSAY'S NEW HOSPITAL.

The Building Will be Ready by June—To be a Fine Structure.

During the past winter the work on the new Victoria County Hospital, at Lindsay, has been progressing quite steadily, and it now presents a somewhat completed appearance. The plastering is almost completed, the tiling of the main hall, operating room, lavatories, etc., is well advanced, and the greater portion of the marble wainscotting and stairs is in place. The heating system is in steady operation, and a staff of carpenters are pushing their portion of the work very rapidly. Mr. W. White, who is in charge for the architect, expects to have the building completed and ready to hand over for occupation by June 1st. Lindsay citizens may expect to see, when completed, the finest, most complete, and best equipped modern hospital building of its size possessed by any town in Canada.

Growing Children Thrive Best on Malt Breakfast Food

Mothers truly interested in the nourishment and growth of their children speak with great delight about Malt Breakfast Food and its health-producing work for young children.

Malt Breakfast Food is a perfect morning and evening food for growing children; it truly nourishes their body and keeps the blood cool and pure.

If you would keep your growing children in robust health, give them Malt Breakfast Food morning and night. No other food is more economical; no other can keep them so well and vigorous. Your Grocer will strongly recommend Malt Breakfast Food.

—Queen Quality wearers grow more numerous every day.

—If you'd like a high-class lady's shoe at a moderate price, you'd like Queen Quality.

—All sizes, widths, styles, prices.

J. T. STENSON

"KATHLEEN MAVOURNEEN"

At the Opera House on St. Patrick's Night,

WAS A DRAMATIC SUCCESS.

The Opera House Crowded to the Doors—The Performers to be Congratulated Upon Their Success.

Perhaps the largest audience that has ever assembled at a St. Patrick's Day entertainment in Peterborough, crowded Bradburn's Opera House last evening to witness the production of the Irish comedy-drama "Kathleen Mavourneen" by the dramatic section of St. Peter's Total Abstinence Society. The attendance was so large, in fact, that at eight o'clock the management was obliged to cease selling tickets as the people were standing at that hour unable to gain admittance. As a result of the jam many were turned away.

The manner in which the play was presented by the young people spoke for itself. From the rise of the curtain in the first act to the drop in the closing finale, the vast audience enjoyed a production, which was punctuated with pure and original humour and repartee, deep emotional passages and pathetic scenes.

It is understood that the talented performers had only a few weeks at their disposal in which to practice this difficult production, but nothing occurred in the portrayal of the parts last evening to mar the production in any way. The plot developed with delightful exactness, and the different performers grasped the spirit of the character they were delineating with remarkable success. The stage settings too were superb. Special mention must be made of the kitchen scene, with the blazing fire. It was indeed realistic and natural. The young people have every reason to be proud of their work last evening, which was considered by many to be far superior to that presented by many so-called first-class travelling troupes.

This comedy-drama has been presented in Peterborough by travelling companies some years ago, but last night's presentation was a revised edition of this well-known play, and the many changes made and the new parts introduced added new charms to the production.

The play opens in the humble cottage of David O'Connor, an Irish farmer—a tenant of Bernard Kavanagh, the Squire. Mr. O'Connor, with the assistance of his daughter, Kathleen, are making preparations for the expected visit of the Squire and Miss Dorothy Kavanagh, who when they arrive, are given a warm welcome. Kathleen, the innocent Irish colleen, becomes "deeply interested" in the Squire, who it might also be said is smitten with Kathleen's beauty and innocence. Miss Dorothy's description of high life astonishes Miss O'Connor, who expresses a wish to become a fine lady some day. The Squire, before his departure takes advantage of an opportunity, and expresses his love for Kathleen. Now Kathleen is in love with a rollicking Irish lad, Terrance O'More, and the thoughts of parting with Terry causes no end of trouble to the Irish girl. Kathleen is so entangled in the meshes of love's young dream, that in her soliloquizing she dozes off to sleep and dreams of her marriage to the Squire, and her jilting of Terrance. Her life with Bernard proves to be decidedly unhappy, and Bernard secures a villian to murder her on a crag in the mountain. Terrance, however, nips the plot in the bud, and in a deadly encounter kills the Squire. Kathleen and Terrance are both arrested for deed and Terrance is lodged in prison, where a very pathetic interview takes place between the two before his execution. Kathleen, however, is aroused from her dream by the voice of Terrance coming to see her, and she at once realizes that sleep had overtaken her, and that she had not lost her Terry. The plot terminates by a very pretty finale in which there is a union of hearts and a genuine Irish love scene.

Mr. George Lynch, as "Terry O'More," was an ideal "broth of a boy," and kept the house in roars of laughter by his quaint humour. His acting during the evening is worthy of special mention, as is also his singing during the play. His appearance on the stage was at all times recognized by the audience.

Miss Nellie McCabe, as "Kathleen Mavourneen," the pretty Irish colleen, acted this difficult role in a superb manner. Her dashes of humour, her innocence, and her deep love for Terrance, were all portrayed in a manner that lent a charm to her part. It would be hard to say in what particular portion of the play Miss McCabe excelled, so creditably did she acquit herself.

Mr. John McCabe, as "Bernard Kavanagh," the stern and cruel Squire, exactly suited his part, and earned the contempt of the audience by his treatment of Kathleen. His "finish" in the crag scene at the hands of Terrance seemed to please the audience, and this in itself is a warm tribute to Mr. McCabe's fine work.

Mr. James Hickey took the part of "Captain Clearfield," a friend of Bernard Kavanagh and he acquitted himself in a highly creditable manner. His splendid voice was used to good advantage and his acting was at all times natural. As the kind-hearted Turnkey McCubbin, he was equally as natural, and this role was filled most acceptably.

Miss Ethel Primeau in her portrayal of the character of "Dorothy Kavanagh" acted the role in a very satisfactory manner, and seemed to have an excellent idea of how this character was to be delineated. "Kitty O'Lavery" (Miss Fanny Holmes) the good natured and innocent Irish maid was a beautiful character indeed, and Miss Holmes has every reason to be proud of her excellent work last evening. Her kind attention to Kathleen and her encounter with Captain Clearfield were clever pieces of work.

Little Nellie Hallihan, as "Ely O'Neil," the little Irish orphan, captured the audience last night. This little tot possesses a remarkably clear and distinct voice, both in her singing and acting, and her work last night was a revelation to many. Her singing of a lullaby in the first act and her pathetic rendition of "Leave Not Your Kathleen," in the prison scene, were vocal gems, and were warmly recognized.

Mr. Joseph Begley as "Larry Drake," an easy going Irish lad, added considerable comedy to the play. He made a hit it in "total abstinence" tribute in the parlours of Bernard Kavanagh.

Mr. Jas. O'Brien, as "Dennis," the servant, and as "Darby Doyle," the villain, was all that could be desired. He had his work cut out in the grave-digging scene, with Black Rody (T. J. Begley) and he acquitted himself with credit in both roles.

Mr. T. J. Begley acted the part of "David O'Connor," and 'Rev. Father O'Cassidy" during the evening. Mr. Begley has gained more than a local reputation in his work over the footlights and he played his role last night in a really excellent manner.

Between acts a fine orchestra furnished an excellent programme of Irish melodies, which were warmly received by the audience. The orchestra comprised Miss Lottie Bell, violin; Miss Maggie McCabe, piano; Mr. John Miller, cornet; and Mr. John Butcher, flute.

Miss Lavina Hallihan, a promising young vocalist, appeared during the evening in two vocal numbers, "Take Me Home, Barney," and "Come Back to Erin." This young lady won fresh laurels in her rendition of the above songs, which were sung with that sweetness and expression which usually characterize her work.

Miss Maggie McCabe, the musical director of the evening, is to be congratulated on her work. The music was a feature in the evening's programme which was highly praised. Her accompaniments were played in a faultless manner. The following songs were introduced in the play, Olcott's Lullaby, "Leave Not Your Kathleen," by Little Nellie Hallihan; "Terrance's Farewell," "Kathleen Mavourneen," and "My Beautiful Irish Maid," "Why did they Sell Killarney?" by George Lynch, and "Kitty O'Neil," by T. J. Begley.

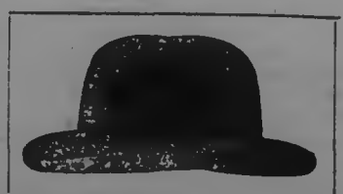
The following is the caste of the characters:

Kathleen Mavourneen, Miss N. McCabe
Terrance O'Moore, ... Mr. Geo. Lynch
Bernard Kavanagh ... Mr. John McCabe
Dorothy Kavanagh ... Miss E. Primeau
Dennis McCarthy, Darby Doyle, ... Mr. Jas. O'Brien
Meg Marslogh, Kitty O'Lavery, ... Miss F. Holmes
Father O'Cassidy, David O'Connor, ... T. J. Begley
Larry Blake, ...Mr. Jos. Begley
Elly O'Neil, ... Miss Nellie Hallihan
Capt. Clearfield, Turnkey McCubbin, ... Mr. James Hickey
Sergt. McGuire .... Emmet Doherty
Corp. Daly, ... Jack Mulligan

The play was under the management of Mr. T. J. Begley. Mr. John McCabe filled the duties of stage director, and Mr. George Lynch was master of properties. All are to be congratulated on the successful outcome of the presentation.

Didn't Know His Wife.

When T. Coleman, a Brantford traveller, left on a three weeks trip his wife was a yellow faced, fagged out looking woman. When he returned he didn't know her. Her eyes were bright and her skin clear, and she walked differently. Merrill's System Tonic did it. 50c. for 50 doses. Sold at Ormond & Walsh's drug store.



NEW HATS

For Spring, 1902.

The above farm stock sales will commence each day at 1 o'clock sharp.

John Haggart, Auctioneer.

A Consultation Held.

Drs. McDade, Rush and Sims, three of the most eminent American doctors, in a series of articles outlined a tonic treatment calculated to cure a vast number of diseases. Their suggestions were embodied in a formula which is dispensed by a Brantford druggist and called Merrill's System Tonic. It is a reliable and pleasant remedy for stomach, bowel and kidney diseases. Sold at 50c. per bottle at Ormond & Walsh's drug store.

Fragrant and Fresh.

MR. FIELDING'S BUDGET SPEECH.

Continued from third page.

cover the paper used by weekly newspapers. When the Canadian Press Association furnished the necessary information to show that the reduction did not carry out the intentions of the Government in this respect, it would be amended to do so.

Dealing with the applications which had been made to the Government for encouragement to the beet-root sugar industry, either by way of a bounty or by increasing the customs duties, Mr. Fielding said that neither proposition commended itself to the judgment of the Government. The duty on sugar was high enough already; as for a bounty it was debatable if it would help the industry, it had certainly failed to do so in years past. The present customs duty of $1.26 on sugar afforded sufficient incidental protection and the competition from continental countries promised to become a less disturbing element owing to the probable abandonment of the bounty system. Besides, there was the Ontario bounty of one-half cent, which also afforded an encouragement. In addition, the Government admitted machinery for beet root sugar factories free; also structural material for building, and these concessions would be continued for another year. In order that Canadian manufacturers of machinery might not be injuriously affected it was proposed to grant them a drawback on all duties paid upon iron or steel entering into the manufacture of machinery or structural material for beet sugar factories.

No Changes in the Tariff.

"We do not propose any tariff changes this session," said Mr. Fielding.

He did not claim that the tariff was perfect; but it proved well adapted to the requirements of the country. Tariff stability was most desirable. Still, as conditions changed at home and abroad, the Government would be obliged to take notice of such changes, too. (Hear, hear.) Yet the Government thought the time was not opportune to make changes. In the first place, before yielding to the claims for further protection, on the part of certain industries, the Government should have the industrial census, which he expected would be ready next year.

As to Germany an erroneous impression had prevailed in that country. It was owing to Canada's efforts that the most favored nation treaty between that country and Great Britain was denounced. In consequence of this Canada came into the class of non-treaty countries, the products of which were subject to the higher tariff in Germany. But the privileges which Germany lost in Canada, were not privileges which rightfully belonged to any foreign nation, but privileges which properly belonged to the family circle of the British Empire. Canada was quite willing to give to the products of Germany the same treatment as given to those of any other foreign nation, and that was all Germany could ask.

Imperial Trade Relations.

Another reason against immediate changes in tariff was the present position of our trade relations with the Mother Country and with our sister colonies. "We are about," said Mr. Fielding, " to participate in two important conferences to take place in London. One of these has been called at the suggestion of our Government for the special purpose of considering the possibilities of enlarging the trade between Canada, Australia and New Zealand. The other conference is of a broader character, and has been called by the Imperial Government. The ceremonies attending the coronation of the King will take to London representatives, public men from all parts of the empire, and the Imperial Government desires to avail itself of the opportunity to discuss various matters, including questions of trade and commerce affecting the interests of the empire. Canada will be expected to take an active part in the consideration of these questions, and at the close of these conferences we shall be in possession of a knowledge of the disposition of other portions of the empire, which will undoubtedly be valuable to us, in consideration of any proposed tariff changes. I do not under-estimate the difficulties in the way of bringing about such trade relations within the empire as are desirable from the Canadian point of view. However, it is our duty to avail ourselves of the opportunity to discuss these matters with the public men of the other parts of the empire, and to use every effort to bring about such improved arrangements as would be beneficial to Canada and to the empire. For these reasons we postpone for the present the question of tariff revision. When the moment for revision arrives, the public of Canada may rest assured that the Government will undertake the work in the spirit of moderation and caution that has prevailed in their past actions in tariff affairs, avoiding the extremes which almost always find advocates, and having regard to what is best, not for particular industries, or particular sections of the country, but for the interests of the people of the whole Dominion."

THE OPPOSITION LEADER.

Mr. R. L. Borden, upon rising to reply was received with cheers from his followers.

He went on to say that it was remarkably late in the day for the hon. gentleman to come to the conclusion that improved tariff treatment should be impressed on the German Government. It seemed to be only after three years that this Government was waking up, but better late than never, and he hoped that the promised step would be taken at once. In regard to the census returns he agreed with Mr. Fielding that they were disappointing. But, if, as claimed, the increase had only taken place in the last five years, the statement belied the official report sent out by the Government from year to year.

Mr. Fielding also referred to the postoffice deficit of $439,000, but he omitted to tell the House that Mr. Mulock, during the general election, promised that the postoffice would be self-sustaining. That he was nearly $500,000 out did not seem to be much of a compliment to the Postmaster-General.

The General Prosperity.

Without following the Finance Minister through his many comparative statements, Mr. Borden proposed to say a word or two about the general prosperity of the country and of the world.

"We," said Mr. Borden, "as well as the Finance Minister, congratulate not the Government, but the country on the splendid prosperity which has prevailed through Canada during the past year. We are not behind hand in doing our duty in that respect, but when the Finance Minister and his followers suggest that this prosperity is in any way due to the present Government or to any measure which they brought down, I venture to think they lay themselves open to fair criticism." Mr. Borden considered that a cock crowing at dawn had as much reason to congratulate himself on the rising of the sun on that particular morning as the Government had to congratulate itself upon the prosperity which prevailed throughout Canada and throughout the world.

Comparing the Expenditure.

Proceeding, Mr. Borden dealt with the Finance Minister's claims as to the expansion of trade, adding that he thought it only right to bring the attention of the country to the expansion of the expenditure, which also had taken place since 1896. From 1892 to 1896 the total expenditure was $210,780,819, and from 1897 to 1901 it amounted to $250,550,000, or an increased expenditure of nearly $40,000,000 in the latter five years. This was an average increased expenditure in the aggregate of $7,968,237 by the present Government over that of its predecessors. Surely the Finance Minister, if entitled to the benefit of the prosperity, was entitled to the benefit of all this expenditure. Had the hon. gentleman forgotten the years gone by when an expenditure of $38,000,000 was declared to be three or four millions too much. This necessity for economy was made much of by Sir Richard Cartwright in an article in The North American Review, in which he attacked the increased expenditure during the eleven years between 1878 and 1889, and compared our taxation with that of the United States, when its population was 20,000,000. At that time (1845), the taxes of the United States were $27,531,000. Now, in 1900, the population of Canada was 5,340,000, and the taxes of Canada were $57,580,000. Was not the criticism as fair to-day as when made by Sir Richard Cartwright? and, if, as that hon. gentleman then contended, our enormous increase of expenditure was due to protection, what is the reason for the increase in the past four years of $15,000,000? It cannot be protection, because we are supposed now to have a revenue tariff. It cannot be extravagance, because it is impossible to believe that these hon. gentlemen are actuated by motives other than those of the strictest economy. Another test was the per capita tax, and that was shown in the trade returns to have increased enormously.

Expenditure and Taxation.

From 1878 to 1896 the Conservatives spent enormous amounts on public works; $65,000,000 on the C.P.R.; the Liberals, from 1896 to 1901, have spent about $33,000,000 for the same purpose; on canals the Conservatives spent $36,000,000; the Liberals $14,250,000. The Conservatives set aside as debt for the provinces $10,400,000, while this Government set aside $267,000. The Conservatives spent on the I.C.R. $20,500,000. The Liberals spent $8,250,000. Taking these things into consideration he did not think the Finance Minister dealt fairly with the country in his comparison of the increased debt during the last five years and during the 18 years of Conservative rule. He had not taken into consideration the enormous revenue of the past five years, nor the very much larger amount the Conservatives spent on public works.

Mr. Borden's Amendment.

At 6 o'clock Mr. Borden asked whether it was proposed to hold an evening session, to which the Premier replied that he proposed to go on if it suited Mr. Borden's convenience. Mr. Borden then moved the adjournment of the debate, and gave notice that in concluding his remarks to-day he would move the following amendment:

"That all the words after 'that' be struck out, and the following be inserted: 'This House, regarding the operation of the present tariff as unsatisfactory, is of opinion that this country requires a declared policy of such adequate protection to its labor, agricultural products and manufactures and industries as will at all times secure the Canadian market for Canadians; and, while always firmly maintaining the necessity of such a protection to Canadian interests, this House affirms its belief in a policy of reciprocal trade preferences within the empire."

BRONCHITIS

A SERIOUS DISEASE.

Becomes Chronic and Returns Year by Year or Develops Into Bronchial Pneumonia, Croupous Bronchitis, Asthma or Consumption.

The real dangers of bronchitis are sometimes overlooked. It is too serious a disease to trifle with, and for that reason everybody should be familiar with the symptoms.

Children are most liable to contract bronchitis, and if neglected it becomes chronic, and returns year after year, until it wears the patient out or develops into some deadly lung disease.

The approach of bronchitis is marked by chills and fever, nasal or throat catarrh, quick pulse, loss of appetite and feelings of fatique and langor.

Bronchitis is also known by pain in the upper part of the chest, which is aggravated by deep breathing or coughing until it seems to tear the delicate linings of the bronchial tubes.

The cough is dry and harsh and is accompanied by expectoration of a frothy nature, which gradually increases; is very stringy and tenacious and is frequently streaked with blood.

There is pain, not unlike rheumatism, in limbs, joints and body, constipation and extreme depression and weakness. In some people the exhaustion amounts almost to nervous collapse, delirium follows, and in young children convulsions may follow.

Dr. Chase's Syrup of Linseed and Turpentine is, we believe, the most effective treatment for bronchitis that money will buy. This fact has been proven time and again in many thousands of cases.

It is the most effective remedy for bronchitis, because it is far reaching in its effects on the whole system, not merely relieving the cough, but actually and thoroughly curing the disease. It loosens the cough, frees the chest of tightness and pain, aids expectoration and permanently cures.

There are other preparations of turpentine and linseed put up in imitation of Dr. Chase's Syrup of Linseed and Turpentine. To be sure you are getting the genuine see the portrait and signature of Dr. A. W. Chase on the box you buy. 25c. a bottle: family size, three times as much, 60c. All dealers, or Edmanson, Bates & Co., Toronto.

Dinginess and Unsightliness Turned Into Beauty.

A Simple, Easy and Economical Way of Home Dyeing--Diamond Dyes Make Old Dresses and Clothes Look Like New—Colors That Never Fade or Wash out.

Old dresses, wraps, jackets, capes, blouses and suits that have become faded and dingy in colour can be turned into garments of usefulness and beauty by the wonderful re-creating power of Diamond Dyes. Many thousands of homes from the Atlantic to the Pacific save scores of dollars every year by using Diamond Dyes. They are the standard home Dyes of the world, and as such, are warranted to give the best results in brilliant and unfading colours.

Diamond Dye Mat and Rug Patterns are selling faster than ever. If your dealer does not sell these popular patterns, send your address to The Wells & Richardson Company, Limited, 200 Mountain street, Montreal, P. Q., and they will mail you free of charge sheets of designs to make selections from.

Confessed to Killing Wife.

Findlay, Ohio, March 17.—Charles Rolo, a suspect, arrested by the police yesterday, made a confession to Chief of Police Ramsey, in which he stated that he was until a year ago a market gardener in Batavia, N.Y., and that in a quarrel with his wife last August he had struck her a blow which had caused her death.

Sir Henry Campbell-Bannerman's motion to have the South African war investigated now was defeated in the British House Monday.

THREE MONTHS AND NO SLEEP

In ninety-nine cases out of a hundred this would mean the lunatic asylum for the patient, but South American Nervine was the "stitch in time."

Mrs. White, of Beaverton, was dangerously ill from nervous trouble; had not slept a night for three months, so low, friends had given up hope of recovery. She began using South American Nervine and from the night she took the first dose slept soundly. She put on flesh rapidly and in a short while every symptom of her trouble had left her, and although it is five years ago, she has never had a sign of a return. Its

Fashion and Comfort.

For once fashion and common sense have joined in the cause of comfort in ladies' footwear.

The really fashionable shoe is built much like a man's shoe on a womanly scale.

This fashion has the advantage of a fine appearance, combined with common-sense comfort, and will therefore be a permanent one.

SLEIGHBELL MEMORIES

—BY INA TRAVIS

Copyright, 1901, by A. S. Richardson

Amos Shepard dismissed his secretary and walked to the window. The afternoon sun cast a dazzling light on the first snowfall, and above the clang of the cable cars sounded the faint tingle of sleighbells on the boulevard.

Buttoning his overcoat to the throat, he strode down the mosaic corridor, past the brass cages behind which the bank clerks were casting up the day's accounts, and threw open the door, whose curtains had been tightly drawn. As he stood on the threshold a pleased light came into his shrewd gray eyes. Round the corner, with clink of silver chains and jingle of bells, swept his favorite team of blacks. The present Mrs. Shepard was most considerate of her husband's wishes and tastes. Sleighing was one of the banker's keenest pleasures, and she had remembered the fact.

But as the horses stopped before the bank Mr. Shepard noted the absence of his big English coachman. A tall, square shouldered figure sprang out and tossed back the fur robes, then waved a familiar greeting to the man on the step. It was Reginald.

"Come on, father, for a dash on the speedway! Everybody's out."

"Where is James?" enquired Shepard as he climbed into the cutter.

"At the stables, I thought—we might have the first ride of the season together."

If the elder Shepard had not been so absorbed in studying the set of the new harness, he might have observed in his son's voice an anxious note and in the adjustment of the robes more than ordinary filial solicitude.

Once on the boulevard, beyond business traffic and cable cars, he might also have looked here and there on dull brownstone houses whose rentals flowed into the Shepard coffers. When the avenue rose sheer above the water's edge, he might have looked across the stream to his large holdings in the Palisades, from which, it was predicted, the city would eventually draw its water supply.

But he was not thinking of these things. A faraway look came into his eyes, and he paid no heed to his son's occasional comments on passing vehicles until finally Reginald found what comfort he could in his own thoughts.

Amos Shepard sat with his arms folded, studying with unseeing eyes the scenery spreading out before them. Instead of towering cliffs and stately mansions, he saw a stretch of mid-west prairies broken by rail fences and low farmhouses. The blooded trotters were transformed into a patient gray mare drawing a high box sleigh. The robe was a flannel lined buffalo skin, and— But did that matter? She was at his side, and with lips stiff, partly from cold and partly from the fear that he was asking more than she could give, he framed the momentous question.

And that thrilling word of three letters which seemed to change his whole life—it carried him away from the old farm to the busy city above the river, where he meant to make a name for himself and wealth for Kitty. It was much harder than he had anticipated. He was almost ready to give up and return to the farm when she wrote that she thought she could help him, and she was such a dainty, fragile Kitty. After she came it was easier. It was Kitty's encouragement and good advice that smoothed out many a business wrinkle, just as her soft hand rubbed away the frowns and the headaches at night.

By and by her hands were less soft, for the work became heavier when the babies arrived. And when, after he had achieved his first little success, came the panic to sweep everything before it Kitty's wise head planned the foundations for the new work, and Kitty's small economies, ennobled by her great love, made the upward climb easier. He could see her now making red flannel mittens for Reggie and the wee checked pinafores she sewed for Kathie under the green shaded lamp.

He drew in his breath quickly. The picture changed to the day when he brought home her first silk dress. How her blue eyes shone when he threw the glistening folds over her shoulders! Later came the sealskin and the diamonds, but nothing that made them half so happy as that first silk dress. And day by day as he prospered he realized that there was something which his wealth could not buy back—the fading health of his quiet, fragile wife.

When it was all over and for one long, weary year Kitty had lain asleep under the graceful marble shaft, a handsome mistress came to the newly furnished mansion on the avenue. Thoughtless people said it was so fortunate, all round, for the first Mrs. Shepard was not the sort of woman to preside over such a home or to cultivate the people who would be useful to a rising man like Amos Shepard.

The second Mrs. Shepard was admirably adapted to the position. She knew the schools which would give the children the best social standing. She presided over a dinner table with indescribable grace and tact, and when Shepard was elected to congress it was freely circulated that his wife's diplomacy had been worth more for campaign purposes than his goodly check. Kathie's social debut was set for next week. Already the society papers were singing of her prospects, her gowns and her beauty, and she looked like—his Kitty of the sleigh ride years ago.

"Father, I want to tell you something"—

They were almost home, and the young fellow was getting desperate. Stocks and bonds might be of paramount importance to men of fifty, but when the blood runs riot in the veins of youth life holds other more vital interests.

Mr. Shepard roused himself with an impatient shrug—a check, of course. A physician's practice in the first year is not profitable even when backed by influential parents and friends.

"Yes?"

Reginald lifted the whip nervously, and the blacks sprang forward.

"Well, father, I want to get married. I know I'm young and have my way to make, but if you love a girl as I do, why, it gives you something to work for besides mere money."

Amos Shepard's lips closed firmly. Was it that butterfly Bessie Clayton, who had shared their opera box the night before? Reginald Shepard, M. D., read the sign aright, but plunged on.

"I suppose it sounds silly, because if it wasn't for you I couldn't keep up appearances, but I'll probably spend less money when we're married than I do now. Mabel doesn't care about show"—

"Mabel who?"

"Don't you remember Mabel Brewer, Aunt Helen's adopted daughter? I met her two years ago when I was visiting on the farm, and—well, I love her; that's all. I know she's not as swagger as the girls in Kathie's set. She won't shine in society, but I don't give a rap. I don't want a career. One in the family is enough, and Kathie's going to cut a big swath. I just want a nice little home—and Mabel. She has her ideals of what a physician should be, and if I live up to them I reckon you won't have cause to be ashamed of me."

They were under the porte cochere. Without a word Amos Shepard tossed aside the fur robes.

"I say, dad, you're not angry?"

His father stood beside the cutter gazing up at a window screened by filmy lace. Suddenly he wheeled around and faced his son. Something the latter had never seen shone in Amos Shepard's eyes.

"Reginald, you remember that Van Twiller place on Grant avenue? It's not large or showy, but it's a mighty pretty little house. Well, I'll deed that over to Mabel on your wedding day. And now I've got to write a line to your Aunt Helen."

And Amos Shepard, banker and member of congress, ran up the granite steps like a boy.

Tumor Cured.

"By their fruits ye shall know them." The way to judge of the value of any medicine is by its cures. Apply that test to Dr. Pierce's Favorite Prescription and it is at once lifted high above all other put-up medicines designed for the cure of womanly diseases. Chronic forms of disease which local physicians have failed to cure, and which have yielded to no other treatment, have been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription. It establishes monthly regularity. It dries debilitating drains. It heals inflammation and ulceration and cures female weakness.

Mrs. Shopshire, of Ballou, Shelby Co., Ohio, writes: "My mother had an ovarian tumor which we thought would result in her death, but we had read your advertisements and we commenced using your 'Favorite Prescription.' We got one dozen bottles to commence with, and before she had taken three bottles she began to improve; she is living to-day and we have given your medicine the credit. My mother was sixty-six years old when the tumor commenced to grow; she is seventy-six now and the tumor is all gone. She had gotten awfully large, and her limbs began to swell before we began to use your 'Favorite Prescription.'"

Dr. Pierce's Pleasant Pellets cure biliousness.

CURING CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

Scott's Emulsion is a reliable help.

As She Would Have Been.

A gentleman in Paris paid a visit to a lady, in whose parlor he saw a portrait of a lovely woman of, say, five and twenty. Upon the entrance of the lady her visitor naturally asked her if the picture was a family portrait and was told that it represented her deceased daughter. "Is it long since you lost her?" asked the gentleman. "Alas, sir," replied the lady, "she died just after her birth, and I had a portrait painted to represent her as she would have appeared if she had lived until now!"

How a Hindoo Uses Clocks.

The Hindoo places a clock in his showrooms not because he ever desires to know what the hour is, but because a clock is a foreign curiosity. Instead, therefore, of contenting himself with one good clock he will perhaps have a dozen in one room. They are signs of his wealth, but they do not add to his comfort, for he is so indifferent to time that he measures it by the number of bamboo lengths the sun has traveled above the horizon.—Temple Bar.

Look For the Key.

Don't get angry at small things. Look at vexations now as you will view them thirty days from date. The angry man who gets the wrong key and pushes and rattles the door till he breaks the lock loses more time than if he had quietly gone for the right key and pays for a new lock besides.

Cursed Words of the Yezidees.

The Yezidees, a peculiar Turkish sect, are perhaps the only people in the world which consider certain letters, words and phrases as being cursed and the person who pronounces them a worthy subject for immediate destruction. They attach no value to human life, and to these ordinary dangers are added those arising from the embarrassing etiquette of conversational intercourse with them, for if any one inadvertently speaks the word "devil," "Satan" or anything with the same meaning he commits a mortal offense, and to cut off his head is a God pleasing act, a sacred duty of the Yezidee, the fulfillment of which will insure him a place in paradise.

In a like manner several letters are wholly banished from their language, chiefly those which contain the sound of "shun." The Arabian word nallet, "Thou art damned," is also expunged because it is believed by the Yezidees to have been the word uttered by God when the fallen angels were thrown into hell. These and similar words and phrases are set aside and combinations which do not belong to any language used instead.

Out of the Shadow.

The discouragement the despair of ill-health, out into the noon-tide glory of health, vigour and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and lusterless eyes, by the roses bloom and sparkling eyes. If you but use Ferrozone, you will make rich, red blood, your nerves will grow strong. Old time vigour will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name, Ferrozone. Sold by Ormond & Walsh.

Cleared His Doubts.

A well known English gentleman engaged a tall and powerful highlander to act as gamekeeper on his estate. Having been a considerable time at his post and not having caught any poachers, the gentleman suspected his gamekeeper of carelessness. So one dark night he disguised himself and went out with a gun to poach on his own ground. He had only fired one or two shots when he was suddenly pounced upon from behind and his gun wrenched away. Then kicks and blows were showered upon him until he fell down half insensible. The highlander then walked away quietly, and when the gentleman recovered sufficiently he crawled home and took to his bed for two weeks. He has now no doubts as to whether the man can perform his duty or not.—Pearson's.

Only a Little Backache.

That is the first unmistakable symptom of diseased kidneys, an ailment which no one can neglect without inviting Bright's disease, diabetes, rheumatism and the most painful and fatal maladies. At the first sign of backache and urinary disorders use Dr. Chase's Kidney-Liver Pills and you can be certain of prompt relief and cure. One pill a dose, 25 cents a box.

Rain Without Clouds.

We have it on the authority of Sir J. C. Ross that in the south Atlantic it rained on one occasion for over an hour when the sky was entirely free from clouds. In the Mauritius and other parts of the southern hemisphere this is not a rare occurrence, but in Europe it is, and the greatest known length of its duration was ten minutes at Constantinople.—All the Year Round.

The Minister Disturbed.

Many times duing a sermon the point is lost, drowned by a coughing congregation. The speaker should advise the use of Four T's which cures a cough in 24 hours and a cold in two days. Get a 25c. bottle today from Ormond and Walsh's drug store and avoid pneumonia.

Nye on Wagner.

Bill Nye, the humorist, once told Dean Hole that when he met Richard Wagner he said to him, "Your music is beyond my comprehension, but I always feel sure when I hear it that it is really much better than it sounds."

If fashions and the weather did not change, society would have to think in order to keep up conversation.

Good sense is heaven's choicest gift, and in order to obtain it most men have to make the trip to headquarters.—Chicago News.

SMOOTH SEWING SILK.

Corticelli sewing silk is twisted on automatic machines which stop when a break or knot happens in any one of the hundred strands it is twisted with.

It is therefore perfectly smooth.

Being smooth it is strong—free from knots or flaws.

Better than cotton or linen because it lasts longer, goes further, and won't fade.

Corticelli

IN LATEST SPORTING CIRCLES.

Hockey Club Will be Banquetted This Evening.

Notes on Lacrosse, Hockey, Basket-ball and Other Lines of Sport—Mr. Cavanagh's Letter.

HOCKEY.

Mr. Sam Britton of Lindsay, is trying very hard to have the Lindsay, Fenelon Falls and Peterborough teams come together this week at Lindsay. Peterborough has sent word that they are out of business for the season.

The banquet to be tendered the Peterborough Hockey Team, champions of the Intermediate Series of the O. H. A., and their friends, by Hon. J. R. Stratton, will take place in the Oriental Hotel this evening. The affair promises to be an exceptionally brilliant affair, and great preparations have been made for the occasion. It is expected that upwards of one hundred persons will be in attendance.

The lady hockeyists of Peterborough had their picture taken yesterday. They sat at Roy's studio, and the public will await with much interest the appearance of a handsome three-colour photo-engravure of the girls in the Toronto Saturday Globe and perhaps the local press. But the lady hockeyists have more than a photo. Rumour says that they have money to burn. It is current gosip (among the boys of course) that the girls actually do not know what to do with the surplus that came into their possession after the Cobourg game here. In order that the girls may be helped out of the difficulty the Examiner would be glad to receive suggestions as to the disposal of the amount.

Lethbridge, March 12th.

To the members of the Peterborough Hockey Team;

Gentlemen,—Allow me to extend to you my congratulations on your team winning the Intermediate championship of Ontario. On receipt of "Telegraphic Despatch" by the paper I felt proud of the old town and the old team, and only wished I could join in the reception, which you so richly deserved. While I am nearly twenty-five hundred miles away, I fancy I could hear sounds of tin horns, fire works, bombs, and a conglomoration of all other kind of sounds, which would make the relief of Ladysmith take a back seat.

I could see by the Examiner that your record was a good one, and barring soft ice and such bad luck which we, (the Colts) had in Stratford for the two years I was with them, you should have come out champions. While your two games played with Galt was on soft ice, still you showed your heavier opponents that you could play the game on soft ice enough to win out, and if it had been on hard, keen ice, they would not have been in it for a minute. The other teams cannot get behind the soup-plate any more, for I see you have not lost a game away from home, only your first game in Lindsay. Also allow me to congratulate the young ladies on their two wins from the Cobourg ladies. Once more let me say to my old chums, Armstrong, Morgan and Whitcroft, Shake, and hoping you will again be in a position to uphold the old town next winter, I remain,

Yours as ever,
WILL H. CAVANAH,
Captain of Peterborough Colts, 1901.

A meeting of those interested in the new rink will be held in Hatton & Bradburn's office on Thursday evening next.

The London News says:—"Galt and Stratford announce that they are through with the O. H. A., and Hamilton also has a large-sized objection to the ways of the Toronto body. Next season will more than likely see every team west of Toronto, that's worth while, in the Western. As things are progressing, the O.H.A. will, in a short time, drop down to the level of a Toronto city league, and as all the good hockey players and referees are located in that metropolis (so they think) they will probably issue decree xiii, and excommunicate any and every player who resides outside the sound of the city hall bell. It is said, indeed, that the uncouth and rugged provincials cannot understand the mysteries of diplomacy, and the conduct of affairs as exemplified by those noble-hearted patriots who rule the Ontario Hockey Association. These poor deluded mortals do not appreciate the fact that that association is ruled, not by common mortals, elected by vote of insignificant clubs, but by the divine right to hold office that is inherent in certain gifted individuals. It is evident that the provincials judging rightly that there is no chance to beat the machine at the ballot-box, will quietly withdraw, one by one, and leave the officials alone with their glory.

THE STANLEY CUP.

The Montrealers won the Stanley Cup last night by winning their second game from the Winnipeg Victorias by the score of two goals to one. The result of the first game, which was played on heavy ice, soon disabused the minds of the Winnipeggers of any idea that may have been lurking in the cranial crannie that the Vics. would have a walkover. The Vics. won, it is true, but only by a whisker, the score at the end being 2 to 1. For all of the last half the Vics. were on the defensive, the light Montreal fowards showing great speed on the soft ice, presaging what was to come in the event of a thorough congealing of the moisture. On Saturday night the explosion came off. Montreal winning by 5 to 0, on good fast ice. Speed and stick-handling and superior condition proved too much for the Vics. Then last night Montreal won again by two goals to one.

RUGBY.

The selection of Mr. A. W. McPherson as captain of the Peterborough Rugby team for the ensuing season, which choice was made at a meeting of the team, held in the Oriental Hotel on Saturday night, will be received with universal satisfaction. Mr. McPherson has had a wide experience in all lines of sport, but perhaps in no particular game more than in football. He has already during his brief career, been captain of various association teams, and his experience in that capacity, along with his well known ability on the rugby field, will eminently qualify him for the position he now holds, and he should in every respect make a worthy successor to his predecessor, Mr. Hal. Burnham. The rugbyists of the town may depend that Capt. McPherson will have a team on the field this year that will do honour to the town. It is Lieut. McPherson when in regimentals, Capt. McPherson when in padded knickers and playing and Mac. always.

The members of the Peterborough Rugby Club have presented Mr. Kenner with a photo of the players.

GOLF.

The annual meeting of the Golf Club will take place on Monday evening, March 24th.

LACROSSE.

There is every indication that lacrosse will boom among members of the Y.M.C.A. this year even stronger than last. Many new players along with a larger number who have never played, will be seen wearing the blue and white. The meeting for organization will be held to-night at 7.30 o'clock sharp in the parlours, just previous to gym. class and a good attendance is looked for. There are over 30 names registered already for this game.

The Port Hope Guide says: "Peterborough, not content with annexing the Rugby and Hockey Championships, are now out after the Intermediate Lacrosse Pennant. And just to think when we had that flag already won for this year with Glover, McCabe, etc., on the team But what's the use of complaining, the boys out north have secured grounds and are counting on duplicating their hockey triumphs."

BASKET-BALL.

There will be a practice of the first team to-night at 9.15 at the Y.M.C.A. gymnasium to get in shape for the Ottawa game. Dobbin, Campbell, Smith, Hall and Robertson, representing the first team will practice three nights this week and two next week, followed by light work.

BASEBALL.

Mr. Lem Felcher writes from Toronto that he has been elected as President of the Wellington Baseball Club. He would like to arrange home-and-home games with the Peterboroughs, and is making dates with Lindsay, Port Hope, Cobourg, Oshawa, etc.

Mild but Vigourous.

When you are tired of the list of cures your friends suggest for bronchitis—try Scott's Emulsion. It is rather mild tasting compared to most medicines, but makes a vigorous attack on all forms of throat and lung disease.

WOMAN'S AUXILIARY OF ST. JOHN'S CHURCH.

Annual Meeting was Held Yesterday Afternoon.

The Officers That Were Elected for the Ensuing Year—The Report of the Secretary.

The annual meeting of St. John's Woman's Auxiliary was held in the Guild room yesterday afternoon at half-past three, the President, Miss Errett, in the chair.

The Rector, Rev. J. C. Davidson, took charge of the opening exercises.

The Treasurer's report showed receipts for the year as $468.14. Mrs. Dennistoun gave a very interesting account of the Mission Band work. The total money raised by them being $83.31.

The Rector addressed the meeting and spoke on some phases in connection with the work, as well as our duty in regard to it, and thanked the officers for their interest and work.

The Secretary's report was as follows:—

Owing to several removals from town our membership has decreased to 62. Yet this is a goodly number of women to be banded together to "aid and encourage missionaries," and what an amount we would be able to do if from our hearts we pray—"Put into our hearts the things that we should do and say to promote Thy glory, and further the object we have in hand. Grant that we may never be discouraged under difficulties, but go forward in faith and hope, looking unto Thee."

The average attendance at the ten monthly meetings was 22, and of the 33 sewing meetings, but 9. Surely from a membership of 62 more than an average of nine can arrange to spend a part of Tuesday afternoon to help make glad the hearts of those who labour in lonesome fields, and who look forward so much to the receipt of the bales.

Fifty-six members are "Leaflet" subscribers.

In April a bale valued at $54.40 was sent to the Indian Hospital, Lytton, B. C. This bale, besides jellies, beef-tea and groceries, for the hospital, contained articles for a sale which the hospital held to obtain funds for their work, the buyers being settlers in the district.

At present we are sewing for a bale to be sent to "Emmanuel College," Prince Albert, N. W. T., where there are 31 boys and 23 girls, whose ages range from eight to eighteen years.

On May 8th, 9th and 10th the 15th annual meeting of the Diocese was held in St. James School House, Toronto, when Mesdames Best, Bennet, and Dennistoun, Miss Mecke, and your secretary were present.

A corporate communion was held the last Sunday in June at the early service, and was well attended.

In September the Triennial meeting was held in Montreal, and the amount sent by your branch was $40.00. The united offering was $2038.00, of which Toronto Diocese contributed $417.00.

In December the branch contributed $25.00 to the special fund which Algoma is so earnestly endeavouring to raise toward the Bishop Sullivan Memorial Sustentation Fund. Algoma has to raise $20,000 in a little over two years to obtain $5,000 promised by the "Society for the Promotion of the Gospel" and "Society for Promotion of Christian Knowledge." (England.)

In February a high tea was held.

A formal resolution was passed in November, offering to assist the wardens and church officers in any efforts that they might make toward a Rectory for the parish. This has been forwarded to the wardens, with the suggestion that a part of the Easter offertory be used for that purpose.

All of which is respectfully submitted.

ALICE M. MANNING,
Secretary.

The adoption of the reports was moved by Mrs. Boswell, seconded by Miss H. Peck, and carried.

The President then gave her address, after which the election of officers took place, resulting as follows,—

Hon. President, Mrs. Vernon.
President, Mrs. Boswell.
1st Vice-President, Mrs. Davidson.
2nd Vice-President, Mrs. Hammond.
3rd Vice-President, Mrs. Best.
Secretary, Mrs. John Manning.
Ass't. Secretary, Miss English.
Treasurer, Mrs. Clark.
Mission Band Supt., Mrs. Dennistoun.
Assistants, Mrs. Stone, Miss Mecke, Mrs. Fessenden.

The meeting was closed with member's prayer. Refreshments were served at the close of the meeting.

Acute and Chronic Rheumatism are equally influenced by the almost magical pain subduing power of Polson's Nerviline, equal in medicinal value to five times the quantity of any other rheumatic remedy. Nerviline cures because it reaches the source of the disease and drives it out of the system. Nerviline is an unusually good rheumatic cure, and makes many unusual cures. Just rub it in the next time you have an attack. The immediate result will surprise you. 25 cents.

Fresh caught White Fish, Trout and Pike. Maple Syrup 30c. quart. Dried Peaches 10c. pound. R. A. DUTTON, 418 George street. 'Phone 304.

G. W. HATTON C. H. BRADBURN

HON. J. R. STRATTON BANQUETS CHAMPIONS.

About a Hundred Guests Partook of the Provincial Secretary's Hospitality.

CITIZENS SHOULD ENCOURAGE THE TEAM.

The Host in Proposing the Toast to the Champions Drew Attento the Great Need of Physical Development in the Rising Generation—An Excellently Arranged Toast List was run off.

Last evening was the occasion of a most pleasing function at the Oriental Hotel, when Hon. J. R. Stratton banquetted the Hockey Club, and a hundred of its friends, as an evidence of his appreciation of the team's splendid record during the season, which was capped by the capture of the Intermediate Ontario Hockey Association championship.

The local arrangements in connection with the banquet, including the preparation of the toast list, issuing of invitations, etc., was left in the hands of Mr. H. R. H. Kenner, the President of the Club, and to his discrimination and taste much of the pleasure of the evening was doubtless due.

The guests, previous to entering the dining room, were received by Hon. Mr. Stratton and Mrs. Stratton, in the parlours up-stairs.

The decorations were really superb. Red, white and black garlands, the colours of the club, were tastefully draped on the walls, and gay festoons of flags and pennants were suspended from the ceiling. The following appropriate mottoes were noticed in conspicuous places: "In Honour of the Champions," "You Have Beaten Them All," "Eat, Drink and Be Merry," "Say Old Woman, is your Rhubarb Up?" "We Welcome our Guests," "Health and Prosperity to all," "Canada for Ever," etc., etc. The tables were never more prettily arranged. They were profusely adorned with roses and carnations, and were strewn with smilax, while graceful palms lent them additional beauty. The menu, which reflected the greatest credit on the hotel, was as appended:

MENU.

Blue Points, Celery, Lettuce, Olives.

Mock Turtle aux Quenelles.

Fillet Columbia River Salmon—Sauce de Homard.
(Pommes Parisienne)

Calves' Sweetbreads, Larded, au Montipensor.
Boiled Potatoes Harricot Verts
Peaches and Whipped Cream.

Imperial Punch.

Spring Turkey, Dressing, Cranberry Sauce.
Mashed Potatoes, Asparagus, Hollandaise.

Championship pudding, Hard, Brandy Sauce.
Mince Pie, Tutti Frutti Ice Cream, Pistachio Jelly.

Confectionery, Fruit, Assorted Cakes, Nuts, Raisins, Miller's Paragon Cheese, Crackers, French Coffee.

Hon. J. R. Stratton presided, Mr. R. M. Glover, Captain of the team, being upon his right, whilst Mayor Mayor Denne sat to the left. Appended is a list of the invited guests: Messrs. G. W. Hatton, W. H. Hill, F. D. Kerr, T. F. Matthews, H. LeBrun, R. H. Kells, W. D. Parker, J. Crane, D. Hughes-Charles, R. Neill, Mayor Denne, Rev. W. L. Armitage, W. G. Ferguson, A. A. Hollingshead, R. B. McKee, Ed. Brown, W. J. Green, Dr. Wightman, K. G. Lech, W. A. Sanderson, T. Barrie, Jos. Armstrong, A. Laidlaw, H. E. Bradley, W. Bunton, S. Ray, J. S. Knapman, W. Stocker, Hal. Burnham, T. A. S. Hay, W. J. Francis, R. F. McWilliams, Dan. Burritt, F. Dixon, W. Ackerman,, D. Davidson, M. Tooley, Geo. Stevens, W. Sailsbury, A. Gibson, Joe Gibson, W. G. Morrow, J. Craig, H. Thompson, W. J. Thompson, T. H. Glover, H. E. Edmison, R. J. Frost, W. H. Bradburn, J. Hamilton, C. H. Bradburn, E. O. Bradburn, E. M. Poussett, R. Ross, D. Hall Robt. Hall, E. C. Complin, McF. Wilson, C. B. McAllister, A. L. Davis, W. A. Stratton, R. Denne, R. R. Hall, C. N. Brown, T. Fortye, H. E. Ayers, G. E. Revell, A. J. McClellan, A. Elliott, A. McIntosh, R. Martin, A. H. Stratton, J. Jeffries, Dr. Bradd, Dr. A. Scott, Jas. McCabe, H. Rush, A. W. McPherson, H. R. H. Kenner, W. Breen, E. Wasson, R. Glover, H. Armstrong, Roy Armstrong, Harry Morgan, F. Whitcroft, Chris Graham, R. Watt, J. Comstock, G. Lynch, R. Henderson, F. Clark, Dr. R. F. Morrow, Reeve John H. Smith, Thos. Hooper, G. Giroux, G. Bennett, Alf. Terrill, F. R. Yokome, F. D. McKay, S. S. Moore, E. S. Carry.

Whilst the guests were engaged in doing justice to the menu, Miss Katie Graham gave a number of very pleasing selections on the piano and Prof. Glidden's orchestra played at intervals. When the tables had been cleared, and the smoke from many fragrant Havanas began to curl gracefully towards the ceiling, Mr. W. H. Hill rose to propose the toast of His Majesty the King, remarking at the same time that in no portion of the British Empire was this toast so loyally honoured as in Canada, and particularly in the Province of Ontario. After the singing of the National Anthem, Hon. J. R. Stratton, amid great applause, proposed the health of the "Peterborough Hockey Club, Intermediate Champions of the O.H.A." Mr. Stratton was sure that all citizens of Peterborough, as well as those who were present, would appreciate this toast. If King Edward himself had a knowledge of the circumstances, he had no doubt but that His Majesty would also join heartily in drinking the health of so popular an organization. He was greatly pleased to see the interest which was taken by the young men of Peterborough in manly sports, and was more than pleased by the fact that in the different games which were played Peterborough could not only hold its own at home, but was victorious as well in the other towns which were visited. As a citizen, it gave him the keenest pleasure to learn of the hockey team's victory over Galt by which the championship was won and he was glad to see that of the eight games played this winter only one had been lost. This record had even further increased his enthusiasm in regard to hockey as well as the enthusiasm of the citizens generally. Old citizens long removed from the town had thrown up their hats with the boys when they heard of the victory. He had recalled the time when he was young himself and he thought it would be an agreeable thing to give even greater prominence to the championship, if possible, hence the presence of so many of the citizens as his guests this evening. He had the idea that it might be a little encouragement to the boys if a recognition of their prowess such as this was offered. He realized that proper encouragement to sport went a long way towards assisting the physical and even the mental development of young men in manly games, which deserved the support of the best class of citizens. These young men would in a few years be taking charge of the town's affairs and many of them might even aspire to something higher and in the battle of life physical development meant a great deal. It was pleasant to realize that Peterborough was capable of producing such material as made up its athletic clubs, which brought laurels to the town. The hockey team had done wonders and so had the other clubs. He was sure that the older men as as well as those who were younger had taken a very keen interest in hockey during the winter and he hoped this interest would not lapse, but that before another year the town would have a rink worthy of the champions and worthy of Peterborough. Even if the shareholders did not see an immediate dividend in hand, they would receive its equivalent in participating in the pleasure and enjoyment of witnessing the games. He would be glad to do anything in his power to assist in erecting a rink worthy of the team, which he had as his guests and hoped the committee would prosecute their labours diligently in forwarding the project. There were many former residents of the town whose sympathies were still with Peterborough and he knew that they would be glad to extend material aid. Many towns not half as prominent as Peterborough could support two rinks and there was no reason why Peterborough could not do as well. Mr. Stratton did not know of anything which Mayor Denne could do which would increase his popularity so much as to see that the town got the new rink. If he was in Mayor Denne's position and was desirous of another term of office no action would make him surer of re-election. There were, in fact, enough votes present to ensure his return. In conclusion Mr. Stratton expressed his pleasure that so many of the citizens had accepted his invitation to be present to do honour to the Hockey Club, the health of which he then proposed.

As may be supposed the toast was honoured with three ringing cheers and the singing of the usual choruses with more than ordinary spirit and vim.

The toast was responded to by Mr. R. M. Glover, the captain of the team, who made a very excellent reply. He thanked the Hon. Mr. Stratton for the very kind interest that he had displayed in the affairs of the club, and in each member of the team. They had done their best to uphold the name of Peterborough both on and off the ice, and if their efforts in that direction were appreciated by the citizens, and he believed that they were, he considered that they were amply repaid for any sacrifices they may have made. After referring to the benefits to be derived from young men participating in true manly sports such as hockey, lacrosse, etc., Captain Glover closed by reminding them of the little ditty they had heard sung, commencing with "We have beaten Port Hope, we're after the cup, say old woman is your rhubarb up," and ending in Galt with "We have beaten Galt, we have got the cup, say old woman is your rhubarb up?"

Captain Glover closed amid storms of applause and shouts of "What's the matter with Cap. Glover? He's all right, etc."

KINDRED SPORTS.

Mayor Denne, in proposing the toast of "Kindred Sports," thanked Hon. J. R. Stratton for the invitation to be present, and affording him an opportunity of congratulating the Peterborough Hockey Team on their magnificent record, and also the officers of the club, and particularly Mr. Kenner, upon the manner in which they had conducted the affairs of the club during the past year. He also wished to say a word of praise as to the management of the O.H.A., and of the satisfactory work of the referees who were appointed by the O.H.A. for the various matches. The work of Mr. Schooley was worthy of particular mention. The Mayor, continuing, spoke of the prospects for a new rink in Peterborough. He was pleased, indeed, to hear the encouraging words of Hon. Mr. Stratton when he said that he would assist the committee in any way he was able to bring the scheme to a successful issue. Incidentally, the Mayor mentioned the fact that there would be a meeting of those interested in the scheme on Thursday night, and he hoped that there would be a large gathering on that occasion. There was no reason, he thought, why Peterborough should not have a first-class rink; we are the best town in Canada—commercially, financially, and in many other respects, and we are proving of late we are one of the best towns as regards athletic circles. The speaker referred to the number of championships that had been brought to Peterborough during the past few seasons. He was pleased to see that the lacrosse boys had organized with the intention of carrying off a championship in that particular line of sport. He had been elected Hon. President of the Club, he believed, and he would do all in his power to advance the interests of Canada's National Game.

Mr. J. S. Knapman, an ex-President of the Thistle Curling Club, in the absence of the President, Mr. R. Neill, made a fitting reply on behalf of the Curlers of the town. After paying his compliments to Hon. J.R.Stratton for the honour they had done him in asking him to be present, he assured them that the curlers take a very deep interest in the game of hockey. The curling organizations of the town had not done so badly during the past season when it is remembered that President's Neill's rink participated in the bonspiel at Orillia and won a championship out of an entry list of 25 clubs. They had not landed the Ontario Tankard, but it was surely coming Peterborough's way. The curlers of the town are as much interested as any in the erection of a new rink, and they hoped to see the hockeyists provided with one before long.

Mr. Hal. Burnham, last season's captain of the Peterborough Rugby Club, replied on behalf of that insti-

FIRST DISPLAY OF

1902 SPRING MILLINERY

THURSDAY, MARCH 20TH

AND FOLLOWING DAYS.

EVENING DISPLAY
THURSDAY, 7.30 TO 9.30.

PRINCESS VIROQUA, M. D.

Endorses Lydia E. Pinkham's Vegetable Compound After Following Its Record For Years.

"DEAR MRS. PINKHAM:—Health is the greatest boon bestowed on humanity and therefore anything that can restore lost health is a blessing. I consider **Lydia E. Pinkham's Vegetable Compound** as a blessing to State and Nation. It cures her mothers and daughters and makes them well and strong.

PRINCESS VIROQUA.
Practicing Physician and Lecturer.

"For fifteen years I have noted the effect of your Vegetable Compound in curing special diseases of women.

"I know of nothing superior for ovarian trouble, barrenness, and it has prevented hundreds of dangerous operations where physicians claimed it was the only chance to get well. Ulceration and inflammation of the womb has been cured in two or three weeks through its use, and as I find it purely an herbal remedy, I unhesitatingly give it my highest endorsement. —Fraternally yours, DR. P. VIROQUA, Lansing, Mich."—*$5000 forfeit if above testimonial is not genuine.*

If you are ill do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham at Lynn, Mass. for special advice; it is entirely free.

WEDNESDAY, MARCH 19, 1902.

FOR 'VARSITY MEN.

Subscriptions Solicited to Aid in the Erection of a Convocation Hall.

In the re-building of the University of Toronto after the fire of 1890, the authorities found that the state of the finances did not warrant the restoration of the old Convocation Hall. Since that time the claims of the teaching departments have been so urgent as to tax the utmost resources of the University, and there is no prospect of providing a public hall out of the revenues or endorsements of the University.

A movement has recently been organized by the Alumni Association to provide the University with a hall sufficiently large for the annual commencement exercises, and for various other meetings of an academic or social character.

The great expanse of the University in recent years demands a large hall for this purpose. No hall on the University grounds would now accomodate a meeting of the students, or even one of the faculties.

The Alumni Association has issued an appeal to the graduates, undergraduates, and friends of the University, to provide the necessary funds by subscription, and Sir William Meredith, the Chancellor, has warmly seconded this appeal in an article in the last issue of the "University of Toronto Monthly."

Sir William says this is a movement which the graduates of all the faculties are interested in, and with a united effort on the part of all, it should not be a difficult matter to raise the required sum, which has been estimated at $30,000. The graduate members of the faculties have already subscribed $6,000 of this amount. It is hoped that the self-sacrifice and generosity represented by this subscription will be appreciated and imitated by the graduates in general.

Work of securing subscriptions has been placed in charge of the different years, and a committee in each year has charge of the subscription forms which are now being distributed. Any of the Alumni who have not heard from their year committee will be placed in communication with them if they send their names to Mr. J. C. McLennan, Ph. D., Dean's House, University of Toronto, who is the secretary of the Alumni Association.

MOUNT PLEASANT.

(From our own Correspondent.)

The Cheese and Butter Factory's dramatic concert was carried out successfully on Friday evening, the 14th inst. Taking into account the bad state of the roads, the attendance was large, and every one seemed to be perfectly satisfied. Those who participated deserve great praise for the time spent in preparing for it, and the manner in which each of the performers acted their part raised a doubt as to whether the city of Toronto could give a better night's entertainment for the same fee, so that there may be a demand for their services at leading centres in the near future.

The state of the roads and weather allowed the pastors of each of the churches to be in their pulpits on the 16th, inst. One of them used the primitive method of travelling, which calls to our remembrance the days of riding on horse back, which was more conductive to health than the present mode of travelling.

The subject of the Rev. Mr. Mounteer's address was the journeying of the two disciples to Emmaus. The sermon led me to think of the idea of the Jews, viz., "That each of God's people have a guardian angel." Jesus mentioned that fact; see St. Matthews, Chap. 18th, verse 10. The prophet Elisha's servant could not see at Dothan the horses and chariots of fire until Elisha, the man of God, prayed for his eyes to be opened. Balam could not see what prevented the progress of the beast he was riding on until his eyes were opened. "Jesus said a spirit hath not flesh and bones, as ye see me have." Paul, when on that dangerous journey when neither sun nor stars appeared for many days, when, from all appearances, all in the ship would find a watery grave, cheered them up by saying "There shall be no loss of life among you, but of the ship, for there stood by me this night the angel of God, whose I am and whom I serve. Now I exhort you to be of good cheer, for I believe God that it shall be even as I was told." The poet truly said "There are angels hovering round to carry the tidings home."

The words used by the Rev. Mr. Kannawin as the foundation of his sermon were "Man shall not live by bread alone." Good advice was given to the young people who heard him.

OMEMEE.

(From Our Own Correspondent.)

The roads are now passable, and doctors and clergymen are able to make their appointments.

Dr. Keith is kept quite busy just now between the Mt. Pleasant and Omemee patients.

One of the most profitable, instructive and orderly meetings was held here on Friday, March 14th, in the interests of East Victoria's candidate, Mr. L. Heyd, who proved himself a great speaker, and the effect on the audience was wonderful. If he does not win East Victoria no one else may try, and victory he is sure of.

These are such prosperous times with farmers and others that it would be injudicious to vote against the Ross Government at the next election—giving up a certainty for an uncertainty.

Our High and Public Schools are being largely attended, and no one complains here of the educational part of the Ross Government.

Mr. Heyd congratulated many of the citizens on our beautifully situated village, but we could stand some few more improvements.

Thomas Church has returned from the Nicholls Hospital somewhat improved, and about able to resume his duties as hostler at the Graham House.

A steamer is expected to be on Pigeon River during the high water, April and May—after there being no such an attempt for the last 15 years. Now if there was a limited amount of money spent for dredging in some places we could have the stream navigable all the time, and we hope to have it soon.

Easter entertainments are now being prepared. One of the most novel kind will be in aid of the Mechanics' Institute Library, one of the most worthy organizations of our village.

A very interesting event took place at the home of Mr. F. Fee, of Emily, on the evening of Feb. 26th, when his youngest daughter, Miss Evangeline, was united in the holy bonds of matrimony to Mr. Kelly Mitchell, of Omemee. The ceremony, which took place at 7.30, was conducted by Rev. J. H. Teney, rector of Omemee, in the presence of a large number of friends and relatives of the contracting parties. The bride, who was prettily costumed in cream lustre with silk trimmings, was attended by Miss Winifred Courtney, of Peterborough, who wore a gown of white organdie over pale blue. The groom was ably assisted by his cousin, Mr. James Pritchard, of Toronto. After the ceremony a sumptuous wedding supper was served, the young couple receiving the congratulations of their friends. Mr. and Mrs. Mitchell will reside in Emily.

ENNISMORE COUNCIL MEETING.

The municipal council of the Township of Ennismore met in the town hall on Monday, March 10th, for the purpose of appointing road-masters, fence viewers and pound keepers, and transacting other necessary business. On motion of Messrs. Kennedy and Crough, a by-law was passed for the purpose of authorizing the following appointments, viz.,—

Road-Masters—Division No. 1—T. G. Calvert; 2, M. Perdue; 3, W. J. Clark; 4, R. Nurse; 5, W. Collins; 6, L. Twomey; 7, G. Nurse; 8, W. Gifford; 9, S. O'Rielly; 10, J. O'Donoghue; 11, E. Sullivan; 12, M. S. Crough; 13, E. Moloney; 14, W. Crough, sr.; 15, D. Kennedy; 16, Edward Costello; 17, John Brick; 18, Thos. Davis; 19, John Young; 20, A. Davis; 21, P. O'Connor; 22, Thos. Cavanagh; 23, W. Young; 24, Jas. Scollard; 25, Ed. Harrington; 26, Jas. Cadigan; 27, John O'Brien; 28, E. Murphy; 29, M. Holland; 30, M. J. Doran; 31, P. Crowley; 32, J. K. Galvin; 33, W. J. Killen; 34, M. Gannon; 35, Tim Murphy; 36, Ed. Corkery; 37, J. J. Hickson; 38, M. Crough, sr.; 39, Thos. Flood, jr.; 40, Isaac Moore; 41, C. Reilly.

Fence Viewers—E. Maloney, P. Twomey, Ed. Harrington, J. K. Galvin, E. Murphy, M. Flood, W. H. Crough, D. Quinlan, W. J. Clark, John Young, M. S. Crough, Thomas Galvin.

Pound-Keepers—Martin Leonard, Jas. Murphy, William Geary, David Geary.

On motion of Messrs. Killen and Cavanagh, the treasurer was authorized to pay the following accounts;

To Eugene Murphy for balance of collector's salary, $13.35; Michael Geary, part of salary as assessor, $13.00; Jas Collins, for shovelling snow, $3.00; Reeve and Council, for one day's service, $10.00.

Council adjourned to meet at the call of the Reeve.

An Interesting Narrative.

The Story of Mr. Thomas P. Antle's Return to Health Due to Taking Powley's Liquified Ozone.

I have suffered from kidney disease for many years, and although I have tried many remedies and drugs and been treated by several doctors I have never received any permanent relief. I began taking Ozone, and I am pleased to say that I now feel like a new man. I believe the use of the Ozone has effected a permanent cure.

THOS. P. ANTLE, MONTREAL.

You are at liberty to publish this, as it may induce some other sufferer to try it. Thomas P. Antle, 30 Church-avenue, St. Verdun, Montreal, P.Q.

Kidney disease is due primarily to a change in the structure of the kidney, such as degeneration or breaking down of the cells or integral parts of the organ. Old age may cause it—more often it is due to a diet which will produce an excess of uric acid, or the attack of certain disease germs, which modern medicine declares produce what is known as uric acid. When the tiny cells become congested or inflamed the act of removing the waste or useless matter from the blood and body—the kidneys' usual operation—is not accomplished. The poisonous matter is retained in the system—kidney disease sets in. You will have excruciating pains in the back, your skin will become sallow and muddy.

You will seriously injure yourself if you attempt to cure this disorder in the ordinary drug way. By far the most effective means to use is Ozone—the no-drug preparation. Ozone, by increasing the oxygen-carrying power of the blood and stimulating the action of the kidneys, eliminates the uric acid from the system completely. No matter what your age is—no matter what the stage of the disease, Ozone will cure kidney trouble quickly and thoroughly.

Give up drugging yourself—nearly every drug has a depressing action on the heart. If there is much uric acid in the body it will affect the heart also—the two poisons, drugs and uric acid, may act fatally. Ozone is a natural and healthy agent. Better try it.

It is only 50c and $1 a bottle at all druggists.

MELROSE ABBEY CHEESE FACTORY.

At the annual meeting of the Melrose Abbey Cheese Factory, the following officers were elected:

Pres.—Robert Burgess.
Salesman—Jas. Craighead.
Sec.-Treas.—Wellington Burgess.
Auditor—Matthew Elliott.
Directors—Jas. Moore, Sam Adams, Robert. McConnell, R. H. McLaughlin, Jas. Burgess and Harry Elliott.

A vote of thanks was tendered Mr. J. Fitzpatrick, the retiring salesman for his past services.

Ailing Women in Springtime Need the Strengthening and Nourishing Virtues of PAINE'S CELERY COMPOUND

A Case Where the Great Medicine Bestowed Vigour and Health After Months of Weakness and Suffering.

Observing and intelligent women who have used Paine's Celery Compound, have noted well the fact that as a spring medicine it quickly regulates the bowels, clears the whites of the eyes of that common jaundiced look, and gives a bloom of health to the face that it never possessed before. Another important proof of the invigorating power of Paine's Celery Compound, is its effect on the pulse, which becomes full, firm and regular. Weak, exhausted, nervous, irritable and worried women find that Paine's Celery Compound counteracts the exhausting strain of work and worry by its strong inducement to the delicate tissues to take more nourishment; it induces the nerves and brain to feed themselves more liberally, and it enriches the blood and regulates its flow. Mrs. A. R. Parsons, Sutton, P.Q., writes as follows:

"Some time ago I had grippe, which left me so lame and weak that for six months I could not get up without help. I told my husband that nothing else but Paine's Celery Compound could help me, after other medicines and the doctors had failed. After taking several bottles of Paine's Celery Compound I feel that I am cured. I can now walk and go up and down-stairs with ease, and do all my housework. Under the blessing of God, and your Paine's Celery Compound, I am now well."

Ten Years For Melvin Hall,

Cornwall, March 19.—Melvin Hall, the Dundas County desperado, was yesterday sentenced to 10 years in Kingston penitentiary, at the Spring Assizes here before Justice McMahon. He was tried on two counts of larceny, to one of which he pleaded guilty. This was a charge of stealing oats, in which Hall was caught red-handed.

The other charge, which was proven against him, was stealing a tub of butter from John McPhee. McPhee's house was wrecked by dynamite the same night, and for this crime Luther Hall, who was with Mel, is now serving a seven-year sentence in Kingston. The judge gave a sentence of 10 years in each case, the sentences to run concurrently.

Loss of Flesh,

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat, but will never build up healthy tissues. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cure restores colour to the cheeks, increases the weight of the body and thoroughly overcomes disease.

Got the Long Service Medal.

Ottawa, March 19.—The following officers, non-coms and men have been granted the long service medal: Sergt. W. F. Busteed, G.G.B.G.; Sergt. W. H. Clarke, 12 Regiment; Sergt. G. M. Donnelly, 12th Regiment; Sergt. T. A. Griffiths, 12th Regiment; Sergt. D. Murray, 10th Regiment; Sergt. M. McNeill, 10th Regiment; Sergt. F. R. Smith, Q.O.R.; Col.-Sergt. J. H. Sutherland, Q.O.R.; Sergt.-Major H. Taylor, 12th Regiment; Sergt. F. Wallace, 10th Regiment; Corp. W. Cuthbert, 10th Regiment; Pte. W. Henderson, 10th Regiment; Pte. H. Marsh, 10th Regiment; Sergt. C. Harding, 10th Regiment.

Mild but Vigourous.

When you are tired of the list of cures your friends suggest for bronchitis—try Scott's Emulsion. It is rather mild tasting compared to most medicines, but makes a vigorous attack on all forms of throat and lung disease.

EXCEPTIONALLY ATTRACTIVE VALUES

Our Spring Wall Paper and Window Shades make a big bid for your attention by offering values which meet with ready recognition on the part of thrifty shoppers. We are showing many handsome patterns. A visit to the department is certain to be most gratifying and popular.

I Will Cure You of Rheumatism

No pay until you know it.

After 3,000 experiments, I have learned how to cure Rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.

I ask for no money. Simply write me a postal and I will send you an order on your nearest druggist for six bottles of *Dr. Shoop's* Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim, pay your druggist $5.50 for it. If it doesn't, I will pay him myself.

I have no samples. Any medicine that can effect Rheumatism with but a few doses must be drugged to the verge of danger. I use no such drugs. It is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take the risk. I have cured tens of thousands of cases in this way, and my records show that 39 out of every 40 who get those six bottles pay, and pay gladly. I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail I don't expect a penny from you.

Simply write me a postal card or letter. Let me send you an order for the medicine. Take it for a month, for it won't harm you anyway. If it cures, pay $5.50. I leave that entirely to you. I will mail you a book that tells how I do it.

Simply state name of your dealer, and address Dr. Shoop, Box 41, Racine, Wis.

SIR RICHARD GARTWRIGHT

Replies for the Government to Speech of Mr. Borden.

THE FRAUDS IN THE CENSUS

A Telling Arraignment of Conservative Administration-Documents From Quebec Show How the Population Figures Were Stuffed in 1891—Farmers' Interests Must Be Considered in Making a Tariff.

Ottawa, March 19.—The second day's debate upon the budget was one of the most interesting that has been witnessed for several years. The leader of the Opposition concluded his attack upon the Government in a speech of an hour and a half's duration, in which he laid down the trade policy of his party on the lines of the amendment which he moved to the motion of the Finance Minister. He spoke with force and vigor, and aroused the enthusiasm of his supporters.

Sir Richard Cartwright Replies.

Sir Richard Cartwright spoke at greater length than has been his custom in recent years, and for some three hours held the close attention of the House. He dealt exhaustively with the tariff and trade questions, and advanced the claim of the farmers, if protection were to be the law of the land, to a fair share of protection. He challenged the accuracy of the census of 1891, and laid upon the table of the House documentary evidence to show that in twenty counties of Quebec the returns in that year were stuffed by the fraudulent insertion of 40,000 names. Sir Richard was warmly congratulated at the conclusion of his speech by his friends.

THE BUDGET DEBATE.

Mr. Borden, Leader of the Opposition, Concludes His Speech.

Mr. R. L. Borden arose yesterday afternoon to continue his criticism of the budget. Mr. Fielding had pointed out, he said, that the trade of Canada last year had advanced "by leaps and bounds." But so had the expenditure. It was a pretty good leap from an expenditure of $42,972,000 in 1897 to an expenditure of $57,982,866 in 1900, and Mr. Fielding proposed to take another leap of seven millions next year. A leap of 22 millions of expenditure in five years, or 50 per cent. was considerable. Sir Richard Cartwright had bewailed the fact in 1889 that with a population of only 5,000,000 Canada's taxation was $30,000,000, while in 1845, when the United States had a population of 20,000,000 its taxation was only 27 millions. But he would invite his attention to the fact that in 1900, when the population of Canada was 5,340,000, our taxes were $38,743,550, and if Sir Richard thought an expenditure of 37 millions was excessive in 1889, what did he think of an expenditure of 65 millions today? During their 18 years in power, Mr. Borden continued, the Conservatives had spent $131,800,000 in great public works. Had they had the average revenue of to-day they would have provided for all that expenditure and decreased the public debt by many millions, instead of increasing it.

Our exports to the United States decreased last year half a million compared with the previous year, as shown by Mr. Charlton, who deducted coin, bullion and gold dust from the list, while our imports from the United States increased from $109,208,353 to $115,971,086, an increase of $6,762,733 in that year. As customers of Great Britain and the United States respectively, our trade showed a gain of $7,000,000 with the United States over our trade with Great Britain. If Sir Richard Cartwright could complain in 1898 that our tariff discriminated against Great Britain, what did he think of the situation to-day, our exports last year being $105,000,000 to Great Britain and $44,000,000 to the United States, while we bought only $43,000,000 worth from Great Britain and $116,000,000 worth from the United States.

Proceeding Mr. Borden quoted a list of the principal articles we bought from the United States last year: Manufactured goods and national products, dutiable and free, making a total of $56,274,184. In return for this, we sent to the United States $8,239,626 worth of animals and farm produce, or less than one-third what we take from them. We export to the United States $4,963,247 worth of manufactured goods, or less than one-thirteenth what we buy from them; in fact, deducting coin and bullion, our exports to the United States had increased very little in 15 years, while our imports from that country had increased in that period about threefold.

It was worth while enquiring if it were not possible for the people of Canada to manufacture a considerable proportion of the $56,000,000 we take every year from the United States. It was certainly possible within a very short time, if the Government would enact a sufficient system of protection to do so, and, keep in this country the people who are now going to the United States to work in the very factories there which are turning out the articles which afterwards come to Canada to flood our markets. Surely it was possible also that the $25,700,000 of agricultural products and animals could be produced here and so increase the wealth and prosperity of our farmers. Last year we imported of animals, $751,625; breadstuffs, $7,432,530; fruits, $2,433,976; provisions, $2,257,183; seeds and roots, $1,205,435, and vegetables $370,419.

Mr. Borden said in conclusion: "What we want in this country is a declared policy. We have not had that during the past five years. We have Sir Richard Cartwright telling us that the ship's head is pointed towards the open sea of free trade. We have had Mr. Fielding telling us that the tariff is a matter of compromise. We have had Mr. Sifton telling us in the west that this is a free trade or revenue tariff. We have had Mr. Tarte openly and repeatedly telling the people that he is a protectionist first, last and all the time. We have had him telling the people that there is a crisis because there is not sufficient protection, and we had the Prime Minister at the same banquet telling us the tariff is as nearly perfect as it can be. (Laughter.) How can they expect men to put their money into the industries of the country with confidence. We do not want a Cabinet of all the policies but a Cabinet of one national and Canadian policy. (Cheers.) That is the greatest misfortune which any country under Heaven can suffer from. We could not want such vague suggestions as Mr. Fielding's, that the tariff will be readjusted in time. With all moderation, we want a declared policy, so the people will know what to expect.

"We want a policy of protection to our industries. We want a policy which will give to our people the advantage of our own market. The policy of Canada for the Canadians; and that means Canada for the empire as well, because in seeking to promote the development, prosperity and advancement of Canada we are but doing our duty to that portion of the empire which has been specially committed to our charge.

"And, lastly, we believe in a policy of mutual, or reciprocal trade, under which, while protecting Canadian interests, we shall give to and receive from the other portions of the empire preference over foreign productions." (Prolonged cheers.)

Mr. Borden then moved the resolution, of which he had given notice at the previous sitting of the House.

SIR RICHARD'S REPLY.

A Telling Arraignment of Conservative Protection.

In one of the finest speeches ever heard within the walls of the House of Commons Sir Richard Cartwright replied to Opposition criticisms of the Government's fiscal policy, and made a complete exposure of the frauds which marked the census taken by Conservatives in 1891. Sir Richard was in his best form and he wrought the Ministerialists up to the highest pitch of enthusiasm. In no branch of the speech did the veteran parliamentarian fail to acquit himself well, but perhaps the greatest interest attached to his treatment of the census returns, and his scorching denunciation of the methods pursued when the population was counted in 1891. Sir Richard gave the evidence for entertaining the strong belief that at least from 125,000 to 150,000 persons had been wrongly counted in 1891, and consequently should be added to the census taken last year. With respect to Quebec, the evidence obtained as the result of an investigation carried on by Mr. Thomas Cote, Assistant Chief Census Commissioner, seems to be overwhelming. Everyone knows that in Quebec the cures make a careful enumeration of the population in their parishes, the fairness and accuracy of which are undoubted. Investigation reveals that in 1891 the census enumerators in 21 Quebec counties counted 40,614 more names than were recorded three months previously by the parish priests. In the same 21 counties the census of 1901 agrees with the parochial census to within 8,000 names. This must be regarded as the prima facie evidence that the census schedules in these 21 counties were stuffed to the extent of 32,000 souls in 1891. If such frauds were perpetrated in a score of counties, it is a fair presumption that similar wrong-doing was committed in many others out of Quebec's 65 counties.

Evidence of the Frauds.

It was an interesting moment when Sir Richard Cartwright produced from beneath his desk a big parcel, carefully wrapped and tied. Very deliberately he removed the wrappings, and disclosed to view a pile of documents. There, Sir Richard explained, were the details of the investigation in each of the aforesaid counties, which he proposed to lay upon the table for the edification of hon. gentlemen opposite. Then the Minister handed them one by one to the pages who stood by, calling out as he did so the name of the county to which it referred. The documents were spread out upon the table until the green baise covering of the latter was completely hidden by the written testimony of fraudulent conduct. While these proceedings were going on the Ministers alternately cheered and laughed, but the Opposition maintained a chagrined silence. But these were not the only proofs of the utter unreliability of the statistics of 1891 offered by Sir Richard. He recalled the choice samples of the way in which the enumerators of that time created to order 25,000 industries, with the object of bolstering up the National Policy. In 1881 Canada possessed eleven carpet factories, and in 1891 the number was put as 557. Of these 70, employing 69 souls, were represented as being in Antigonish, N.S. The adjoining county of Shelburne was credited with having 93 knitting factories; Huntingdon, Quebec, with having 40 basket factories, employing 45 hands, New Brunswick, 51 factories, employing 51 souls, and Port Hope 147 industrial establishments, of which 120 employed 200 hands. With regard to Ontario, if the census for the two decades under review were correct the remarkable result followed that the growth of the province from 1881 to 1891 was three times as great as the growth from 1891 to 1901, although the latter period comprised four years of remarkable prosperity. In Ontario between 1881 and 1891 the number of families had increased from 366,000 to 414,000, giving an increase of 48,000 families and an increase of 191,000 in population. The last census, however, showed an increase from 1891 to 1901 of 40,367 families, and a total growth of population of only 68,000, as against 191,000 in the previous decade. On the other hand, excluding the newer districts of Ontario, the growth in the province, according to the municipal census between 1896 and 1901, had been about 78,000, while the Government census gave an increase of only 16,000. The deduction was clear that there was considerably more persons in Ontario in 1901 than there were in 1891, and that one of two things had occurred: Either the census of Ontario was unduly diminished in 1901 by the errors of enumerators, or the census of 1891 was most unduly swollen by the grave frauds of Conservative enumerators. Sir Richard would prefer to take the former probability, but the evidence pointed to the Conservative enumerators being animated by party motives in showing that there had been no reduction in population. If this was not a sufficient reason it did not affect but only proved Sir Richard's argument, that between 1891 and 1901 the increase in population had been larger than the increase between 1881 and 1891.

The Claim For More Protection.

Sir Richard was very outspoken in his reference to the claim of more protection for the manufacturers. He had no quarrel with them, but desired to do justice to them as to all classes. This Government had treated the manufacturers with the greatest possible consideration, and the way to advance their interests was not to impose higher taxes upon the rest of the community. If there was to be protection let it not be the jug-handled arrangement which prevailed under the late Government, but one in which the farmers would share.

Mr. Osler.

Mr. Osler, who followed Sir Richard Cartwright, said that all the House had listened to for three and a half hours was but a repetition of what the members had often listened to before.

Mr. Heyd moved the adjournment of the debate, and the House rose at 10.25 p.m.

ORMOND & WALSH

Corner Simcoe and George Streets.

EXPERIENCE TEACHES

The Only Valid Argument in Favour of any Medicine is the Results Achieved by its use.

From the beginning of time man has been struggling to overcome disease.

The history of his efforts in this direction would be a very interesting story if collected and arranged.

Scientific and theoretical systems of medicines have been devised and promulgated only to be discarded later as unscientific and not practical.

Many fanciful remedies and treatments have been and are being put forward only to fail when brought face to face with disease and one after another to sink into oblivion and be forgotten.

There is only one absolute test of the value of a medicine and that is, the results achieved by its application to the disease it professes to be able to cure.

By this, the only test, do Dodd's Dyspepsia Tablets ask to be judged.

They claim to be able to cure Dyspepsia, Heartburn, Biliousness, Sour Stomach, Indigestion, Bloating, Headache, or any of the many results of a disordered or deranged condition of the digestive machinery.

They are based on the latest and most scientific theory, it is true, but they do not ask favourable judgment on that account.

Dodd's Dyspepsia Tablets do Cure.

This is their only argument.

They have met and conquered the most stubborn cases of long standing Dyspepsia, cases that have been given up as incurable by the best physicians

They have been offered as a remedy for stomach troubles for years, and year by year their popularity has increased, as the reports of their victories have accumulated.

Reports of remarkable cures have been published almost daily for years. Every opportunity for verification has been given. Investigation has confirmed and strengthened the truth of the statements made.

Dodd's Dyspepsia Tablets have been tried and proven. They have done all they claim to be able to do. They are a genuine cure for all Stomach Troubles.

What the Pope Said.

Rome, March 19.—To succeed Monsignor Martinelli as Apostolic delegate at Washington, it is now confirmed on the highest authority, Monsignor Falconio will be chosen. As the Pope was receiving most Rev. L. N. Begin, Archbishop of Quebec, Monday, he said: "The Apostolic delegates at Ottawa will soon leave you, but will stay on your side of the world, going to Washington.

Three-Cent Fare Win.

Cleveland, O., March 19.—The Republican City Council last night passed the ordinance granting franchises to the three-cent-fare Street Railway Company promoted by Mayor Johnson.

Four Ts Make Good Singers.

Many people when singing get husky and this spoils the voice. Four T's is par excellence a lung and throat tonic and cures chronic congestion of the bronchial tubes, making the voice clear as a bell. An ordinary cough is cured by a few doses of this marvellous medicine. Sold in 25c. bottles at Ormond and Walsh's drug store.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything he ate seemed to sour and and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50 cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

A PERSONAL INVITATION

...BY...

H. LeBrun & Co

You are cordially invited to the City Clothing Store to inspect the splendid display of New Spring Clothing and Furnishings just opened up.

EASTER IS NOT FAR OFF

and calls upon you to think quickly about your Spring attire. Our high-class, correct and reliable Clothing and Furnishings will do all the talking necessary to convince you that it is to your interest to select from us.

Come and pass judgment on our correct Spring Styles—the largest as well as the best value in town.

FIFTY YEARS OF WEDDED JOY

Venerable Pontypool Couple Renew Marriage Vows.

A very pleasing event took place at the residence of Mr. and Mrs. Jason Williamson, Pontypool, on Tuesday, the 11th inst., it being the 50th anniversary of their marriage. The following were present: T. A. Williamson and family, Pontypool; Eli Williamson and family, Lindsay; Mr. Kelly and wife, Port Hope; Mr. McPhee, wife and son, Alpena, Michigan; Mr. McIver and wife, Ops; Mr. McCarrell and wife, Peterborough; Geo. Williamson, wife and son, Port Perry; Mr. Porter and family, Chatham; Mr. Culley and son and Mr. Bradburn and wife, Lotus; the Rev. Dr. and Mrs. Marvin and daughter, Beetha, Pontypool. Out of a family of ten children all except two are living, and were present at the celebration. All seemed hale and hearty as well as the parents, who were in excellent spirits.

At about 3 p.m. the family repaired to the lawn, where they were photographed by the second son, Mr. Eli Williamson, of Lindsay, and afterward the entire company. All then returned to the drawing room and listened to the sweet strains of the wedding march, as rendered by Mrs. Eli Williamson.

Mr. Eli Williamson, on behalf of the family, then read an address to their parents, whom they had come to honour; and Mrs. Porter presented to their father a costly gold watch and chain, and to their mother a pair of gold glasses and a purse of gold.

The venerable couple were greatly surprised, but made a short and suitable reply.

The Rev. Dr. Marvin then addressed a few well-chosen words to the happy couple, and led the company in prayer.

The ceremony being over, all repaired to the dining room, where a very sumptuous repast was served, to which ample justice was done. A toast was proposed to the bride and groom by their eldest son, Mr. T. Williamson, which was very ably responded to by the Rev. Dr. Marvin. Supper being over, all returned to the drawing room, where an excellent programme was given, to which Mrs. Eli and Mr. Geo. Williamson, with recitations and phonograph selections, contributed largely. Messrs. T. A., Eli and Walter Williamson, gave good addresses. Music was furnished by Miss Edna and Mr. Leslie, also W. Culley, violinist. Mrs. Marvin gave a very interesting reading, entitled "Taken—One Daughter," and little Miss Heetha two fine recitations, which were greatly applauded. A vote of thanks was tendered the Rev. Dr. Marvin for the able manner in which he had presided as chairman.

After singing "God be with you till we meet again," the company dispersed, hoping to meet in the "Home Over There," should it not be their lot to meet again on earth.

12th of July.

At a special meeting of L. O. L. No. 35, Campbellford, on Wednesday evening last, it was decided to hold a monster celebration in Campbellford on the 12th of July. Committees have been appointed and invitations will be sent to the various lodges in the district. It is some years since a celebration was held in Campbellford and a big day is expected.

A Large Cattle Shipment.

A trainload of cattle were shipped Monday from Peterborough for the Canada and Dakota Cattle Company to their ranch in South Dakota. This is the first shipment made by this company, from Canada, and it is intended to send another shipment later on, and ultimately provide the farmers of Ontario with a market for several thousand each year. Wm. Henry of Scarboro, went in charge of the cattle.

A Consultation Held.

Drs. McDade, Rush and Sims, three of the most eminent American doctors, in a series of articles outlined a tonic treatment calculated to cure a vast number of diseases. Their suggestions were embodied in a formula which is dispensed by a Brantford druggist and called Merrill's System Tonic. It is a reliable and pleasant remedy for stomach, bowel and kidney diseases. Sold at 50c. per bottle at Ormond & Walsh's drug store.

NEWS NUGGETS.

—The Town Council will meet in Committee of the Whole this evening.

—Regular Lenten service will be held in St. Luke's church this evening.

—Rev. Mr. Langfeldt will hold a cottage meeting at Auburn to-morrow evening.

—Mr. T. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

PERSONALS.

Mrs. C. B. McAllister left to-day to visit her parents in Renfrew.

Mrs. Frank Jones of Kingston, is in town visiting her daughter, Mrs. D. W. Little.

Miss Lucy McGeough, of Omemee, is the guest of her cousins, the Misses Fitzsimmons, town.

Mr. "Tuff" Morin, mate of the Empress, Mr. George Noyse, and Mr. Isaac Madill, of Lakefield, are in town for a few days.

Rev. George Warren will deliver the special address in St. John's church this evening, his subject being "The Christian in Society."

Port Hope Guide: "Miss Emma Sandercock, Peterborough, is in town for a few days, the guest of her parents, Mr. and Mrs. J. Sandercock."

Mr. M. J. Bastard, of Pearson, Manitoba, spent yesterday in town, the guest of Mr. Jos. Succee. He was on his way home from a trip to the old country.

Mr. H. J. Mulligan, musical conductor in Sankey's church, Rochester, and brother of Mr. G. W. Mulligan, of town, will sing at the service in the George street church this evening.

STANDING ROOM ONLY.

The following telegram has been received by Mr. John Crane, from Halifax, regarding Friday night's concert:—

Halifax, Feb. 27, 1902.

John Crane, Peterborough:

Hirwen-Jones concert tremendous success; hundreds turned away; standing room only. Universal opinion—best concert of the season. Jones captured everybody.

W. H. HEBB.

Special From Norwich, Ont.

The recovery of Mr. Norman Batty, hardware merchant, one of Norwich's oldest and most successful citizens has excited much comment. For years Mr. Batty has been an unceasing sufferer from Catarrhal Asthma and although no end of time and money was spent relief was not obtained until Mr. Batty commenced Catarrhozone treatment which perfectly cured him. This case is only equalled by that of Mrs. Bannon, wife of J. J. Bannon, druggist, who was also cured of Asthma and Hay Fever by Catarrhozone after 30 years' suffering. Fully a hundred persons in this town have been cured of Catarrhal troubles by Catarrhozone which is a remarkable proof of its value. Two months' treatment, Price $1. Small size 25c. Sold by all druggists or by mail from Polson & Co., Kingston, Ont.

IN LATEST SPORTING CIRCLES.

The Y. M. C. A. Lacrosse Club Organized Last Night—About Basket-ball.

CURLIANA.

The ice is in perfect condition at rink and once more the roar of the stones will be heard on Charlotte street. To-night the whole available space will be devoted to curling and a particularly good time is expected. The personnel of rinks will be as follows:

WEDNESDY, MARCH 19TH.

Thursday and Friday evenings, March 20 and 21, there will be point competitions.

Y.M.C.A LACROSSE.

There was a most enthusiastic gathering of Y.M.C.A. members last night at the Y.M.C.A. parlours, when about thirty met to organize a Y. M. C. A. Lacrosse Club in connection with the Physical Department of the Association. In the absence of Mr. Connal, Chairman of the Physical Committee, the Physical Director was elected to the chair. After remarks from several of last year's players encouraging the game to go ahead, the election of officers was proceeded with, being elected by ballot, and resulted as follows:

Hon. President—Mr. Jas. Connal.
President—Mr. George Robertson.
Vice-Pres.—Mr. R. J. Frost.
Sec.-Treas.—Mr. W. D. Campbell.
Captain—Mr. George Robertson.
Executive Committee—The officers and the Physical Director.
Team Committee—Messrs. F. D. Kerr, R. J. Frost and the captain.

The membership fee to the club has been placed at 50 cents and those holding either limited ($3.) or full ($5.) membership tickets in the Y. M.C.A. are eligible to join.

LACROSSE.

The Executive of the Peterborough Lacrosse Club meets this evening.

The photo of the Royal chorus is finished and can be seen at Mr. Whiten's studio. All members wanting a photo of the group can order it now. Mr. G. W. Mulligan intends sending one of the photos to the Prince of Wales.

MEATS IN SEASON.

We are prepared to supply our customers with a full variety of the CHOICEST VEAL, BEEF, PORK, LAMB, SAUSAGES, etc.

KENNEDY'S MEAT MARKET
'Phone 275.

For whooping cough and croup, Vapo-Cresolene is a simple and perfect remedy.

BROKE HIS ARM.

Mr. James Hull Mann of Bridgenorth Met With an Accident.

Mr. James Hull Mann, of Bridgenorth, had the misfortune to be kicked by a young colt some months ago and as a result his arm was broken. The injured arm had just become sufficiently well to use, when yesterday Mr. Mann had the additional misfortune to fall and break the same arm. Mr. Mann's many friends will regret exceedingly to hear of his mishap.

BOYS' LIBRARY.

An Effort Made to Have one Established at the Y. M. C. A.

An effort is at present being made to start a boys' library in connection with the Boys' Department of the Y.M.C.A. A number of friends of boys have been asked by letter to contribute a book each to this object, and any others are asked to do the same who are disposed. All the members of the Boys' Department have been asked to make a contribution, and already a good start has been made. The book need not necessarily be new, so long as it is in good condition and contains matter of interest to boys. Book day will be March 25th, before which, it is to be hoped, that a large number of books may be sent in. A good circulating library will meet a great need in the boys' work. All are asked to help it along.

Sure Sign of Spring.

The first shipment of new Baby Carriages, Go-Carts, and Wagons, was seen in front of the Peterborough Bookstore to-day. The beautiful variety of new patterns and designs was an interesting sight. Those in need of a baby cab invited to call.

A. H. Stratton & Co.

PETERBOROUGH'S MODERN STORE.

An Early Easter and An Early Spring

At least these are the present indications, and everybody seems to think Spring is here. We are selling lots of Spring Goods already—more than usual for this time of year.

Our Spring Opening is THURSDAY, MARCH TWENTIETH—that's this week. We would like you to see our display. If you can't come in the day time, you can see it in the evening. We will be open till 9.30 p.m. on Thursday.

SPRING GOODS!

For your Easter Gown you'll find here some of the best goods we have ever shown. They are of a quality which will make up with elegant effect, and have the beauty which will please careful dressers. You can get the linings a perfect match in colour for all the materials, and an endless variety of trimmings as well.

We carry an immense assortment of Dressmakers' Supplies, or if you prefer to have your gown made by our dressmakers, we can guarantee you perfect satisfaction.

CARPETS and HOUSEFURNISHINGS

We don't think you can duplicate our assortment of Carpets and Housefurnishings in this city—nor in many of the larger cities, either. Our assortments this year are larger than ever. Our qualities are even better than heretofore, and our prices are that much lower that you will be able to notice it.

Our Carpet Section is on our Second Floor. When you are inspecting our display of Millinery and Jackets, see our display of Carpets and Housefurnishings. You won't regret it.

PORT HOPE KNITTING WORKS

HON. J. R. STRATTON BANQUETS CHAMPIONS.

(Continued From 1st Page.)

tution and referred to the club last year having won the Intermediate Championship of Canada. The team, was, he felt sure, the youngest and lightest in the series.

Mr. R. F. McWilliams, President of the Peterborough Lacrosse Club, joined in extending to the hockey boys the hearty congratulations of the kindred sports. He referred to the interest that was being awakened in lacircles in Peterborough, and he hoped that the lacrosse boys would add still another championship to the list Peterborough now possesses, before the close of the season. In their endeavour to do so he asked that the public give them that hearty support that had been accorded the Hockey and Rugby Clubs. Reference was made by the speaker to the need of new athletic grounds and the necessity of a new rink.

Mr. C. H. Bradburn, the secretary of the Peterborough Golf Club, was proud to claim Mr. Stratton, the host of the evening, as a patron of the organization which he had the honour of representing this evening. He extended to the hockeyists the congratulations of the members of the Golf Club, on their grand victory. Peterborough had every reason to be proud of their speedy and gentlemanly septette. He also made an encouraging reference to the erection of a new rink.

PRESIDENT KENNER.

When the chairman of the evening, Hon. J. R. Stratton, announced the next toast—that of the President of the Peterborough Hockey Club, there was great applause. Hon. Mr. Stratton said that he knew of no citizen who has done more for the development of true manly sport in Peterborough than Mr. Kenner. There was no young man more loved by his fellow young men than he was, and we are all aware that he has spent time, money and energy in the interest of the various athletic organizations of the town. He has not only looked after the training of the classical mind but he has taken an interest in their physical development. In the field of sport it is necessary to have some one take the lead, and Mr. Kenner has done his share in this respect. He was president of the Rugby Club when it won the intermediate championship of Canada; he was president of the Hockey Club when they won the intermediate championship of the O.H.A., and he was president of the Peterborough Baseball Club when they won the championship of the Midland League last year. His efforts in behalf of true manly sport were worthy of the highest praise.

When President Kenner arose to respond he was greeted with the singing of "He's a Daisy, etc.," and three hearty cheers. Proceeding with his remarks the President said that he thanked them one and all for the enthusiastic manner in which they had drunk his toast and he also appreciated the kind words that had been said of him by Hon. Mr. Stratton. During his connection with the various sports of the town he had derived a great deal of pleasure and benefit. There had been no greater pleasure to him during the past 8 years than his association with the Peterborough Hockey Club which to-day held the championship of the O. H. A. intermediate series. He was proud above all of their clean and gentlemanly conduct which characterized the past season and which closed with their winning the championship. Referring to the weight of the team, Mr. Kenner said that the boys weighed on an average of only 140 lbs, and in this regard no team in the intermediate or senior series can compare with them. Reference was made to their games with R.M.C., Port Hope, Newmarket and Galt, and when we read the papers of these towns, the president remarked, there can be no reference found as to improper or unsportsmanlike conduct on the part of the Peterborough team. They are well behaved, both on and off the ice, and as for himself he was prouder of this fact than that of winning the championship. Mr. Kenner spoke of the need of a new rink and he felt sure that in view of what had been said to-night there would certainly be a new structure of the kind in Peterborough before next season opened. The Peterborough Hockey team is going to win the Garland Cup for good and then they are going after the senior championship which they would surely land. As president of the club he thanked Hon. Mr. Stratton for the interest he has taken in the game, and he strongly urged that parents allow their children more privileges in their desire to participate in such athletics as Hockey, Rugby, Lacrosse, Baseball, etc. It was much better for them to be thus engaged than standing around street corners smoking cigarettes.

The president sat down amid much applause.

Mr. Walter Stocker at this juncture rendered the vocal selection, "The Shipbuilders," which was heartily received.

Mr. F. D. Kerr was entrusted with the pleasing duty of proposing the toast of the ladies. He did so in one of his characteristic humourous speeches in which he made reference to the inducements of a local issuer of marriage licenses who offered to furnish the members of the team with such licenses on certain conditions. In a more serious strain, however, Mr. Kerr referred to the many prominent public gentlemen who had been materially assisted in their great work by their wives. Such had been the case of Lady Salisbury, Lady Macdonald, Mrs. G. W. Ross, and he thought that he might add that the Provincial Secretary had found a source of strength in the energy and kindness of the estimable lady who has linked her destiny with his.

Amid much applause Mr. Dickson Davidson arose to respond to the toast. He assured them all of the great pleasure it gave him in being present but contended that there were others more capable than he, of replying to the toast. The ladies of the town were enthusiastic over hockey as every one knew and they are entitled to the distinction of district champions. After making reference to the need of a new rink Mr. Davidson once more on behalf of the ladies congratulated the boys on their victory.

After a song by Mr. K. G. Lech and an orchestral selection, Mr. T. F. Matthews, 2nd Vice-President of the Club, proposed the toast of the press. In doing so he made many flattering references to the attitude of the press towards the hockeyists of the town. The toast was duly honoured by representatives of the press present.

DR. CHAMBERLAIN.

Mr. Matthews next proposed the health of Dr. Chamberlain, Inspector of Prisons and Asylums, who happened to be present. He might, Mr. Matthews said, be able to tell us something of what outside towns think of Peterborough.

Dr. Chamberlain was cordially received. In the course of his remarks he said that during his travels throughout the country he had been frequently asked how it was that Peterborough was so progressive a town, especially during that period of a few years ago when many towns in the Dominion were at an apparent standstill commercially and otherwise. However, if a stranger were to visit Peterborough on an occasion like to-night they could easily understand that they were all united in making the town, what it enjoys today, the distinction of being the best town in Canada. He was delighted with the enterprise of the business men, and of the public men of the town, and he predicted that it would be only a few years until Peterborough would be the Manchester of Canada, and the Boston of Ontario. He was also proud of the manner in which they encouraged clean, manly sport.

Mr. W. J. Francis was called upon for a recitation, which he rendered in his usual entertaining style, but not before he made reference to the proud position that Peterborough holds in the industrial and commercial life of Canada. He referred to the prominent men that Peterborough had produced, and speaking of the successes of her Hockey Club, he predicted that it was only a short time before the Stanley Cup would come to Peterborough. This statement was received with great applause.

A NEW COMER.

The chairman, Hon. Mr. Stratton, proposed the next toast, which was that of Mr. J. Hughes-Charles, the newly-appointed manager of the local branch of the Canadian Bank of Commerce. Mr. Hughes-Charles came from Galt the home of the vanquished team. It was to his credit that he came from Galt to Peterborough, the chairman humourously remarked. He had been spoken of very highly by the people of Galt and we all join in welcoming him to our town, and hope that our utmost expectations of him will be realized. Personally the chairman was glad to have him a resident of the town and he hoped that he would have the pleasure of meeting him frequently.

Mr. Charles thanked the assemblage for the hearty manner in which they had drunk his health and the kind words which had been said of him by the chairman. He listened with pleasure to the eulogies that had been passed on the Peterborough Hockey Club. He came from Galt and while Peterborough may have wrenched the championship from that town, he thought that they would not wrench from them the distinction which they hold of being the Manchester of Canada. His arrival in Peterborough had been marked by the most cordial greetings upon the part of all classes of citizens. He had paid his farewell visit to Galt last night and he had heard nothing but good words said of the Peterborough Hockey team. Everyone expressed the opinion that Peterborough hockeyists are jolly good fellows. Galt agreed in saying that the Peterborough team is the best team that they ever played against.

OUR HOST.

Mr. Kenner the President of the Hockey Club, arose to propose the toast of "Our Host." In doing so he thanked Hon. Mr. Stratton for the very magnificent manner in which he had entertained the Club and their friends, and his deep interest in the game in Peterborough.

Mr. Stratton upon rising was given an ovation. He assured them all that he appreciated very much the kind words that had been said of him by the President and the warm manner in which they had drunk his health. He admitted that it was his desire to be thought well of by the people of Peterborough. He owed all he possessed, financially and politically, to them. The young men of the town placed him in his present position, and he had in return endeavoured to do the best he could by them. Anything that lay in his power towards helping along young men was always taken advantage of by him, and he had used what time, ability and position he had in that direction. It was a source of satisfaction to him to know that the Peterborough young men are able to hold their own wherever they go, and in Toronto may be found men from Peterborough who are holding high positions in industrial and financial circles. It is gratifying to see the town growing as it is, until to-day, although not a city in name, it is one of the first towns in the Dominion, and there are not a great many larger in population than Peterborough. He hoped that it would continue to grow. We have energy, men of ability, and men capable of managing the town's affairs, and we can look for a great increase in every line during the next ten years. He was glad to be able to entertain the Hockey Club, and he had to thank Mr. Kenner for making the necessary arrangements for the banquet, all of which had been entrusted to him. He expressed the hope that it would not be the last occasion on which they would gather around the festive board, and that more championships would come to Peterborough. Mr. Stratton made reference to the pleasure it would give him to see all classes of citizens encouraging manly sport and assisting in promoting the interests of the boys. The future of our country depended upon their physical as well as their moral development.

The banquet closed with the singing of "God Save the King," and three cheers for the champions.

NOTES.

Mr. J. Crane and Mr. Alex. Elliott's duet "The Larboard Watch" was greatly appreciated.

The menu was inscribed on large double cards cut in the form of maple leaves. It was a very pretty design.

The manner in which the various courses were served surpassed anything of the kind ever attempted here before.

Grip-Quinine Tablets

are the best cure for Colds, Chills, Biliousness, Malaria, Neuralgia, Headache, Muscular Pains, Hay Fever, etc. Every person requires medicine at the change of seasons, and GRIP-QUININE is the very best remedy for the purpose. Purifies the blood, cleanses the liver, kidneys and skin. Wards off and breaks up all kinds of diseases, and relieves pain. GRIP-QUININE does the spring house-cleaning of the system in the best and kindest way. Mr. F. Rogers, Enniskillen, Ont. writes, "They are an excellent medicine, very pleasant to take, and extremely so in their action." GRIP-QUININE TABLETS are chocolate-coated, in boxes only, with Bulldog trade mark, price 25c. of dealers, or postpaid from Canada Grip-Quinine Co., Ltd., Brockville, Ont.

PALMISTRY.

Curious Story of J. P. Morgan the Great Financier and a Woman Palmist.

They tell a curious story of Mr. Morgan, which has never found its way into print. Some years ago a very clever woman palmist became the fad in New York society. She "read" people's characters in the lines of their hands, and some of her analyses of well-known personages were so accurate as to impart a fascinating uncanniness to her operations. One night at a party the palmist made some astonishing revelations. Mr. Morgan was one of the guests. She did not know him, and after she had finished with the others she asked him, "Would you like to have your hand read?" All looked curiously at the financier, expecting a curt refusal, but Mr. Morgan without a word extended his hand, palm uppermost. The palmist looked at it long and earnestly; then she shivered slightly and said, very quietly, "I'd rather not read your hand, sir."

"Read it," commanded Mr. Morgan.

"It is the hand," said the woman, "of a strong-willed, imperious man of remarkable ability. The line of the mind is wonderful. I do not know who you may be, but you are an unusual man." She then enumerated some of Mr. Morgan's most characteristic qualities, exactly as they are, and ended with, "And it is the hand of a man who would risk everything"—the palmist hesitated and then said, according to a man who claims to have been an eyewitness—"everything, sir, on a throw!" And she looked Mr. Morgan in the eyes. Mr. Morgan said, "Umph!" and seemed unimpressed. The story may or may not be true. But who shall deny that it requires more than ordinary boldness to creat a "billion dollar trust," when any untoward event, coming unexpectedly, would hve meant disaster of appalling extent and magnitude?

HEALTH IN BRITISH ARMY.

Trodinnick, England,

Gentlemen:—

As a preventative against sore feet there is nothing to equal Kelpion. The many foot powders we had were absolutely useless. I was never troubled myself with sore feet, owing to taking the precaution to rub them with a little Kelpion over night. Many men of my company have asked me at times what's good for a sore heel? I always advised them to use their Kelpion, and after doing so would come and express their surprise to me. I think it a great pity it was not known among the regular troops, for while I was detached from the regiment, I saw some very bad cases of sore throats and feet, and had they had in their possession a pot of Kelpion there would have been no need for so many of them to report themselves sick.

MILLINERY.

MRS. DARNLEY (late of Toronto) will be prepared on and after WEDNESDAY, 19th March, to show the Latest Novelties in French and American Millinery, at her Parlours, 142 Hunter Street, near the Post Office.

MISS DELANEY'S

Spring Opening Exhibit of

FASHIONABLE MILLINERY

will be held on **Thursday, March 20th,** and two following days.

Our beautiful ground floor showrooms will be filled with a lavish display of incomparable Spring Fashions in Parisian and American models of Trimmed and Untrimmed Hats, Bonnets, Feathers, Flowers and charming Trimmings in Lace, Net, Tulle, etc.

Ladies of all tastes will be sure to see here the most suitable combinations in Fashion's latest fancies for Easter and Spring wear.

PIANO MUSIC MAGAZINE.

The March number of the J. W. Pepper Piano Music Magazine is an exceptionally fine collection of music, both vocal and instrumental. It contains two Easter offerings; "The Angel's Answer," by Arthur Trevelyan, and "How Can I Serve Thee Best, O Lord;" by Evelyn Herbert; a march by Arthur Pryon, of Sousa's Band—"Vanity Fair March;" Song, "A Voice in the Choir Was Missing," by Chas. Graham; "Dream Fancies Waltz," by A. Lajeure; Song, "The Blushing Girl," by Harry von Tilzer, and a number of other fine musical compositions, of which the above are a sample. It is a thoroughly well balanced number, and is well worthy of a place on every piano. In addition to the music, the publishers have added 22 pages of fine musical literature, illustrated with half-tones of some of our leading vaudeville artists. 21 complete pieces for the piano — 10 songs, 11 instrumentals—35 cents. For sale by all newsdealers. The publishers of this magazine have decided to reduce the price for all future numbers to 10 cents, $1.00 per year. It is a good move.

PRETTY HABILMENTS

Lace Blouses

We have some beautiful things in Waists—something that you very seldom see outside of the large cities, but to our mind nothing is too good or too stylish for our customers.

There are so many of them that it would be almost fruitless to attempt to give a detailed description. We would greatly prefer that you would come and see for yourself. We do not ask anyone to buy. We just want to show you what we are doing.

Our Summer Waists run all the way from 50c to $7.00. For beauty of design and dainty effect we think that we have scored a great success.

Lasts a Lifetime.

That is just what they say of Vapo-Cresolene. The vaporizer is practically indestructible, and the Cresolene is certainly not expensive. This way of treating affections of the throat is most economical, and is also most effective. Our little picture illustrates how it's used. You put some Cresolene in the vaporizer, light lamp beneath, and then breathe in the soothing, healing vapor. For whooping-cough and croup it's a perfect specific.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE Co., 180 Fulton St., New York, U.S.A.

Recommended and sold in Peterborough by H. H. Edmison, druggist.

Flavouring Powders.

While they last, we intend selling a full 25c package of our Non-Alcholic Flavouring Powders, for 15c, prepaid, to any address. Any variety. Superior to liquids and are soluble in water, milk, or syrup, or can be mixed with dry flour. Only a limited quantity will be sold at this price. Order at once. The DOMINION SUPPLY CO., Springville, Ont.

17 BOERS CAPTURED

Gen. Botha's Brother-in-law Among the Prisoners.

FOUR KILLED AND SIX WOUNDED

The Laager Was Taken East of Vryheid in Southeast Transvaal—Kitchener's Weekly Report—Over 300 Boers Accounted For—126 Surrendered—The Length of the War.

Pretoria, March 18.—Gen. Bruce Hamilton has captured a Boer laager eastward of Vryheid, Southeastern Transvaal. Four Boers were killed, 6 were wounded and 17 were made prisoners. Gen. Botha's brother-in-law was among the Boers captured.

302 Boers Accounted For.

London, March 19.—Lord Kitchener's weekly report shows that during the week ending yesterday 11 more Boers were killed, 7 were wounded, 158 were made prisoners and 126 surrendered.

Much More War.

Southampton, March 19.— Major Gaves-Ford, who is a member of Gen. Kitchener's staff in South Africa, in a letter received at his home yesterday says: "It is cruel the way the British press is holding out hopes that the war will be over by coronation. We who are here realize that it will not end inside of two years."

Order For 12,000 Horses

St. Joseph, Mo., March 19.— One of the largest single orders for horses ever given in the country has been closed with a buyer at the South St. Joseph Horse and Mule Market. The contract is for 12,000 horses, to be delivered at the rate of 500 a month. It is the general belief that the majority of them are for the use of the British army in South Africa.

ENGINEER SCOTT PERISHED.

Million Dollar Fire Burns the Steamer British Queen.

New York, March 19.—A swift fire last night destroyed the pier of the Phoenix Steamship Line on the Hoboken, N.J., river front, with many bales of cotton and hay, burned that company's vessel, the British Queen, to a hulk, consumed several lighters and their cargoes, damaged a dock belonging to the harbor steamship line, and for a time threatened the property of the Holland-America Line and the huge Campbell stores. The loss, according to estimates last night, will approximate $1,000,000.

Rumors were rife that several men had perished. It was tolerably certain at midnight that Chief Engineer Scott of the British Queen was burned to death on her and that a sailor named Jansen met the same fate.

To Intercept Marconigrams.

London, March 19.—The Globe's naval correspondent reports that on her recent cruise along the Irish coast, the British battleship Revenge was fitted with a wireless telegraph apparatus, and received a number of private Marconigrams passing between mail steamers and the shore. The correspondent understands that the Admiralty proposes to make an attempt to intercept Marconigrams from an experimental station across the Atlantic, with the view of determining whether Marconi has perfected his syntonic system.

BRONCHITIS

A SERIOUS DISEASE.

Becomes Chronic and Returns Year by Year or Develops Into Bronchial Pneumonia, Croupous Bronchitis, Asthma or Consumption.

The real dangers of bronchitis are sometimes overlooked. It is too serious a disease to trifle with, and for that reason everybody should be familiar with the symptoms.

Children are most liable to contract bronchitis, and if neglected it becomes chronic, and returns year after year, until it wears the patient out or develops into some deadly lung disease.

The approach of bronchitis is marked by chills and fever, nasal or throat catarrh, quick pulse, loss of appetite and feelings of fatigue and langor.

Bronchitis is also known by pain in the upper part of the chest, which is aggravated by deep breathing or coughing until it seems to tear the delicate linings of the bronchial tubes.

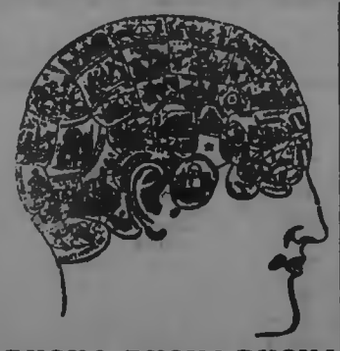
The cough is dry and harsh and is accompanied by expectoration of a frothy nature, which gradually increases; is very stringy and tenacious and is frequently streaked with blood.

There is pain, not unlike rheumatism, in limbs, joints and body, constipation and extreme depression and weakness. In some people the exhaustion amounts almost to nervous collapse, delirium follows, and in young children convulsions may follow.

Dr. Chase's Syrup of Linseed and Turpentine is, we believe, the most effective treatment for bronchitis that money will buy. This fact has been proven time and again in many thousands of cases.

It is the most effective remedy for bronchitis, because it is far reaching in its effects on the whole system, not merely relieving the cough, but actually and thoroughly curing the disease. It loosens the cough, frees the chest of tightness and pain, aids expectoration and permanently cures.

There are other preparations of turpentine and linseed put up in imitation of Dr. Chase's Syrup of Linseed and Turpentine. To be sure you are getting the genuine see the portrait and signature of Dr. A. W. Chase on the box you buy. 25c. a bottle; family size, three times as much, 60c. All dealers, or Edmanson, Bates & Co., Toronto.



BUSY! BUSY! BUSY!

A SCENE IN THE HOUSE

It Was Created By a Reference to "Methods of Barbarism."

THE DEBATE WAS ACRIMONIOUS

An Accusation of Corruption Supported by Figures—Discussion on the Motion of Sir Henry Campbell-Bannerman to Enquire into Commercial Matters in Connection With War—Rejected by 155.

London, March 19.—The debate last evening in the House of Commons on motion of Liberal leader Sir Henry Campbell-Bannerman for the appointment of a select committee to investigate the whole commercial history of the South African war, including the contracts for the purchase of remounts, meat and forage, and the contracts for freight, called out several acrimonious exchanges of remarks. Reginald McKenna (Liberal) commenting upon the Remount Department, declared that widespread corruption in the horse purchases had been disclosed in almost every country on the globe.

Lord Stanley, Financial Secretary to the War Office, replied to McKenna with an angry denial of a specific charge regarding the purchase of horses in Spain. He said the statement was maliciously false and demanded proofs of the assertion made.

Mr. McKenna said he took his facts from the report of the comptroller and the auditor-general. The imputation of malice was wholly false, but it was only part of the bogus defence in which the Government was then engaged. He quoted figures and claimed that they bore out his accusations.

Mr. Lambton (Liberal-Unionist) drew Sir Henry Campbell-Bannerman's fire by declaring that the leader of the Opposition, by his reckless language, had taken from many people the consolation of feeling that their relatives who had died in South Africa had fallen honorably in the service of their country.

To this Sir Henry replied angrily: "I give the most complete and most comprehensive denial to every word the honorable gentleman has said."

This statement caused confusion in the House and cries of "withdraw," but Sir Henry refused to withdraw his remarks, and Mr. Lambton said his language to Sir Henry referred to "methods of barbarism" and similar talk about the concentration camps and other methods.

The Speaker, Sir William Court-Gully, interrupting, exclaimed: "Both gentlemen are out of order."

Mr. Lambton thereupon apologized, but said that utterances such as he had quoted were gravely injuring the soldiers in South Africa, and the House ought to demand an authoritative declaration of the Opposition's attitude on this question.

Mr. Norton (Advanced Liberal), joined in the attack on the Government. He declared that the losses on South Africa amounted to from £70,000 to £100,000. When challenged the transports of each column in regarding his authority for the statement, Mr. Norton said Mr. Brodrick (War Secretary) had ordered a departmental committee to investigate the matter and had then pigeon-holed the evidence.

H. H. Asquith (Advanced Liberal), strongly supported Sir Henry Campbell-Bannerman's motion, which he contended was only a vote of censure because the Government had chosen to make it so.

A. J. Balfour (Conservative) winding up the debate argued that the acceptance of the motion would hamper military operations and give advantage to the enemy, besides creating a bad precedent.

Sir Henry's motion was rejected by a vote of 346 to 191, the big majority eliciting loud Ministerial cheers.

MARKET REPORTS.

BRITISH CATTLE MARKET.

London, March 18.—Prices steady; live cattle, 12½c to 12¾c, dressed weight; refrigerator beef, 10c to 10½c per lb.

FIVE DOCTORS CRIED "HOPELESS"

But Jacob DeWitta wasn't going to cry quits without a fight for his life. He pinned his faith to Dr. Agnew's Cure for the Heart, and it saved him.

Jacob DeWitta, of Hay Island, had been under treatment with five doctors. Each in turn giving up his case as a hopeless case of Heart trouble, said he might drop dead any minute. He fell in weight from 214 to 143 pounds, but he "pinned his faith" to Dr. Agnew's Cure for the Heart, and he declares he owes his life to it. From the first dose he found benefit. To-day says he never felt better in his life. 83

116 BILLS MADE LAW

The Work of the Ontario Legislature for Past Session.

THE PROROGATION VERY QUIET

Premier Ross in His Seat Again—Chief Justice Armour, As Administrator, After Giving Royal Assent to 114 Bills, Read the Speech From the Throne—Oliver Mowat Absent—The Speech.

Chief Justice Armour, in the absence of Sir Oliver Mowat, through illness, in the presence of a slim House and fairly well crowded galleries. Most of the members had left for their homes on Saturday, and after the arduous work of the session felt little inclined to return for the brief ceremonies of the day. Premier Ross was in his seat again. His Lordship, who was escorted by a body of Royal Grenadiers, assented to 114 of the 116 bills passed during the session, the other two having received the official assent on the 13th inst.

SPEECH FROM THE THRONE.

His Lordship then delivered the following speech:

Mr. Speaker and Gentlemen:

I observe with great pleasure that the Legislature now about to be dissolved has emulated its predecessors in endeavoring to devise and carry into effect a policy designed to encourage the development of the newer portions of Ontario. It affords me, therefore, peculiar satisfaction to be able in His Majesty's name to assent to a bill for the construction of the Temiskaming & Northern Ontario Railway under the direct auspices of the Government. The careful and systematic exploration of these districts has fully warranted the expectation that the construction of such a railway will add materially to our population and at the same time furnish a substantial outlet for the manufactures of the older part of the province. I trust that the line will be open for traffic at an early day, and that the facilities for transportation which it is intended to afford will be available on an equitable basis to all the railway systems of the Dominion.

I assent with pleasure to the bill respecting the sale of intoxicating liquors, and I am pleased to notice that a measure in regard to which there is necessarily so much difference of opinion and which is so far-reaching in its influence upon the social customs of the people as well as upon property and civil rights has been referred to the electors of the province for their approval. Experience has shown that legislation with regard to the liquor traffic, in order to be effective, must be fully sustained by public opinion. Should this opinion be favorable in the present case it will be my duty to render such assistance as the Crown possesses to enforce legislation which you have stamped with your approval.

I cordially approve of the measure for increasing the representation of that portion of the province not yet organized for municipal purposes. With the increase of population the wants of the people necessarily increase. It was therefore proper in the interests of the whole province that ample facilities should be at the disposal of the Legislature for obtaining the fullest information with regard to the great areas of undeveloped territory still vested in the Crown.

I am glad to find among the measures submitted for the Royal assent a bill respecting the revision and consolidation of the Imperial statutes from time to time incorporated in the statute law of the province. It is pleasing to observe the thoroughness with which the Commissioners appointed for this purpose have done their work. I am confident that the consolidation which they have effected will be greatly to the advantage of the legal profession and of the public, as it renders more intelligible many Statutes which had become antiquated and obscure, and at the same time removes from the Statute Book laws which had long ago become obsolete.

It is gratifying to notice that the Legislature is fully alive to the increased transportation facilities required by the agricultural population of the province, as is shown by the numerous charters granted for the construction of electric railways consure to the bills dealing with market towns. I have, therefore, assented with more than ordinary pleasure to the bills dealing with this this method of transportation, and to the further measure investing a committee of the Executive Council with jurisdiction over all electric systems subject to the Legislature of the province.

I also assent with pleasure to the acts dealing with agriculture, the act respecting the improvement of public highways and more particularly the act to amend the Toll Roads Expropriation Act, which renders more workable the important measure on that subject passed last year.

I am confident that the measure providing for the revision of the Statute Law, the act granting aid to certain railways, the act affecting wills of Personal Property and Marriage, the act reducing the number of expert witnesses in civil cases and the act for the removal of obstructions in rivers and streams will be found to be in the public interest. Your interest in higher education is shown by the bills dealing with the University of Toronto, University College and High Schools.

I thank you for the generous appropriations you have made for the Public Service, and take pleasure in assuring you that they will be carefully expended.

In taking leave of this, the 9th Legislative Assembly of Ontario, I desire to recommend your zeal in endeavoring to promote the prosperity and well being of the whole people. To no Legislature has there been confided more important interests than to the one now about to be relieved from its labors, and I am confident that the measures you have proposed and the appropriations you have made for the public service will be received as an assurance of your efforts to discharge faithfully the high duties committed to your care. I venture to hope that your successors will prove to be no less anxious to maintain the honor and dignity of this assembly, and that they will in a spirit of the highest patriotism and with equal care and fidelity apply themselves, as I believe you have done, to increase the prosperity and promote the moral well-being of all classes of His Majesty's subjects.

THE HOUSE PROROGUED.

Hon. Mr. Stratton, as Provincial Secretary, then declared the Legislature prorogued, and the last scene of the ninth Parliament of Ontario had been enacted.

"Common Sense"

Is the motto of the modern woman. The thick soled shoe and the rainy day skirt are witnesses to the wise application of the motto in matters of dress.

But there is no common sense in neglecting womanly diseases or in experimenting with other medicines when it is a matter of common knowledge that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

It is not common sense to seek medical advice of those who are not physicians when Dr. Pierce, not only a doctor, but a specialist in the treatment and cure of diseases of woman, offers a consultation by letter *free*. Write to Dr. Pierce, Buffalo, N.Y.

"I had falling of internal organs and had to go to bed every month; had irregular monthly periods which would sometimes last ten or twelve days," writes Mrs. L. Holmes, of Coolspring Street, Uniontown, Penna. "Had also indigestion so bad that I could not eat anything hardly. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery cured me. I took three bottles of the 'Favorite Prescription' and one of the 'Golden Medical Discovery.'"

For 31 one-cent stamps to pay expense of customs and mailing *only* you can get *free* a paper covered copy of Dr. Pierce's Common Sense Medical Adviser. The book contains 1008 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

Turkish Delight.

The oriental sweet called "Turkish delight" that travelers in the east are sure to taste is not difficult to make. Have ready an ounce of gelatin, preferably the clear imported sheet variety, which has been soaked for two hours in a very little cold water. Bring to a boil in a porcelain pot a pound of granulated sugar and half a cupful of cold water, adding the gelatin, and boil till the mixture dropped in cold water can be held in the finger. After it has boiled steadily for fifteen minutes add the juice of one lemon and a tablespoonful of brandy. Pour to cool in a clean tin which has been wet in cold water, cutting the mixture as it stiffens into squares like caramels. Each piece is dusted with powdered sugar or rolled in waxed paper.

No Proof Necessary.

Colonel C. L. Colqueen of Louisiana was halted on the street one day by a gentleman who evidently did not know him.

"Can you tell me," asked the unknown, "who is the best lawyer in town?"

"I am, sir," replied the colonel without hesitation.

The man looked surprised.

"Excuse me," he said; "I should like to have you prove it."

"Don't have to prove it, sir," thundered the colonel; "I admit it."

Out of the Shadow.

The discouragement the despair of ill-health, out into the noon-tide glory of health, vigour and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and lusterless eyes, by the roses bloom and sparkling eyes. If you but use Ferrozone, you will make rich, red blood, your nerves will grow strong. Old time vigour will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name, Ferrozone. Sold by Ormond & Walsh.

Odd Club Names.

There are a number of societies in the world that bear strange names, but probably one of the most curious was a club founded in 1735 by an English actor. It was called the Sublime Society of Beefsteaks and had among its members the Prince of Wales and other royal personages. They met in the painting room of the Covent Garden theater and dined upon beefsteaks. The club was in existence for more than a hundred years and became quite noted because of its odd customs. Another strange name was that of the Scriblerus club, which Swift founded in 1714 and to which Pope, Gay and other literary men belonged.

Only a Little Backache.

That is the first unmistakable symptom of diseased kidneys, an ailment which no one can neglect without inviting Bright's disease, diabetes, rheumatism and the most painful and fatal maladies. At the first sign of backache and urinary disorders use Dr. Chase's Kidney-Liver Pills and you can be certain of prompt relief and cure. One pill a dose, 25 cents a box.

Japanese as Walkers.

A great walking competition in Tokyo, in which most of the competitors were jinrikisha men, resulted in a fiasco, none of the men completing the minimum of seventy miles. This excited some surprise, as the jinrikisha men have immensely developed legs. The result is attributed to their want of staying power.

The Minister Disturbed.

Many times during a sermon the point is lost, drowned by a coughing congregation. The speaker should advise the use of Four T's which cures a cough in 24 hours and a cold in two days. Get a 25c. bottle today from Ormond and Walsh's drug store and avoid pneumonia.

A Killer.

Maude—Gaskell thinks he is a regular lady killer.

Esther—I shouldn't wonder. I had to talk with him last evening, and I really thought I should die, he wearied me so.

When an old work horse is given a holiday, he spends it chiefly in looking lonesome.

Contentment is always perched on the round of the ladder just above you. —Chicago News.

GALT'S GOOD-BYE.

The Town's Farewell to Mr. D. Hughes-Charles, now of Peterborough—Monday Night's Great Gathering.

(From the Galt Reformer.)

Few men obtain such an enviable certificate of citizenship as was awarded D. Hughes Charles, of Peterborough, late of Galt, by his former townsman here on Monday night. Having been transferred from Galt to Peterborough, they considered it only fitting that he should carry with him some token of the affection and admiration that he had inspired during his six years' sojourn in this town. The farewell took the form of a smoker, and Fraser's hall has never held a larger or more representative body of leading Galtonians than was gathered there on Monday evening. It was all in his honour, and he deserved it too. As was intimated time and again during the evening, Mr. Charles has been a boon to Galt. A genial, generous Irishman, he had identified himself, heart and soul, with Galt's interests, had laboured hard for Galt's welfare, and, as a result, occupied a prominent place in Galt's regard.

J. M. Irwin, who was just such a chairman as he alone can be, gave one of his inimitably happy and humorous introductories. Mr. Charles, Mr. Irwin explained, had left Galt the day after the Bernhart liquor store robbery, which to say the least, was a co-incidence. To those who knew him, it was nothing more, but, lest a misconception should go abroad, his Galt friends thought it advisable to demonstrate to the world that they continued to have every confidence in his character and conduct. Mr. Charles had done much for Galt. He had demolished verandahs, founded horse shows, erected beet sugar mills; and had hung low his head when the town was flimflammed in the Ferrah park deal. Mr. Irwin exchanged his trope for a tribute. He had been in Galt for twenty years, and he had never known a more energetic, enterprising and enthusiastic citizen than Mr. Charles, and it would be a long time before Galt would see his like again.

Mr. Irwin called upon F. S. Jarvis, who read the following address, George E. Goldie presenting Mr. Charles, in due season, with a beautiful, golden testimonial timepiece;—

Galt, Ont., March 17th.

D. Hughes Charles, Esq.;

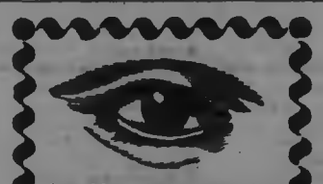
Dear sir,—The presence here to-night of so many of your staunch friends and former townsmen, who are intent on marking their appreciation of your work as a citizen of Galt for the past six years, must to you be an indication of the place you have made for yourself in their hearts.

Characterized as your citizenship has been by intense loyalty to the town's interests, shown by irrepressible enthusiasm designed to add to the high reputation which Galt has long sustained of being a prosperous and contented industrial centre, we feel that your removal to Peterborough is a distinct public loss, though a gain to yourself in a personal sense, the change, your friends are pleased to know, being in the line of promotion in one of Canada's leading financial institutions.

We feel that we cannot allow you to leave Galt without putting into tangible form that reward for your work as a fellow-townsman, which we all entertain, and at this time of the year, on a day set apart for the glory of Irishmen, without respect to creed, — a day dear to your heart—we take occasion to address you, requesting your acceptance of the accompanying watch and chain. That it may recall to you the pleasantest recollections of your sojourn here, and mark off hours that are laden with life's happiest and best experiences, is the sincere wish of your Galt friends, who include Mrs. Hughes Charles and family in these sentiments.

Signed on behalf of them all.

Mr Charles was greeted with rapturous applause. His response contained more feeling than fluency. It was plain that some sentiment handicapped his Irish readiness of speech, the characteristic quip and jest, the witty words so plentiful when other men were being honoured. But the emotion was becoming, and his heart spoken sentences were more eloquent than any banter, however amusing. The present was a great night to him, Mr. Charles said, in fact, only one came before him with the same vividness, and that was when he and the late Jas. Melrose converted the Caledonian Hall rooms into a St. Patrick's temple. Yes, that was a never-to-be-forgotten night. Mr. Charles felt honoured, not only because of the handsome memento and the spirit that had prompted it, but because it emphasized the pleasant years that he had spent in the good town of Galt. He would be candid; he was sorry to come to Galt, when he had arrived six years before, and now he was sorry to go. Gal thad seemed rather cold at first, but this had passed away, followed by a cordiality that could not be surpassed anywhere. Mr. Charles, like a good disciple of St. Patrick, had installed a shrine here to Ireland's patron saint, and the seventeenth of March ceased to be neglected. It was Galt's good-heartedness that made it the delightful town that it had been to him. Galt was the best town in Canada; none had prospered like it during his experience; and he hoped it would go on in the way so well begun. Mr. Charles had three times moved since he was appointed a Bank of Commerce manager. When he left Dundas he took with him a purse of gold. In leaving Woodstock, it was with a silver spoon. And now, on departing from Galt, a gold watch went along. So, in a pecuniary sense, these transfers did not come too often. But, and this was stronger still, when a man has formed friendships as he had in Galt, it was hard to leave. Of course, his removal to Peterborough was a promotion, and one had to consider his wife and family, not to mention professional ambitions; so, when the time came, one accepted the material good fortune, and went on and up. He had left Galt, but he would not forget the town, nor yet the people in it.



Are You Going Blind?

You run no risk in having your eyes carefully examined and fitted with glasses by Frost's Optician

FROST'S

JEWELLERS AND OPTICIANS,

249 George St., Peterborough.

T. T. Aitkin gave a solo.

Letters and telegrams were received from William Fulton, W. B. Lanigan, Hugh Kennedy, Joseph Stauffer and several others.

Robert Scott voiced his appreciation of Mr. Charles, and W. McIlroy followed with a song.

Chairman Irwin announced that he had some treatises on sundry live issues, but, owing to the lateness of the hour, he would confine himself to the subjects and the names of the essayists —"The Loaded Referendum," by J. M. Cameron; "Hockey Championship," by A. M. Edwards; "Errors of Judgement," by J. R. Blake.

Robert Ferrah did justice to Mr. Charles in a speech of strength and sincerity. They had been friends for years, and Mr. Ferrah saw in Mr. Charles the ideal of citizenship. Mr. Ferrah himself had boomed the town in his sixteen years here, and he considered Mr. Charles one of the best citizens the town had ever had.

Messrs. James Spalding and T. T. Aitkin contributed a duet.

D. Hal. Brown, of Montreal, brother of A. S. Brown, Galt; Mr. J. Hale, of Brantford, manager of the Bank of Commerce; Mayor Hawk, Dr. Thomson, Fred Palmer, and W. Cowan did homage to Mr. Charles in gracefully-worded addresses. "As Mayor of Galt, I am pleased to honour Mr. Charles," His Worship said.

It was an enjoyable evening. The speeches were bright, and the singing particularly fine. The refreshments, furnished by Mine Host Thompson, of the Imperial, were all that could be desired. W. Brandt, assisted by L. MacDonald, P. Gourlay and E. Hall, had charge of this department. Pedro, whist and euchre were played between numbers.

Didn't Know His Wife.

When T. Coleman, a Brantford traveller, left on a three weeks trip his wife was a yellow faced, fagged out looking woman. When he returned he didn't know her. Her eyes were bright and her skin clear, and she walked differently. Merrill's System Tonic did it. 50c. for 50 doses. Sold at Ormond & Walsh's drug store.

Wages on the I.C.R

Ottawa, March 19.—A deputation from the Trades Congress, headed by Ralph Smith, M.P., waited upon the Minister of Railways and drew his attention to the rates of pay and the hours of labor of the freight handlers and laborers on the Intercolonial. It was also complained that some of the officials display antagonism towards the labor unions. Mr. Blair promised that he would look into the complaints.

Acute and Chronic Rheumatism

are equally influenced by the almost magical pain subduing power of Polson's Nerviline, equal in medicinal value to five times the quantity of any other rheumatic remedy. Nerviline cures because it reaches the source of the disease and drives it out of the system. Nerviline is an unusually good rheumatic cure, and makes many unusual cures. Just rub it in the next time you have an attack. The immediate result will surprise you. 25 cents.

OUR NEW DESIGNS IN MEN'S SPRING HATS

Represent the latest styles in English and American shapes, and are made with the careful attention to details that such well-known and leading Hatters as Scott, Christy, Cooksey, Hawes, Mallory, Stetson and Lomis are sure to guarantee. We are the sole agents for these Hatters in Peterborough. Come and see the newest designs in Spring headgear. No trouble experienced in making selection.

Styles In Stiff Hats

In Stiff Hats the styles drift towards high taper crowned with closely rolled brims. It must not be inferred, however, that this style is dominant. On the contrary the preference of customers extends to any of half a dozen different shapes. But one colour is proper—Black.

Styles In Soft Hats

In Soft Hats, the "Panama" styles present the newest designs. Here then is the widest possible variety—height, width of brim, curl of brim, raw or bound edges, are governed by their suitability and sightliness in the wearer.

Flat set brims are also strongly in evidence. Black is the colour most favoured. Also Greys, both dark and pearl. A few light shades of brown will also be worn.

As is already well known, we carry all qualities—50c to $5.00 each.

THE INTERCOLONIAL

Hon. Mr. Blair Replies to Attacks of the Opposition.

THERE IS NOTHING TO HIDE

The Question of Summoning Mr. Archibald Before the Committee of Public Accounts Debated—Why the Conservatives Want This Witness at Ottawa—The Debate on the Budget.

Ottawa, March 20.—The House yesterday threshed out the question of the Archibald summons, and after a somewhat heated debate sustained the decision of the committee not to call Mr. Archibald. The budget debate was continued by Messrs. Heyd, Smith (Wentworth) and McKinnon. The House rose at 11.15 p.m.

Intercolonial Management.

Yesterday afternoon Mr. Bell (Pictou), in accordance with previous notice, moved to recommit the report of the Committee on Public Accounts, with instructions to summon Mr. P. S. Archibald to give evidence before the committee in reference to certain matters in connection with the Intercolonial Railway now under investigation by that committee. He maintained that never before had it been necessary for a member of a standing committee to appeal to the House to overrule the decision of the committee. He asked the House to direct the committee to summon Mr. Archibald. There had already been shown serious deviations from good government in the management of the Intercolonial. Taking the capital expenditure and deficit, he maintained that the Intercolonial Railway had last year cost the people of this country $4,570,586, and such an enormous expenditure demanded the fullest inquiry.

Mr. Blair's Reply.

Mr. Blair thought Mr. Bell had not furnished any sufficient reason for passing the motion. He did not propose to be drawn into a discussion of votes for the Intercolonial. Mr. Bell should have raised his objections to the votes when they were before the House. The Public Accounts Committee was constituted to investigate the accounts of last year, and Mr. Bell, before asking Parliament to reverse the decision of the committee should show that the committee had not acted properly in refusing to summon Mr. Archibald. There was no reason why Parliament should break in on the examination that was in progress in the committee and summon a man who was not an officer of the department and had had no connection with the Intercolonial for the last five or six years. When a charge of impropriety against a Government official had been laid, then it would be time enough to go scouring the country for someone with a sore head who had been spying around the Intercolonial. He asked if Mr Archibald would come to throw light on the subjects or if he would have a prejudice against the men to whom he attributed his removal from office. Mr. Pottinger had not been under examination for one sitting of the committee when Mr. Bell jumped up and asked for Mr. Archibald to be summoned. Mr. Haggart had admitted that Mr. Archibald had been in Ottawa, and the only desire was to have Mr. Archibald at their elbow, pouring his distilled poison into the ears of the Opposition—sitting at their elbow to keep them on the right track. The committee had not said they would not summon Mr. Archibald, if at a later period it seemed that it would throw any light on the subject. Mr. Blair said he was not afraid of investigation. He was ready and willing to bring all persons who had any knowledge of the transactions at first hand, and did not rely on mere hearsay evidence. Whatever mistakes in judgment might be shown by the investigation on the part of the Intercolonial officials, he prophesied that no criminal wrongdoing could be attached to any officer.

Mr. Haggart, who replied, said that the position taken by the Minister was altogether without precedent.

Mr. Fielding and Mr. Borden having spoken,

Sir Wilfrid Laurier declared there was no intention on the part of the Government to burk enquiry. All charges would be met when brought. "I want," the Premier said, "to recall my hon. friend to a proper sense of the rules of the House. There is no occasion for any display of antagonism, and my reasons may as well apply to one side as the other. If Mr. Archibald were a proper witness, and his evidence was material, he would be called. But there was a proper way of proceeding and the Government would not yield to threats."

Mr. Northrup, Mr. Flint, Mr. Lennox, Mr. Tisdale and Mr. Ingram continued the debate.

W. F. Maclean said that the people of this country who favored government ownership did not favor a system of political control of state-owned railways. The idea was that the public should reap all the advantages of public franchises, and these could only be enjoyed by a management independent of politics.

The vote was then taken on Mr. Bell's motion, and it was defeated by 101 to 56.

Smallpox Among Canadians.

On the "Orders of the day" being called in the House last night, Lieut.-Col. Sam Hughes arose and drew the attention of the Government to an item which appeared in The Evening Citizen, to the effect that smallpox had developed among Canadians in South Africa. After reading the item Col. Hughes asked if the Government had any information on the subject.

The Minister of Militia replied: "So far, I have no information beyond what has appeared in the newspaper. I wish to point out that the transport ships were Imperial ships, and under the control of the Imperial naval and military authorities, from beginning to end. The Department of Militia had nothing to do with the ships, and, consequently, was not responsible. Of course, we are very anxious to know the actual condition of things, and I shall endeavor to get all the information possible, and shall make it known at the earliest moment."

The Budget Debate.

Mr. Heyd resumed the budget debate at 8.30 o'clock, and was followed by Mr. Smith (Wentworth) and Mr. McKinnon (Prince Edward Island) and the adjournment of the debate was moved by Mr. Blain of Peel.

The House adjourned at 11.15 p. m.

Confessed to Perjury.

St. Catherines, March 20.— A confession made yesterday in the Police Court by Mrs. Stella May Campbell goes to show that she and her husband had perjured themselves in a serious charge they had preferred against her father, Louis Reno. As a result the authorities are now after Campbell, who is thought to be responsible for trumping up the false accusation.

Killed 50 Slave Dealers.

Mozeambique Portuguese East Africa, March 18.—The Portuguese troops captured 162 slave dealers and killed 50 others at Pemba Bay recently, when the Government force attacked twelve strongholds of the slave dealers and liberated 700 slaves.

ENGLISH GOVERN'T WANTS $103,500

From a Number of Peterborough Citizens.

WRITS HAVE BEEN ISSUED.

An Old Mortgage of $20,000 Given by Sir Allan McNab is Revived—Interest Amounts to $83,000.

The appended communication has been received concerning a matter which will vitally interest a number of the town's prominent citizens:

To the Editor of the Examiner:

Dear Sir:—

The King—God bless him, against Divers of his Subjects.

A number of residents of this vicinity have been served with writs issued from a law office in Toronto, calling upon them to pay His Majesty $103,500.

The writs states that on the 2nd of June, 1832, the late Sir Allan McNabb gave a mortgage to one John Henry Dunn, receiver general to His then, Majesty King William IV. for $20,000, and the action is to recover that $20,000 and $83,500 of accumulated interest.

The defendants are Christopher C. Baines, William Brown, William Forrest, Western B. Kelly, Margaret Nurse, John Collins, John J. Lundy, George Brownlee, James Fails, John Carnegie and W. J. Sherwood, Trustees The Federal Life Assurance of Canada, The Central Canada Loan and Savings Company.

It appears that Sir Allan McNabb as president of the Desjardiens Canal Company, got $20,000 from the Government of that day and gave his mortgage on his lands as collateral security for the payment of a bond given for repayment. Sir Allan was long a member of parliament and a member of the Government, and it looks now after the lapse of 70 years very extraordinay that a Government which neglected to collect this debt, and has been ever since spending millions on canals should now come on a lot of innocent people who never owed the Government and sell them out for this old debt of a former Minister of the Crown.

The lawyers all over the country passed by this old mortgage deeming it dead. On the abstracts in the registry office there was nothing to show it was a Crown debt and not subject to outlawry like other debts, and so now the Government is resurrecting the sins of a former day and asking innocent people to pay Sir Allan McNabb's debts.

Surely there is something wrong about this procedure. Sir Allan McNabb was a rich man for half a century after he gave this bond, and the fact that it was not collected shows such conduct on the part of the Government as should estop them now from bothering innocent men.

ONE INTERESTED.

THE NEW SKATING RINK.

The Meeting of Those Interested is Called for This Evening.

A meeting of those interested in the erection of the new skating rink is called for this evening in the office of Messrs. Hatton & Bradburn. It is desirable that there be a good attendance. The promoters have considerable information to lay before the meeting, and discussion as to sites, etc., will be in order. Those who were entrusted with the work of obtaining subscribers for stock, are asked to be in a position to report.

BROKE HIS LEG.

Wm. Corbett, an Employee of the Cereal Co. Met With an Accident.

Mr. William Corbett, a helper to the bricklayers at the Cereal Company building, had the misfortune to break his leg while at work this morning.

Mr. Corbett was engaged in erecting a scaffold for the bricklayers on the top flat. His foot became caught and his body was thrown sideways in such a manner as to break the bone of the leg, just above the ankle. Dr. Boucher was summoned, and the injured workman was taken to St. Joseph's Hospital in the ambulance.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

THRSDAUY, MARCH 20, 1902.

ENFORCE THE REFERENDUM.

The Lindsay Watchman-Warder, (Conservative), says: "By Mr. Whitney's announcement that he is opposed to the Manitoba Liquor Act, the temperance problem has been forced into the field of practical politics. We regret that it has been, for it threatens to obscure all other questions of public policy, many of which ought to stand vividly before the people at election time. It will, moreover, bring into a political campaign the prejudice, moral enthusiasm, and defence of traditions that are inevitably associated with acute discussions of the liquor traffic, and which cannot fail to augment the already sufficient friction and excitement of elections. It is likely that both politics and prohibition will suffer through being connected in this way. It was not necessary to thus bring the liquor question into politics. By the referendum the people were about to be given a chance to declare themselves on it. We do not agree with Mr. Whitney at all in his opposition to the referendum. As to whether it was constitutional or not, we know nothing; likely Mr. Whitney knows very little; it is at any rate a valuable means of ascertaining public opinion on this difficult question. No technical objection can avail against this appeal to the public will on the greatest of popular problems. We have endorsed the referendum; we endorse it now, and can aid no attempt to prevent the people from declaring themselves on the temperance question."

THE PROHIBITION MOVEMENT.

The position of the prohibition movement in Ontario and Manitoba to-day offers instructive lessons.

In Manitoba both parties went to the country on a prohibition platform. Hugh John Macdonald was returned, and enacted a prohibition law which stood the test of the courts. But, instead of putting the law in force, the Conservative Government decided on a referendum to see if the people really wanted the act. The Dominion Alliance organization is advising all prohibitionists to ignore the referendum, and to vote against the Roblin Government next election. Brandon Presbytery and a large body of prohibitionists want to vote on the referendum, arguing that it will be an injury to the temperance cause to have it defeated. The division in counsel will probably result in the defeat of the referendum. Hon. Mr. Greenway says that he promised the prohibitionists a prohibitory law and lost the liquor vote, which all went against him, while the prohibitionists divided because they salved their consciences with the promise of Hugh John to pass a prohibitory bill. Mr. Greenway gave the prohibitionists a very severe dressing down for failing to give him the united support he was entitled to, in view of his promise to them; and pointed out what position they had brought themselves to by such action.

In Ontario, in the face of two plebiscites in favour of prohibition, the prohibitionists of Ontario find the Government asking that, before enforcing a prohibitory law, it shall be backed up by 37 1-2 per cent of the eligible electorate, and Mr. Whitney and most of his following pronouncing against any prohibition measure at all. And this is a good, solid province and strongly in favour of moral and temperance reform.

The reason for the situation in Manitoba and Ontario is that only a small proportion of the electorate are prepared to put prohibition first in their sympathies and energies. Church courts only weaken their influence by passing loud-sounding resolutions which have no substantial backing. The feelings of a hundred men are appealed to by descanting upon the evils of the liquor traffic, where the judgment of one man is dealt with in sanely discussing the pros and cons of the methods suggested for dealing with an admitted evil. Hundreds of decent men have no objection to being in the forward line when no fighting beyond casting a vote is to be done, but when continuous fighting is called for they will do their fighting in the field that appeals closest to their sympathies. The labour movement, for instance, has had a great growth among us of late years, and men who find room for their energies in that direction put prohibition second. The Patron movement, in its day, had a strong call among the farmers, and it refused to put prohibition on its platform. And so with other machinery for reform.

The hope of the prohibitionists is in educating the man-in-the-middle-of-the-road, the great middle class of the electorate. If they succeed in winning the sympathy and judgment—and we have had quite enough of sympathy, without judgment — of this middle class, their success is assured. Without it, they are bound to fail in attaining their aim, though there can be no real failure in any honest, unselfish, work, whatever the result.—Guelph Mercury.

That was a beautiful wish of the late Father Ryan, rector of St. Mary's Cathedral, Toronto, that no panegyric should be uttered over his remains, but that the people should pray that God would forgive his sins. It was an earnest of the humility and sympathy which no doubt characterized the Rev. Father's life that he should wish the same spirit prevading the funeral arrangements. His example is worthy of our imitation.—Guelph Mercury.

EXPERIMENTAL UNION TESTS IN AGRICULTURE.

The Ontario Agricultural and Experimental Union is prepare to distribute for experimental purposes good seed of leading varieties of farm crops to an average of sixty-five farmers in each county and district of Ontario. Each person who wishes to conduct an experiment and is willing to use great care and accuracy in the work and report the results of the test directly after the harvest, should select the exact experiment desired and apply for the same as soon as possible. The material will be forwarded in the order in which the applications are received until the limited supply is exhausted. Although material for not more than one variety will be sent to each person, it might be well for each applicant to make a second choice for fear the first could not be granted.

List of Experiments for 1902.

1—Three varieties of oats.
2—Three varieties of six-rowed barley.
3—Two varieties of hull-less barley.
4—Emmer, Spelt, and two varieties of spring wheat.
5—Two varieties of spring wheat.
6—Three varieties of field Peas for Northern Ontario.
7—Two varieties of bug-proof field peas.
8—Cow peas and two varieties of Soja or Japanese beans.
9—Three varieties of husking corn.
10—Three varieties of mangolds.
11—Two varieties of sugar beets for feeding purposes.
12—Three varieties of Swedish turnips.
13—Kohl Rabi and two varieties of fall turnips.
14—Parsnips and two varieties of carrots.
15—Three varieties of fodder or silage corn.
16—Three varieties of millet.
17—Three varieties of sorghum.
18—Grass peas and two varieties of vetches.
19—Dwarf Essex rape and thousand headed kale.
20—Three varieties of clover.
21—Sainfoin, Lucerne and Burnet.
22—Five varieties of grasses.
23—Three varieties of field beans.
24—Three varieties of sweet corn.
25—Fertilizers with early corn for husking.
26—Fertilizers with Swedish turnips.
27—Growing potatoes on the level and in hills.
28—Two varieties of very early potatoes.
29—Planting cut potatoes which have and which have not been coated over with land plaster.
30—Planting corn in rows and in squares (an excellent variety of early corn will be used.)

Material for either number 25 or number 26 experiment will be forwarded by express, and for each of the others it will be sent by mail.

C. A. ZAVITZ,
Agricultural College,
Guelph, Ontario.

Guelph, March 15th, 1902.

IN THE AIR.

The Germs of La Grippe are Conveyed Through the Atmosphere.

No one can escape the la grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason that everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those, who for any reason are not in the best of health, fall ready victims.

The first symptoms are those of acute catarrh resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere and if taken freely, say one tablet every hour or two for two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: "Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against la grippe and catarrhal troubles from which I have suffered for years. I feel that I can freely and conscientiously recommend them."

Persons who suffer from catarrh of the head and throat are very susceptible to la grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure.

Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and may be used as freely as necessary as they contain no cocaine, opiate or poisonous drug of any kind.

PAINE'S CELERY COMPOUND

Has the Approval of the Best Physicians.

AS A SPRING MEDICINE IT HAS NO EQUAL.

IT CURES THE MOST DESPERATE CASES AFTER FAILURES WITH OTHER REMEDIES.

The endorsation of Paine's Celery Compound by men high in the medical profession, is not a hasty conclusion. Medical approval was only announced after severe tests and proofs of remarkable cures. Paine's Celery Compound has always succeeded in saving after other medicines and prescriptions failed; it has cured diseases and troubles of long standing, and faithfully carried out all that it claimed to do. Medical evidence Freely given by unbiassed and honest physicians is sufficient to place Paine's Celery Compound far ahead of all other medicines as an unfailing cure for nervousness, prostration, mental exhaustion, sleeplessness, rheumatism, neuralgia, headache, dyspepsia and all troubles arising from a sluggish and impure condition of the blood.

As a spring medicine, Paine's Celery Compound has no worthy competitor. The old "cures" one by one have dropped by the way, while Paine's Celery Compound has continued to gain in popularity, so that its present sales exceed all combined sales of other remedies.

If you are despondent, fretful, without appetite, bothered with kidney or liver troubles, we honestly urge the use of Paine's Celery Compound, which is fully endorsed by America's best physicians.

KILLING NOT NECESSARY.

Samuel Cooper Might Have Been Secured Without Being Shot.

Huntsville, March 19.—The verdict at the inquest of the body of Samuel Cooper, formerly of Toronto, who died in the Huntsville Hospital last week, was rendered yesterday morning. "We find," said the jury, "that death was caused by gunshot wounds inflicted by Thomas J. Hooper, said wounds being inflicted in self-defence, but we are of opinion that those who were about the premises could, by combined action, have secured the deceased without shooting."

HALF A MILLION POOR.

King Will Be Their Host During the Coronation Week.

London, March 19.—Half a million of London's poor will be the guests of King Edward during coronation week. His Majesty yesterday notified the Mayors of the Metropolis that the sum of £30,000 was placed at their disposal, and he invited them to make the necessary arrangements to entertain the very poor to the number of 500,000 at a dinner in celebration of his coronation.

Loss of Flesh.

If you find yourself falling below normal weight there is danger. The use of fish oils can temporarily add fat, but will never build up healthy tissues. Dr. Chase's Nerve Food acts through the blood and nervous system and carries new life and energy to every nook and corner of the body. It regulates the various organs of the body, makes the appetite good, adds healthy flesh, and replaces the tissues wasted by disease. Naturally and gradually this food cure restores colour to the cheeks, increases the weight of the body and thoroughly overcomes disease.

Government Appointments.

Ottawa, March 19.—J. D. O'Hagan has been appointed landing waiter at Fort William, vice M. Phelan.

James Currie, Collector of Customs at Charlottetown, has been superannuated. Walter B. Robertson succeeds him.

George Taylor has been permanently appointed clerk in the customs at London.

Walter Lionel Proult has received the appointment of landing waiter at Vancouver.

Soldiers and Civilians Clash.

Mobile, Ala., March 19.— Report was received here yesterday from Fort Morgan, Ala., at the entrance of the Mobile Bay, that a riot between soldiers and civilians occurred there Sunday night. One man is reported to have been killed and ten or fifteen wounded.

Mild but Vigorous.

When you are tired of the list of cures your friends suggest for bronchitis—try Scott's Emulsion. It is rather mild tasting compared to most medicines, but makes a vigorous attack on all forms of throat and lung disease.

EXCEPTIONALLY ATTRACTIVE VALUES

The Return Visit and Unparalelled Success Of : : : :

Professor O'Brien

Canada's Greatest Phrenologist and the only recognized

Scientific Palmist.

For the information of those wishing to consult him, he will remain in town for a week longer. Parents, bring your children to have their head scientifically delineated by a competent Phrenologist, and ascertain their adaptation as to what trade or profession they should follow. Thousands are now holding prominent positions through the advice of Prof. O'Brien, who in Prenology is at the head of his profession, and in Palmistry he has no equal.

Private Office—264 Hunter street terrace. Hours 10 a.m. to 10 p.m. A photo read free to patrons. Call early.

IN THE BOSOM OF HIS FAMILY.

Prince Henry of Prussia Arrives at Berlin—What the Kaiser Said.

Berlin, March 20.—Prince Henry landed at Kiel at dusk yesterday and joined the Princess and his sons. He had a long private talk with the Kaiser, during which he told the Emperor his experiences from the beginning to the end of his tour.

Emperor William spoke to Commander W. H. Behler, the United States naval attache at Berlin, who represented the American Embassy at Cux-Haven yesterday, of the wonderful reception Prince Henry had received in the United States. "But," said Commander Behler. "Your Majesty would have received a greater one."

To this the Emperor replied: "But I cannot leave the country for so long."

"It would not take you longer than your trip to Jerusalem," said Commander Behler.

"Yes," replied the Emperor, "that is so."

The Never-Fading Jet Blacks Produced by the Diamond Dyes are Admired by all.

The three special Diamond Dye Blacks — Diamond Dye Fast Black for Wool, Diamond Dye Fast Black for Silk and Feathers, and Diamond Dye Fast Black for Cotton and Mixed Goods — give rich, full, and unfading Blacks that are admired by all.

These Diamond Dye Fast Blacks are all new and scientific discoveries, and are as superior to all other dyes as the electric light is to tallow candles. Use them once and you can never be induced to take anything else. Do not allow any dealer to sell you a substitute for the Diamond Dyes.

Send your address to the Wells & Richardson Co., Limited, 200 Mountain street, Montreal, P.Q., so that you may be sent free of cost sheets of designs for pretty mats and rugs that so many ladies are now working up.

The Aged Pensioners Bill.

London, March 20.—The House of Commons yesterday presented the second reading of the Aged Pensioners' Bill, granting deserving poor persons a pension of from 5 to 7 shillings weekly at the age of 65. It is estimated that the sum of £10,000,000 will be required annually to pay the pensions, the national exchequer and the local authorities each providing half the amount required. As the Government at this session declared it could not provide its share, the scheme is not likely to become effective.

Morris Gets Two Years.

Bowmanville, March 20.— Two years in Kingston Penitentiary was the sentence passed by His Honor Judge Benson yesterday, at Cobourg, on cab driver and mail carrier John H. Morris, of this town, for stealing parcels and packages from newspaper sacks while carrying them between the Grand Trunk station and the postoffice here.

Malt Breakfast Food Comforts and Soothes the Weak Stomach.

Malt Breakfast Food is always tolerated and retained by the weakest stomachs. Invalids and convalescents live on it after rejecting all other forms of foods. The weak and delicate stomach easily assimilates it, as by the action of the Malt it is partially predigested, and ready to be taken up by the natural process of absorption.

Invalids and weak people are pleased to note that after a few meals of Malt Breakfast Food every function of the system is energized and invigorated. This great health food is unequalled to-day as a builder and strengthener for the weak and rundown. Medical men are daily prescribing Malt Breakfast Food for invalids and convalescents. Buy a package from your grocer and try it.

Fined Twenty Dollars.

Montreal, March 20.—For neglecting to comply with the law of taking the census, the officials of the Canada Thread Company were condemned by Judge Choquet yesterday morning to a fine of $20.

"BED-RIDDEN FOR YEARS"

Such cases are not hopeless when the right treatment is resorted to. South American Rheumatic Cure has cured hundreds of so-called "incurables." Relieves in six hours.

The marvellous curative power and effectiveness of South American Rheumatic Cure is in the quickness with which it acts and the almost "lightning change" for the better in the Rheumatic Victim after taking a few doses. It seems next to incredible—but there is no deception—it's work is apparent, and every step taken toward recovery is a permanent one. History repeats itself daily in this wonderful treatment—it never fails. 84

ANGLO-JAP. ALLIANCE

A Conjoint Declaration of Russo-French Approval.

A NOTICE TO ALL THE POWERS

Declaration Claims That the New Convention Supports Essential Features of Russo-French Policy in China, Still They Must Be Prepared to Protect Their Own Interests There.

St. Petersburg, March 20.—The Official Messenger will print to-day the print of the text of a Russo-French conjoint declaration, sent March 16 to the Austrian, Belgian, British, America, Spanish, German, Italian, Dutch and Japanese Governments. The declaration is as follows:

"The allied Russo-French Governments are wholly pleased to discern that the Anglo-Japanese convention supports the essential points which, according to the reiterated statement of France and Russia, still constitute the foundation of their policy. Both Governments believe that the support of these principles is also a guarantee of their interests in the Far East. They are compelled, however, not to lose from view the possibly inimical action of other powers, or a repetition of disorders in China, possibly impairing China's integrity and free development, to the detriment of their reciprocal interests. They therefore reserve to themselves the right to take measures to defend these interests."

The prefatory remarks say that Russia desires the maintenance of the status quo and the attainment of complete tranquility in the Far East.

It Is Entirely Private.

London, March 20.—In the House of Commons yesterday the War Secretary, Mr. Brodrick, set at rest the rumors regarding Lord Wolseley's trip to South Africa, by announcing that the former commander-in-chief had gone to Cape Town on an entirely private visit, without previously communicating with the War Office.

Regarding the Boers wearing British uniforms, Mr. Brodrick said all civilized nations punished such action with death. Boers captured wearing British uniforms were liable to be shot after trial by court-martial. Lord Kitchener, in certain cases, had inflicted that penalty.

Royalty Back to the War.

London, March 20.—Prince Francis of Teck sailed for South Africa yesterday to resume his duties with the Remount Department of the army.

Prince Francis of Teck is a brother of the Princess of Wales and a brevet major of the First Royal Dragoons. The Prince served in the Remount Department in South Africa in 1899 and 1900. He was born in 1870.

British Consul Fears.

New Orleans, La., March 20.—George Van Sittart, British Consul at New Orleans, declares his life and property are in danger from the Boers and Boer sympathizers in the city, and has appealed to the Mayor and police for protection.

Boer Cartridges.

New York, March 20.—There was a rumor current yesterday that a number of cases of cartridges were on the pier at the time of the fire last night, and that they were destined for the use of Boers in South Africa.

Ontario Trooper Wounded.

Ottawa, March 20.—The Governor-General has received the following cable from the Casualty Department in South Africa: Cape Town, S.A., March 18.—Trooper H. F. Clement, S.A.C., was wounded in the side at Walpontein, near Vaal River, March 15. Please inform P. Clement, Fenells, P.O., (S. R. Simcoe,) Ontario."

Scout Class of Warships.

London, March 20.—At the spring session of the Institute of Naval Architects yesterday the president, the Earl of Glasgow, announced that the Admiralty had decided to create a new class of war vessels, to be known as the scout class, somewhat after the type of torpedo boat destroyers, but of greater seakeeping power.

Scouton, the Shooter, Caught.

Calgary, N.W.T., March 20.—Scouton drove to the frontier stables, having first shaved off his moustache. He wore spectacles, but was recognized by Sergt. Brooks last night, who took him into custody. Simpson, who was shot by Scouton, passed a good night.

With the Etruria's Passengers

Falmouth, March 20.—The Royal Mail Company's steamer Elbe (chartered by the Cunard line), having on board the passengers of the disabled Cunard steamer Etruria, which left the Azore Island March 15, passed the Lizard at 3.45 p.m. yesterday.

Chinese Rebels Beat.

Hong Kong, March 19.—The rebels in the southern provinces continue to defeat the Imperial troops sent to subdue them. Gen. Ma and Marshal Su report that it is impossible to suppress the rebellion with the troops at their command.

Nominations in Quebec.

Montreal, Que., March 20.—Messrs. J. S. H. Bergeron and George Loy were nominated yesterday in Beauharnois, by the Conservatives and Liberals, respectively.

Price Is Now $16,500.

Montreal, March 20.—Yesterday morning the remaining seat in the Stock Exchange was sold for $16,500 to Mr. Rudolphe Forget.

72 Miles an Hour.

New York, March 20.—The wind yesterday blew at the rate of 72 miles an hour in this city.

To cure a cold in a night—use Vapo-Cresolene. It has been used extensively during more than twenty-four years. All Druggists.

INSPECTION OF DRAINAGE.

Important Amendment to Act Recommended by Ontario Land Surveyors.

Toronto, March 20.—"The Drainage Acts, Their Uses and Abuses" was the subject of a lengthy debate by the Ontario Land Surveyors yesterday afternoon. It arose from a paper presented by Mr. Gaviller on the matter.

At the conclusion of the debate, a resolution was passed, memorializing the Government to amend the Drainage Act, so that the duties of the engineer should be to inspect the completion of work within thirty days from the time specified for the completion thereof, and, if found complete, to file his certificate; and if not, to enforce the award in the usual manner.

H. DeQ. Sewell read an instructive report on the question of transportation. On motion of Mr. Aylesworth, it was decided to embody the report in the minutes of the meeting.

At the morning session, Otto J. Klotz of Ottawa read a paper on "Northwest Angle, Lake of the Woods," in which he stated that, if England, in 1872, had stood upon the motto, "What we have we'll hold," there would now be no Northwest Angle. The angle in question naturally belonged to Manitoba or Ontario, but a treaty between Great Britain and the United States made it a part of what was now Minnesota, although it was entirely separated by water from the latter State. Mr. Klotz traced the history of the boundary dispute, showing that the unfairness of the award originally was the result of defective maps.

Messrs. Demorest and Silvester of Sudbury contributed a valuable paper on "Mine Surveying Underground Surveys and Plans."

A banquet was held in the evening. President Dickson occupied the seat of honor. The surveyors expect to bring their meeting to a close this afternoon.

A TORONTO MAN.

The Mr. Jardine Referred to, Lives in the Queen City.

Well-Known Throughout Canada as one of Canada's Commissioners to the Paris Exposition—His Statement is a Very Valuable one, and has Been Read With Much Interest.

Toronto, March 19. (Special).—Mr. J. G. Jardine, whose statement as to the wonderful curative and tonic properties of Dodd's Kidney Pills has been published in many of the papers, is a resident of this city. His home is at 305 Crawford street.

Mr. Jardine was chosen as one of the Canadian Commissioners to the Paris Exposition two years ago, and performed the onerous duties of that office with honour to himself and credit to his country.

It is to his experience in the French capital at this time that Mr. Jardine makes particular reference in the published statement in which he says:—

"During my stay in Paris I felt many times quite run down owing to the complete change and to the worries and work of our business there. I suffered not a little with backache, with general feeling of depression and I found Dodd's Kidney Pills invaluable.

"I had learned the value of this medicine before going to Europe as I had used it very successfully for backache which I found it relieved almost instantly. So when I went to Paris I was careful to take with me some of this, my favourite remedy.

"Every time I was threatened with a return of the trouble I used a few Dodd's Kidney Pills and can say they did not disappoint me. They are the best medicine I know of to tone up the system generally and they do certainly relieve backache instantly."

What Mr. Jardine has said is amply borne out by many others in this city whose experiences have been and are being published from day to day. Dodd's Kidney Pills are certainly without an equal as a medicine for those who are "tired out," "run down" or "used up."

Dodd's Kidney Pills have been endorsed most heartily by all classes.

Mr. Rhodes Longs For England.

Cape Town, March 19.—Cecil Rhodes had a quiet sleep this morning, but his symptoms when he awoke showed a slight change for the worse. He remained in the sitting posture, which he has occupied for ten days, as it is difficult, perhaps impossible for him to breathe while lying down. He insists upon his ability to travel to England. His physicians do not concur.

PATIENCE AND PURSE GONE

And still suffered the untold sufferings that are a part of some of the more violent phases of Kidney disorder. Doctors couldn't cure—but South American Kidney Cure put him to rights.

Adam Soper, of Burk's Falls, Ont., was for five years a great sufferer from a most aggravated form of Kidney disease. To use his own words: "I decided to try some of the patent medicines. I was recommended to use South American Kidney Cure. I received great benefit from one bottle, and five bottles completely cured me—and there has never been a symptom of kidney disorder since that time." 86

FOUR MINERS HURT.

After the Explosion They Were Taken to Wabigoon, Ont.

Winnipeg, March 20.—A terrible accident occurred at Big Master mine, Cold Rock, Monday night. When the men were cleaning up at the bottom of the shaft, 180 feet deep, it is supposed a pick or a shovel struck an unexploded charge of dynamite, which discharged, causing terrible injuries to the miners.

The men were brought to the surface in the cage, and messengers were despatched to Wabigoon for Dr. White and to Dryden for Dr. Blair, who arrived, dressed the wounds and brought the miners to Wabigoon on matresses. The men are to be brought to the General Hospital, Winnipeg, to-day. The injured are:

John Archibald, leg broken, hands and face badly cut, will lose eyesight.

John Stamard, jaw broken, one eye endangered.

Malcolm Spears, face cut, eye endangered.

George Robinson, badly bruised about head.

All four men will likely recover.

To Impeach a Minister.

Stockholm, March 20.—There was some excitement in the second chamber of parliament yesterday owing to a demand made by Adonif Hedin, a Liberal member, for the impeachment of the Minister of Finance, Count Wachtmeister. The grounds for the impeachment, which were not announced, were delivered to the president of the House in a sealed envelope. The matter was referred to the Constitutional Committee.

Toronto, March 20.—The Countess Wachtmister, who is a co-worker with Annie Besant, traveled through Canada a year or two ago in the interests of the Theosophical Society, and is well known to many persons in the Dominion.

A Consultation Held.

Drs. McDade, Rush and Sims, three of the most eminent American doctors, in a series of articles outlined a tonic treatment calculated to cure a vast number of diseases. Their suggestions were embodied in a formula which is dispensed by a Brantford druggist and called Merrill's System Tonic. It is a reliable and pleasant remedy for stomach, bowel and kidney diseases. Sold at 50c. per bottle at Ormond & Walsh's drug store.

New Spanish Cabinet.

Madrid, March 19.—The composition of the new cabinet is announced to be as follows: Premier, Senor Sagasta; Minister of Foreign Affairs, the Duke of Almodovador; Minister of Justice, Senor Montilla; Minister of Finance, Senor Rodriguez; Minister of Interior, Senor Moret; Minister of War, Gen. Weyler; Minister of Marine, the Duke of Veragua.

Is the Huronian Lost?

Halifax, March 19.—A report from Cape Sable, near Barrington, N. S., states that several bed sacks, orange boxes (one half full of fruit), washed ashore yesterday morning. As this is close to the course the Huronian would take near St. John, the fact is regarded as significant.

Four T's Make Good Singers.

Many people when singing get husky and this spoils the voice. Four T's is par excellence a lung and throat tonic and cures chronic congestion of the bronchial tubes, making the voice clear as a bell. An ordinary cough is cured by a few doses of this marvellous medicine. Sold in 25c. bottles at Ormond and Walsh's drug store.

Refused U.S. Demands.

London, March 20.—A despatch to the Exchange Telegraph Company from Constantinople says the Turkish Government has flatly refused the demand of the United States for the repayment of the sum of money ($72,000) paid to the brigands as a ransom for Miss Ellen M. Stone, and her companion, Madame Tsilka.

Prisoner Pare's Condition.

Kingston, March 20.—It is quite likely that another portion of the injured leg of Pare, the Napanee Bank robber, now in penitentiary, will have to be removed. A year or so ago the limb was amputated at the knee.

Engineer Scott Escaped.

New York, March 20.—Chief Engineer Scott, Steamer British Queen, who it was supposed perished in the fire, walked into a Hoboken hotel yesterday. He was badly burned about the face and said he had had a dreadful experience.

The Minister Disturbed.

Many times during a sermon the point is lost, drowned by a coughing congregation. The speaker should advise the use of Four T's which cures a cough in 24 hours and a cold in two days. Get a 25c. bottle today from Ormond and Walsh's drug store and avoid pneumonia.

Almost Instantly Killed.

Winnipeg, Man., March 20.— Charles B. Reynolds, night clerk of the Queen's Hotel, about 2.30 o'clock yesterday morning went to the bath room to make some slight repairs required there, and fell from the ladder and struck his head on the radiator, causing almost instant death. He leaves a wife and several young children.

Puzzled to Find Room.

London, March 20.—Every department of the King's household is busily engaged in the stupendous task of preparing for the coronation ceremonies. So very long is the list of the foreign princes and ambassadors who will be present, that the court officials are at their wits' end to decide how to dispose of His Majesty's guests.

Grand Easter Opening

...OF...

Men's Spring Hats

During the interesting opening days in the Millinery Stores of Peterborough, we will make a grand display of

MEN'S MILLINERY

In our Hat Department and large show windows will be displayed the most correct New Spring Styles that gentlemen's critical tastes will be glad to see and admire. The leading London and American Hats will be displayed, but at a price that will show that you can buy to better advantage here than elsewhere.

Special Styles will be shown in the popular **American Soft Fur Federas** in Panama wide rolling as well as flat brims.

Fine English Stiff Hats such as **"Stanley," "Wilkinson," "Wakefield," "Beverly,"** etc., in fashionable shapes.

And don't forget that our regular stock of Spring Clothing, Suitings, Overcoatings and Nobby Furnishings is full to overflowing with the newest novelties of the season.

Gentlemen are invited to come on Thursday, Friday and Saturday to see this most praiseworthy exposition of fine new fashionable headwear.

Fair and a little milder.

The Event of the Season.

Don't forget the Ladies of the Maccabees will hold their annual concert on Friday evening, March 21st, in the Sons of England Hall, at 8 p.m. Mr. Halpany, Master Mowatt, Miss Carrie White and others will take part in the programme. Tickets 15 cents. 2d66

The Millinery Receptions at Miss Delaney's.

Miss Delaney's millinery opening today will take a leading place in the annual spring offerings of dainty creations designed to please the eye of the fair goddess of style and beauty. Miss Delaney has done herself proud, as the display is ahead of anything that her art has previously accomplished. The hats are dreams of loveliness and a close inspection will disclose a distinctiveness of the individual styles, not generally met with. There are many new ideas in both colour and form, which cannot fail to please the connoisseur in such things. The whole exhibit is a very fine display of millinery, which ladies cannot afford to miss. The store is radiant with Easter novelties, and is abud with correct spring fashions. The store will be open this evening and on Saturday evening for the convenience of ladies who are unable to call during the day.

FREE! FREE! MUSIC AND HATS!

Gough Bros.' have secured the services of Butcher's Orchestra for their grand Spring Hat Opening event on Thursday evening. Mr. Stubbs, the entertainer, with his phonograph will also be an attractive feature of the evening. Everybody welcome to hear the music and the phonograph free of charge and inspect the swell display of new Spring Hats. Doors open till 10 o'clock. Tully & Merrell, Managers.

WARNS PETERBOROUGH.

That too Much Attention to Sports Precluded the Fall of Greece and Rome.

Rev. George Warren, of Lakefield, delivered a most striking and original address in St. John's last evening on "The Christian in Society." He pointed out that in Society alone the individual man could attain to his full development. By social contact his different powers of mind and manner were developed. The principles of religion should stimulate all Christians to take some part in society and to help to direct it aright. It was most important that the powerful influence of society should be used in right and reasonable directions, which would result in striking moral improvement. The moral careers of many men were largely dependent on the tone and influence of society.

The speaker then alluded to the amusements and games, which were outward instrumentalities of friendship. It was quite possible, however to devote too much time and attention to these, and it might be that Peterborough needed the warning. When the ancient Greeks and Romans took an undue interest in sports, and gave them a higher place than they deserved, it became a prelude to national downfall. This often resulted now in making people frivilous, and taking the place of other and more serious duties.

Mr. Warren closed by dealing effectively with the subject of social sets, the existence of which, he said, might as well be faced. Let each member of the church do their duty to their own set, but not narrowly. Let them see to it that they had some wider relations with all. Divisions of society were not intended to separate men, but to unite them in a higher unity.

The whole address, of which the above is a brief outline, was of a most interesting character.

THE NEW RECTORY.

Easter Offertory at St. John's to be Devoted to the Purpose.

At the end of the service in St. John's last evening, a congregational meeting was held, when it was unanimously and enthusiastically determined to devote the Easter offertory towards the nucleus of a Rectory Fund. Several informal addresses were made, and Rev. George Warren congratulated the meeting on the spirit evidenced and said that he had long ago pressed the subject on Rev. Mr. Davidson's notice, and he was glad to see it at last taking shape.

PERSONALS.

Mr. Fred Clarke is in Toronto on business.

Mr. John Belcher was in Toronto yesterday.

Mr. Wm. Donovan, of town, is visiting relatives in Hastings.

Mrs. Jas. Eastcott, of Millbrook, is visiting Mrs. S. A. Oke, town.

Mrs. H. G. Fitzgerald, of Lakefield, is visiting Mrs. Alex. Fitzgerald, Ashburnham.

Mrs. J. B. Oke, of Glasgow, Scotland, is the guest of Mrs. S. A. Oke, George street.

Mr. Fred Lefevre has accepted an appointment in China and is already on his way to the East.

Miss Lizzie Smith delighted the Companions of the A.O.F. last evening with a solo which she rendered in splendid voice.

Miss Lizzie M. Fallis, of the Fallis Line, Cavan, and Miss Jennie Wilson, of Thedford, Lambton County, are visiting with Mr. and Mrs. A. J. Edwards, Albert street.

Mr. and Mrs. W. H. Shobbrook, of the "Soo," Ontario, who have been visiting with Mr. McElwain, father of Mrs. Shobbrook, have returned home. On their way they will visit Toronto, and Detroit.

Didn't Know His Wife.

When T. Coleman, a Brantford traveller, left on a three weeks trip his wife was a yellow faced, fagged out looking woman. When he returned he didn't know her. Her eyes were bright and her skin clear, and she walked differently. Merrill's System Tonic did it. 50c for 50 doses. Sold at Ormond & Walsh's drug store.

FRED BRADFIELD'S CASE.

He Joined the Canadian Mounted Rifles and Then did not go With Them.

When last December Colonel Leasard, R.C.D., was in Peterborough enlisting men for the second Canadian Mounted Rifles, amongst those who expressed a desire to go to South Africa was Fred Bradfield. He made application, underwent the necessary medical examination, and having had some years experience in the volunteer service of Canada, he was accepted.

Bradfield is a young man of twenty, and he has lived all along with his parents who reside on the boundary between Otonabee and Douro, about five miles from town. He was a member of the Third Prince of Wales Canadian Dragoons, and had been at the camps of instruction of that corps for the past four years. It was perhaps due to the fascination of military life, together with a desire to serve his country, that young Bradfield, against the wishes of his parents, resolved to, if necessary, shed his blood upon the South African veldt, or, in any event, share in the hardships that are incidental to warfare in any country.

However, when the contingent left on a December night for Halifax, en route to South Africa, young Bradfield was not there. He did not share in the glorious send-off that was accorded the enthusiastic young warriors, nor did he go through the ordeal of bidding good-bye to former military comrades, dear friends and citizens in general. He had reasons for this change of affairs. When Bradfield told his parents that he had enlisted, and that he was going to South Africa to assist in whatever way he could to stamp out the guerilla warfare which has characterized the past year's operations in South Africa, they at once objected, and pleaded for him to stay at home. The young volunteer could not turn a deaf ear to the appeals of his mother, and he did not report at the C. P. R. station when the midnight train pulled out.

There was nothing heard of the Bradfield incident until yesterday, when the following communication was received by Lt.-Col. Edwards, Commanding Officer of the 57th Regiment:

"To District Officer, Commanding M. D.W., re Fred Bradfield, 2nd C. M. R.:

"The above named man was regularly enlisted in the corps above mentioned, and has illegally absented himself therefrom. You will be good enough to take the necessary steps to place him in military custody, reporting to the Adjutant General directly the required action has been taken. The man in question is most likely with his parents in Peterborough. By order.

"B. H. VIDAL.
Lt.-Col, D.A.G."

"To Officer Commanding 57th Regt.,

"In accordance with the above be good enough to communicate with the Chief of Police and if possible secure the arrest of this man; also please report to me."

The latter request was signed by Colonel Otter, commanding M. D. No. 2. The Chief of Police had Bradfield placed under arrest this morning, and a telegram from Colonel Otter asked that he be held until a guard came down from Toronto, to-morrow morning, when he will be taken to that city.

The charge against Bradfield is a rather peculiar one. He is not charged with deserting, but with absenting himself from his corps.

AN EARLIER MARKET.

Committee of the Whole Council Adopted the Suggestion Last Night.

The Town Council met in Committee of the Whole last night, when two deputations waited upon the Council in regard to certain matters of public importance.

The Retail Merchants' Association and the Board of Trade were represented by a delegation which asked the Council to take into its serious consideration the advisability of changing the hour for open market from 11 a.m. as at present, to 10 a.m. They advanced many reasons why the change, in their opinion, should be enforced. They claimed amongst other things that it would prevent a congestion of shopping at the noon hour and it would have a tendency to encourage early shopping on the part of the townspeople. The speakers were Messrs. Robert Fair, President of the Retail Merchants' Association, D. W. Dumble, President of the Board of Trade, and A. W. Cressman.

The Council in Committee of the Whole decided to recommend to the Council in special session this afternoon that the hour for open market be changed from 11 o'clock, as at present, to 10 o'clock — one hour earlier.

Messrs. Wm. Henry, George Ball and others appeared before the Council as a deputation representing the Local Federation of Labour. They wished to impress upon the Council their desire that the town adopt the scale of wages as set out in the communication from the union to the Council, some time ago. The Council promised to give the matter a careful consideration.

PETERBOROUGH WON.

The Local Ladies Went up to Lindsay to Play Hockey.

Peterborough always wins! The hockey boys win at home and abroad, and the ladies do the same. Last night the local ladies went up to Lindsay and succeeded in defeating the ladies of the Scugog town by a score of 14 to 1. Some say the score was 17—1, but 14—1 is near enough. There was a large attendance at the match, and the spectators displayed great interest in the event. The Peterborough team was the same as that which defeated Cobourg with the exception that Miss Allinton Hamilton replaced Miss V. Hunter at point. The teams were—

Peterborough—Goal, Miss Jennie Scott; point, Miss A. Hamilton; c. point, Miss Alice Scott; forwards, Miss Florence Scott, Miss Lulu Scott, Miss Gwen. Hall and Miss Pearl Fitzgerald.

Lindsay — Goal, Miss Sylvester; point, Miss Benson; cover point, Miss Coyle; forwards, Miss Cockburn, Miss McAlpine, Miss Parkin and Miss Kennedy.

Dr. Walters officiated as referee.

The girls were handsomely entertained while in Lindsay. Some of them returned at noon to-day and the remainder will come down to-night.

MEATS IN SEASON.

We are prepared to supply our customers with a full variety of the CHOICEST VEAL, BEEF, PORK, LAMB, SAUSAGES, etc.

KENNEDY'S MEAT MARKET
'Phone 275.

SAURIAN SYMPATHY.

Our evening contemporary is weeping bitterly briny tears over the woes of Ennismore, because the Ontario Government only gave $3,500 towards building the Chemong Lake bridge and $4,000 towards Stony Creek dam. But it has not the fairness to say that $500 more was appropriated to build a road in Ennismore leading to the Chemong Bridge, which made the two grants equal. What are the facts in connection with the Mud Lake Bridge grant? The County Council waited upon the Ontario Government and asked for a grant of $2,000 or $2,500—in fact, all they asked for they got through the help of the Provincial Secretary.

The Review complains of the bad treatment it tries to think Ennismore has received. Ennismore doesn't complain; the County does not complain. The electors of Ennismore will show the Review how little stock they take in Review twaddle.

Sure Sign of Spring.

The first shipment of new Baby Carriages, Go-Carts, and Wagons, was seen in front of the Peterborough Bookstore to-day. The beautiful variety of new patterns and designs was an interesting sight. Those in need of a baby cab invited to call.

A. H. Stratton & Co.

Queen Quality

The Famous Shoe for Women.

—Queen Quality for this spring are daintier if possible than ever.

—Queen Quality wearers grow more numerous every day.

—If you'd like a high-class lady's shoe at a moderate price, you'd like Queen Quality.

—All sizes, widths, styles, prices.

J. T. STENSON

TO BUILDERS.

Sealed Tenders will be received by the undersigned until Friday, 28th of March next, for the erecting of a brick terrace on Harvey street. Plans and specifications can be seen at the office of Mr. W. Blackwell, Architect, Water street. The lowest or any tender not necessarily accepted.

TRADES AND LABOUR COUNCIL.

A Meeting of Union Men Discuss the Formation of a Council for Peterborough.

A well attended meeting of delegates from different labour unions in town, was held on Tuesday evening in the Central Labour Hall, Water street. The meeting was called for the purpose of holding an informal discussion on the question of the desirability of organizing a Trades and Labour Council for Peterborough.

Mr. R. McGregor, a delegate from the Carpenters' Union, was asked to take the chair, and Mr. Wm. Henry, President of the Federal Labour Union, acted as secretary.

The chairman read from the constitutions of different Councils what functions and duties of a Trades and Labour Council were. It was composed of a certain number of delegates from each local union, to whom were to be referred such questions of general importance to the Labour Unions as might arise from time to time, which could not be satisfactorily settled by the unions.

"To use its utmost endeavour to impress upon the various branches of labour the necessity for the organization and maintenance of protective organizations, to use every honourable means in its power to adjust difficulties that may arise between workman and employers, and to labour assiduously for the development of a plan of action that will be beneficial to both parties; and while the central body has no power to dictate to organizations as to matters of compensation in their several organizations, it is deemed better for the general interest that the central body be consulted in all disputes in order that its good offices as arbitrator may be used."

The discussion was general, and after a free expression of opinion, all favourable to the formation of a Council, it was suggested that the organisation be proceeded with at once. It was pointed out however, that as all the unions had not appointed their delegates, it was desirable that a full representation of the different crafts be present, before proceeding to organize. The result was that the following resolution was submitted, and carried unanimously:

"That this meeting adjourn until Wednesday evening, April 2nd, and that the secretary be requested to notify all the local unions to forward him the names of their delegates appointed to act as their duly accredited representatives.

Lakefield Labour Union.

A deputation accompanied by President Henry, of the local Federal Labour Union, No. 9240, went to Lakefield this afternoon to complete the organization of a new Federal Union in that village. Since the preliminary meeting which was held in the village about three weeks ago, over one hundred workingmen have signified their intention of becoming members. The charter, and all necessary books, etc., for the new union, have arrived, and everything is in readiness for the official deputation from town. The night labourers will be initiated this afternoon and the day labourers this evening.

GONE TO HIS REWARD.

Death of Mr. Joseph Adams Formerly of Peterborough.

Another of Seymour's esteemed residents in the person of Mr. Joseph Adams, has passed to the world beyond, death having resulted on the 8th inst., from the bursting of a blood vessel in his stomach ten days previously. For a number of years, however, he was in ill health.

Mr. Adams was born in the County of Down, Ireland, in 1843, consequently he attained the 59th year of his age. Before he was five years of age he sailed with his parents from Wearington Point to New York, and from there the family moved to Peterborough, where they resided eleven years. Moving again to Belmont township they spent another eleven years of life, and subsequently the subject of this sketch made his home in Seymour where he remained till the summons came for his final removal to the home above. The deceased is survived by a widow and two sons and one daughter, three brothers and two sisters, who have the sympathy of the community in which they reside. The funeral took place on the 10th inst., from the family residence, lot 3 in the 14th concession to the Methodist church at Trent Bridge, where a funeral sermon was preached by the Rev. J. C. Bell, and afterwards the body was conveyed to Maple Grove cemetery at Havelock. The pall-bearers were Geo. Mackie, W. R. McMillan, J. H. Hutcheson, H. Thompson, Jas. Wanamaker and R. Graham.

The photo of the Royal chorus is finished and can be seen at Mr. Whiten's studio. All members wanting a photo of the group can order it now. Mr. G. W. Mulligan intends sending one of the photos to the Prince of Wales.

Fragrant and Fresh.

When you order your flowers from Cobb's you are assured of good quality. Carnations, violets, lilies, begonias, ferns, palms, etc., fragrant, hardy and fresh, at dwarfed prices. Aylmer street Greenhouses. Phone No. 132.

A Mass Meeting

Of the supporters of the Ross Government for the

NOMINATION OF A CANDIDATE

to contest West Peterborough at the coming Provincial elections, will be held in

BRADBURN'S OPERA HOUSE

at 1.30 p.m., on

SATURDAY, March 22nd.

Hon. Senator Cox, Hon. Senator McHugh, Mr. Andrew Pattullo, M. P. P., Mr. Thos. Blezard, M. P. P., and Hon. J. R. Stratton

will address the meeting.

All the supporters of the Ross Government are invited to be present.

C. M. ROGER, Secretary. PETER HAMILTON, President.

IRWIN ARRESTED.

A Warrant for his Arrest has Been out for the Past 7 Years—Was Remanded.

John Irwin, a young man, who was a resident of Peterborough about seven years ago, was a surprised man, no doubt, when he was placed under arrest this morning by County Constable Archie Moore. In May, 1895, Irwin was charged with breaking doors, windows, and other appurtenances, of a house in Ashburnham. In fact the incident is so old now that only a faint recollection of the disturbance can be recalled by even the county officials. Irwin might have been placed under arrest at the time but the Magistrate desiring to be lenient with him, merely issued a summons for his appearance, which was duly served. This was not paid any attention to by Irwin, who left these parts. High County Constable Cochrane and Constable Moore were determined however that should he show himself in this vicinity again they would execute the warrant for his arrest which they then held. It is said that Irwin made frequent trips back to his old haunts but the High Constable nor his assistant could not lay their eyes on him. Last winter Irwin was working in town but the constables missed him by only ten minutes time. He cleared out again, knowing no doubt that he was wanted. His day came, nevertheless. This morning Constable Moore ran across his man on the street corner. Archie had the warrant on him, and although it was almost worn out by being carried around it served its purpose. Irwin was placed under arrest and marched up to the County Council Chamber, where the Cousins' trial was in progress. Irwin was remanded until Saturday.

SPORTING PASTIMES.

CURLIANA.

The curlers will have all of the ice this evening for the purpose of playing off the points competition.

Eight rinks played in a bonspiel in the rink last evening, with the following result:

GOLF.

The annual meeting of the Peterborough Ladies' Golf Club will be held on Tuesday evening, March 25th, in the Y.M.C.A., at 8 o'clock.

Several matches have already been played on the links this season, but while it may be all right to play the long game in the field, yet it seems a pity to go on the greens yet, as injury to the young grass cannot possibly be avoided. Members are requested to keep in mind the annual meeting on Monday evening.

Y.M.C.A. ATHLETICS.

Members of the Y.M.C.A. interested in tennis will meet to organize tonight at 8 o'clock sharp in the parlours. There is a probability that two additional grass courts will be at the disposal of members this year, giving them practice on both grass and cinder courts. All interested in the game will please attend.

BASKET-BALL.

The public are just here reminded of the game Saturday evening between the Harriers and Brownies. The admission fee has been placed placed within the reach of all—15 cts. or two for 25 cents, and the proceeds will be given to the Children's Aid Society. The game will be preceded by apparatus work by senior men on horse, parallels and horizontal bars. Mr. A. C. McCallum will face the ball at 9 o'clock sharp.

The first team had a hard practice last night against the Brownies and it was evident that a lot of work is necessary to get in shape for the fast aggregation from the east, who won five league matches in succession. However, our boys are determined to win if practice will do it. The public are reminded of that match which will be played here on April 1st.

LACROSSE.

At a meeting of the Executive of the Peterborough Lacrosse Club, last evening, a committee composed of Messrs. W. Rudkins, J. J. Howden and R. F. McWilliams was appointed to select suitable grounds on which to play. The committee was at work this morning and report that prospects are bright.

President A. G. Pittaway, of the Senior Lacrosse League, was in Montreal on Saturday and incidentally talked lacrosse to a few of the good ones in the Metropolis.

There is one very significant feature which will probably be started at the approaching annual meeting of the union, according to Mr. Pittaway. It is the introduction of a clause in the constitution permitting of the playing of a number of professionals on each team, as is the case in cricket or in football and other amateur sport in England. There is a probability that this proposed measure will carry, as in many quarters it is considered that the game would thereby be improved.

Under present conditions some of the clubs have a very strong aggregation of players and from year to year the members are cornered. If a number of professionals were permitted to play it would have the effect of equalizing matters, provided they should be employed on the weaker team. Then the clubs would be in a position to guarantee a certain amount of efficiency in the play for the good of the spectators. At present it is feared that there are quite a number of players sailing under amateur colours, while they should properly be classed as professionals. Under the proposed new rules the players who cared to declare themselves professional would be directly responsible to the club which could then enforce practice and attention on their part to the game.

AN INTERESTING EVENT.

Nuptials of Mr. Herbert Northey of Smith to Miss Victoria Northey—Rev. Mr. McCamus Officiated.

A charming wedding was celebrated at 'Lakeview Farm," the home of Mr. J. Northey, Smith, on Wednesday, March 12th, when his daughter, Miss Victoria, was married to Mr. Herbert Northey, of Smith. The ceremony was performed at 5.30 p.m. in the presence of a company of relatives and friends of the principals by Rev. J. C. McCamus, Lakefield.

The bride entered the parlour leaning on the arm of her father, to the melodious strains of the wedding march, rendered by Mrs. B. Graham.

The bride was attended by her sister, Miss Maggie, while Mr. A. Oliver of Bobcaygeon, supported the groom. The bride was costumed in a gown of white organdie, with chiffon trimmings. She wore the usual bridal veil with orange blossoms, and carried a bouquet of white carnations and asparagus ferns. The bridesmaid was attired in organdie, trimmed with applique, and carried a bouquet of pink carnations.

After congratulations had been extended the guests proceeded to the dining room, where a wedding dejeuner was served. The house was most appropriately decorated for the occasion, and the scene was one of exceptional beauty. Many elegant presents received were a tribute to the popularity of the bride and groom.

After spending a pleasant evening Mr. and Mrs. Northey left for their home in Smith amidst showers of rice and good wishes.

TESTIMONIAL

From a Famous Choral Conductor.

Dec. 4, 1901.

My dear Mr. Jones,—I am delighted to hear you contemplate going to Canada, where I am sure your splendid voice and artistic singing will be much appreciated. Allow me to take this opportunity of expressing my admiration for your vocal talents, and the pleasure you have always given me in your interpretation of classical work under my direction at Queen's Hall and Nottingham.

With kindest regards,
Sincerely yours,
HENRY J. WOOD.

Conductor, Queen's Hall Orchestra, London; Nottingham Sacred Harmonic Society, and Sheffield Musical Festival.

MR. JUSTICE GARROW

Ontario Minister Appointed to the Court of Appeal for Ontario.

DOMINION SENATE IS LIBERAL

The Upper House Took Up and Passed the Report of the Striking Committee Fixing the Standing Committees of the Senate—Sir Mackenzie Bowell Did Not Challenge a Division.

Ottawa, March 20.—Hon. J. T. Garrow, Minister without portfolio in the Ontario Government, has been appointed to the vacancy on the bench of the Ontario Court of Appeal caused by the lamented death of the late Judge Lister.

Mr. Garrow's Career.

Mr. Garrow has been prominently identified with public affairs in Ontario for many years, and as a member for West Huron long occupied a seat in the Legislature. He took an active part in helping to pass the legislation introduced into the House of Assembly from time to time, his advice being especially useful where measures of a municipal or legal character were under review. His political views were by no means extreme, in fact he has always been of a rather independent cast of mind. Mr. Garrow has all the qualifications looked for by the bar and the public in one selected for so high a position, notably a sound knowledge of law, a high sense of honor, and the determination to administer justice with unfailing partiality.

The Liberal Senate

The Senate yesterday afternoon took up and passed the report of the Striking Committee fixing the several standing committees of the Upper Chamber. There was an impression that Sir Mackenzie Bowell and his followers might challenge the constitution of the committees upon which the Liberals now have a majority, and force a division. In anticipation of such a contingency every available Ministerialist who could be got to the capital was in his place, and had a division been called for there would have been no doubt as to the result. Sir Mackenzie Bowell, however, deemed discretion the better part of valor, and contented himself simply with the complaint that sundry Conservatives on the committees had been displaced to make way for newcomers. It is difficult to reconcile the ordinary Conservative to the role of playing second fiddle. For eighteen years that party swayed matters in the House, and for a longer period in the Upper Chamber. Now that power has passed from their hands they are influenced by mixed feelings of surprise and resentment. The surprise springs from the fact that the electorate should have deemed Conservative usefulness to be at an end, while the resentment seems to have been aroused by the legitimate desire on the part of the Liberals to exercise the advantages within their reach. In regard to the appointment of committees in the Senate the Conservatives refused to name the gentlemen they wished to have appointed, but threw the whole responsibility upon the Liberals. The latter therefore had to proceed in the best way they could and make a selection for both parties. Now Sir Mackenzie Bowell is dissatisfied because some of his friends have been left off. Evidently the only condition which would be at all satisfactory to the Conservative leader would be to continue to allow him to boss the Senate.

A TERRIBLE KIDNEY PAIN.

Mr. Chas. Welsh, of Picton, Suffered Intense Pain in his Back and Kidneys.

He Tried Plasters, Pills and Liniments but They Failed to Help Him.

He is Thankful for the Rapid Relief and Complete Cure Obtained Through the Use of Dr. Pitcher's Backache Kidney Tablets.

Mr. Chas. Welsh of Picton, Ont., is well known in that town and vicinity. He is engineer on the mail packet plying between Picton and Deseronto.

About a year ago he was laid up with a severe attack of backache and kidney trouble, so bad that he could hardly get around.

After trying everything he could think of without obtaining relief, Dr. Pitcher's Backache-Kidney Tablets, the new remedy for kidney troubles, was suggested to him. He decided to try the Tablets and with what results we will allow him to relate in his own words:

"I was ailing with a terrible pain across my back and kidneys. It commenced gradually getting worse, so that I was obliged to stop work. I tried plasters, oils and liniments and pills until I was ashamed to enter a drug store, and they all failed. I came across a man that had been using Dr. Pitcher's Backache-Kidney Tablets, and he advised me to try them, and while I used them, and ever since, I have never known what it was to have a pain or ache in the back or kidneys. Therefore, I would advise any person that is troubled with kidney or backache trouble, to use Dr. Pitcher's Backache-Kidney Tablets by all means, for I can highly recommend them ahead of anything else I know of, for they made a sound man of me when I could hardly walk up street before I took them."

(Signed) Chas. Welsh.

The action of Dr. Pitcher's Backache-Kidney Tablets is rapid and positive, curing backache, crick in the back, puffiness under the eyes, swelling of the feet and ankles, bloating, mist before the eyes, gravel, high colour of the urine, smarting or scalding, frequent rising at night, pains in the joints and muscles, uric acid in the blood, bed wetting of children and all kidney troubles of young and old. Prices 50 cents a box, at all druggists, or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

BODY AND BRAINS.

Wizened little bodies and big brains or big strong bodies and no brains—neither one of these makes a good combination.

To produce big healthy bodies and big healthy brains take Scott's Emulsion.

Childhood is the best time to commence.

Scott's Emulsion contains food for bone and nerve and flesh and blood. Scott's Emulsion promotes growth and proper development.

Just the thing for weak children.

WANT POLAR LANDS CLAIMED.

Ontario Land Surveyors to Memorialize the Dominion Government.

Toronto, March 19.—At the annual meeting of the Ontario Land Surveyors' Association yesterday, Mr. A. W. Campbell, Deputy Minister of Public Works, addressed the meeting on the use of concrete for small culverts and bridges on country roads.

At the afternoon session, the results of the exploration of Northern Ontario in 1900 was dealt with by G. B. Kirkpatrick, Director of Surveys, in a highly interesting manner.

K. Gamble submitted the report of the Committee on Publication, and Willis Chipman that of the Committee on Polar Research. The latter contained a recommendation to memorialize the Dominion Government to take formal possession of the islands to the north of the mainland of the Dominion on behalf of Great Britain, as it was not known what the resources of the islands might be, and in view of the fact that they might be claimed on behalf of some other nation. It was thought best to have the Dominion act in the matter, as she had the power to claim such territory, whereas the Munroe doctrine would perhaps prevent Great Britain from doing so. The means of taking formal possession were afterwards discussed. The report was adopted.

Special From Norwich, Ont.

The recovery of Mr. Norman Batty, hardware merchant, one of Norwich's oldest and most successful citizens has excited much comment. For years Mr. Batty has been an unceasing sufferer from Catarrhal Asthma and although no end of time and money was spent relief was not obtained until Mr. Batty commenced Catarrhozone treatment which perfectly cured him. This case is only equalled by that of Mrs. Bannon, wife of J. J. Bannon, druggist, who was also cured of Asthma and Hay Fever by Catarrhozone after 30 years' suffering. Fully a hundred persons in this town have been cured of Catarrhal troubles by Catarrhal troubles by Catarrhozone which is a remarkable proof of its value. Two months' treatment, Price $1. Small size 25c. Sold by all druggists or by mail from Polson & Co., Kingston, Ont.

C. N. Smith the Candidate.

Sault Ste. Marie, March 19.— The convention of Liberals of the new Sault Ste. Marie district of Algoma to choose a candidate for the coming provincial elections was held here Monday night, and was attended by 38 delegates from the different localities. Speeches were made by C. M. Bowman, M.L.P., also by the two nominees, C. N. Smith and John McKay. The choice of the convention rested on C. N. Smith to carry the Liberal standard through the coming campaign.

Lady Rodney Sues For Divorce.

London, March 19.—Lady Rodney, a cousin of the Duke of Marlborough, has instituted proceedings for divorce against her husband, George Bridges Hartley Dennett Rodney, seventh Baron Rodney.

Killed by a Trolley.

Montreal, March 19.—James Leggatt, aged 58, a leading citizen, was struck by an electric car on St. Catherine street last night and instantly killed.

A Sluggish Inactive Liver

Brings Biliousness, Indigestion and Most Painful Bodily Derangements—The Wonderful Curative Influence of

Dr. Chase's Kidney-Liver Pills.

Not only is the liver the largest and one of the most important organs in the human body, but when deranged it becomes the source of endless suffering. When the liver is clogged by the inactivity of the kidneys and bowels it, becomes torpid and fails to filter the bile from the blood, thus producing biliousness and a general impairment of the digestive system.

The tongue is coated, the head aches, digestion is imperfect; there is aching of the limbs, and back, feelings of fullness, weight and soreness over the stomach and liver; the eye becomes yellow and jaundiced, and the complexion muddy; the urine is scanty and highly coloured, and the bowels irregular, constipation and looseness alternating. There is little use of treating the liver separately, as it can never be set right until the kidneys and bowels are made active in removing the waste matter from the body. It is for this very reason that Dr. Chase's Kidney-Liver Pills have always proved so wonderfully successful in curing the most chronic cases of liver complaint, biliousness and complicated ailments of the kidney, liver and bowels.

Mr. James Clark, Consecon, Prince Edward Co., Ont., states:—"Eleven years ago I was taken with pains in my back, settling in my hips and extending up my spine. The pain was very severe, and at times almost undurable, and many days I was not able to do an hour's work. My weight was reduced from 190 to 160 pounds, and though I had consulted many first-class physicians and tried several advertised medicines, I could get no relief.

"At this time my father-in-law told me to try Dr. Chase's Kidney-Liver Pills, and said he knew they would cure me. I secured a box, and great was my surprise when I began to feel better after using only the one box. I continued their use until I had taken four boxes, which made me a sound man, and I also regained my usual weight, 190 pounds. I cannot say too much in favour of Dr. Chase's Kidney-Liver Pills, which have done so much for me. I have recommended them to a number of my friends and have never met with one case where they did not meet with good success. My daughter, Mrs. Chas. Philips, has also been cured of a severe stomach trouble by the use of these pills."

Dr. Chase's Kidney-Liver Pills: one pill a dose, 25 cents a box. At all dealers, or Edmanson, Bates & Co., Toronto. 9

Skin Diseases

Come with the Spring.

After the winter the blood is impure. The whole system is clogged up with impurities. The blood is thick, heavy and sluggish, and causes the skin to break out in pimples and boils. That tired, listless, all gone, no ambition feeling takes possession of you.

TAKE BURDOCK BLOOD BITTERS

THIS SPRING.

It will remove all the impurities, turn the Bad Blood into Rich Red Blood and fit you to withstand the hot summer months.

HER GIANT FOLDING BED

By C. B. LOOMIS ....

Copyright, 1901, by C. B. Loomis

It was against Mr. Bentley's advice that Cora bought the giant folding bed. They lived on the sixth floor in a small "five-rooms-and-a-bath-steam-heated-all-improvements" flat, and he said that such a huge folding bed was out of all proportion to the size of the bedroom. But Mrs. Bentley had set her heart on it, and Mr. Bentley has not been husband so long as to feel like thwarting any legitimate wish.

When she went down to the store, she found she was just in time to get one at half price. What luck! She had expected to pay $35 for the bed, and she got it at $25, although by what process of arithmetic twenty-five becomes the half of thirty-five she did not stop to inquire.

But with the reduced price of the bed her good luck ended, and she entered upon a chapter of annoyances that would have made the bed dear as a gratuity.

The bed people were just moving out and were too busy to send the bed home. Five separate expressmen refused to stir their wagons when they learned that it was a giant. She began to wish that it was a trundle bed. But at last an expressman who was just starting in business and who was therefore inexperienced contracted for $2 to deliver it.

She reflected that the salesman had told her that it was a very convenient size, as one side of the room did not need to be papered when the bed was up, for it took up the entire wall space.

So she went and waited for the bed with all the ardor of a small child. Every time the dumb waiter blew she ran out to see if they were trying to send it up that way, but when it finally arrived after a wait of four hours it came in at the front door.

After ten minutes or so Mrs. Bentley heard mastodonic footsteps on the stairs, the swish of tearing wall paper, the crash of falling globes, and she knew that they were bringing the bed up stairs. So did all the other flat dwellers. When she looked over the staircase, there were from three to four heads beneath her, all looking down.

The arrival at different landings was punctuated by the crash of glass and the fall of plaster. And on the third floor the bed fell on one of the men. Luckily he was a fat German, and he escaped with a barked shin and a mislaid temper.

Long before that there was a string of home returning heads of families separated from their little ones by the Chinese wall of a bed. Those who were athletic enough climbed over and escaped to their apartments, but the rest had to content themselves with throwing kisses to their beloved ones and telling them not to despair.

Mrs. Bentley had not hitherto known there were so many people living in the house. The stairs were black with them, and the bed moved with the deliberation of a glacier.

When the men reached the fourth floor, they clamored for beer, and Mrs. Bentley, being inexperienced, sent for two bottles, which were brought in by the janitor's son.

The two men sat down, or, rather, up, way up, on the bed and opened a bottle apiece amid groans from the belated flat dwellers who lived above the third. It is probable that they had already solaced themselves with beer, for they became very merry and loquacious after the bottles had been emptied, and many of their jokes would not have been allowed at a variety theater.

There is a saying that there is always room at the top. This did not prove to be the case in regard to the giant bed. The hallway at the top flat was a joint affair, two suits opening on it, and it was the narrowest in the building. When the men finally arrived with their tremendous load, they found that it was going to be a Chluese puzzle to get into Mrs. Bentley's. They shattered the last globe and then sat down on the stairs to ponder.

They finally came to the conclusion that they could not get it in unless the door of the opposite apartment were opened to admit of its being slewed around.

Mrs. Cochran was the opposite neighbor. She and Mrs. Bentley had been as distant as such contiguous flat dwellers could be. Their bows in the hall were as icy as the hall itself. Mrs. Cochran thought Mrs. Bentley a foolish little new wife, and Mrs. Bentley thought Mrs. Cochran common.

Still, there was nothing for it but to ask Mrs. Cochran to open her front door and let the man swing the bed into the doorway for just one moment.

The fat man rang her bell. She opened the door, with fire in her eyes. She had been trying to get the youngest to sleep, and the constant thumping and crashing and the objurgations and beery laughter of the expressmen had roiled the not too placid waters of her disposition to a foaming point.

Mrs. Cochran glowered.

"Oh!" said Mrs. Bentley, with a hastily made veneer of sweetness. "May the men just swing the bed into your hallway so that they can get it into my doorway? I didn't suppose it was so big. I don't think it was so big in the store."

Mrs. Cochran sniffed at the inanity of the remark, but she said:

"Oh, I suppose I can't refuse. I hope you'll quit your thumping after you get it in. I can't get my child to sleep while it's going on."

"I'm sure it will only be a minute. You see, the worst is over."

"I should hope so," said Mrs. Cochran, looking at the dents in the wall and the broken globes. And then the two expressmen put their shoulders to the bed and swung it into the doorway with such vehemence that it stuck like a fat cork in a small bottle and refused to budge.

"Well, this is a pretty state of things," said Mrs. Cochran from behind the bed. "How do you suppose we're going to close our front door with that great bed in the way?"

"Yon vou't need to close it. No one vill come in vhile der bet is dere. It is besser as a door." And the German laughed uproariously and fatly.

"Oh, but this is too awful!" said Mrs. Bentley, wringing her hands helplessly.

"I should think it was," came the voice of Mrs. Cochran from the other side of the bed.

"Is your husband in there? Can't he help push?" suggested Mrs. Bentley.

"No," snapped Mrs. Cochran. "He hasn't come home yet, and, what's more, he can't until this barricade is removed. How anybody but a fool could have bought such a monstrous thing I don't see!"

At this juncture Mr. Cochran came up stairs, with Mr. Bentley just behind him. Mr. Cochran looked puzzled. Mr. Bentley groaned. He had come home too soon.

"What are you doing to the bed?" asked Mr. Cochran.

"Ve ain't doin' a t'ing to id," said the fat German joyously.

Bentley and Cochran laughed, but Mrs. Bentley saw no humor in the remark, and certainly Mrs. Cochran saw no funny side to the bed. Both sides seemed tragic to her.

"Is that you, George?" she called out.

"Yes, it's me. Shall I come in?"

"You can't except by the fire escape," said Mrs. Cochran despairingly.

"What are you doing with it in the wrong door?" asked Mr. Bentley of the expressmen.

"Sure, 'twould have shtook as fasht in anny dure," said the Irish expressman, and the German roared sympathetically.

Mr. Cochran is a man of action. "Here; we four men ought to be able to move a little be—a bed. Now, altogether; pull!"

Mr. Cochran is a successful politician, but he had the wrong kind of pull with him, and the only result of the effort was that Mr. Bentley pulled off some of the molding and fell on his back.

Nothing daunted, Mr. Cochran said, "Let's go around by way of the fire escape and push."

The two expressmen and Mr. Cochran made nothing of passing from Mrs. Bentley's parlor to Mrs. Cochran's parlor by the fire escape, but Mr. Bentley is light headed and had to be helped across—by his wife. Then the two entered the Cochran apartments, for the first time, like thieves in the night.

Now all six combined their strength and pushed, but the bed only laughed at them.

"Well, nothing more can be done now," said Cochran. "The bed is here, and it's got to stay here for the present. Now, you men might as well go about your business. You've done what you set out to do—the bed is up here fast enough."

"How much do I owe you?" asked Bentley of the German.

"Two dollars. I'll sent around a carpenter if you vand."

"Oh, no!" said Mrs. Bentley. "He'll be able to move it."

Back across the fire escape was Mr. Bentley helped by his faithful wife, and then they bade the Cochrans good night. It was such an impossible thing that had happened that everybody felt good natured once more, just as in a blizzard or a period of excessive heat people make light of their misfortunes and passersby joke one another.

Next morning immediately after breakfast Mrs. Bentley went down to the bed company to see whether they could suggest a way of getting the bed out of Mrs. Cochran's doorway.

They had moved, and a big sign in the window bore the legend, "To Be Opened in a Few Days as a Ladies' Lunchroom."

For the space of two days that bed stood in the doorway while carpenter after carpenter came and looked at it and shook his head and went away.

Then came one who said: "I've seen those beds before. They ain't worth bothering with. The company's failed that made them. Now, next door to my shop is a vacant lot, and if I cut the bed to pieces I guess you can dump it there and the owner of the lot won't mind."

Mrs. Bentley hailed the scheme as a heaven sent proposition. Mr. Bentley was down town, and Mrs. Cochran, who was on the other side chatting with her—for in spite of what had come between them they were now quite friendly—seconded the plan.

The carpenter borrowed an ax of the janitor, and in a half hour's time, with the exception of the mirror, which was preserved intact, there was not a square foot of the bed unbroken. The carpenter sent the pieces down on the dumb waiter and then took them away and presumably dumped them. Mrs. Cochran spent five minutes shutting and opening the door. It was so pleasant to be able to do it again.

Then Mrs. Bentley invited her neighbor into her flat and apologized for making so much trouble.

"It was no trouble at all, my dear. It has made something to talk about."

Now, Mr. Bentley seemed to think that $25 for the bed, $2 for delivery and $10 for damage to the hallways, together with the charge of the carpenter for the time it took him to destroy the bed, was rather a large amount to pay for a subject of conversation. So he isn't saying a word about it.

THAT'S THE SPOT!

Right in the small of the back.
Do you ever get a pain there?
If so,
Do you know what it means?
It is a Backache.

A sure sign of Kidney Trouble.
Don't neglect it.
Stop it in time.
If you don't, serious Kidney Troubles are sure to follow.

Out of the Shadow.

The discouragement the despair of ill-health, out into the noon-tide glory of health, vigour and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and lusterless eyes, by the roses bloom and sparkling eyes. If you but use Ferrozone, you will make rich, red blood, your nerves will grow strong. Old time vigour will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name, Ferrozone. Sold by Ormond & Walsh.

Catarrh.

People who are subject to catarrhal ailments have special need to be particular in regard to their feet covering. They should see to it that their feet are comfortably clad, their shoes should have substantial soles and should come well up the ankles and not be laced or buttoned tight. Light merino stockings or half hose may be sufficient for warmth, but whenever by reason of much exercise the feet have become damp, and especially if the leather has absorbed wet, it is wise for a change to be made in both stockings and shoes.

Only a Little Backache.

That is the first unmistakable symptom of diseased kidneys, an ailment which no one can neglect without inviting Bright's disease, diabetes, rheumatism and the most painful and fatal maladies. At the first sign of backache and urinary disorders use Dr. Chase's Kidney-Liver Pills and you can be certain of prompt relief and cure. One pill a dose, 25 cents a box.

Deceived.

She—I'd never have married you if you had not deceived me about yourself.

He—Rather you never would have married me had I not deceived myself about you.

It is well enough to make hay while the sun shines, but if there were no rainy weather there would be no hay to make.

Every man barked at by a dog is not a thief. Every man talked about by a gossip is not guilty.

The Engineer

Leaning from the cab window does more with his ears than his eyes. The "rumble and grumble and roar" of his engine are to him articulate speech, and a false note in that jumble of sounds would catch his ear as quickly as a discord would strike the ear of the leader of an orchestra.

He thinks more of his engine than himself. That is why he neglects to notice symptoms which are full of warning. The foul tongue, the bitter taste, sour risings, and undue fullness after eating are but symptoms of dyspepsia or some form of disease involving the stomach and organs of digestion and nutrition. In time the heart, liver, lungs, or other organs are involved and the engineer has to lay off.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It purifies the blood and builds up the body with sound healthy flesh.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicine."

Dr. Pierce's Pleasant Pellets cure constipation.

ST. PATRICK'S DAY CONCERT IN ENNISMORE.

The Concert Which was Given in the Evening was a Great Success.

For once the township hall was quite inadequate to hold the large crowd that assembled to hear the concert given by the young people of Ennismore. Before 7 o'clock not a single individual could find standing room in the hall and over fifty were obliged to leave disappointed, some of whom came from a considerable distance. The ante-room, the windows, the aisles, in short every available spot, had its occupants, and many stood outside the door during the greater part of the evening, satisfied with catching an occasional echo of Finnigan's rich Irish brogue. The concert was in every particular a great success and every item on the programme was most enthusiastically applauded, some having to respond to encores no less than three times. The programme was rich and varied, holding the attention of the audience for over three hours. Not a hitch, not an error occurred during the whole evening, so thoroughly were the children trained and so perfectly prepared were the older participants. One remarkable feature of the evening's entertainment was the absence of the all too-common "stage Irishman," rough, boisterous and vulgar—everything was moral and edifying, and such as parents should be delighted to have their children witness.

The following programme speaks for itself, and gives a better idea of the evening's entertainment than any description:

PART I.

Introduction by the Orchestra, Irish Airs.
Duet, "There is a Dear Spot in Ireland," by Miss Gannon and Miss Guiry.
Dialogue, "Tom's Practical Joke," by pupils of No. 3 school.
Recitation, "What Bridget said in the Police Court," by Cecelia Maloney.
Irish Jig, by O'Connor Bros.
Quartette, "Come Where the Lilies Bloom," by Scollard family.
Recitation in character, by P. J. Scollard.
Song, "Father O'Flynn," by Tim Crough.
Dance, "Tuapi," by the Misses Scollard and Galvin.
Song, "Asthore," by Miss N. Scollard.
Dialogue, "Fred and Lizzie," by pupils of No. 3 school.
Dance, by O'Connor Bros.

PART II.

Introduction by Orchestra, "British Grenadiers.
Song, "Ireland, I Love You," by Miss Katie Costello.
Comic Song, "Patsy Reilly," by M. J. McDonald.
Song, "A Little Boy in Green," by Miss Gertie Maloney.
Comic Irish Play, "Finnigan's Fortune,"—Act I.
Medley by the Orchestra.
Comic Song, "Tipperary," by J. K. Galvin.
Recitation, "The Irish Philosopher," by M. J. McDonald.
Act II of Play.
Song, "This Letter is for Papa," by Miss Mary Ann Crough.
Song, "Dear Old Ireland," by Mr. W. Bell.
Song, "Only a Tear," by Miss Loretta Guiry.
Chorus, "Good-Night," by the Junior Class.
Act III of the Play.

Finnigan's Fortune is a comical Irish Play in three acts, by Chas. Townsend. It abounds with ready Irish wit, and when well acted, as last evening, keeps an audience in continued roars of laughter. The following are the characters:—

Larry Finnigan, ...Peter Galvin
Patrick, his son, ... Tim Coughlin
Rafferty, ... Wm. Cavanagh
Dutch Jake ....John Sullivan
Count De Morney ....Steve McDonald
Mrs. Finnigan .... Lottie Scollard
Katie, Jake's daughter, ... Josie Brick
Lady Hannah Lonjoy, May Sullivan

Peter Galvin as "Larry Finnigan," was a whole troupe in himself, and his every appearance on the stage was the occasion of ready cheers. Lottie Scollard as "Mrs. Finnigan," did justice to this very difficult part, and called forth many well deserved encomiums, for her skillful acting. It is to be hoped that the Ennismore people will have frequent opportunities in the future of hearing these two very clever young natives. Wm. Cavanagh, Tim Coughlin, J. Sullivan and Steve McDonald, took their respective parts very well, and deserve much credit, as their time for preparation was very limited. Miss Josie Brick and Miss May Sullivan made their first bow before an audience, and were well received. Both were equal to the occasion, and won golden opinions from all sides.

Among the many encores during the evening the following deserve special mention:

Recitation—Selection from Drummond, by M. J. McDonald.
Song—"Don't be cross," by Miss Gertie Maloney.
Song—"Three little dogs," by Master Frank Maloney.
Duet—"Malinda is engaged to a coon," by Misses Gannon and Guiry.

The orchestra, under the direction of Mr. John Flood, deserves great praise for the very excellent music furnished between acts. The accompanists during the evening were Mrs. J. Flood and Miss Loretta Guiry, to the latter of whom is due the credit of preparing most of the children for their respective parts. A few opportune remarks by the chairman, Rev. M. F. Fitzpatrick followed by the singing of the National Anthem, brought St. Patrick's Day concert in Ennismore to a close.

Stops the Cough and Works off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price, 25c. m-w-f

COMMITTED FOR TRIAL.

Fred Cousins Charged With Setting Fire to a House.

In the County Police Court this morning before County Police Magistrate Edmison, Fred Cousins, who was arrested in Belleville some days ago, was charged with having on the 28th of February, set fire to a house on Robinson street, Ashburnham. The prisoner was represented by Barrister Morden of Belleville. There was very little evidence taken as Mr. Morden consented to his client being committed for trial. He will likely be tried by speedy trial in the County Judge's Criminal Court. Cousins is about 26 years of age.

STARTLED METHODISTS.

Billiard Rooms and Smoking Parlours Needed in Church Basements.

At a banquet in connection with the jubilee of Sydenham street Methodist church, Kingston, Judge Price, an official of the church, was one of the speakers and he rather astounded some of the strict discipline-loving members when he uttered these words:—"I have no sympathy with the sentiment that says Methodism must abandon everything that looks like cathedralism. I would have a smoking room and a billiard room in the basement—anything that is not sinful—if they would bring young men to the church." A low murmur, born of astonishment, went up from some of the older members of the church. "I told you I would make a commotion," concluded the judge.

EXPERTS ON DOG HOWLS.

Nuisance Case in New Jersey—Phonograph Will Reproduce Yelps of Hounds.

Louis Batzer, former steward of the Union County (N. J.,) Hunt Club, will be defendant in the District Court, New York, Monday next, to a suit brought by the Board of Health for maintaining a nuisance. It is charged that he keeps a pack of hounds in an open lot adjoining his mansion on Grier avenue, Elizabeth, and allows them to yelp and howl all night and day.

The case will be marked by a gathering of experts on dog howls. A phonograph will be put in evidence. One of the instruments has for a week been recording all of the separate howls.

The phonograph, it is alleged, faithfully reproduces all the peculiar yelps of the various kinds of dogs kept by Batzer, and is expected to be a telling witness. It is understood that some of the witnesses will identify the various barks, whines, snaps and growls of the dogs.

Acute and Chronic Rheumatism are equally influenced by the almost magical pain subduing power of Polson's Nerviline, equal in medicinal value to five times the quantity of any other rheumatic remedy. Nerviline cures because it reaches the source of the disease and drives it out of the system. Nerviline is an unusually good rheumatic cure, and makes many unusual cures. Just rub it in the next time you have an attack. The immediate result will surprise you. 25 cents.

NEWS NUGGETS.

—St. Andrew's church choir will rehearse this evening.

—The Town Council will meet in special session this afternoon at five o'clock.

—A citizen of Campbellford was fined $5.00 yesterday for neglecting to send his boy to school.

—At the service in All Saint's this evening, Rev. W. L. Armitage will speak on St. John's Gospel, "Behold the Lamb of God."

—Mr. T. J. Parker's Bicycle and Repair Shop at the corner of Hunter and Queen street, is again in full swing. All orders promptly and satisfactorily attended to. A full stock of new and second hand wheels on hand. 30d61

—The concert for Friday night at which Mr. Hirwin-Jones, Miss Hilda Richardson and Owen Smiley will appear, has had a large advance sale. There are still a few good seats left—any wishing to reserve same should do so at once as the rush sale promises to be standing room only.
